**CITY COUNCIL  
CITY OF PRAIRIE VILLAGE  
SEPTEMBER 21, 2020**

The City Council of Prairie Village, Kansas, met in regular session on Monday, September 21, 2020, at 6:00 p.m. Due to the COVID-19 pandemic, Councilmembers attended a virtual meeting via the Zoom software platform. Mayor Mikkelson presided.

**ROLL CALL**

Roll was called by the City Clerk with the following Councilmembers in attendance remotely via Zoom: Chad Herring, Jori Nelson, Inga Selders, Ron Nelson, Tucker Poling, Bonnie Limbird, Sheila Myers, Piper Reimer, Dan Runion, Courtney McFadden, Ian Graves and Terrence Gallagher. Staff present via Zoom: Tim Schwartzkopf, Chief of Police; Keith Bredehoeft, Director of Public Works; City Attorney David Waters, attorney with Lathrop & Gage; Wes Jordan, City Administrator; Jamie Robichaud, Deputy City Administrator; Lisa Santa Maria, Finance Director; Meghan Buom, Assistant City Administrator; Deana Scott, Court Administrator, Adam Geffert, City Clerk.

**PLEDGE OF ALLEGIANCE**

**APPROVAL OF AGENDA**

**Mrs. Myers made a motion to approve the agenda for September 21, 2020. Mr. Nelson seconded the motion, which passed 11-0. Mr. Runion did not vote due to technical difficulties.**

**PRESENTATIONS**

Rebecca Galati, Senior Customer Solutions Manager with Evergy, shared updates on the efforts to address problematic circuits as well as the Renewables Direct wind-energy program. She stated that all Prairie Village City buildings would start receiving 100% of their power from the Ponderosa wind farm in Oklahoma beginning in October 2020.

**PUBLIC PARTICIPATION**

No requests to address the Council were received.

**CONSENT AGENDA**

Mayor Mikkelson asked if there were any items to remove from the consent agenda for discussion.

1. Approval of regular City Council meeting minutes - September 8, 2020

Mr. Nelson made a motion to approve the consent agenda as presented. A roll call vote was taken with the following votes cast: “aye”: Herring, J. Nelson, Selders, R. Nelson, Poling, Limbird, Myers, Reimer, Runion, McFadden, Graves, Gallagher. The motion passed unanimously.

### COMMITTEE REPORTS

- Ms. Reimer stated that one application had been received for the Teen Council, and that a second student had expressed interest. She said that she would reach out again to contacts at area schools.

Ms. Reimer added that elementary schools in the Shawnee Mission School District would move to a hybrid learning model in October, with the goal of having students back in the building full-time by October 19 (excluding those who selected the “remote learning” option for the semester).

- Mrs. McFadden shared that the Northeast Johnson County’s “Leadership Northeast” class was accepting applicants. The class begins in January 2021.
- Ms. Limbird noted that the Arts Council’s “State of the Arts” exhibit would be held online in 2020. She added that current and former Arts Council members would be sharing their own art at City Hall in October.
- Ms. Selders said several Councilmembers participated in a challenge with other local governing bodies to gather donation items to be auctioned off at the annual Johnson County Christmas Bureau benefit. Funds go directly to helping 10,000 local families each year. Many Prairie Village businesses contributed items for the event.

### MAYOR’S REPORT

- Mayor Mikkelson provided an update on the COVID-19 pandemic, noting that the 14-day percent positive moving average was still high in Johnson County, at 12.4%. The average number of new cases per day had dropped slightly, to approximately 95, and new hospitalizations were on a downward trend.
- The Mayor noted that the Diversity Task Force would hold its first meeting on Tuesday, September 22.
- The Mayor thanked Prairie Village Police Officers for their work during the current challenging environment.
- The Mayor, along with Mr. Jordan and Ms. Robichaud, met with representatives from First Washington to discuss the status of the Corinth and Village Shops. He stated that First Washington was evaluating how the former Macy’s space could be utilized, and that the Corinth Quarter shops were still on target to open in 2021.
- The Mayor said that a number of developers had contacted the City to discuss potential workforce housing development.

- A public information session for Village Vision 2.0 was held on September 9. A Council work session to discuss the plan and consider public input will take place on September 28.
- The Mayor shared that Chief Tony Lopez of Consolidated Fire District #2 will retire April 1, 2021.
- The Mayor's tree lighting ceremony and annual committee volunteer dinner would not be held in their traditional fashion due to COVID-19. The Mayor asked Councilmembers to share any ideas they had to thank volunteers for their efforts and provide an opportunity for residents to contribute to the Municipal Foundation.

## **STAFF REPORTS**

### **Public Works**

- Mr. Bredehoeft reported that the culvert repair project on 71<sup>st</sup> Street and Mission Road would begin on September 28. The east side of the intersection will remain closed for approximately 60 days.

He also provided an update on the pool repair project, noting that a repair for the leak in the adult pool had been found, and would cost approximately \$10,000. A solution for the leak in the diving pool will require further excavation and study.

Mr. Bredehoeft added that the traffic-calming "neckdowns" had been installed permanently on both 67<sup>th</sup> street and 87<sup>th</sup> Street.

## **OLD BUSINESS**

Mr. Runion asked if Mrs. Santa Maria could provide an estimate of how much money the City would save by switching to wind-generated electricity. Mayor Mikkelson stated that it would be difficult to determine the savings until the City had been using wind energy for a period of time. Mr. Runion agreed that a review at a later date would be fine.

Mr. Runion also asked whether Council had adopted a position in support of mixed-use development. Mayor Mikkelson said that further discussion would be held during the Village Vision 2.0 process.

## **NEW BUSINESS**

### **COU2020-42**

### **Memorandums of Understanding with KC Can Compost for commercial composting and GlassBandit for curbside glass recycling in Prairie Village**

Ms. Robichaud stated that Council had decided not to move forward with a citywide curbside compost and glass collection program for 2021 at its June 15, 2020 meeting. Instead, City staff was directed to negotiate discounted rates for residents to purchase services directly in exchange for the City helping to promote the programs.

At its September 8, 2020 meeting, Council authorized Memorandums of Understanding with Compost Collective KC and Food Cycle KC for composting services in the City. The MOUs provided discounts for residents that signed up for service with either company. Two additional companies, KC Can Compost and GlassBandit, have also offered reduced fees for commercial composting and curbside glass recycling.

Representatives from KC Can Compost and GlassBandit gave presentations describing the services each offered.

**Ms. Nelson made a motion to approve Memorandums of Understanding with KC Can Compost and GlassBandit. Ms. Selders seconded the motion. A roll call vote was taken with the following votes cast: “aye”: Herring, J. Nelson, Selders, R. Nelson, Poling, Limbird, Myers, Reimer, Runion, McFadden, Graves, Gallagher. The motion passed unanimously.**

**COU2020-43            Approve a resolution in support of the Climate Mayors Network and Paris Climate Agreement**

Ms. Buum stated that the Council Committee of the Whole had voted in support of the Climate Mayors Network and the Paris Climate Agreement at its September 8, 2020 meeting. She added that the resolution was simply a show of support for both agreements, not a binding commitment.

**Ms. Nelson made a motion to approve a resolution in support of the Climate Mayors Network and Paris Climate Agreement. Mr. Herring seconded the motion.**

Mr. Runion asked for more information regarding the near- and long-term targets to reduce emissions in the City. Ms. Nelson stated that if approved, the Dynamhex software would provide a baseline of current carbon emissions, from which targets could be set. Mayor Mikkelson added that a Prairie Village-specific climate action plan would then be developed.

**After further discussion, a roll call vote was taken with the following votes cast: “aye”: Herring, J. Nelson, Selders, R. Nelson, Poling, Limbird, Reimer, McFadden, Graves, Gallagher; “nay”: Myers, Runion. The motion passed 10-2.**

**COU2020-44            Approve the purchase of Dynamhex carbon emissions tracking software**

Ms. Buum said that the Environmental Committee recommended the purchase of carbon emission tracking services from Dynamhex to establish a baseline for city-wide emissions, including individual residential and commercial properties. Based on the information gathered, Dynamhex will offer personalized solutions to reduce emissions.

Members of the community will be able to access and use the tool to examine emissions within their own homes and invest in energy upgrades.

Dynamhex presented information about their software at the September 8, 2020 Council Committee of the Whole meeting, and the Committee voted in favor of moving forward with an agreement by a 10-1 vote. Ms. Buom added that \$8,000 of funding would come from the Environmental Committee, and the remaining \$4,000 from the City's contingency fund. Future years would be considered as part of the annual budget process.

**Ms. Nelson made a motion to approve an agreement with Dynamhex for carbon emissions tracking software for an initial term of one year in the amount of \$12,000. Ms. Selders seconded the motion.**

Mrs. McFadden asked who would be responsible for assessing the data, and how the number of residents using the software could be determined. Mr. Graves stated that baseline data would be obtained from county records, and that residents could modify information to get a more accurate assessment of their residences. He added that Dynamhex would be able to provide information about user participation.

Ms. Nelson added that the data would be reviewed by the Environmental Committee to determine how to plan environmental policy going forward.

**After further discussion, a roll call vote was taken with the following votes cast: "aye": Herring, J. Nelson, Selders, R. Nelson, Poling, Limbird, Myers, Reimer, Runion, Graves, Gallagher; "nay": McFadden. The motion passed 11-1.**

**COU2020-45          Approve pool replaster project - leisure and wading (BG850002)  
change order #1**

Mr. Bredehoeft said that the pool replaster project in the leisure and wading pools had been approved by Council at its January 6, 2020 meeting. Along with plastering, the small tiles at the wading pool edge line were removed. The tiles and the extensive grout lines were a maintenance issue which could be corrected by removing the tile and extending the new plaster surface to the top edge of the pool.

When the plastering work was completed in the wading pool, it was discovered that the removed tile had been used by the previous contractor to the level of the water in the wading pool. Using the tile to control water level appears to have been a construction fix as the original plans did not call for this. As a result, additional work must be done to the wading pool to level off the water and ensure lapping action on all sides for draining purposes as it was designed. The change also requires new grates around the perimeter of the pool.

Mr. Bredehoeft stated the work would be performed prior to the pool opening in 2021. He added that adequate funding remained in pool replaster project to cover the cost of the change order.

**Mrs. McFadden made a motion to approve construction change order #1 with KC Gunitite for the pool replaster project - leisure and wading (BG850002) for \$66,850. Mr. Herring seconded the motion.**

Ms. Nelson asked when the planned inclusive playground at Harmon Park would be installed. Mr. Bredehoeft said that a timeframe for the playground installation could be considered soon by Council and staff.

**A roll call vote was taken with the following votes cast: “aye”: Herring, J. Nelson, Selders, R. Nelson, Poling, Limbird, Myers, Reimer, Runion, McFadden, Graves, Gallagher. The motion passed unanimously.**

**Mrs. Myers made a motion that the City Council move to the Council Committee of the Whole portion of the meeting. The motion was seconded by Ms. Limbird, and passed unanimously.**

#### **COUNCIL COMMITTEE OF THE WHOLE**

**Council update regarding Collection Bureau of Kansas, Inc. (CBK) for collecting outstanding court fines and fees.**

Ms. Scott stated that the Council had approved an agreement with the Collection Bureau of Kansas to collect outstanding court fines and fees in 2018. The goal of the agreement was to reduce the number of warrants issued for failures to appear when fines were due, as well as to reduce liability to the City and the assessment of additional fees on adjudicated cases.

Since the agreement was approved, approximately 500 warrants were alleviated, which saved defendants over \$50,000 in warrant and potential jail fees. Furthermore, the City collected over \$6,000 while also reducing staff time for Court the Police Department and the County jail.

**Mr. Herring moved that the City Council end the Council Committee of the Whole portion of the meeting. The motion was seconded by Mr. Nelson, and passed unanimously.**

#### **ANNOUNCEMENTS**

Announcements were included in the Council meeting packet.

#### **ADJOURNMENT**

**Mr. Herring made a made a motion to adjourn the meeting. The motion was seconded by Mr. Nelson, and passed unanimously.**

COU2020-46: Consider Bid Award for 2020 Tree Trimming Program

---

### RECOMMENDATION

Staff recommends the City Council approve the award of a bid to Kansas City Tree Care for \$92,226 for trimming trees in City right-of-way.

### BACKGROUND

This bid is the annual tree trimming of trees in the City right-of-way. There were three areas bid as well as four parks and a map is attached delineating the three areas and four parks for trimming this year. All the trees will be trimmed to remove any dead wood larger than 2-inches over the right-of-way, remove limbs interfering with sight line to traffic signals and street signs, and with a cone under the street lights.

Kansas City Tree Care has completed this work for the City in previous years with good results.

Six bids were received and opened on September 18, 2020, by the City Clerk. The bid tab is:

<b>Bidder</b>	<b>Total</b>
Kansas City Tree Care	\$ 92,226
Safety Tree	\$ 98,855
Smith Brothers	\$ 125,599
Arbor Masters	\$ 144,516
KC Arborist	\$ 177,255
Davey Tree	\$ 265,290

### FUNDING SOURCE

Funds are available and were budgeted for tree trimming in the 2020 Public Works Operating Budget.

BETWEEN  
THE CITY OF PRAIRIE VILLAGE, KANSAS  
AND  
\_\_\_\_\_ KANSAS CITY TREE CARE, LLC \_\_\_\_\_

**THIS AGREEMENT**, is made and entered into this \_\_\_\_ day of \_\_\_\_\_, 20\_\_\_\_, by and between the City of Prairie Village, Kansas, hereinafter termed the “City”, and Kansas City Tree Care, LLC, hereinafter termed in this agreement, “Contractor”, for the construction and completion of Project 2020 Tree Trimming, (the “Project”) designated, described and required by the Project Manual and Bid Proposal, to wit:

**WITNESSETH:**

**WHEREAS**, the City has caused to be prepared, approved and adopted a Project Manual describing construction materials, labor, equipment and transportation necessary for, and in connection with, the construction of a public improvement, and has caused to be published an advertisement inviting sealed bid, in the manner and for the time required by law;

**WHEREAS**, the Contractor, in response to the advertisement, has submitted to the City in the manner and at the time specified, a sealed Bid Proposal in accordance with the Bid Documents;

**WHEREAS**, the City, in the manner prescribed by law, has publicly opened, examined and canvassed the Bid Proposals submitted, and as a result of such canvass has determined and declared the Contractor to be the lowest and best responsible bidder for the construction of said public improvements, and has duly awarded to the said Contractor a contract therefore upon the terms and conditions set forth in this Agreement for the sum or sums set forth herein;

**WHEREAS**, the Contractor has agreed to furnish at its own cost and expense all labor, tools, equipment, materials and transportation required to construct and complete in good, first class and workmanlike manner, the Work in accordance with the Contract Documents; and

**WHEREAS**, this Agreement, and other Contract Documents on file with the City Clerk of Prairie Village, Kansas, all of which Contract Documents form the Contract, and are as fully a part thereof as if repeated verbatim herein; all work to be to the entire satisfaction of the City or City’s agents, and in accordance with the laws of the City, the State of Kansas and the United States of America;

**NOW, THEREFORE**, in consideration of the compensation to be paid the Contractor, and of the mutual agreements herein contained, the parties hereto have agreed and hereby agree, the City for itself and its successors, and the Contractor for itself, himself, herself or themselves, its, his/her, hers or their successors and assigns, or its, his/her, hers or their executors and administrators, as follows:

1. **DEFINITIONS:** Capitalized terms not defined herein shall have the meanings set forth in the General Conditions.

1.1 Following words are given these definitions:

**ADVERSE WEATHER** shall have the meaning set forth in Section 9.3 hereof.

**APPLICATION FOR PAYMENT** shall mean a written request for compensation for Work performed on forms approved by the City.

**BID** shall mean a complete and properly signed proposal to do the Work or designated portion thereof, for the price stipulated therein, submitted in accordance with the Bid Documents.

**BID DOCUMENTS** shall mean all documents related to submitting a Bid, including, but not limited to, the Advertisement for Bids, Instruction to Bidders, Bid Form, Bid Bond, and the proposed Project Manual, including any Addenda issued prior to receipt of Bids.

**BID PROPOSAL** shall mean the offer or proposal of the Bidder submitted on the prescribed form set forth the prices for the Work to be performed.

**BIDDER** shall mean any individual: partnership, corporation, association or other entity submitting a bid for the Work.

**BONDS** shall mean the bid, maintenance, performance, and statutory or labor and materials payment bonds, together with such other instruments of security as may be required by the Contract Documents.

**CERTIFICATE FOR PAYMENT** shall mean written certification from the Project Manager stating that to the best of the project manager's knowledge, information and belief, and on the basis of the Project Manager's on-site visits and inspections, the Work described in an Application for Payment has been completed in accordance with the terms and conditions of the Contract Documents and that the amount requested in the Application for Payment is due and payable.

**CHANGE ORDER** is a written order issued after the Agreement is executed by which the City and the Contractor agree to construct additional items of Work, to adjust the quantities of Work, to modify the Contract Time, or, in lump sum contracts, to change the character and scope of Work shown on the Project Manual.

**CITY** shall mean the City of Prairie Village, Kansas, acting through a duly appointed representative.

**CONTRACT** or **CONTRACT DOCUMENTS** shall consist of (but not necessarily be limited to) the Plans, the Specifications, all addenda issued prior to and all modifications issued after execution of this Agreement, (modifications consisting of written amendments to the Agreement signed by both parties, Change Orders, written orders for minor changes in the Work issued by the Project Manager) this Construction Contract between the City and Contractor (sometimes referred to herein as the "**Agreement**"), the accepted Bid Proposal, Contractor's Performance Bond, Contractor's Maintenance Bond, Statutory Bond, the Project Manual, the General Conditions, the Special Conditions and any other documents that have bearing the Work prescribed in the Project. It is understood that the Work shall be carried out and the Project shall be constructed fully in accordance with the Contract Documents.

**CONTRACT PRICE** shall be the amount identified in the Construction Agreement between the City and the Contractor as the total amount due the Contractor for Total Completion of the Work as per the Contract Documents.

**CONTRACT TIME** shall be the number of calendar days stated in the Contract Documents for the completion of the Work or shall be a specific date as designated in the Construction Agreement.

**CONTRACTOR** shall mean the entity entering into the Contract for the performance of the Work covered by this Contract, together with his/her duly authorized agents or legal representatives.

**DEFECTIVE WORK** shall mean Work, which is unsatisfactorily, faulty or deficient, or not in conformity with the Project Manual.

**FIELD ORDER** shall mean a written order issued by the Project Manager that orders minor changes in the Work, but which does not involve a change in the Contract Price or Contract Time.

**FINAL ACCEPTANCE** shall mean the date when the City accepts in writing that the construction of the Work is complete in accordance with the Contract Documents such that the entire Work can be utilized for the purposes for which it is intended and Contractor is entitled to final payment.

**GENERAL CONDITIONS** shall mean the provisions in the document titled "General Conditions - General Construction Provisions" attached hereto and incorporation herein by reference.

**INSPECTOR** shall mean the engineering, technical inspector or inspectors duly authorized by the City to monitor the work and compliance tests under the direct supervision of the Project Manager.

**NOTICE TO PROCEED** shall mean the written notice by the City to the Contractor fixing the date on which the Contract Time is to commence and on which the Contractor shall start to perform its obligations under the Contract Documents. Without the prior express written consent of the City, the Contractor shall do no work until the date set forth in the Notice to Proceed.

**PAY ESTIMATE NO. \_\_\_\_ or FINAL PAY ESTIMATE** shall mean the form to be used by the Contractor in requesting progress and final payments, including supporting documentation required by the Contract Documents.

**PLANS** shall mean and include all Shop Drawings which may have been prepared by or for the City as included in the Project Manual or submitted by the Contractor to the City during the progress of the Work, all of which show the character and scope of the work to be performed.

**PROJECT** shall mean the Project identified in the first paragraph hereof.

**PROJECT MANAGER** shall mean the person appointed by the Public Works Director for this Contract.

**PROJECT MANUAL** shall contain the General Conditions, Special Conditions, Specifications, Shop Drawings and Plans for accomplishing the work.

**PROJECT SEGMENTS** shall have the meaning set forth in Section 7.1 hereof.

**PUBLIC WORKS DIRECTOR** shall mean the duly appointed Director of Public Works for the City of Prairie Village or designee.

**SHOP DRAWINGS** shall mean all drawings, diagrams, illustrations, schedules and other data which are specifically prepared by the Contractor, a Subcontractor, manufacturer, fabricator, supplier or distributor to illustrate some portion of the Work, and all illustrations, brochures, standard schedules, performance charts, instructions, diagrams and other information prepared by a manufacturer, fabricator, supplier or distribution and submitted by the Contractor to illustrate material or equipment for some portion of the Work.

**SPECIFICATIONS** shall mean those portions of the Project Manual consisting of written technical descriptions of materials, equipment, construction methods, standards and workmanship as applied to the Work and certain administrative details applicable thereto. They may include, but not necessarily be limited to: design specifications, e.g. measurements, tolerances, materials, inspection requirements and other information relative to the work; performance specifications, e.g., performance characteristics required, if any; purchase description specifications, e.g. products or equipment required by manufacturer, trade name and/or type; provided, however, equivalent alternatives (including aesthetics, warranty and manufacturer reputation) may be substituted upon written request and written approval thereof by the City.

**SPECIAL CONDITIONS** shall mean the provisions in the document titled "Special Conditions" attached hereto and incorporation herein by reference.

**SUBCONTRACTOR** shall mean an individual, firm or corporation having a direct contract with the Contractor or with another subcontractor for the performance of a part of the Work.

**SUBSTANTIAL COMPLETION** shall be defined as being less than 100 percent of the Work required that will be completed by a specified date as agreed to in writing by both parties.

**TOTAL COMPLETION** shall mean all elements of a Project Segment or the Total Project Work is complete including all subsidiary items and "punch-list" items.

**TOTAL PROJECT WORK** shall have the meaning set forth in Section 7.1 hereof.

**UNIT PRICE WORK** shall mean Work quantities to be paid for based on unit prices. Each unit price shall be deemed to include the Contractor's overhead and profit for each separately identified item. It is understood and agreed that estimated quantities of times for unit price work are not guaranteed and are solely for the purpose of comparison of bids and determining an initial Contract Price. Determinations of actual quantities and classifications of unit price work shall be made by the City.

**UNUSUALLY SEVERE WEATHER** shall have the meaning set forth in Section 9.4 hereof.

**WORK** shall the mean the work to be done to complete the construction required of the Contractor by the Contract Documents, and includes all construction, labor, materials, tools, equipment and transportation necessary to produce such construction in accordance with the Contract Documents.

**WORK SCHEDULE** shall have the meaning set forth in Section 7.2 hereof.

- 1.2 Whenever any word or expression defined herein, or pronoun used instead, occurs in these Contract Documents; it shall have and is mutually understood to have the meaning commonly given. Work described in words, which so applied have a well-known technical or trade meaning shall be held to refer to such, recognized standards.
- 1.3 Whenever in these Contract Documents the words “as ordered,” “as directed,” “as required”, “as permitted”, “as allowed”, or words or phrases of like import are used, it is understood that the order, direction, requirement, permission or allowance of the Project Manager is intended.
- 1.4 Whenever any statement is made in the Contract Documents containing the expression “it is understood and agreed”, or an expression of like import, such expression means the mutual understanding and agreement of the parties hereto.
- 1.5 The words “approved”, “reasonable”, “suitable”, “acceptable”, “properly”, “satisfactorily”, or words of like effect in import, unless otherwise particularly specified herein, shall mean approved, reasonable, suitable, acceptable, proper or satisfactory in the judgment of the Project Manager.
- 1.6 When a word, term or phrase is used in the Contract, it shall be interpreted or construed, first, as defined herein; second, if not defined, according to its generally accepted meaning in the construction industry; and, third, if there is no generally accepted meaning in the construction industry, according to its common and customary usage.
- 1.7 All terms used herein shall have the meanings ascribed to them herein unless otherwise specified.

## **2. ENTIRE AGREEMENT:**

The Contract Documents, together with the Contractor's Performance, Maintenance and Statutory bonds for the Work, constitute the entire and exclusive agreement between the City and the Contractor with reference to the Work. Specifically, but without limitation, this Contract supersedes all prior written or oral communications, representations and negotiations, if any, between the City and the Contractor. The Contract may not be amended or modified except by a modification as hereinabove defined. These Contract Documents do not, nor shall they be construed to, create any contractual relationship of any kind between the City and any Subcontractor or remote tier Subcontractor.

## **3. INTENT AND INTERPRETATION**

- 3.1 The intent of the Contract is to require complete, correct and timely execution of the Work. Any Work that may be required, including construction, labor, materials, tools, equipment and transportation, implied or inferred by the Contract Documents, or any one or more of them, as necessary to produce the intended result, shall be provided by the Contractor for the Contract Price.
- 3.2 All time limits stated in the Contract Documents are of the essence of the Contract.
- 3.3 The Contract is intended to be an integral whole and shall be interpreted as internally consistent. What is required by any one Contract Document shall be considered as required by the Contract.
- 3.4 The specification herein of any act, failure, refusal, omission, event, occurrence or condition as constituting a material breach of this Contract shall not imply that any other, non-specified

- act, failure, refusal, omission, event, occurrence or condition shall be deemed not to constitute a material breach of this Contract.
- 3.5 The Contractor shall have a continuing duty to read, carefully study and compare each of the Contract Documents and shall give written notice to the Project Manager of any inconsistency, ambiguity, error or omission, which the Contractor may discover, or should have discovered, with respect to these documents before proceeding with the affected Work. The review, issuance, or the express or implied approval by the City or the Project Manager of the Contract Documents shall not relieve the Contractor of the continuing duties imposed hereby, nor shall any such review be evidence of the Contractor's compliance with this Contract.
- 3.6 The City has prepared or caused to have prepared the Project Manual. **HOWEVER, THE CITY MAKES NO REPRESENTATION OR WARRANTY AS TO ACCURACY OR FITNESS FOR PARTICULAR PURPOSE INTENDED OR ANY OTHER WARRANTY OF ANY NATURE WHATSOEVER TO THE CONTRACTOR CONCERNING SUCH DOCUMENTS.** By the execution hereof, the Contractor acknowledges and represents that it has received, reviewed and carefully examined such documents, has found them to be complete, accurate, adequate, consistent, coordinated and sufficient for construction, and that the Contractor has not, does not, and will not rely upon any representation or warranties by the City concerning such documents as no such representation or warranties have been made or are hereby made.
- 3.7 As between numbers and scaled measurements in the Project Manual, the numbers shall govern; as between larger scale and smaller scale drawings, (e.g. 10:1 is larger than 100:1) the larger scale shall govern.
- 3.8 The organization of the Project Manual into divisions, sections, paragraphs, articles (or other categories), shall not control the Contractor in dividing the Work or in establishing the extent or scope of the Work to be performed by Subcontractors.
- 3.9 The Contract Documents supersedes all previous agreements and understandings between the parties, and renders all previous agreements and understandings void relative to these Contract Documents.
- 3.10 Should anything be omitted from the Project Manual, which is necessary to a clear understanding of the Work, or should it appear various instructions are in conflict, the Contractor shall secure written instructions from the Project Manager before proceeding with the construction affected by such omissions or discrepancies.
- 3.11 It is understood and agreed that the Work shall be performed and completed according to the true spirit, meaning, and intent of the Contract Documents.
- 3.12 The Contractor's responsibility for construction covered by conflicting requirements, not provided for by addendum prior to the time of opening Bids for the Work represented thereby, shall not extend beyond the construction in conformity with the less expensive of the said conflicting requirements. Any increase in cost of Work required to be done in excess of the less expensive work of the conflicting requirements will be paid for as extra work as provided for herein.
- 3.13 The apparent silence of the Project Manual as to any detail, or the apparent omission from them of a detailed description concerning any point, shall be regarded as meaning that only

the best general practice is to be used. All interpretations of the Project Manual shall be made on the basis above stated.

- 3.14 The conditions set forth herein are general in scope and are intended to contain requirements and conditions generally required in the Work, but may contain conditions or requirements which will not be required in the performance of the Work under contract and which therefore are not applicable thereto. Where any stipulation or requirement set forth herein applies to any such non-existing condition, and is not applicable to the Work under contract, such stipulation or requirement will have no meaning relative to the performance of said Work.
- 3.15 KSA 16-113 requires that non-resident contractors appoint an agent for the service of process in Kansas. The executed appointment must then be filed with the Secretary of State, Topeka, Kansas. Failure to comply with this requirement shall disqualify the Contractor for the awarding of this Contract.

#### 4. CONTRACT COST

The City shall pay the Contractor for the performance of the Work embraced in this Contract, and the Contractor will accept in full compensation therefore the sum (subject to adjustment as provided by the Contract) of \_\_\_\_\_ **DOLLARS** (\$ \_\_\_\_\_) for all Work covered by and included in the Contract; payment thereof to be made in cash or its equivalent and in a manner provided in the Contract Documents.

#### 5. WORK SUPERINTENDENT

- 5.1 The Contractor shall provide and maintain, continually on the site of Work during its progress, an adequate and competent superintendent of all operations for and in connection with the Work being performed under this Contract, either personally or by a duly authorized superintendent or other representative. This representative shall be designated in writing at the preconstruction meeting.
- 5.2 The superintendent, or other representative of the Contractor on the Work, who has charge thereof, shall be fully authorized to act for the Contractor, and to receive whatever orders as may be given for the proper prosecution of the Work, or notices in connection therewith. Use of Subcontractors on portions of the Work shall not relieve the Contractor of the obligation to have a competent superintendent on the Work at all times.
- 5.3 The City shall have the right to approve the person who will be the Superintendent based on skill, knowledge, experience and work performance. The City shall also have the right to request replacement of any superintendent.
- 5.4 The duly authorized representative shall be official liaison between the City and the Contractor regarding the signing of pay estimates, change orders, workday reports and other forms necessary for communication and Work status inquiries. Upon Work commencement, the City shall be notified, in writing, within five (5) working days of any changes in the Contractor's representative. In the absence of the Contractor or representative, suitable communication equipment, which will assure receipt of messages within one (1) hour during the course of the workday, will also be required.
- 5.5 The Contractor will be required to contact the Project Manager daily to advise whether and/or where the Contractor and/or the Subcontractor's crews will be working that day, in order that the Project Manager's representative is able to monitor properly the Work.

## 6. PROJECT MANAGER

- 6.1 It is mutually agreed by and between the parties to this Agreement that the Project Manager shall act as the representative of the City and shall observe and inspect, as required, the Work included herein.
- 6.2 In order to prevent delays and disputes and to discourage litigation, it is further agreed by and between the parties to this Agreement that the Project Manager shall, in good faith and to the best of its ability, determine the amount and quantities of the several kinds of work which are to be paid for under this Contract; that the Project Manager shall determine, where applicable, questions in relation to said Work and the construction thereof; that Project Manager shall, where applicable decide questions which may arise relative to the execution of this Contract on the part of said Contractor; that the Project Manager's decisions and findings shall be the conditions precedent to the rights of the parties hereto, to any action on the Contract, and to any rights of the Contractor to receive any money under this Contract provided, however, that should the Project Manager render any decision or give any direction which, in the opinion of either party hereto, is not in accordance with the meaning and intent of this Contract, either party may file with the Project Manager and with the other party, within thirty (30) days a written objection to the decision or direction so rendered and, by such action, may reserve the right to submit the question to determination in the future.
- 6.3 The Project Manager, unless otherwise directed or agreed to by the City in writing, will perform those duties and discharge those responsibilities allocated to the Project Manager as set forth in this Contract. The Project Manager shall be the City's representative from the effective date of this Contract until final payment has been made. The Project Manager shall be authorized to act on behalf of the City only to the extent provided in this Contract. The City and Project Manager may, from time to time, designate Inspectors to perform such functions.
- 6.4 The City and the Contractor shall communicate with each other in the first instance through the Project Manager.
- 6.5 The Project Manager shall be the initial interpreter of the requirements of the Project Manual and the judge of the performance by the Contractor. The Project Manager shall render written graphic interpretations necessary for the proper execution or progress of the Work with reasonable promptness on request of the Contractor.
- 6.6 The Project Manager will review the Contractor's Applications for Payment and will certify to the City for payment to the Contractor those amounts then due the Contractor as provided in this Contract. The Project Manager's recommendation of any payment requested in an Application for Payment will constitute a representation by Project Manager to City, based on Project Manager's on-site observations of the Work in progress as an experienced and qualified design professional and on Project Manager's review of the Application for Payment and the accompanying data and schedules that the Work has progressed to the point indicated; that, to the best of the Project Manager's knowledge, information and belief, the quality of the Work is in accordance with the Project Manual (subject to an evaluation of the Work as a functioning whole prior to or upon Substantial Completion, to the results of any subsequent tests called for in the Project Manual, to a final determination of quantities and classifications for Unit Price Work if such is called for herein, and to any other qualifications stated in the recommendation); and that Contractor is entitled to payment of the amount recommended. However, by recommending any such payment Project Manager will not thereby be deemed to have represented that exhaustive or continuous on-site inspections have been made to check the quality or the quantity of the Work beyond the responsibilities

specifically assigned to Project Manager in the Project Manual or that there may not be other matters or issues between the parties that might entitle Contractor to be paid additionally by the City or the City to withhold payment to Contractor.

- 6.7 The Project Manager may refuse to recommend the whole or any part of any payment if, in Project Manager's opinion, it would be incorrect to make such representations to City. Project Manager may also refuse to recommend any such payment, or, because of subsequently discovered evidence or the results of subsequent inspections or tests, nullify any such payment previously recommended, to such extent as may be necessary in the Project Manager's opinion to protect the City from loss because:
- The Work is defective, or completed Work has been damaged requiring correction or replacement,
  - The Contract Price has been reduced by Written Amendment or Change Order,
  - The City has been required to correct Defective Work or complete Work in accordance with the Project Manual.
- 6.8 The City may refuse to make payment of the full amount recommended by the Project Manager because claims have been made against City on account of Contractor's performance or furnishing of the Work or liens have been filed in connection with the Work or there are other items entitling City to a set-off against the amount recommended, but City must give Contractor written notice (with a copy to Project Manager) stating the reasons for such action.
- 6.9 The Project Manager will have the authority to reject Work which is defective or does not conform to the requirements of this Contract. If the Project Manager deems it necessary or advisable, the Project Manager shall have authority to require additional inspection or testing of the Work for compliance with Contract requirements.
- 6.10 The Project Manager will review, or take other appropriate action as necessary, concerning the Contractor's submittals, including Shop Drawings, Product Data and Samples. Such review, or other action, shall be for the sole purpose of determining general conformance with the design concept and information given through the Project Manual.
- 6.11 The Project Manager shall have authority to order minor changes in the Work not involving a change in the Contract Price or in Contract Time and consistent with the intent of the Contract. Such changes shall be effected by verbal direction and then recorded on a Field Order and shall be binding upon the Contractor. The Contractor shall carry out such Field Orders promptly.
- 6.12 The Project Manager, upon written request from the Contractor shall conduct observations to determine the dates of Substantial Completion, Total Completion and the date of Final Acceptance. The Project Manager will receive and forward to the City for the City's review and records, written warranties and related documents from the Contractor required by this Contract and will issue a final Certificate for Payment to the City upon compliance with the requirements of this Contract.
- 6.13 The Project Manager's decisions in matters relating to aesthetic effect shall be final if consistent with the intent of this Contract.

- 6.14 The Project Manager will **NOT** be responsible for Contractor's means, methods, techniques, sequences, or procedures or construction, or the safety precautions and programs incident thereto and will not be responsible for Contractor's failure to perform the Work in accordance with the Project Manual. The Project Manager will not be responsible for the acts or omissions of the Contractor or any Subcontractor or any of its or their agents or employees, or any other person at the site or otherwise performing any of the Work except as may otherwise be provided.
- 6.15 Any plan or method of work suggested by the Project Manager, or other representatives of the City, to the Contractor, but not specified or required, if adopted or followed by the Contractor in whole or in part, shall be used at the risk and responsibility of the Contractor, and the Project Manager and the City will assume no responsibility therefore.
- 6.16 It is agreed by the Contractor that the City shall be and is hereby authorized to appoint or employ, either directly or through the Project Manager, such City representatives or observers as the City may deem proper, to observe the materials furnished and the work performed under the Project Manual, and to see that the said materials are furnished, and the said work performed, in accordance with the Project Manual therefore. The Contractor shall furnish all reasonable aid and assistance required by the Project Manager, or by the resident representatives for proper observation and examination of the Work and all parts thereof.
- 6.17 The Contractor shall comply with any interpretation of the Project Manual by the Project Manager, or any resident representative or observer so appointed, when the same are consistent with the obligations of the Project Manual. However, should the Contractor object to any interpretation given by any subordinate Project Manager, resident representative or observer, the Contractor may appeal in writing to the City Director of Public Works for a decision.
- 6.18 Resident representatives, observers, and other properly authorized representatives of the City or Project Manager shall be free at all times to perform their duties, and intimidation or attempted intimidation of any one of them by the Contractor or by any of its employees, shall be sufficient reason, if the City so decides, to annul the Contract.
- 6.19 Such observation shall not relieve the Contractor from any obligation to perform said Work strictly in accordance with the Project Manual.

## 7. WORK SCHEDULE:

- 7.1 The Work is comprised of one large project (sometimes referred to as "**Total Project Work**") and, in some cases, is partitioned into smaller subprojects referred to in this Agreement as "**Project Segments.**" A Contract Time shall be stated in the Contract Documents for both the Total Project Work and, when applicable, the Project Segments.
- 7.2 At the time of execution of this Contract, the Contractor shall furnish the Project Manager with a schedule ("**Work Schedule**") setting forth in detail (in the critical path method) the sequences proposed to be followed, and giving the dates on which it is expected that Project Segments will be started and completed within the Contract Time. The Work Schedule is subject to approval by the City.
- 7.3 Monthly Work Schedule reports shall accompany the Contractor's pay request for Work completed. Where the Contractor is shown to be behind schedule, it shall provide an accompanying written summary, cause, and explanation of planned remedial action.

Payments or portions of payments may be withheld by the City upon failure to maintain scheduled progress of the Work as shown on the approved Work Schedule.

- 7.4 At a minimum the Contractor shall update and submit the Work Schedule for review weekly, unless otherwise agreed upon by the City.
- 7.5 The Contractor, within ten (10) calendar days after being instructed to do so in a written notice from the City, shall commence the Work to be done under this Contract.
- 7.6 If at any time, in the opinion of the Project Manager or City, proper progress is not being maintained; changes shall be proposed in the Work Schedule and resubmitted for consideration and approval.
- 7.7 If the Contractor has not completed Project Segments and is within a non-performance penalty period, it shall not be allowed to undertake a new Project Segment until the Project Segment in dispute is completed, unless expressly permitted by the City.
- 7.8 The operation of any tool, equipment, vehicle, instrument, or other noise-producing device is prohibited to start before or continue after the hours of 7 AM and 10 PM, Monday through Friday (except Fridays which shall be until Midnight) and 8 AM and midnight on Weekends (except Sunday which shall be 10 PM). Violation of this requirement is Prima Facie Violation of City Municipal Code 11-202.
- 7.9 No work shall be undertaken on Saturdays, Sundays and Holidays (Christmas, New Years, Martin Luther King's Birthday, President's Day, Memorial Day, Independence Day, Labor Day and Thanksgiving) without the express written approval of the City Project Manager. If it is necessary to perform proper care, maintenance, or protection of work already completed or of equipment used, or in the case of an emergency verbal permission may be obtained through the Project Manager.
- 7.10 Night work may be established by the Contractor, as a regular procedure, with the written permission of the City; such permission, however, may be revoked at any time by the City if the Contractor fails to maintain adequate equipment for the proper prosecution and control of all operations performed as part of the Work.
- 7.11 The Contractor shall provide 24 hours notice prior to commencing any work to the City Project Manager. The Contractor shall communicate immediately any changes in the Work Schedule to the Project Manager for approval by the City.

## **8. DELAYS AND EXTENSIONS OF TIME**

- 8.1 In executing the Contract, the Contractor expressly covenants and agrees that, in undertaking the completion of the Work within the Contract Time, it has taken into consideration and made allowances for all of the ordinary delays and hindrances incident to such Work, whether growing out of delays in securing materials, workers, weather conditions or otherwise. No charge shall be made by the Contractor for hindrances or delays from any cause during the progress of the Work, or any portion thereof, included in this Contract.
- 8.2 Should the Contractor, however, be delayed in the prosecution and completion of the Work by reason of delayed shipment orders, or by any changes, additions, or omissions therein ordered in writing by the City, or by strikes or the abandonment of the Work by the persons engaged thereon through no fault of the Contractor, or by any act taken by the U.S. Government such as the commandeering of labor or materials, embargoes, etc., which would

affect the fabrication or delivery of materials and/or equipment to the Work; or by neglect, delay or default of any other contractor of the City, or delays caused by court proceedings; the Contractor shall have no claims for damages or additional compensation or costs for any such cause or delay; but it shall in such cases be entitled to such extension of the time specified for the completion of the Work as the City and the Project Manager shall award in writing on account of such delays, provided, however, that claim for such extension of time is made by the Contractor to the City and the Project Manager in writing within one (1) week from the time when any such alleged cause for delay shall occur.

## 9. ADVERSE WEATHER:

9.1 Extensions of time for Adverse Weather shall be granted only under the conditions as hereinafter provided.

9.2 For conditions of weather or conditions at the site, so unusual as not to be reasonably anticipated, as determined by the Project Manager, an average or usual number of inclement days when work cannot proceed are to be anticipated during the construction period and are not to be considered as warranting extension of time.

9.3 “**Adverse Weather**” is defined as atmospheric conditions or the impact thereof at a definite time and place, which are unfavorable to construction activities such that they prevent work on critical activities for 50 percent or more of the Contractor's scheduled workday.

9.4 “**Unusually Severe Weather**” is defined as weather, which is more severe than the adverse weather anticipated for the season, location, or activity involved.

9.5 Time Extensions for Unusually Severe Weather: In order for any request for time extension due to Unusually Severe Weather to be valid, the Contractor must document all of the following conditions:

- The weather experienced at the Work site during the Contract period is more severe than the Adverse Weather anticipated for the Work location during any given month.
- The Unusually Severe Weather actually caused a delay to the completion of the Work.
- The delay must be beyond the control and without fault or negligence by the Contractor.

9.6 The following schedule of monthly-anticipated Adverse Weather delays will constitute the baseline for monthly weather time evaluations. The Contractor's Work Schedule must reflect these anticipated adverse weather delays in all weather affected activities:

### MONTHLY ANTICIPATED ADVERSE WEATHER DELAY WORK DAYS BASED ON FIVE (5) DAY WORK WEEK

JAN	FEB	MAR	APR	MAY	JUN	JUL	AUG	SEP	OCT	NOV	DEC
10	8	7	6	7	7	5	5	5	4	5	9

9.7 Upon receipt of the Notice to Proceed, and continuing throughout the Contract, the Contractor shall record on its daily construction report, the occurrence of Adverse Weather and resultant impact to the Work Schedule.

9.8 The number of actual Adverse Weather delay days shall include days affected by actual Adverse Weather (even if Adverse Weather occurred in the previous month), and shall be

- calculated chronologically from the first to the last day of each month, and be recorded as full workdays.
- 9.9 If the number of actual Adverse Weather delay days in a given month exceeds the number of days anticipated above, the difference shall be multiplied by 7/5 to convert any qualifying workday delays to calendar days. The resulting number of qualifying lost days shall be added to the Contract Time.
- 9.10 The determination that Unusually Severe Weather occurred does not automatically mean an extension of time will be granted. The Contractor must substantiate the Unusually Severe Weather delayed work activities on the critical path of the Work Schedule.
- 9.11 Full consideration for equivalent fair weather workdays shall be given. If the number of actual Adverse Weather delays in a given month is less than the number of days anticipated as indicated above, the difference shall be multiplied by 7/5 to convert any workday increases to calendar days. The resulting number of qualifying extra days will be accumulated and subtracted from any future month's days lost due to unusually severe weather.
- 9.12 The net cumulative total of extra days/lost days shall not result in a reduction of Contract Time and the date of Substantial Completion shall not be changed because of unusually favorable weather.
- 9.13 In converting workdays to calendar days, fractions 0.5 and greater shall be rounded up to the next whole number. Fractions less than 0.5 shall be dropped.
- 9.14 The Contractor shall summarize and report all actual Adverse Weather delay days for each month to the Project Manager by the tenth (10th) day of the following month. A narrative indicating the impact of Adverse Weather conditions on the Work Schedule shall be included.
- 9.15 Any claim for extension of time due to Unusually Severe Weather shall be submitted to the Project Manager within 7 days of the last day of the commencement of the event giving rise to the delay occurred. Resolution of any claim shall follow the procedures described above.
- 9.16 The Contractor shall include and indicate the monthly-anticipated Adverse Weather days, listed above, in the Work Schedule. (Reference Section 7.1 for Work Schedule requirements)
- 9.17 The Contractor shall indicate the approved Adverse Weather days (whether less or more than the anticipated days) in its Work Schedule updates.
- 10. LIQUIDATED DAMAGES**
- 10.1 Contractor agrees that time is of the essence and any term pertaining to Contractor timely performing so as to achieve Total Completion within the Contract Time is a material provision of this Contract. Further, the parties acknowledge that City's damages in the event of delay are difficult to ascertain and consequently agree that, in the event and to the extent that actual date of Total Completion is delayed beyond the Contract Time for the Total Project Work or Project Segments attributable solely or concurrently to (i) an act or omission of Contractor or any of its subcontractors or suppliers, or (ii) in whole or in part, to any other event or condition within the Contractor's reasonable control (and not for reasons solely attributable to City), the Contractor shall be assessed a liquidated damage, and not as a penalty, in the amount set forth in the Special Conditions for each calendar day beyond the applicable Contract Time. Such amount shall be deducted from any amounts due Contractor under this Agreement.

10.2 Further, the Contractor agrees that, in the event Contractor does not carry out such Work at such rates of progress as required by the Work Schedule approved by the City, the City may, at its option and without Contractor receiving any additional compensation therefore, require Contractor to increase the number of qualified supervisory personnel and/or workers and the amount of equipment employed in the performance of the Work to such extent as City may deem necessary or desirable. In addition, City, at its option, may supplement Contractor's manpower by entering into contracts with other contractors to perform the Work. All costs that are incurred by City, in this regard, including reasonable attorney's fees, shall be deducted from any sums due Contractor or City may make demand on Contractor for reimbursement of such costs.

## 11. PAYMENT PROCEDURE

11.1 Based upon Applications for Payment submitted to the Project Manager by the Contractor and Certificates for Payment issued by the Project Manager, the City shall make progress payments on account of the contract sum to the Contractor as provided below and elsewhere in the Contract Documents.

11.2 The period covered by each Application for Payment shall be one calendar month ending on the last day of the month or on a mutually agreed date by City and Contractor.

11.3 The Contractor warrants that title to all Work covered by an Application for Payment will pass to the City no later than the time of payment. The Contractor further warrants that upon submittal on the first day of each month of an Application for Payment, all Work for which payments have been received from the City shall be free and clear of liens, claims, security interest or other encumbrances in favor of the Contractor or any other person or entity whatsoever.

11.4 Each application for payment must be submitted with Contractor's waiver for period of construction covered by application. Each Application for Payment will be submitted with executed waivers from the subcontractors or sub-contractors and suppliers for the previous period of construction covered by the previous application. The final payment application must be submitted together with or preceded by final or complete waivers from every entity involved with performance of the Work covered by the payment request.

11.5 The Contractor will submit waivers on forms, and executed in a manner, acceptable to City.

11.6 The Contractor shall promptly pay each Subcontractor out of the amount paid to the Contractor because of such Subcontractor's Work the amount to which such Subcontractor is entitled. In the event the City becomes informed that the Contractor has not paid a Subcontractor as herein provided, the City shall have the right, but not the duty, to issue future checks in payment to the Contractor of amounts otherwise due hereunder naming the Contractor and such Subcontractor as joint payees. Such joint check procedure, if employed by the City, shall be deemed payment to the Contractor but shall create no rights in favor of any person or entity beyond the right of the named payees to payment of the check and shall not be deemed to commit the City to repeat the procedure in the future.

11.7 The Project Manager will, upon receipt of a written Application for Payment from the Contractor, review the amount of Work performed during the preceding period and the value thereof at the unit prices contracted. From the amounts so ascertained, there shall be deducted ten percent (10%) to be retained until after final completion of the entire Work to the satisfaction of the City. The Project Manager will submit an estimate each month to the

City for payment to the Contractor, except that no amount less than \$500.00 will be submitted unless the total amount of the Contract remaining unpaid is less than \$500.00.

- 11.8 Deductions will be made from progress payments if the Contract includes a provision for a lump sum or a percentage deduction. Lump sum deductions will be that portion of the stated lump sum computed as the ratio that the amount earned bears to the Contract Price. Percentage deductions will be computed at the stated percentage of the amount earned.
- 11.9 No progress payment, nor any use or occupancy of the Work by the City, shall be interpreted to constitute an acceptance of any Work not in strict accordance with this Contract.
- 11.10 The City may decline to make payment, may withhold funds, and, if necessary, may demand the return of some or all of the amounts previously paid to the Contractor, to protect the City from loss because of:
- Defective Work not remedied by the Contractor;
  - Claims of third parties against the City or the City's property;
  - Failure by the Contractor to pay Subcontractors or others in a prompt and proper fashion;
  - Evidence that the balance of the Work cannot be completed in accordance with the Contract for the unpaid balance of the Contract Price;
  - Evidence that the Work will not be completed in the time required for substantial or final completion;
  - Persistent failure to carry out the Work in accordance with the Contract;
  - Damage to the City or a third party to whom the City is, or may be, liable;
  - Evidence that the Work is not progressing according to agreed upon schedule by both parties.
- 11.11 In the event that the City makes written demand upon the Contractor for amounts previously paid by the City as contemplated in this subparagraph, the Contractor shall promptly comply with such demand and refund such monies to the City.
- 11.12 Neither the observation by the City or any of the City's officials, employees, or agents, nor any order by the City for payment of money, nor any payment for, or acceptance of, the whole or any part of the Work by the City or Project Manager, nor any extension of time, nor any possession taken by the City or its employees, shall operate as a waiver of any provision of this Contract, or of any power herein reserved to the City, or any right to damages herein provided, nor shall any waiver of any breach in this Contract be held to be a waiver of any other or subsequent breach.

## **12. COMPLETION AND FINAL PAYMENT**

- 12.1 Upon Total Completion, when the Contractor is ready for a final inspection of the Total Project Work, it shall notify the City and the Project Manager thereof in writing. Thereupon, the Project Manager will make final inspection of the Work and, if the Work is complete in accordance with this Contract, the Project Manager will promptly issue a final Certificate for Payment certifying to the City that the Work is complete and the Contractor is entitled to the

remainder of the unpaid Contract Price, less any amount withheld pursuant to this Contract. If the Project Manager is unable to issue its final Certificate for Payment and is required to repeat its final inspection of the Work, the Contractor shall bear the cost of such repeat final inspection(s), which cost may be deducted by the City from the Contractor's full payment.

- 12.2 The Contractor shall not be entitled to any payment unless and until it submits to the Project Manager its affidavit that all payrolls, invoices for materials and equipment, and other liabilities connected with the Work for which the City, or the City's property might be responsible, have been fully paid or otherwise satisfied; releases and waivers of lien from all Subcontractors and Suppliers of the Contractor and of any and all other parties required by the City; and consent of Surety, if any, to final payment. If any third party fails or refuses to provide a release of claim or waiver of lien as required by the City, the Contractor shall furnish a bond satisfactory to the City to discharge any such lien or indemnify the City from liability.
- 12.3 The City shall make final payment of all sums due the Contractor within thirty days of the Project Manager's execution of a final Certificate for Payment.
- 12.4 Acceptance of final payment shall constitute a waiver of all claims against the City by the Contractor except for those claims previously made in writing against the City by the Contractor, pending at the time of final payment, and identified in writing by the Contractor as unsettled at the time of its request for final inspection.

### **13. CLAIMS BY THE CONTRACTOR**

- 13.1 All Contractor claims shall be initiated by written notice and claim to the Project Manager. Such written notice and claim must be furnished within seven calendar days after occurrence of the event, or the first appearance of the condition, giving rise to the claim.
- 13.2 The Contractor shall diligently proceed with performance of this Contract whether or not there be such a claim pending and the City shall continue to make payments to the Contractor in accordance with this Contract. The resolution of any claim shall be reflected by a Change Order executed by the City, the Project Manager and the Contractor.
- 13.3 Should concealed and unknown conditions which could not, with reasonable diligence, have been discovered in the performance of the Work (a) below the surface of the ground or (b) in an existing structure differ materially with the conditions indicated by this Contract, or should unknown conditions of an unusual nature differing materially from those ordinarily encountered in the area and generally recognized as inherent in Work of the character provided by this Contract, be encountered, the Contract Price shall be equitably adjusted by the Change Order upon the written notice and claim by either party made within seven (7) days after the first observance of the condition. As a condition precedent to the City having any liability to the Contractor for concealed or unknown conditions, the Contractor must give the City written notice of, and an opportunity to observe, the condition prior to disturbing it. The failure by the Contractor to make the written notice and claim as provided in this Subparagraph shall constitute a waiver by the Contractor of any claim arising out of or relating to such concealed or unknown condition.
- 13.4 If the Contractor wishes to make a claim for an increase in the Contract Price, as a condition precedent to any liability of the City therefore, the Contractor shall give the City written notice of such claim within seven (7) days after the occurrence of the event, or the first appearance of the condition, giving rise to such claim. Such notice shall be given by the Contractor before proceeding to execute any additional or changed Work. The failure by the Contractor to give

- such notice and to give such notice prior to executing the Work shall constitute a waiver of any claim for additional compensation.
- 13.5 The City reserves the right to increase or decrease quantities, and alter the details of construction including grade and alignment as the Project Manager may consider necessary or desirable, by approved Change Order. Such modifications shall not invalidate the Contract nor release the surety. Unless such alterations and increases or decreases change the total cost of the Work, based on the originally estimated quantities and the unit prices bid, by more than 25 percent, or change the total cost of any major item, based on the originally estimated quantities and the unit price bid, by more than 25 percent, the Contractor shall perform the work altered, increased or decreased, at a negotiated price or prices. (A major item shall mean any bid item, the total cost of which exceeds 12-1/2 percent of the total Contract Price based on the proposed quantity and the contract unit price).
- 13.6 When the alterations cause an increase or decrease in excess of the 25 percent indicated above, either the Contractor or the Project Manager may request an adjustment of the unit price to be paid for the item or items.
- 13.7 If a mutually agreeable adjustment cannot be obtained, the City reserves the right to terminate the Contract as it applies to the items in question and make such arrangements as may be deemed necessary to complete the Work.
- 13.8 In connection with any claim by the Contractor against the City for compensation in excess of the Contract Price, any liability of the City for the Contractor's costs shall be strictly limited to direct costs incurred by the Contractor and shall not include standby costs, indirect costs or consequential damages of the Contractor. The City shall not be liable to the Contractor for claims of third parties.
- 13.9 If the Contractor is delayed in progressing any task which at the time of the delay is then critical or which during the delay becomes critical, as the sole result of any act or neglect to act by the City or someone acting in the City's behalf, or by changes ordered in the Work, unusual delay in transportation, unusually adverse weather conditions not reasonably anticipated, fire or any causes beyond the Contractor's control, then the date for achieving Final Acceptance of the Work shall be extended upon the written notice and claim of the Contractor to the City, for such reasonable time as the City may determine. Any notice and claim for an extension of time by the Contractor shall be made not more than seven calendar days after the occurrence of the event or the first appearance of the condition-giving rise to the claim and shall set forth in detail the Contractor's basis for requiring additional time in which to complete the Work. In the event the delay to the Contractor is a continuing one, only one notice and claim for additional time shall be necessary. If the Contractor fails to make such claim as required in this subparagraph, any claim for an extension of time shall be waived.
- 13.10 The Contractor shall delay or suspend the progress of the work or any part thereof, whenever so required by written order of the City, and for such periods of time as required; provided, that in the event of such delay or delays or of such suspension or suspensions of the progress of the work, or any part thereof, the time for completion of work so suspended or of work so delayed by such suspension or suspensions shall be extended for a period equivalent to the time lost by reason of such suspension or suspensions; but such order of the City or Project Manager shall not otherwise modify or invalidate in any way, any of the provisions of this Contract. In the event that the work shall be stopped by written order of the City, any expense,

which, in the sole opinion and judgment of the City, is caused by the City, shall be paid by the City to the Contractor.

- 13.11 In executing the Contract Documents, the Contractor expressly covenants and agrees that, in undertaking to complete the Work within the time herein fixed, it has taken into consideration and made allowances for all hindrances and delays incident to such work, whether growing out of delays in securing materials or workers or otherwise. No charge shall be made by the Contractor for hindrances or delays from any cause during the progress of the work, or any portion thereof, included in this Contract, except as provided herein.
- 13.12 In addition to the Project Manual particular to Mobilization found elsewhere in this document, additional mobilization shall not be compensable for work outside of the designated areas for work deemed essential by the City. A quantity of work equal to as much as 10% of the total Contract may be required to be performed beyond the boundaries of the designated work areas

#### **14. CHANGES IN THE WORK**

- 14.1 Changes in the Work within the general scope of this Contract, consisting of additions, deletions, revisions, or any combination thereof, may be ordered without invalidating this Contract, by Change Order or by Field Order.
- 14.2 The Project Manager shall have authority to order minor changes in the Work not involving a change in the Contract Price or in Contract Time and consistent with the intent of the Contract. Such changes shall be effected by verbal direction and then recorded on a Field Order and shall be binding upon the Contractor. The Contractor shall carry out such Field Orders promptly.
- 14.3 Any change in the Contract Price resulting from a Change Order shall be by mutual agreement between the City and the Contractor as evidenced by the change in the Contract Price being set forth in the Change Order, and, together with any conditions or requirements related thereto, being initialed by both parties.
- 14.4 If no mutual agreement occurs between the City and the Contractor relative to a change in the Work, the Contractor shall proceed with the Work that is the subject of the Change Order, and the change in the Contract Price, if any, shall then be determined by the Project Manager on the basis of the reasonable expenditures or savings of those performing, deleting or revising the Work attributable to the change, including, in the case of an increase or decrease in the Contract Price, a reasonable allowance for direct job site overhead and profit. In such case, the Contractor shall present, in such form and with such content to the City, as the Project Manager requires, an itemized accounting of such expenditures or savings, plus appropriate supporting data for inclusion in a Change Order. Reasonable expenditures or savings shall be limited to the following: reasonable costs of materials, supplies or equipment, including delivery costs, reasonable costs of labor, including social security, old age and unemployment insurance, fringe benefits required by agreement or custom, and worker's compensation insurance, reasonable rental costs of machinery and equipment exclusive of hand tools, whether rented from the Contractor or others, permit fees, and sales, use or other taxes related to the Work, and reasonable cost of direct supervision and job site field office overhead directly attributable to the change. In no event shall any standby time or any expenditure or savings associated with the Contractor's home office or other non-job site overhead expense be included in any change in the Contract Price. Further, in no event shall

the Contractor's overhead expense exceed ten (10%) percent of the reasonable expenditures. Pending final determination of reasonable expenditures or savings to the City, payments on account shall be made to the Contractor on the Project Manager's Certificate for Payment.

- 14.5 If unit prices are provided in the Contract, and if the quantities contemplated are so changed in a proposed Change Order that the application of such unit prices to the quantities of Work proposed would cause substantial inequity to the City or to the Contractor, the applicable unit prices shall be equitably adjusted.
- 14.6 The execution of a Change Order by the Contractor shall constitute conclusive evidence of the Contractor's agreement to the ordered changes in the Work, this Contract as thus amended, the Contract Price and the Contract Time. The Contractor, by executing the Change Order, waives and forever releases any claim including impact against the City for additional time or compensation for matters relating to or arising out of or resulting from the Work included within or affected by the executed Change Order.

## 15. INSURANCE AND BONDS.

- 15.1 The Contractor shall secure and maintain, throughout the duration of the agreement, insurance (on an occurrence basis unless otherwise agreed to) of such types and in at least such amounts as required herein. Contractor shall provide certificates of insurance and renewals thereof on forms acceptable to the City. The City shall be notified by receipt of written notice from the insurer or the Contractor at least thirty (30) days prior to material modification or cancellation of any policy listed on the Certificate.
- 15.2 The Contractor, upon receipt of notice of any claim in connection with this Agreement, shall promptly notify the City, providing full details thereof, including an estimate of the amount of loss or liability. The Contractor shall monitor and promptly notify the City of any reduction in limits of protection afforded under any policy listed in the Certificate (or otherwise required by the Contract Documents) if the Contractor's limits of protection shall have been impaired or reduced to such extent that the limits fall below the minimum amounts required herein. The Contractor shall promptly reinstate the original limits of liability required hereunder and shall furnish evidence thereof to the City.
- 15.3 Minimum Requirements Commercial General Liability Policy Limits -

General Aggregate:	\$2,000,000
Products / Completed Operations Aggregate:	\$2,000,000
Personal & Advertising Injury:	\$1,000,000

- 15.5 Umbrella Liability. The Umbrella / Excess Liability must be at least as broad as the underlying general liability and automobile liability policies.

Limits -

Each Occurrence	\$1,000,000
General Aggregate	\$1,000,000

- 15.6 Workers' Compensation. This insurance shall protect the Contractor against all claims under applicable state workers' compensation laws. The Contractor shall also be protected against claims for injury, disease or death of employees which, for any reason, may not fall within the provisions of workers' compensation law. The policy limits shall not be less than the following:

Workers' Compensation:	Statutory
Employer's Liability:	
Bodily Injury by Accident	\$100,000 each accident
Bodily Injury by Disease	\$500,000 policy limit
Bodily Injury by Disease	\$100,000 each employee

- 15.7 The City will only accept coverage from an insurance carrier who offers proof that it:

Is authorized to do business in the State of Kansas;  
 Carries a Best's policy holder rating of A- or better; and  
 Carries at least a Class VIII financial rating, or  
 Is a company mutually agreed upon by the City and Contractor.

- 15.8 Subcontractor's Insurance. If a part of the Agreement is to be sublet, the Contractor shall either:

- A. Cover all subcontractor's in its insurance policies, or  
 B. Require each subcontractor not so covered to secure insurance which will protect subcontractor against all applicable hazards or risks of loss as and in the minimum amounts designated.

Whichever option is chosen, Contractor shall indemnify and hold harmless the City as to any and all damages, claims or losses, including attorney's fees, arising out of the acts or omissions of its Subcontractors.

- 15.9 Prior to commencing any work, Contractor shall provide City with certificates evidencing that (1) all Contractor's insurance obligations required by the contract documents are in full force and in effect and will remain in effect until Contractor has completed all of the work and has received final payment from City and (2) no insurance coverage will be canceled, renewal refused, or materially changed unless at least thirty (30) days prior written notice is given to

City. Contractor's property insurance shall not lapse or be canceled if City occupies a portion of the work. Contractor shall provide City with the necessary endorsements from the insurance company prior to occupying a portion of the work.

- 15.10 Waiver of Subrogation. All insurance coverage required herein shall contain a waiver of subrogation in favor of the City. Contractor's insurance policies shall be endorsed to indicate that Contractor's insurance coverage is primary and any other insurance maintained by City is non-contributing as respects the work of Contractor.
- 15.11 Additional Insurance. Excess Liability coverage or additional insurance covering special hazards may be required on certain projects. Such additional insurance requirements shall be as specified in Special Conditions.
- 15.12 Bonds and Other Performance Security. Contractor shall provide a Performance Bond, Maintenance Bond and a Statutory Bond in the amount of one hundred percent (100%) of the Contract Price to cover the entire scope of Work and any other specific performance security that may be indicated in this Contract. With each bond there shall be filed with the City one copy of "Power of Attorney" certified to include the date of the bonds.

## 16. INDEMNITY

- 16.1 For purposes of indemnification requirements as set forth throughout the Contract, the following terms shall have the meaning set forth below:

**"The Contractor"** means and includes Contractor, all of his/her affiliates and subsidiaries, his/her Subcontractors and material men and their respective servants, agents and employees; and **"Loss"** means any and all loss, damage, liability or expense, of any nature whatsoever, whether incurred as a judgment, settlement, penalty, fine or otherwise (including attorney's fees and the cost of defense), in connection with any action, proceeding, demand or claim, whether real or spurious, for injury, including death, to any person or persons or damages to or loss of, or loss of the use of, property of any person, firm or corporation, including the parties hereto, which arise out of or are connected with, or are claimed to arise out of or be connected with, the performance of this Contract whether arising before or after the completion of the work required hereunder.

- 16.2 For purposes of this Contract, and without in any way limiting indemnification obligations that may be set forth elsewhere in the Contract, the Contractor hereby agrees to indemnify, defend and hold harmless the City from any and all Loss where Loss is caused or incurred or alleged to be caused or incurred in whole or in part as a result of the negligence or other actionable fault of the Contractor, his/her employees, agents, Subcontractors and suppliers.
- 16.3 It is agreed as a specific element of consideration of this Contract that this indemnity shall apply notwithstanding the joint, concurring or contributory or comparative fault or negligence of the City or any third party and, further, notwithstanding any theory of law including, but not limited to, a characterization of the City's or any third party's joint, concurring or contributory or comparative fault or negligence as either passive or active in nature.
- 16.4 Nothing in this section shall be deemed to impose liability on the Contractor to indemnify the City for Loss when the negligence or other actionable fault the City is the sole cause of Loss.
- 16.5 With respect to the City's rights as set forth herein, the Contractor expressly waives all statutory defenses, including, but not limited to, those under workers compensation,

contribution, comparative fault or similar statutes to the extent said defenses are inconsistent with or would defeat the purpose of this section.

## **17. SUCCESSORS AND ASSIGNS**

- 17.1 The City and Contractor bind themselves, their successors, assigns and legal representatives to the other party hereto and to successors, assigns and legal representatives of such other party in respect to covenants, agreements and obligations contained in this Contract.
- 17.2 The Contractor shall not assign or sublet the work, or any part thereof, without the previous written consent of the City, nor shall it assign, by power of attorney or otherwise, any of the money payable under this Contract unless by and with the like written consent of the City. In case the Contractor assigns all, or any part of any moneys due or to become due under this Contract, the instrument of assignment shall contain a clause substantially to the affect that it is agreed that the right of the assignee in and to any moneys due or to become due to the Contractor shall be subject to all prior liens of all persons, firms and corporations for services rendered or materials supplied for the performance of the Work called for in this Contract.
- 17.3 Should any Subcontractor fail to perform in a satisfactory manner, the work undertaken, its subcontract shall be immediately terminated by the Contractor upon notice from the City. Performing in an unsatisfactory manner is defined as consistently having more than 10% of work unacceptable. The Contractor shall be as fully responsible to the City for the acts and omissions of the subcontractors, and of persons either directly or indirectly employed by them, as Contractor is for the acts and omissions of persons directly employed. Nothing contained in this Contract shall create any contractual relations between any Subcontractor and the City, nor shall anything contained in the Contract Documents create any obligation on the part of the City to pay or to see to the payment of any sums due any Subcontractor.
- 17.4 The Contractor shall not award subcontracts which total more than forty-five (45%) of the Contract Price and shall perform within its own organization work amounting to not less than fifty-five percent (55%) of the total Contract Price. Approval by the City of any Subcontractor shall not constitute a waiver of any right of the City to reject Defective Work, material or equipment not in compliance with the requirements of the Contract Documents. The Contractor shall not make any substitution for any Subcontractor accepted by the City unless the City so agrees in writing.
- 17.5 The Contractor shall not subcontract, sell, transfer, assign or otherwise dispose of the Contract or any portion thereof without previous written consent from the City. In case such consent is given, the Contractor, shall be permitted to subcontract a portion thereof, but shall perform with his/her own organization work amounting to not less than fifty five (55%) of the total Contract Price. No subcontracts, or other transfer of Contract, shall release the Contractor of its liability under the Contract and bonds applicable thereto.
- 17.6 The Contractor shall cause appropriate provisions to be inserted in all subcontracts relative to the Work to bind Subcontractors to the Contractor by the terms of the Contract Documents insofar as applicable to the work of the Subcontractor and to give the Contractor the same power to terminate any Subcontract as the City has to terminate the Contractor under any provisions of the Contract Documents.
- 17.7 Prior to the City's approval of the Contract bid, the successful bidder shall submit to the City for acceptance, a list of names of all Subcontractors proposed for portions of the work and shall designate which work each is to perform.

- 17.8 The City shall, prior to the City's approval of the Contract bid, notify the successful bidder, in writing, if the City, after due investigation, has reasonable objection to any Subcontractor on such list, and the Contractor shall substitute a Subcontractor acceptable to the City at no additional cost to the City or shall be allowed to withdraw his/her Bid, and the City shall either re-bid the Work or accept the next best lowest and responsible bidder. The failure of the City to make objection to a Subcontractor shall constitute an acceptance of such Subcontractor but shall not constitute a waiver of any right of the City to reject Defective Work, material or equipment not in conformance with the requirements of the Project Manual.

## 18. NON-DISCRIMINATION LAWS

- 18.1 The Contractor agrees that:

- A. The Contractor shall observe the provisions of the Kansas Act Against Discrimination (K.S.A. 44-1001 et seq.) and shall not discriminate against any person in the performance of Work under the present contract because of race, religion, color, sex, disability, national origin, ancestry or age;
- B. In all solicitations or advertisements for employees, the Contractor shall include the phrase, "equal opportunity employer," or a similar phrase to be approved by the Kansas Human Rights Commission (Commission);
- C. The Contractor further agrees that it shall abide by the Prairie Village Non Discrimination Code (Section 5-801 et seq) and shall not discriminate against any person in the performance of Work under the present contract because of sexual orientation or gender identity. If the City determines that the Contractor has violated any applicable provision of any local, state or federal law, or has discriminated against any person because of race, religion, color, sex, sexual orientation, gender identity, disability, age, national origin, or ancestry, such violation and/or discrimination shall constitute a breach of contract and the City may cancel, terminate or suspend this agreement in whole or in part. The parties do not intend this provision to subject any party to liability under local, state or federal laws unless it applies.
- D. If the Contractor fails to comply with the manner in which the Contractor reports to the commission in accordance with the provisions of K.S.A. 44-1031 and amendments thereto, the Contractor shall be deemed to have breached the present contract and it may be cancelled, terminated or suspended, in whole or in part, by the contracting agency;
- E. If the Contractor is found guilty of a violation of the Kansas Act Against Discrimination under a decision or order of the Commission which has become final, the Contractor shall be deemed to have breached the present contract and it may be cancelled, terminated or suspended, in whole or in part, by the contracting agency; and
- F. The Contractor shall include the provisions of Subsections A through D in every subcontract or purchase order so that such provisions will be binding upon such Subcontractor or vendor.
- G. The provisions of this Section shall not apply to a contract entered into by a Contractor: (1) Who employs fewer than four employees during the term of such contract; or (2) Whose contracts with the City cumulatively total \$5,000 or less during the fiscal year of the City.

18.2 The Contractor further agrees that it shall abide by the Kansas Age Discrimination In Employment Act (K.S.A. 44-1111 et seq.) and the applicable provision of the Americans With Disabilities Act (42 U.S.C. 12101 et seq.) as well as all other federal, state and local laws.

**19. FEDERAL LOBBYING ACTIVITIES**

[THIS PROVISION ONLY APPLIES IF THE CITY IS RECEIVING FEDERAL FUNDS]

19.1 31 USCS Section 1352 requires all subgrantees, Contractors, Subcontractors, and consultants/Architects who receive federal funds via the City to certify that they will not use federal funds to pay any person for influencing or attempting to influence a federal agency or Congress in connection with the award of any federal contract, grant, loan, or cooperative agreements.

19.2 In addition, contract applicants, recipients, and subrecipients must file a form disclosing any expenditure they make for lobbying out of non-federal funds during the contract period.

19.3 Necessary forms are available from the City and must be returned to the City with other Contract Documents. It is the responsibility of the general contractor to obtain executed forms from any Subcontractors who fall within the provisions of the Code and to provide the City with the same.

**20. RELATIONS WITH OTHER CONTRACTORS:**

20.1 The Contractor shall cooperate with all other contractors who may be performing work on behalf of the City, and workers who may be employed by the City, or any other entity on any work in the vicinity of the Work to be done under this Contract, and the Contractor shall so conduct his/her operations as to interfere to the least possible extent with the work of such contractors or workers. The Contractor shall be responsible for any injury or damage, that may be sustained by other contractors, workers, their work or employees of the City, because of any fault or negligence on the Contractor's part, and shall, at his/her own expense, repair or pay for such injury or damage. If the work of the Contractor is delayed because of any acts or omissions of any other Contractor or Contractors, the Contractor shall have no claim against the City on that account other than for an extension of time.

20.2 When two or more Contracts are being executed at one time in such manner that work on one Contract may interfere with that on another, the City shall decide which Contractor shall progress at which time.

20.3 Other projects the Contractor may have to coordinate shall be listed in the Special Conditions.

20.4 When the territory of one Contract is the necessary or convenient means of access for the transportation or movement of workers, materials, or appliances required for the execution of another Contract, such privileges of access or any other responsible privilege may be granted by the City to the Contractor so desiring, to the extent such may be reasonably necessary.

20.5 Upon execution of the Contract, the Contractor shall furnish the City, in writing, the names of persons or entities proposed by the Contractor to act as a Subcontractor on the Work. The City shall promptly reply to the Contractor, in writing, stating any objections the City may have to such proposed Subcontractor. The Contractor shall not enter into a Subcontract with a proposed Subcontractor with reference to whom the City has made timely objection. The Contractor shall not be required to Subcontract with any party to whom the Contractor has objection.

**21. RIGHT OF CITY TO TERMINATE**

- 21.1 If the Contractor persistently or repeatedly refuses or fails to prosecute the Work in a timely manner, or supply enough properly skilled workers, supervisory personnel or proper equipment or materials, or if it fails to make prompt payment to Subcontractors or for materials or labor, or persistently disregards laws, ordinances, rules, regulations or orders of any public authority having jurisdiction, or if this Contract is assigned by Contractor without authorization or if Contractor is adjudged as bankrupt, or if a general assignment of assets be made for the benefit of creditors; or if a receiver is appointed, or otherwise is guilty of a substantial violation of a provision of this Contract, then the City may by written notice to the Contractor, without prejudice to any right or remedy, terminate the employment of the Contractor and take possession of the site and of all materials, equipment, tools, construction equipment and machinery thereon owned by the Contractor and may finish the Work by whatever methods it may deem expedient. In such case, the Contractor and its surety shall be liable to the City for all excess cost sustained by the City because of such prosecution and completion including any additional legal, Project Manager or bid-letting costs therefore. In such case, the Contractor shall not be entitled to receive further payment. In the event the Contractor is found in a court of law to have been wrongfully terminated for cause, then such termination shall be deemed a termination for convenience and the Contractor shall be compensated as provided herein. Any termination of the Agreement for alleged default by Contractor that is ultimately determined to be unjustified shall automatically be deemed a termination for convenience of the City.
- 21.2 The City, within its sole discretion, may elect to terminate the Contract with the Contractor for convenience upon three (3) days written Notice to Contractor. In the event of such termination, Contractor shall cease immediately all operations and shall be compensated for all work performed as of the date of termination in accordance with the terms of payment in this contract. Contractor shall not be entitled to any anticipatory profits, consequential damages or other costs other than direct costs of demobilization.

**22. MISCELLANEOUS:**

- 22.1 The Contractor warrants to the City that all labor furnished to progress the Work under the Contract will be competent to perform the tasks undertaken, that the product of such labor will yield only first-class results, that materials and equipment furnished will be of good quality and new unless otherwise permitted by this Contract, and that the Work will be of good quality, free from faults and defects and in strict conformance with the Project Manual. All Work not conforming to these requirements may be considered defective.
- 22.2 The Contractor shall obtain and pay for all permits, fees and licenses necessary or ordinary for the Work. The Contractor shall comply with all lawful requirements, including federal and state laws, City and County laws and ordinances and building codes, applicable to the Work and shall give and maintain copies of all notices required by applicable law pertaining to the Work.
- 22.3 Provision for Emergencies. Whenever, in the opinion of the City, the Contractor has not taken sufficient precaution for the safety of the public or the protection of the Work to be constructed under this Contract, or of adjacent structures or property which may be injured by process of construction, and whenever, in the opinion of the City, an emergency shall arise and immediate action shall be considered necessary in order to protect property interests and to avoid personal injury and/or death, then the City, with or without notice to the Contractor, shall provide suitable protection to the said interests by causing such Work to be done and

- materials to be furnished at places as the City may consider necessary and adequate. The cost and expense of such Work and material so furnished shall be borne by the Contractor and, if the same shall not be paid on presentation of the bills therefore, such costs shall be deducted from any amounts due or to become due the Contractor. The performance of such emergency Work shall in no way relieve the Contractor of responsibility for damages which may occur during or after such precaution has been duly taken.
- 22.4 Both the business address of the Contractor given in the Bid or proposal upon which this Contract is founded, and the Contractor's Office near the Work, is hereby designated as the places to which all notices, letters, and other communications to the Contractor may be mailed or delivered. The delivering at either of the above named addresses, or depositing in any mailbox regularly maintained by the Post Office, of any notice, letter or other communication so addressed to the Contractor, and the date of said service shall be the date of such delivery or mailing. Such addresses may be changed at any time by an instrument in writing, executed by the Contractor, presented, and delivered to the Project Manager and to the City. Nothing herein contained shall be deemed to preclude or render inoperative the service of any notice, letter, or communication upon the Contractor personally.
- 22.5 It is mutually agreed by and between the parties to this Contract that all royalties and fees for and in connection with patents, or patent infringement, claims for materials, articles, apparatus, devices or equipment (as distinguished from processes) used in or furnished for the work shall be included in the Contract Price and the Contractor shall satisfy all demands that may be made at any time for such, and the Contractor shall at its cost and expense, defend any and all suits or proceedings that may be instituted at any time against the City for infringement or alleged infringement of any such patents involved in the work, and Contractor shall pay any award of damages.
- 22.6 The right of general administration of the City shall not make the Contractor an agent of the City, and the liability of the Contractor for all damages to persons, firms, and corporations, arising from the Contractor's execution of the Work, shall not be lessened because of such general administration, but as to all such persons, firms, and corporations, and the damages, if any, to them or their property. The Contractor herein is an independent Contractor in respect to the work.
- 22.7 For a period of time, from the inception of the Contract to three (3) years from the date of final payment under the Contract, the Contractor and subcontractors shall maintain books, accounts, ledgers, invoices, drafts, pages and other records pertaining to the performance of this Contract. At all reasonable times during this period these records shall be available within the State of Kansas at a field or permanent business office for inspection by authorized representatives of the City or of any other agency, which has contributed funds in connection with the Contract or to which the City is obligated to make such inspections available. In addition, this requirement shall be included in all subcontracts entered into in connection with this Contract.
- 22.8 Titles, subheadings used herein, and other Contract Documents are provided only as a matter of convenience and shall have no legal bearing on the interpretation of any provision of the Contract Documents.
- 22.9 No waiver of any breach of this Contract shall be construed to be a waiver of any other subsequent breach.

- 22.10 Should any provision of this Agreement or other Contract Documents be determined to be void, invalid, unenforceable or illegal for whatever reason, such provision(s) shall be null and void; provided, however, that the remaining provisions of this Agreement and/or the other Contract Documents shall be unaffected thereby and shall continue to be valid and enforceable.
- 22.11 Without in any manner limiting Contractor's responsibilities as provided elsewhere in the Contract Documents, the Contractor shall assume full responsibility for the protection of all public and private property, structures, sewers, and utilities, for both above ground and underground facilities, along, beneath, above, across or near the site or sites of the Work being performed under this Agreement, or which are in any manner affected by the prosecution of the Work or the transportation of men/women or materials in connection therewith. Barriers shall be kept in place at all times to protect persons other than those engaged on or about the Work from accident, and the Contractor will be held responsible for all accidents to persons or property resulting from the acts of Contractor or its employees.
- 22.12 The Contractor shall keep fully informed of all existing and current regulations of the City, county, state, and federal laws, which in any way limit or control the actions or operations of those engaged upon the work, or affecting materials supplied, to or by them. The Contractor shall at all times observe and comply with all ordinances, laws, and regulations, and shall protect and indemnify the City and the City's officers and agents against any claims or liability arising from or based on any violation of the same.
- 22.13 Nothing contained in the Contract Documents shall create, or be interpreted to create, privity or any other contractual agreement between the City and any person or entity other than the Contractor.
- 22.14 Duties and obligations imposed by the Contract Documents, rights, and remedies available hereunder shall be in addition to and not a limitation of duties, obligations, rights and remedies otherwise imposed or available by law.
- 22.15 No action or failure to act by the City, Project Manager or Contractor shall constitute a waiver of a right or duty afforded them under the Contract, nor shall such action or failure to act constitute approval or acquiescence in a breach hereunder, except as may be specifically agreed in writing.
- 22.16 Contractor specifically acknowledges and confirms that: (i) it has visited the site, made all inspections it deems appropriate and has read and fully understands the Contract Documents, including all obligations and responsibilities undertaken by it as specified herein and in other Contract Documents and knowingly accepts the same; (ii) it has furnished copies of all Contract Documents to its insurance carrier(s) and its surety(ies); and (iii) its insurance carrier(s) and surety(ies) agree to be bound as specified herein, in the Contract Documents and in the insurance policy(ies) and bonds as to liability and surety coverage.
- 22.17 It is specifically agreed between the parties executing this Agreement that the Contract Documents are not intended to create any third party beneficiary relationship nor authorize anyone not a party to this Agreement to maintain a suit for personal injuries or property damage pursuant to the terms or provisions of this Agreement. The duties, obligations and responsibilities of the parties to this Agreement with respect to third parties shall remain as imposed by law.

22.18 This Agreement is entered into, under and pursuant to, and is to be construed and enforceable in accordance with the laws of the State of Kansas. Venue of any litigation arising in connection with this Agreement shall be the State courts of Johnson County, Kansas.

IN WITNESS WHEREOF, the City has caused this Agreement to be executed in its behalf, thereunto duly authorized, and the said Contractor has executed three (3) counterparts of this Contract in the prescribed form and manner, the day and year first above written.

(If the Contract is not executed by the President of the Corporation, general partner of the Partnership, or manager of a limited liability company, please provide documentation, which authorizes the signatory to bind the corporation, partnership or limited liability company. If a corporation, the Contractor shall furnish the City a current certificate of good standing, dated within ten (10) days of the date of this Contract.)

## GENERAL CONSTRUCTION PROVISIONS

1. DEFINITIONS: Capitalized terms not defined herein shall have the meanings set forth in the Construction Contract for the Project dated \_\_\_\_\_, 20\_\_\_\_.
- 1.1. Following words are given these definitions:
  - Alternate Bid or alternate** is an amount stated in the bid to be added to or deducted from the amount of the base bid, if the corresponding change in the work, as described in the Bid Documents, is accepted.
  - Base Bid** is the sum stated in the bid for which the bidder offers to perform the work described in the Project Manual, without inclusion of any alternate bids.
  - Concrete** shall mean Portland cement concrete.
  - Day** shall mean a calendar day unless otherwise described.
  - Pavement** shall be a rigid or flexible type riding surface placed upon a previously prepared sub-grade or base.
  - Street** shall mean the whole area of any roadway within the right-of-way limits.
  - Sub-Grade** shall be that portion of the construction area which has been prepared, as specified, and upon which a layer of specified material, base, sub-base course, pavement or other improvement is to be placed.
  - Temporary Construction Easement** shall mean the land provided by the City for temporary use by the Contractor during the construction of the work.
- 1.2. Whenever any word or expression defined herein, or pronoun used instead, occurs in these Contract Documents; it shall have and is mutually understood to have the meaning commonly given. Work described in words that so applied have a well-known technical or trade meaning shall be held to refer to such recognized standards.
- 1.3. Whenever in these Contract Documents the words “as ordered,” “as directed”, “as required”, “as permitted”, “as allowed”, or words or phrases of like import are used, it is understood that the order, direction, requirement, permission or allowance of the City Project Manager is intended.
- 1.4. Whenever any statement is made in the Contract Documents containing the expression “it is understood and agreed”, or an expression of like import, such expression means the mutual understanding and agreement of the parties hereto.
- 1.5. The words “approved”, “reasonable”, “suitable”, “acceptable”, “properly”, “satisfactorily”, or words of like effect in import, unless otherwise particularly specified herein, shall mean approved, reasonable, suitable, acceptable, proper or satisfactory in the judgment of the City and/or the Project Manager.
- 1.6. When a word, term or phrase is used in the Contract, it shall be interpreted or construed, first, as defined herein; second, if not defined, according to its generally accepted meaning in the construction industry; and, third, if there is no generally accepted meaning in the construction industry, according to its common and customary usage.

- 1.7. All terms used herein shall have the meanings ascribed to them herein unless otherwise specified.

## 2. ABBREVIATIONS

- 2.1. Wherever in this Project Manual the following abbreviations are used, they shall be understood to mean as follows. - 3.5. All reference material shall be the latest edition for this project as though fully set forth herein, except as modified or superseded by these construction specifications.

#### **4. Drawings To Be Furnished By Contractor**

- 4.1. The Contractor shall furnish all shop, fabrication, assembly, foundation, and other drawings required by the Project Manual, including but not limited to, drawings of equipment and devices, offered by the Contractor for review of the Project Manager, in sufficient detail to show adequately the construction and operation thereof.
- 4.2. Drawings submitted for consideration by the Project Manager shall show the essential details of any change in design of construction proposed by the Contractor in lieu of design or arrangement required by the Contract, or any item of extra work, and all required wiring and piping layouts.
- 4.3. No less than three (3) copies (one for Contractor, one for Project Manager, and one for on site as-builts) of each such drawing shall be submitted to the Project Manager for checking and review.
- 4.4. The Contractor shall maintain at the site modified drawings recording the dimensions and other pertinent details of the work and any changes in the work.
- 4.5. No work shall be performed in connection with the fabrication or manufacture of material or equipment shown by any drawing thereof, nor shall any accessory, appurtenance or device not fabricated or manufactured by the Contractor or its subcontractor, be purchased until the drawing or drawings therefore have been reviewed as stipulated, except at the Contractor's own risk and responsibility.
- 4.6. The Project Manager's review of drawings submitted by the Contractor will be for general conformity to the Project Manual and will not constitute a blanket approval of all dimensions, quantities, and details of the material or equipment shown, nor shall such review relieve the Contractor of responsibility for errors contained in such drawings. Project Manager's review shall not constitute approval of safety precautions, construction means or methods.

#### **5. Responsibility Of Contractor**

- 5.1. The Contractor shall furnish all transportation, tools, equipment, machinery, and plant, and all suitable appliances, requisite for the execution of the Project Manual and shall be solely answerable for the same and for the safe, proper, and lawful construction, maintenance, and use thereof including responsibility for hazardous materials.
- 5.2. The Contractor will use equipment and tools suitable for the work. All equipment and tools will be in near-original working condition.
- 5.3. The Contractor shall cover and protect his/her Work from damage and all injury to the same from any source.
- 5.4. The Contractor shall be solely answerable for all damage to the City or the property of the City, to other contractors or other employees of the City, to the neighboring premises, to any person or to any private or personal property, due to improper, illegal, or negligent conduct of Contractor or his/her subcontractors, employees, or agents in and about said work, or in the execution of the work covered by this Contract, or any extra work undertaken as herein provided.

- 5.5. The Contractor shall be responsible to the City for defect in, or the improper use of, any scaffolding, shoring, apparatus, ways, works, machinery, or plant.
- 5.6. The Contractor shall notify all affected utilities of the work and coordinate with the utilities to avoid interruption of utility service and damage to utility lines and property. This notice requirement shall also apply as to the owner/operator of any affected underground facility. Any project delay, damages or increase in construction costs dues to utility relocation delays shall be at the Contractor's risk.
- 5.7. The project site shall be kept clean, neat, and orderly as possible at all times. Stockpiling of debris and unsuitable materials beyond normal working demands shall not be allowed. Immediately after construction operations are complete, all equipment, debris and unsuitable materials shall be completely removed from the site in order to minimize the damage to finished work and inconvenience to the public and adjoining property owners. The work site shall be left "broom clean" at the end of each workday and in case of dispute the City may clean the site and charge the Contractor.
- 5.8. The Contractor shall take precaution to ensure that excessive dust does not become airborne during any construction activities. The Contractor shall comply with all State and Federal regulations that apply to airborne matter in the geographic area of the Work. When directed by the Project Manager, the Contractor shall take immediate and appropriate dust control measures satisfactory to the Project Manager.
- 5.9. The Contractor shall not allow the site of the work or neighboring properties to become littered with trash and waste material, but shall maintain the same in a neat and orderly condition on a daily basis throughout the construction period. The City, or the Project Manager on the City's behalf, shall have the right to determine what is or is not trash or waste material.
- 5.10. On or before the completion of the work the Contractor shall, without charge therefore, carefully clean out all pits, pipes, chambers, or conduits, and shall tear down and remove all temporary structures built by the Contractor, and shall remove all rubbish of every kind from the tracts or grounds which it has occupied and shall leave them in first-class condition. Any trash receptacles on the site shall be covered.
- 5.11. The Contractor shall take whatever steps necessary to provide access for the City and the Project Manager to the Work at all times from commencement of the Work through final completion.
- 5.12. The Contractor alone shall be responsible for the safety, adequacy and efficiency of its plant, equipment, and methods, and for the means, methods, techniques, sequences and procedures of construction.
- 5.13. The review of the Project Manager of any plan or method of work proposed by the Contractor shall not relieve the Contractor of any responsibility therefore, and such review shall not be considered as an assumption by the City, Project Manager, or any officer, agent, or employee thereof, of any risk or liability.
- 5.14. The Contractor is admonished that the crews will be properly attired, refrain from abusive language, refrain from improper behavior, and be aware that they are representing the City.

- 5.15. All operations of the Contractor shall be conducted within the right-of-way of the roadway or established easements and the limits of the earthwork and grading, as shown on the Plans. While working under this contract, no agreement shall be made between Contractor and resident, as it pertains to any additional work on private property not paid for by the City.

## 6. Safety Rules

- 6.1. The Contractor shall be responsible for enforcing safety rules to assure protection of the employees and property of the City, to assure uninterrupted production and to assure safe working conditions for the Contractor and Subcontractors and their employees and to assure the safety of the general public.
- 6.2. In addition to any other rights the City might exercise, the Contractor and/or Subcontractor failing to follow safety rules shall be subject to eviction from the job site and may be refused reentry.
- 6.3. The Contractor is expected to establish and enforce a comprehensive safety program on this project for the protection of its personnel, its Subcontractor's personnel, City's employees and all other persons exposed to hazards resulting from the Contractor's operations. As a minimum requirement, the Contractor shall review and discuss the details of its program with the City at the first project meeting. The items to be covered shall include, but not necessarily be limited to:
- Personal protective equipment;
  - First aid-personnel and facilities;
  - Arrangements for medical attention;
  - Sanitary facilities;
  - Fire protection;
  - Signs, signals, and barricades;
  - Security regulations;
  - Safety inspections;
  - Designation of persons responsible for the program;
  - Reporting forms and procedures;
  - Material handling and storage;
  - Lines of communication;
  - Determination of potential hazards;
  - Personnel safety meetings and education;
  - Access to work areas;
  - Subcontractors involvement in the program;
  - Inspections and corrective action
- 6.4. The Contractor shall maintain at all times, as required by the conditions and progress of the Work, all necessary safeguards for the protection of life, the Work, supplies, materials and equipment on the project site not yet incorporated in the Work, City's property and adjacent property.
- 6.5. The Contractor shall comply with all instructions from the City regarding prevention of accidents, fires or for the elimination of any unsafe practice and shall observe all the applicable recommendations of the National Fire Protection Association Standard No. 241 (or other, later revision) "Standards For Safeguarding Building Construction and Demolition

Operations”.

- 6.6. The Contractor shall post danger signs warning against the hazards created by such features of construction as protruding nails, hod hoists, well holes, elevator hatchways, scaffolding, window openings, stairways, falling materials, open trenches, other excavations, obstructions and similar conditions. It shall designate a responsible member of its organization on the project whose duty shall be the prevention of accidents. The name and position of the person so designated shall be reported to the City by the Contractor.
- 6.7. In emergencies affecting the safety of persons or the Work or property at the site or adjacent thereto, Contractor, without special instruction or authorization from Project Manager or City, is obligated to act, at its discretion, to prevent threatened damage, injury, or loss.
- 6.8. The Contractor shall give prompt written notice of any significant changes in the Work or deviations from the Project Manual caused or necessitated by the emergency. A Change Order shall thereupon be issued covering the changes and deviations involved in such bona fide emergency. If Contractor believes that additional work done in an emergency, which arose from causes beyond its control, entitles it to an increase in the Contract Price or an extension of the Contract Time, the Contractor may make a claim therefore as provided herein.
- 6.9. The Contractor shall develop and maintain an up-to-date emergency action plan, taking into account fires, hazardous materials, explosions, adverse weather, floods, etc., which shall be in compliance with all federal, state and local laws and ordinances. The procedures should outline specific action to be taken to protect life and to secure and protect the building materials, constructed work, buildings, equipment, and the position of cranes. The Contractor shall be fully responsible for the contents of and procedures outlined in said plan, including deficiencies therein, whether or not the City shall have reviewed said plan.
- 6.10. Whenever, in the opinion of the City, the Contractor has not taken sufficient precaution for the safety of the public or the protection of the Work to be constructed under this Contract, or of adjacent structures or property which may be injured by process of construction, and whenever, in the opinion of the City, an emergency shall arise and immediate action shall be considered necessary in order to protect property interests and to avoid personal injury and/or death, then the City, with or without notice to the Contractor, shall provide suitable protection to the said interests by causing such work to be done and materials to be furnished at places, as the City may consider necessary and adequate. The cost and expense of such work and material so furnished shall be borne by the Contractor and, if the same shall not be paid on presentation of the bills thereof, such costs shall be deducted from any amounts due or to become due the Contractor.
- 6.11. The performance of such emergency work shall in no way relieve the Contractor of responsibility for damages, which may occur during or after such precaution has been duly taken.

## **7. Approval of Equals**

- 7.1. “Approved Equals”, where permitted by the Project Manual or otherwise made feasible by market conditions, shall be approved as follows:
  - 7.1.1. The Contractor shall notify the City in writing if it elects to use an approved equal specifically

named in the Project Manual.

- 7.1.2. If the Contractor desires to use an “equal” not specifically named in the Project Manual, it must inform the City and receive written approval for such substitutions. The City has no obligation to approve such request and is not responsible for any delay or cost incurred or caused by Contractor’s making such request.
- 7.2. The Contractor shall be solely responsible for design risks, delays and other claims arising out of any approved alternates.

## **8. Cutting, Patching and Digging**

- 8.1. The Contractor shall do all cutting, fitting or patching of his/her work that may be required to make its parts come together properly and fit it to receive or be received by work of others shown upon or reasonably implied by the Project Manual.
- 8.2. The Contractor shall not endanger any property of the City or any other individual or entity, or the work by cutting, digging or otherwise and shall not cut or alter the work of others except with the written consent of the City.
- 8.3. The Contractor shall assume responsibility for the patching or repairs, by the proper trade, of damages caused by work under this Contract.
- 8.4. The Contractor shall comply with all local ordinances dealing with cutting, patching and digging and shall obtain all necessary permits.

## **9. Temporary Facilities/Utilities**

- 9.1. Except where special permission has been granted by the City to use existing toilet facilities belonging to the City, the Contractor shall provide and maintain sanitary temporary toilet facilities located where directed by the City for accommodation of all persons engaged on the work. Temporary toilets shall be enclosed and weatherproof, kept in sanitary, and in an approved condition at all times. After use for it has ceased, the Contractor shall remove the temporary toilet facilities from the City’s premises, disinfect, and fill any vaults.
- 9.2. The Contractor shall provide and maintain any necessary temporary offices, storerooms, roadways, etc, as may be required for its work. It shall be located and constructed in an approved manner acceptable to the City. Upon completion of work or when requested by the City, the Contractor shall remove it from City’s premises and leave the area in a clean and orderly condition.
- 9.3. The Contractor shall provide and maintain temporary heat as required to protect all work and material against injury from dampness and/or cold to the satisfaction of the City.
- 9.4. Unless otherwise specified in the Project Manual, the Contractor shall provide, at his/her cost and expense, temporary power, wiring, water and lights from City’s provided source as may be required for its operations.
- 9.5. The operations of the Contractor shall be in full conformity with all of the rules and regulations of boards and bodies having jurisdiction with respect to sanitation. The Contractor shall

supply safe and sufficient drinking water to all employees. The Contractor shall obey and enforce all sanitary regulations and orders, and shall take precautions against infectious disease and the spread of the same.

- 9.6. All water used in the course of the Work shall be hauled in or purchased from the local Water Company's distribution system at the Contractor's own cost and expense.

## **10. Right-Of-Way Limits**

- 10.1. The Contractor shall confine construction operations to the construction limits and easements provided for and labeled in the Project Manual. Equipment or materials shall not be stored beyond these limits without the express written approval of the owner of such property.
- 10.2. No person, firm or corporation shall park or store for any period of time any construction vehicles, equipment or materials while constructing or improving any street or while working on any public works project of any kind within the city, on behalf of the city, or any other governmental agency, or any utility, public or private, unless a permit has been previously issued by the Director of Public Works. The person, firm or corporation who parks, or allows the parking or storing of any construction vehicles, equipment, or materials without first obtaining said permit or who parks or stores or allows said parking or storage contrary to the terms and conditions of any permit issued by the City, shall be deemed guilty of a misdemeanor and upon conviction thereof, shall be punished as provided in the Prairie Village Municipal Code. Each day such violation is committed or permitted to continue constitutes a separate offense and shall be punishable as such hereunder.
- 10.3. The Director of Public Works is authorized to issue a permit to authorize and allow the temporary parking, staging and storage of construction vehicles, equipment, and materials on public streets of the City or on public property, church property or property zoned C-0 through C-2 and CPO through CP-2 during periods of construction of public works projects of the city, any other governmental agency, or public or private utility projects within the City of Prairie Village, Kansas.
- 10.4. No permit shall be allowed on property that is residential in nature, provided, however, that property zoned "residential" that is being used as a church, school, or country club may be used with the written permission of the owner.
- 10.5. The only designated haul routes in Prairie Village are: Nall Avenue, Mission Road, 75<sup>th</sup> Street, and 95<sup>th</sup> Street. The Contractor must have written approval prior to using any other street or haul route.

## **11. Completed Work**

- 11.1. Before final acceptance of the Work, all mechanical and electrical equipment and devices shall be tested and each part shall be in good condition and working order, or shall be placed in such condition and order at the expense of the Contractor.
- 11.2. All tests of such completed work required under this Contract shall be made in the presence of the Project Manager or its authorized representatives.
- 11.3. All unsatisfactory, faulty or Defective Work and all work not conforming to the requirements to the Project Manual at the time of acceptance thereof, or of such inspections, tests, or

approvals shall be considered defective. Prompt notice of all defects shall be given to the Contractor.

- 11.4. All Defective Work, whether or not in place, may be rejected pending correction thereof. Should the Contractor not correct said Work, the City may do so at Contractor's expense.
- 11.5. The Contractor shall remove from the site of the work, without delay, all rejected and condemned material or structures of any kind brought to or incorporated in the work, or if the Contractor fails to make satisfactory progress in so doing, within forty-eight (48) hours, after the service of a written notice from the Project Manager ordering such removal, the rejected material or structures may be removed by the City at the Contractor's expense.
- 11.6. At the City's discretion, payment for all related items of work may be withheld until all rejected and condemned materials or structures are satisfactorily removed.

## **12. Maintenance Period**

- 12.1. If desired by the City or requested by the Contractor, portions of the Work may be placed in service when completed and the Contractor shall give proper access to the work for this purpose; but such use and operation shall not constitute an acceptance of the Work.
- 12.2. The Contractor shall be liable for defects due to faulty construction until the entire Work under this Contract is finally accepted and for a period of two years or longer thereafter, as stipulated in this Project Manual.
- 12.3. During a period of two years (or longer, if stipulated in the Special Conditions,) from and after the date of the final acceptance by the City of the Work, the Contractor shall make all needed repairs arising out of Defective Workmanship or materials, or both, which, in the judgment of the City, shall become necessary during such period. If within ten (10) days after the mailing of a notice in writing to Contractor, or its agent, the Contractor shall neglect to make or undertake with due diligence to make the aforesaid repairs, City is hereby authorized to make such repairs at the Contractor's expense and charge such against the Maintenance Bond; provided however, that in case of an emergency where, in the judgment of the City, delay would cause serious loss, hazard or damage, repairs may be made without notice being sent to the Contractor, and the Contractor shall pay the cost thereof.
- 12.4. Where maintenance or corrective construction is required, the Contractor shall submit his/her proposed methods and designation of materials to the City, or the City through its Consulting Engineer, for approval in advance of such work.
- 12.5. If, at any time prior to the end of the two year maintenance period, the pavement or walk settles, the Contractor shall, at his/her expense, do all necessary corrective work to eliminate any drainage problem or vertical offset caused by such settlement, provided:
  - 12.5.1. If there is a vertical offset between top of such pavement or walk and top of such structure of more than one-fourth inch.
  - 12.5.2. If around manholes or utility valves, there will be more than one-half (1/2) inch vertical differential between a plane surface passing through the top of the pavement, measured 24 inches horizontally from the edge of top of structure. (This will be measured utilizing a straight edge with one half-inch spacer feet mounted at each end of the straight edge.)

- 12.5.3. If the settlement creates a situation such that the walk is outside of the ADA Accessibility Guidelines, it shall be replaced.
- 12.5.4. If adjacent sections of concrete walk, pavement or curbs settle or heave so that there is more than one-fourth (1/4) inch vertical offset between such adjacent sections.
- 12.5.5. If the flow line of any concrete gutter, or of any concrete curb and gutter pockets water or does not drain properly resulting in three-eighth (3/8) inch of standing water.
- 12.5.6. If, any newly placed pavements surfaced with asphalt concrete pockets water or does not drain properly resulting in three-eighths (3/8) of standing water.
- 12.6. The Contractor shall repair cracks which appear for any reason, but which may or may not indicate failure of sub-grade, base or surface, and which are wide enough in cool weather to be sealed by high standard crack sealing methods. Crack filling shall be done during relatively dry weather and at temperatures when the cracks will be near maximum width. Materials and methods shall be based on width of crack. Materials shall be of such consistency as to minimize whipping out under traffic. Cracks shall be thoroughly blown and cleaned and filler installed without superficial bridging.
- 12.7. The intent of the guarantee period is that the Owner will have a durable and serviceable pavement; that defective materials and workmanship will have been corrected. All materials and construction for such work will be at the Contractor's expense.
- 12.8. All corrective and maintenance work shall be done promptly upon notification by the Owner, in order to prevent unnecessary further deterioration and in order not to inconvenience the traveling public unduly.
- 12.9. All work shall be in accordance with the highest standards of the construction industry and shall be of such nature as to be substantially permanent.

### **13. Equipment Guaranty**

- 13.1. All mechanical and electrical equipment and devices, and every part thereof, which are furnished by the Contractor under the terms of this Contract shall be guaranteed by the Contractor and its surety against Defective Workmanship, faulty design, mechanical and physical defects, leakage, breakage, and other damages or failure, under normal operation of the equipment and devices under specified conditions, for a period of two years from and after the date of acceptance thereof (unless otherwise provided herein) by the City.
- 13.2. Any item of equipment or part thereof, thus proving to be defective within the specified period shall be promptly replaced by and at the expense of the Contractor, when notified by the City. Should the Contractor fail to replace said item within a reasonable time, City may do so at Contractor's expense.
- 13.3. The Contractor shall ensure that a copy of operating and maintenance manuals for all equipment shall be kept on the site during construction of the Work and shall be open to inspection by the City or its agents.

## 14. Public Complaints

- 14.1. All complaints to the Contractor or any of the Subcontractors or to the Project Manager are to be reported in writing immediately to the City Project Manager. This written report will include the name, address and telephone number of the complainant, a detailed description of the complaint, a detailed description of the actions taken, and by whom to resolve the complaint.
- 14.2. The Contractor shall endeavor, with the cooperation and concurrence of the Project Manager, to communicate with abutting property owners and tenants affected by the work.
- 14.3. The Contractor shall respond to citizen complaints, concerns or inquiries with 48 hours (two work days). The Contractor will submit a copy of the action taken to the Project Manager in a timely manner utilizing forms provided by the City.

## 15. Notification

- 15.1. As part of this project, the City will be notifying residents by mail of the upcoming work. The Contractor must give the City a minimum notice of three weeks prior to doing **any** work on a street.
- 15.2. The Contractor must give the City three days notice prior to commencing any work that prevents the use of a driveway.
- 15.3. Delays created by failure of the Contractor to notify the City in the above-specified time will be counted against the contract time. The Contractor will not be entitled to an extension of the contract time based on notification delays.
- 15.4. In the event, work does not begin on the designated street within the designated time, the City will re-notify the residents with an explanation of why work did not begin as scheduled and a statement of when work will begin. Work may not begin until 48 hours after mailing the re-notifications.

## 16. Progress Meetings

- 16.1. Periodic Progress meetings shall be held at a predetermined location on the site. These meetings will be held once every week or sooner as events dictate. These meetings will be organized by the City or Project Manager. Participation in this meeting by representatives of the prime contractor and each of the subcontractors is required. These representatives must be empowered to make decisions affecting the prosecution of the work and shall be the Owner of the construction firm and/or his/her superintendent. The Project Manager will conduct the meetings and the discussion will include, but is not limited to the following:
  - Proposed construction schedule for duration of contract for both Prime and Subcontractors
  - Identification of any known utility/contractor conflicts and proposed resolution of same
  - Coordination of other trades.
  - Specialty items. (Fences, shrubs, monuments, sprinkler systems, etc.)
  - Completion date requirements.
  - Review of traffic control plan as it pertains to area of work.

- Problems and/or complaints and remedial measures taken or proposed.

#### **17. Uncovering and Correcting Work**

- 17.1. If any of the Work is covered contrary to the Project Manager's request or to any provisions of this Contract, it shall, if required by the Project Manager or the City, be uncovered for the Project Manager's observation and shall be properly replaced at the Contractor's expense without change in the Contract Time.
- 17.2. If any of the Work is covered in a manner not consistent with the Project Manual, it shall, if required by the Project Manager or City, be uncovered for the Project Manager's observation. If such Work conforms strictly to this Contract, costs of uncovering and proper replacement shall be by Change Order and charged to the City. If such work does not strictly conform to this Contract, the Contractor shall pay the costs of uncovering and proper replacement.
- 17.3. The Contractor, within two weeks of written notification, shall proceed to correct Work rejected by the Project Manager as defective or failing to conform to this Contract. The Contractor shall pay all costs and expenses associated with correcting such rejected Work, including any additional testing and observations, and reimbursement to the City for the Project Manager's services and expenses made necessary thereby.
- 17.4. Nothing contained in this Article shall establish any period of limitation with respect to other obligations, which the Contractor has under this Contract.
- 17.5. If, after two weeks following notification by the Project Manager, the Contractor has not started or completed the corrective work, the Contractor will notify the Project Manager and affected resident of intended schedule to complete work.

#### **18. City May Accept Defective or Non-conforming Work**

- 18.1. If the City chooses to accept defective or non-conforming Work, the City may do so. In such event, the Contract Price shall be reduced by the greater of (a) the reasonable cost of removing and correcting the defective or non-conforming Work, and (b) the difference between the fair market value of the Work as constructed and the fair market value of the Work had it not been constructed in such a manner as to include defective or non-conforming Work. If the remaining portion of the unpaid Contract Price, if any, is insufficient to compensate the City for its acceptance of defective or non-conforming Work, the Contractor, upon written demand from the City, shall pay the City such remaining compensation for accepting defective or non-conforming Work.

**END OF SECTION**

### SPECIAL CONDITIONS

The APWA Section 1100 General Conditions is negated and not to be applied as part of this project manual.

1. The APWA Section 1100 General Conditions is negated and not to be applied as part of this Project Manual.
2. The trimming work will be completed by **February 23, 2021**.
3. The City will provide an inventory of the trees in each Area, please note that the City's initial inventory might not represent all of the trees in the area but is a tool in submitting the required final inventory information back to the City.
4. A map showing each Area is provided.
5. The City will accept, in lieu of but subject to the conditions of the Performance Bond, Maintenance Bond and Statutory Bond, a certified check or bank cashier's check made payable to the City of Prairie Village in the amount of the total bid cost and will be held by the City in a non-interest bearing depository. The Contractor agrees that the check is subject to being forfeited to and becoming the property of the City of Prairie Village as liquidated damages and not as penalty, together with other legal remedies the City may choose to invoke for non-performance as provided in the Contract. Said check, less any liquidated damages, will be returned to the Contractor upon completion of the Contract.
6. The City has a budget limit for this tree trimming program. Therefore, the bids will be awarded separately for each area until the budget limit is reached. For example, if the sum of all the area bids exceeds the budget limit, then one of the areas will not be awarded or the list of trees will be reduced.
7. The Contractor is to notify the Public Works Field Superintendent each morning after 7AM, but before beginning work, as to which streets the Contractor will be working.
8. The Contractor shall not trim trees with branches within 10 feet of the overhead power lines. The Contractor must stay at the minimum safe distance of 10 feet from overhead power lines up to 50kV. The Contractor shall request a line clearance from the power utility. Once the tree is trimmed to the minimum safe distance, the Contractor will trim the trees to the City's requirements. Communication lines do not require this line clearance.
9. The contractor will follow all Local, State and Federal regulations including but not limited to all quarantine regulations.

## 2020 Tree Trimming

## S-101 MOBILIZATION

### Description

Move required personnel, equipment, materials, supplies and incidentals to the project site prior to beginning work. This work includes other work and costs incurred before the project.

Bid item:        MOBILIZATION                      lump sum

### Reference Standard Specification

City of Prairie Village Standard Specification

### Construction Requirements

All equipment used by the Contractor having metal tracks shall not be driven over City streets other than those streets being constructed. Such equipment must be transported from one work area to the next work area.

Observe legal load restrictions when operating equipment, hauling equipment, or hauling materials on public roads; newly constructed/reconstructed base, pavement, and structures; and any existing base, pavement or structures that will remain in place. Assume responsibility for changes in legal load restrictions that occur after the project was let. Obtain the Engineer's written approval and a special permit to exceed legal load restrictions on the City street system and on newly constructed/reconstructed portions of the project.

Protect roadways and structures within project limits from damage. Observe curing periods before operating equipment or hauling loads on newly constructed pavement, reconstructed pavement, or structures. Do not haul loads of any size on pavement base, except when operations require equipment on pavement base to place material. The Contractor shall assume all responsibility for damages to roadways and structures caused by the Contractor from operating equipment or hauling loads.

Unless otherwise noted, equipment shall conform to the requirements specified in KDOT Division 150 of the "Standard Specifications", or as specified herein. The Engineer shall have the right to limit the gross vehicle weight of all vehicles in order to protect the pavement section. For purposes of this section, the pavement section shall include the subgrade.

### Method of Measurement

The measurement of payment will be the percentage of work completed.

### Basis of Payment

Partial payments will be made as follows:

<b>TABLE 801-1: MOBILIZATION PARTIAL PAYMENTS</b>		
<b>Percent of Original Contract Amount Completed</b>	<b>Pay Lesser of the Two</b>	
	<b>% of Mobilization</b>	<b>% of Original Contract Amount</b>
5	25	2.5
10	50	5
25	60	7.5
50	100	10
Accepted	100	NA

The term "Original Contract Amount" shall include the all bid items in the original contract.

"Percent of Original Contract Amount Completed" = Amount earned by the Contractor (not including monies earned for MOBILIZATION, STORED MATERIALS, TRAFFIC CONTROL (lump sum) and CONTRACTOR CONSTRUCTION STAKING) divided by the "Original Contract Amount".

**END OF SECTION**

## 682 Tree Trimming

### Description

This work consists of trimming City trees to the satisfaction of the City Public Works Field Superintendent, and in accordance with the details shown on the plans. It shall include using all means necessary to protect existing structures, equipment, piping and facilities not designated for removal within the limits of the work, as defined in these specifications, in the Special Conditions, as shown on the Plans or established by the City Public Works Field Superintendent.

Bid items are:

TREE TRIMMING

### Reference Standard Specification

The Kansas Arborist at Kansas State University, Kansas Forest Service shall determine interpret proper trimming techniques and practices.

Primary Reference Standard Specification is ANSI A300 Part 1 Pruning, as amended and Z133.1-2000 Safety Requirements for Pruning, Trimming, Repairing, Maintaining, Removing Trees and Cutting Brush.

The above Reference Standard Specification may contain modifications in the form of additions, deletions, and substitutions. Where any part of the Reference Standard Specification is so modified, the unaltered provisions shall remain in effect.

### Tree Trimming Requirements

Trees to be trimmed along the City streets will be located either wholly or partially within 10 feet from the face of the street curb. Trimming of trees located on private property will not be permitted except to meet item c. in the next paragraph.

Trees will be trimmed:

- a. To remove dead wood two inches in diameter and larger over the City right-of-way,
- b. To remove hangers over the City right-of-way,
- c. To remove limbs lower than nine feet over sidewalks and fourteen feet over street pavement,
- d. To remove limbs that obstruct the view of a street light as viewed from a distance equal to the height of the street light from the street pavement,
- e. To remove tree limbs obstructing the view of street signs and traffic signals from a distance of 500 feet as viewed from a person standing in the vehicle travel lane.
- f. Park Trees will be trimmed with the same criteria but the entire tree will be trimmed. The trimming criteria should also be applied to any trees on abutting properties with limbs hanging over City Park property.

The Contractor will be responsible for the removal of all trimmings and other trimming debris. The debris removal will be in accordance with all Local, State and Federal regulations including but not limited to all quarantine regulations. The street and resident property will be cleaned to equal or better condition as existed before the work activity. The Contractor shall use no gafts in the tree trimming process.

The Contractor may leave wood for the resident at the resident's request, but the wood will be placed on private property and not on City right-of-way.

The Contractor will provide each residence with a notice 48 hours before beginning work. The City will provide the notices to the Contractor.

### **Tree Inventory Requirements**

The contractor will verify the inventory list as to species, house number, condition and date trimmed. The City will provide a list of condition terminology to be used. The type of tree will be the common name for generic-species, i.e., Maple-sugar. The generic - Maple - is not acceptable as it must have the species.

The inventory list will be modified by lining out the tree not in existence, adding trees found in the City right-of-way, but not on the list, and placing a check mark for those trees trimmed.

### **Method of Measurement**

The measurement of payment for Trimming Trees is submittal of the modified inventory list for each area and approval of satisfactory work for each area by Field Superintendent.

### **Basis of Payment**

The amount of completed and accepted work, measured as provided above, shall be paid for at the Contract lump sum price for "TREE TRIMMING". The price shall be full compensation for furnishing and for all labor, tools, equipment and incidentals necessary to complete the work.

**END OF SECTION**

## **S-701 TRAFFIC CONTROL**

### **Description**

This work shall consist of furnishing, erecting, moving, cleaning, replacing, maintaining and removing signs, barricades, lights and other traffic control devices as shown on the Plans, the Traffic Control Plan, or as required by the Engineer or as proposed by the Contractor and approved by the Engineer.

Bid items are: TRAFFIC CONTROL                      Lump Sum

### **Reference Standard Specification**

Primary Reference Standard Specification is KDOT Standard Specifications for State Road and Bridge Construction Section 805, as amended.

The above Reference Standard Specification may contain modifications in the form of additions, deletions, and substitutions. Where any part of the Reference Standard Specification is so modified, the unaltered provisions shall remain in effect.

### **Construction Requirements**

The Reference Standard Specification is amended as follows:

#### **ADD**

1. The Contractor responsible for erecting, removing, relocating and maintaining the traffic control devices shall be properly trained and certified. The American Traffic Safety Services Association (ATSSA) is an approved certification program.

The safe and satisfactory movement of traffic through the project is of paramount importance and shall be the responsibility of the Contractor. At the onset of the project, the Contractor shall provide the Engineer with the name and telephone number of an individual who shall be available on a 24-hour basis to repair, replace, remove, relocate, clean and maintain any traffic control device required or as directed by the Engineer. The Contractor shall be responsible for maintaining all traffic control devices on an around-the-clock basis, whether or not work is actively being pursued and any deficiencies noted shall be corrected immediately.

When the traffic control devices are no longer needed, immediate removal of said devices shall be included in this agreement and any agreement the Contractor has for traffic control devices. When temporary signs are removed, the Contractor shall completely remove the sign post as well. The Contractor is prohibited from cutting the sign post off and leaving a portion of the post in the ground.

2. Work hours

No work shall be conducted between the hours of 10 PM and 7 AM, Monday through Friday. No work shall be undertaken on Saturdays, Sundays and Holidays without the express approval or permission of the City.

No work may be performed on non-residential streets between 7:00 a.m. to 8:30 a.m. and 4:00 p.m. to 6:00 p.m. on weekdays. Non-residential streets may not be closed to all traffic unless permitted by the City.

Non-residential streets are defined as: 63<sup>rd</sup> Street, 67<sup>th</sup> Street, 69<sup>th</sup> Street, 71<sup>st</sup> Street, 75<sup>th</sup> Street, 79<sup>th</sup> Street, 83<sup>rd</sup> Street, 87<sup>th</sup> Street (Nall Avenue to Somerset Drive), 95<sup>th</sup> Street, Belinder Avenue, Booth Drive, Cambridge Street (State Line Road to Somerset Drive),

Cherokee Drive, Colonial Drive, Lamar Avenue, Mission Road, Nall Avenue, Roe Avenue, Somerset Drive, State Line Road, Tomahawk Road, and Windsor Street (Cherokee to 75<sup>th</sup> Street).

Evening work may be established by the Contractor, as a regular procedure, with the written permission of the City; such permission, however, may be revoked at any time by the City if the Contractor fails to maintain adequate equipment for the proper prosecution and control of all operations performed as part of the Work.

### 3. Lane Closures/Detours

Local traffic on all streets shall be carried through construction whenever possible. Detours of traffic will be permitted, with prior permission from the City, when necessary and in accordance with the traffic control plan. Streets may be closed for short periods of time under authority of proper permit issued by the City or authority having jurisdiction. However, the Contractor shall conduct his/her work to interfere as little as possible with public travel, whether vehicular or pedestrian, on such streets.

The Contractor shall only work on one side of the road at a time and no more than two streets at one time unless permitted to do so by the City.

Non-residential streets may not be closed to all traffic unless permitted by the City. Lanes may be reduced or closed, with permission from the Engineer, between the hours of 8:30 a.m. and 4:30 p.m.

Residential street closure may occur only from 8:00 a.m. until 5:00 p.m. with permission from the Engineer.

Proper notification to City Police and County Paramedic units, Fire Districts, School Districts and City refuse collector shall be given by the Contractor before closing any street.

The Contractor shall conduct his/her work to interfere as little as possible with public travel, whether vehicular or pedestrian. Whenever it is necessary to cross, obstruct, or close roads, driveways and walks, whether public or private, the Contractor shall, at his/her own expense, provide and maintain suitable and safe bridges, detours, or other temporary expedients for the accommodation of public and private travel, and shall give reasonable notice to owners of private drives before interfering with them provided that maintenance of traffic will not be required where the Contractor has obtained permission from the City and tenant of private property, or from the authority having jurisdiction over public property involved, to obstruct traffic for the duration of time as may be agreed upon.

### 4. Modifications and Maintenance

The Contractor must use proper flagging procedures when limiting traffic to one lane during working hours.

The Contractor will supply, install, and maintain the necessary traffic control devices required to maintain traffic as outlined herein. These devices include, but are not limited to, advance construction warning signs, barricades, flagmen, and other traffic control devices. All such devices shall be fabricated and installed in accordance with the M.U.T.C.D. and N.C.H.R.P. 350, latest editions. Temporary striping shall be tape and this work shall conform to Section 821 of the KDOT Standard Specification. In addition to the placement of lane lines and centerline stripes, the Contractor shall also be responsible for the proper placement of required turn arrows.

All stop, yield and street name signs removed shall be temporarily erected in the appropriate locations (no less than 7 feet vertical from grade) until permanent signing can be installed.

In addition to traffic control devices shown on the Plans, the Contractor shall provide and maintain all barricades, cones, construction warning signs, flagmen, temporary pavement marking, and incidental devices to protect the traveling public and the Contractor's personnel or equipment on the job site. During all phases of construction, the Contractor shall display the required signs. Any traffic control device not in use shall be covered, removed, or turned away from the view of on-coming traffic. Whenever the Work area changes, all construction warning signs and traffic channelization devices shall be made current, in both legend and function.

All existing traffic signs, stop signs, and street signs in the way of the Work shall be carefully removed by the Contractor and shall be returned to the City. The required function of stop signs and other signs affecting driver safety shall be preserved by the Contractor whenever a street is open to traffic. Upon completion of the Project, all street signs shall be reset by the Contractor as approved by the Engineer.

The Inspector may review the Work area at various times to determine if any additional traffic control devices are necessary or if any maintenance is required to the traffic control devices in place. Any traffic control device, which requires maintenance or any additional traffic control needs found during these reviews, will be reported to the Contractor. It will be the responsibility of the Contractor to perform the necessary maintenance or provide additional traffic control devices as requested by the Engineer. Failure to comply with this request will result in one of the following:

- a. Employ another agency to correct deficiencies in signing or warning devices and deduct the cost from the contractor's pay estimate.
- b. Suspend all pay estimates until deficiencies are corrected.
- c. Stop the work until deficiencies are corrected.
- d. Place the contractor in default.

During periods of inclement weather or during periods of unusually heavy traffic, the Engineer may require all operations to cease in order to adequately handle the traffic. The Engineer reserves the right to require the suspension or delay of certain operations, or the speeding up of other operations to insure a proper sequence of operations and thus aid the satisfactory movement of traffic.

Any request for changes in the required devices or methods of maintaining traffic should be submitted in writing to the Engineer a minimum of 72 hours prior to the time the Contractor wishes to make the change.

## 5. Worksite Access

The Worksite shall be cleaned up at the end of each working day and temporary surfacing shall be placed such that access will be had to all driveways during the night, weekends, holidays and other days when Work is not in progress and when the stage of the Work does not directly interfere with the drive. The Engineer, at his/her discretion, may grant short-term exceptions to this requirement in connection with preparing sub-grade and paving.

Driveway entrances, sidewalks, steps and finish grading shall be completed as soon as practicable behind construction of curb and gutter so that access may be had from the street

adjacent property as soon as possible. Temporary grading shall be provided where required to negotiate the difference in elevation from the graded roadbed to the finished curb at driveway entrances. The Contractor shall provide as many barricades with appropriate warning lights as needed to protect effectively pedestrians or traffic from exposed objects or excavations.

Trash Collection: The Contractor shall maintain access for refuse collection. If refuse cannot be picked up because of construction activities, the Contractor will be required to collect the reuse and to coordinate with the refuse collector to designate an alternate pick-up site.

### **Method of Measurement**

The measurement of payment will be the percentage of work completed.

### **Basis of Payment**

Partial payments will be made as follows:

1. When work amounting to 10 percent of the original Contract amount is completed, 50 percent of the amount bid for TRAFFIC CONTROL or five percent of the original Contract amount, whichever is lesser, may be paid.
2. When work amounting to 80 percent of the original Contract amount is completed, 100 percent of the amount bid for TRAFFIC CONTROL or ten percent of the original Contract amount, whichever is lesser, may be paid.
3. Upon completion of all work on the project, 100 percent of the amount bid for TRAFFIC CONTROL will be paid.

When computing the percentage of the original Contract amount completed, do not include monies earned for mobilization, materials stored, traffic control (when bid as Lump Sum) and contractor construction staking.

The term "Original Contract Amount" used shall be construed to mean the total dollar value of the Original Contract, including all bid items shown in the Contract.

For contracts in excess of Ten Thousand Dollars (\$10,000), the foreign contractor shall file with the Director of Revenue an acceptable bond for ten percent (10%) of the contract.

CITY OF PRAIRIE VILLAGE  
ADAM GEFFERT, CITY CLERK

## INSTRUCTIONS TO BIDDERS

### GENERAL STATEMENT

The Bidder shall submit all bids on the forms provided as part of these Bid Documents and in compliance with these Instructions. All appropriate blanks shall be filled-in and the appropriate individual on behalf of him/herself or the entity submitting the bid shall sign the Bid Proposal. The bidder must submit the bid in the enclosed envelope, sealed and addressed to "City Clerk, City of Prairie Village, 7700 Mission Road, Prairie Village, Kansas, 66208".

### DEFINITIONS

These definitions shall apply to the Bid Documents, Plans and Specifications.

**BID DOCUMENTS** shall mean all documents related to submitting a Bid, including, but not limited to, the Advertisement for Bids, Instruction to Bidders, Bid Form, Bid Bond and the proposed Project Manual, including any Addenda issued prior to receipt of Bids.

**BID PROPOSAL** shall mean the offer or proposal of the Bidder submitted on the prescribed form set forth the prices for the work to be performed.

**BIDDER** shall mean any individual: partnership, corporation, association or other entity submitting a Bid for the work.

**BONDS** shall mean the bid, maintenance, performance, and statutory or labor and materials payment bonds, together with such other instruments of security as may be required by the Contract Documents.

**CHANGE ORDER** is a written order issued after the Agreement is executed by which the City and the Contractor agree to construct additional items of work, to adjust the quantities of work, to modify the Contract time, or, in lump sum contracts, to change the character and scope of work shown on the Project Manual.

**CITY** shall mean the City of Prairie Village, Kansas, acting through a duly appointed representative.

**CONTRACT** or **CONTRACT DOCUMENTS** shall mean the Construction Agreement, the accepted Bid Proposal, Contractor's Performance Bond, Contractor's Maintenance Bond, Statutory Bond, Project Manual and any other documents that have bearing the Work prescribed in the Project.

**CONTRACT PRICE** shall be the amount identified in the Construction Agreement between the City and the Contractor as the total amount due the Contractor for total completion of the Work as per the Contract Documents.

**CONTRACT TIME** shall be the number of calendar days stated in the Contract Documents for the completion of the work or shall be a specific date as designated in the Construction Agreement.

**CONTRACTOR** shall mean the entity entering into the Contract for the performance of the work covered by this Contract, together with his/her duly authorized agents or legal representatives.

**DEFECTIVE WORK** shall mean work, which is unsatisfactorily, faulty or deficient, or not in conformity with the Project Manual.

**ENGINEER** shall mean the individual, firm or entity designated in the Contract Documents, which has been employed or contracted by the City for the performance of engineering services in connection with the Work.

**FIELD ORDER** shall mean a written order issued by the Project Manager that orders minor changes in the work, but which does not involve a change in the contract price or contract time.

**FIELD SUPERINTENDENT** shall mean the Public Works Field Superintendent of the City of Prairie Village or designee.

**FINAL ACCEPTANCE** shall mean the date when the City accepts in writing that the construction of the Work is complete in accordance with the Contract Documents such that the entire Work can be utilized for the purposes for which it is intended and Contractor is entitled to final payment.

**INSPECTOR** shall mean the engineering or technical inspector or inspectors duly authorized by the City to monitor the work and compliance tests under the direct supervision of the Project Manager.

**NOTICE OF AWARD** shall mean the written notice by the City to the apparent successful Bidder stating that upon compliance with the conditions precedent enumerated therein, within the time specified, the City will sign and deliver the Agreement.

**NOTICE TO PROCEED** shall mean the written notice by the City to the Contractor fixing the date on which the Contract time is to commence and on which the Contractor shall start to perform its obligations under the Contract Documents. Without the prior express written consent of the City, the Contractor shall do no work until the date set forth in the Notice to Proceed.

**PAY ESTIMATE NO. \_\_\_\_** or **FINAL PAY ESTIMATE** shall mean the form to be used by the Contractor in requesting progress and final payments, including supporting documentation required by the Contract Documents.

**PLANS** shall mean and include all drawings which may have been prepared by or for the City or submitted by the Contractor to the City during the progress of the Work, all of which show the character and scope of the work to be performed.

**PROJECT MANAGER** shall mean the person appointed by the Public Works Director for this project as named in the Special Conditions.

**PUBLIC WORKS DIRECTOR** shall mean the duly appointed Director of Public Works for the City of Prairie Village or designee.

**SHOP DRAWINGS** shall mean all drawings, diagrams, illustrations, schedules and other data which are specifically prepared by the Contractor, a Subcontractor, manufacturer, fabricator, supplier or distributor to illustrate some portion of the Work, and all illustrations, brochures, standard schedules, performance charts, instructions, diagrams and other information prepared by a manufacturer, fabricator, supplier or distributor and submitted by the Contractor to illustrate material or equipment for some portion of the work.

**SPECIFICATIONS** shall mean those portions of the Project Manual consisting of written technical descriptions of materials, equipment, construction methods, standards and workmanship as applied to the Work and certain administrative details applicable thereto. They may include, but not necessarily be limited to: design specifications, e.g. measurements, tolerances, materials, inspection requirements and other information relative to the work; performance specifications, e.g., performance characteristics required, if any; purchase description specifications, e.g. products or equipment required

by manufacturer, trade name and/or type; provided, however, equivalent alternatives (including aesthetics, warranty and manufacturer reputation) may be substituted upon written request and written approval thereof by the City.

**SUB-CONTRACTOR** shall mean an individual, firm or corporation having a direct contract with the Contractor or with another subcontractor for the performance of a part of the Work.

**SUBSTANTIAL COMPLETION** shall be defined as being less than 100 percent of the work required that will be completed by a specified date as agreed to in writing by both parties.

**TOTAL COMPLETION** shall be defined as fulfilling 100 percent of the work required in this contract by the date specified herein.

**UNIT PRICE WORK** shall mean work quantities to be paid for based on unit prices. Each unit price shall be deemed to include the Contractor's overhead and profit for each separately identified item. It is understood and agreed that estimated quantities of times for unit price work are not guaranteed and are solely for the purpose of comparison of bids and determining an initial Contract price. Determinations of actual quantities and classifications of unit price work shall be made by the City.

**WORK** shall mean the work to be done to complete the construction required of the Contractor by the Contract Documents, and includes all construction, labor, materials, tools, equipment and transportation necessary to produce such construction in accordance with the Contract Documents.

## DOCUMENTS

Bidders may obtain complete sets of the Bid Documents, Plans, Project Manual and Contract Documents from City of Prairie Village Public Works Department via the City website.

Bidders shall use complete sets of Bid Documents in preparing bids. Neither the City nor any employee nor any entity in contract with the City, assumes any responsibility for errors or misinterpretations resulting from the use of incomplete sets of Bid Documents.

The City, in making copies of the Bid Documents available on the above terms, does so only obtaining Bid Proposals for the Work and does not confer a license or grant for any other use.

## BIDDER'S REPRESENTATIONS

Each Bidder by making a Bid Proposal represents that:

Has read and understands the Bid Documents, and makes their Bid Proposal in accordance therewith.

Has visited the site of the work and thoroughly and fully informed himself/herself relative to construction hazards and procedures, labor and all other conditions and factors, local and otherwise, which would affect the prosecution and completion of the work and the cost thereof, including subgrade conditions, subsurface conditions, the availability and cost of labor and available facilities for transportation, handling and storage of materials and equipment. The Bidder has informed himself/herself of natural hazards, drainage runoff, and structures and has reviewed all referenced reports, documented inspections and other documents relating to the work and has correlated his/her observations with the requirements of the Bid Documents. All such factors have been properly investigated and considered in the preparation of every Bid submitted as there will be no subsequent

financial adjustment to any Contract awarded there under, which is based on the lack of such prior information or its effect on the cost of the work.

Has based their Bid Proposal upon the materials, systems and equipments required by the Bid Documents without exception.

Has familiarized themselves with the state, federal and local ordinances and regulations, which may affect cost, progress or performance of the work.

## **DEFECTS IN BID DOCUMENTS OR CONTRACT DOCUMENTS**

Bidders shall promptly notify the City Project Manager of any errors, omissions, discrepancies or inconsistencies, which they may discover upon examination of the Bid or Contract Documents, or the site and local conditions.

Bidders requiring clarification or interpretation of any part of the Bid Document or the Contract Document may submit to the City Project Manager a written request for an interpretation, which shall reach the City at least seven days prior to the date for receipt of bids. The person submitting the request will be responsible for its prompt and actual delivery.

Any interpretation of such documents will be made solely by Addendum duly issued. A copy of such Addendum will be mailed or delivered by the City before expiration of the time set for the receipt of bids. Interpretations, corrections or changes of the Bid Documents or Contract Documents made in any other manner will not be binding, and Bidders shall not rely upon such interpretations, corrections and changes.

Bidders will not be permitted to take advantage of any such any errors, omissions, discrepancies or inconsistencies, which they may discover upon examination of the Bidding/Contract Documents or the site and local conditions.

## **SUBSTITUTIONS**

The materials, products and equipment described in the Project Manual establish a standard of required function, dimension, appearance and quality to be met by any proposed substitution.

No substitution will be considered prior to receipt of bids unless the City Project Manager has received a written request for approval at least seven (7) days prior to the date for receipt of bids. Each such request shall include the name of the material or equipment for which it is to be substituted and a complete description of the proposed substitute including drawings, cuts, performance and test data and other information necessary for an evaluation. A statement setting forth any changes in other materials, equipment or other work that incorporation of the substitute would require shall be included. The burden of proof of the merit of the proposed substitute is upon the Bidder. The City Project Manager's decision of approval or disapproval of a proposed substitution shall be final.

If the City approves any proposed substitution, such approval will be set forth in a written addendum. Bidders shall not rely upon approvals made in any other manner.

No substitution will be considered after the Contract award unless specifically provided in the Contract Documents.

## **SUB-CONTRACTORS**

The Contractor shall not award subcontracts, which total more than forty-five percent (45%) of the contract and shall perform, within its own organization, work amounting to not less than fifty-five percent (55%) of the total contract price.

The Contractor shall submit the names of subcontractors for approval by the City prior to award of the contract

## **ADDENDA**

Addenda will be mailed or delivered to all those who are known by the City to have received a complete set of Bid Documents and Contract Documents.

Bidders may inspect the Addenda at the office of the City Project Manager.

The City will issue all addenda no later than four days prior to the date for receipt of Bids, except an addendum withdrawing the request for Bid Proposals, or one, which includes postponement of the date for receipt of Bid Proposals.

Each Bidder shall ascertain prior to submitting his/her Bid that he/she has received all written addenda issued, and he/she shall acknowledge its receipt in his/her Bid.

## **PROPOSAL GUARANTEE**

Each proposal having a total value of \$10,000 or more shall be accompanied by a certified or a cashier's check or Bid Bond drawn on an acceptable Bank, made payable, without condition, to the City of Prairie Village, Kansas, in an amount of not less than five (5%) percent of the total proposal cost. The amount of said check may be retained by and forfeited to the City of Prairie Village, Kansas, as liquidated damages, if such proposal is accepted, the Contract awarded, and the Bidder fails to enter into a Contract in the form prescribed, with the required maintenance, performance and statutory bond, within ten (10) days after such award is made by the City of Prairie Village, Kansas. Bid checks will be returned to unsuccessful Bidder when their Bid Proposals have been rejected and to the successful Bidder upon receipt of satisfactory completion of the Contract Documents.

## **TAXES**

It is the intent of the City of Prairie Village to supply the Contractor with a Sales and Compensating Tax Exemption Certificate for use in purchasing materials and supplies used on his/her project. The Contractor shall, in preparing his/her bid, omit from his/her computed costs all appropriate sales and compensation Taxes. Two copies of the State of Kansas Project Completion Certification (Form DO-77) will be furnished to the City by the Kansas Department of Revenue upon issuance of a tax exemption number. The City will forward two copies of the Project Completion Certification to the Contractor and must be signed and returned to the City upon completion of the project. The City will forward one (1) copy of the Project Completion Certification to the Kansas Department of Revenue and retain one copy. The Contractor will retain all invoices for a period of five (5) years and are subject to audit by the Kansas Department of Revenue. The City will not make final payment to the Contractor until the City has received the two project Completion Certifications from the Contractor along with a Consent of Surety Company to Final Payment.

## **WITHDRAWAL OR MODIFICATION OF BID PROPOSALS**

No Bidder may withdraw their bid for a period of sixty (60) days after the date and hour set for the receiving of said bids. A Bidder may withdraw their bid at any time prior to the expiration of the bidding period, by written request of the Bidder signed in the same manner and by the same person who signed the Bid.

### **SIGNATURES OF BIDDERS**

Each Bidder shall sign their Bid Proposal, using their usual signature and giving their full business address. Bid Proposals by partnerships shall be signed with the partnership name by one of the members of the partnership or by an authorized representative with the signatures and designation of the person signing. Bid Proposals by corporations shall be signed by the president, secretary or other person authorized to bind it in the matter.

The names of all persons should also be typed or printed below the signature. A bidder who affixes to the signature the word "president", "secretary", or other designation without disclosing the principal may be held to be the Bid Proposal of the individual signing the Bid Proposal. When requested by the City, the bidder will furnish a statement, sealed with the corporation seal, stating that the individual signing the Bid Proposal is authorized so on behalf of the corporation.

### **ACCEPTANCE AND REJECTION OF BID PROPOSALS**

The City reserves the right to reject any and all Bid Proposals; to waive any and all irregularities and informalities; to negotiate contract terms with the successful Bidder; and the right to disregard all non-conforming, non-responsive or conditional bids. The City also reserves the right to not accept any bid of any Bidder who does not pass the evaluation to the City's satisfaction.

### **AWARD OF CONTRACT**

In evaluating Bid Proposals, the City may consider, in addition to the bid amount, the qualifications of Bidders, whether or not the Bids comply with the prescribed requirements, alternates and unit prices.

### **CLARIFICATION:**

Tree Planting Requirements (S-660 TREE AND PLANT) were added instead of the the Tree Trimming Detail 682-Tree Trimming. The correct detail is attached.

## 682 Tree Trimming

### Description

This work consists of trimming City trees to the satisfaction of the City Public Works Field Superintendent, and in accordance with the details shown on the plans. It shall include using all means necessary to protect existing structures, equipment, piping and facilities not designated for removal within the limits of the work, as defined in these specifications, in the Special Conditions, as shown on the Plans or established by the City Public Works Field Superintendent.

Bid items are:

TREE TRIMMING

### Reference Standard Specification

The Kansas Arborist at Kansas State University, Kansas Forest Service shall determine interpret proper trimming techniques and practices.

Primary Reference Standard Specification is ANSI A300 Part 1 Pruning, as amended and Z133.1-2000 Safety Requirements for Pruning, Trimming, Repairing, Maintaining, Removing Trees and Cutting Brush.

The above Reference Standard Specification may contain modifications in the form of additions, deletions, and substitutions. Where any part of the Reference Standard Specification is so modified, the unaltered provisions shall remain in effect.

### Tree Trimming Requirements

Trees to be trimmed along the City streets will be located either wholly or partially within 10 feet from the face of the street curb. Trimming of trees located on private property will not be permitted except to meet item c. in the next paragraph.

Trees will be trimmed:

- a. To remove dead wood two inches in diameter and larger over the City right-of-way,
- b. To remove hangers over the City right-of-way,
- c. To remove limbs lower than nine feet over sidewalks and fourteen feet over street pavement,
- d. To remove limbs that obstruct the view of a street light as viewed from a distance equal to the height of the street light from the street pavement,
- e. To remove tree limbs obstructing the view of street signs and traffic signals from a distance of 500 feet as viewed from a person standing in the vehicle travel lane.
- f. Park Trees will be trimmed with the same criteria but the entire tree will be trimmed. The trimming criteria should also be applied to any trees on abutting properties with limbs hanging over City Park property.

The Contractor will be responsible for the removal of all trimmings and other trimming debris. The debris removal will be in accordance with all Local, State and Federal regulations including but not limited to all quarantine regulations. The street and resident property will be cleaned to equal or better condition as existed before the work activity. The Contractor shall use no gafts in the tree trimming process.

The Contractor may leave wood for the resident at the resident's request, but the wood will be placed on private property and not on City right-of-way.

The Contractor will provide each residence with a notice 48 hours before beginning work. The City will provide the notices to the Contractor.

### **Tree Inventory Requirements**

The contractor will verify the inventory list as to species, house number, condition and date trimmed. The City will provide a list of condition terminology to be used. The type of tree will be the common name for generic-species, i.e., Maple-sugar. The generic - Maple - is not acceptable as it must have the species.

The inventory list will be modified by lining out the tree not in existence, adding trees found in the City right-of-way, but not on the list, and placing a check mark for those trees trimmed.

### **Method of Measurement**

The measurement of payment for Trimming Trees is submittal of the modified inventory list for each area and approval of satisfactory work for each area by Field Superintendent.

### **Basis of Payment**

The amount of completed and accepted work, measured as provided above, shall be paid for at the Contract lump sum price for "TREE TRIMMING". The price shall be full compensation for furnishing and for all labor, tools, equipment and incidentals necessary to complete the work.

COU2020-47: Consider 2021 Fee Schedule

---

### RECOMMENDATION

Recommend approval of the 2021 Fee Schedule as presented.

### BACKGROUND

An assessment of all City fees was conducted by City Clerk staff in 2020. The primary goal of the project was to develop a single, comprehensive list of fees that accurately reflects what the City charges for services. The attached schedule specifies current fees along with pending changes for 2021.

## HUMAN RESOURCES

City Council Meeting Date: October 5, 2020

COU2020-48

Consideration of 2021 renewals of City's health, dental, and vision insurance providers, as recommended by City staff.

---

### SUGGESTED MOTION

Make a motion to approve the renewal of the City's employee benefit package for 2021 as presented.

A CBIZ representative will be in attendance at Monday night's meeting.

### MEDICAL RENEWAL

This year's medical renewal rate is a 7.9% increase with no plan changes. The City currently contracts with United Healthcare (UHC) for its employee health insurance plans. The plan year ends in December, and, renewals were sought from UHC for the 2021 plan year.

UHC provided a premium credit of approximately \$10,000 in July, 2020 (based on premium numbers in May of 2020). UHC also suppressed all claim reporting for the last 3 months due to COVID-19. The paid loss ratio for the rating period (5/1/19 - 4/30/20) was 71.4%, vs. 74.8% for the prior 12 months (this includes an adjustment of \$102,000 premium credit in December of 2018). The paid loss ratio does not include costs for administration, pooling or trend. Also, due to artificially lower claims in February and March of 2020 due to the pandemic, UHC added a renewal adjustment of +3% in the renewal ratings of their total book of business.

The initial renewal calculated at an 11.84% increase. UHC delivered it at 9.9%. CBIZ negotiated the final renewal offer to 7.9% with no plan changes for an approximate savings of \$23,987.

Employees that participate in a Health Risk Assessment (HRA), biometric screening or a non-medical alternative are eligible to receive incentives, a value of up to \$200. The City continues to recommend that the differential for tobacco users covered on the City's health insurance plan (employee or dependent) continue in 2021. Those individuals who do use tobacco products (cigarettes, pipes, chewing tobacco, cigars, etc.) more than once per week will be assessed \$20 in their monthly premium costs. If a covered individual quits using tobacco product(s), they will be eligible to begin receiving the monthly premium discount.

\*As a reminder, the Governing Body is eligible for plan coverage but are responsible for paying the total premium cost.

## RENEWAL HISTORY

- 1/1/2020 Medical renewal rate as presented by United Healthcare (UHC) had a 0.0% increase with no plan changes. Renewals are on the claims incurred by plan participants over the twelve-month period of July 2018 - June 2019 and by forecasting potential claims. The loss ratio during this time was 61.5%, (*this does not include a premium credit of \$102,000 for December, 2018*), as compared to 63.4% for the same period last year. Taxes and/or fees that are required due to the Affordable Care Act (ACA) returned for 2020. This tax is included in the renewal increase for 2020.
- 1/1/19: Due to ongoing large claims, UHC initially proposed an increase of 10.4% which CBIZ negotiated to 8.4% with no plan changes; CBIZ also negotiated a one month premium holiday for December 2018 that saved the City approximately \$102,197; renewal included a \$10,000 wellness fund; the ACA Health Excise Tax was suspended in 2019; UHC began sharing manufacturer drug rebates with fully insured members at point of sale.
- 1/1/18: The plans renewed at a 3.25% increase (including Excise Tax at 3.25% and PCOR at \$2.34 pmpy) utilizing only 6 months of claims data. The QHDHP deductible was increased from \$2,600/\$5,200 to \$2,700/\$5,400 due to IRS guidelines for embedded plans.
- 1/1/17: After receiving a 22.8% increase (negotiated to 19.8%) from BlueKC, an RFP was sent to six medical carriers -four proposals were received including BlueKC, UHC, Humana and MPR. After reviewing several options entailing network and plan design changes with BlueKC to reduce the increase to approximately 12%, the decision was made to move to UHC with a 5.7% rate increase and minimal plan design changes.

**EAP**

New Directions, the City’s Employee Assistance Program (EAP) provider, has agreed to renew with a 0% increase.

**DENTAL COVERAGE**

Delta Dental of Kansas, the City’s dental insurance provider, has agreed to renew the dental plans for 2021 with a 0.0% increase. Included for 2021 is an enhancement to child services and unlimited cleanings for all members.

**VISION COVERAGE**

The City’s vision insurance provider, Superior Vision, also has agreed to renew the vision plan for a 0.0% increase in the premium for 2021. This plan is in a rate guarantee until 2023.

**LIFE INSURANCE/ACCIDENTAL DEATH AND DISABILITY**

The Standard provides base life insurance and AD&D for the City. The Standard issued a 2 year rate guarantee until 1/1/2022.

**DISABILITY COVERAGE**

The City uses The Standard as the City’s long-term disability insurance provider. The Standard issued a 2 year rate guarantee until 1/1/2022.

**ACA Taxes/Fees**

Excise Tax is suspended for 2021 (tax adds 1.5% to 3% to premium).  
PCOR Fee is still in place  
Cadillac tax is permanently repealed.

**FUNDING SOURCE**

Employee insurance premiums are a General Fund expenditure. The 2021 budget anticipated an increase in City premium contributions of 12.5%. The renewal rates for the health, dental, and vision plans, fit within the budgeted funds for 2021. Since the budget renewals came in lower than expected, the City will get a budget savings of approximately \$62,000.

<i>2021 Renewal Costs</i>	
Health Insurance	\$ 1,305,260
Dental Insurance	\$ 33,509
Vision Insurance	\$ 7,556
Life Insurance	\$ 960
PD Life Insurance	\$ 20,304
LTD	\$ 20,445
<b>Total:</b>	<b>\$ 1,388,033</b>

## PUBLIC WORKS DEPARTMENT

Council Meeting: October 5, 2020

### **CONSIDER APPROVAL OF PROPOSAL TO COMPLETE POOL SLIDE REPAIRS (BG850003) SUBMITTED BY BAYNUM PAINTING INC.**

---

#### **RECOMMENDATION**

Move to authorize the Mayor to approve the proposal from Baynum Painting Inc. for the Pool Slide Repairs (BG850003) in the amount of \$66,500.

#### **BACKGROUND**

The City of Prairie Village requested proposals from vendors to repair and repaint the slides at the Pool Complex. This work is standard maintenance due to the age and condition of the slides.

The work includes repairing any damaged fiberglass prior to applying new paint, applying new caulk to the slide joints, and resurface interior of open areas of slide with a gel coat.

Staff received two proposals with Baynum Painting Inc submitting the low quote.

Baynum Painting	\$66,500
Whitewater	\$97,599

Due to the difference in pricing on the project, staff followed up with projects completed by Baynum in the local area. References were favorable and staff recommends proceeding with the low quote.

#### **FUNDING SOURCE**

There is funding in the CIP project BG8500003.

Prairie Village, KS 66208

### **Project: (2) Slides – Interior/Exterior**

Hello Ryan,

We hereby propose to complete the painting, at the above referenced project, according to the following specifications.

- High-pressure water clean up to 4,000 p.s.i. using biodegradable degreasing agent and steam/hot water blast where necessary, in order to remove any grease, oil, loose paint, dirt and oxidation as per SSPC-SP1 Standard.
- Prepare joints and crevices as needed to create profile for proper adhesion of caulk.
- Hand prepare necessary areas by hand scraping, sanding and wire brush as per NACE SSPC-SP2 Standard.
- Make necessary repairs to any damaged areas on fiberglass prior to applying new coat.
- Caulk slide joints as needed using Sikaflex White Urethane Adhesive/Seal.
- Spot prime all necessary areas including bare steel, corroded areas, rigging scrapes, burnishes and welds, including fasteners with (1) coat of **Sherwin-Williams Macropoxy 646**.
- Finish paint slide exterior with (1) coat of **Sherwin-Williams HP Urethane**.
- Resurface interior of open areas of slide with **Ashland Gel Coat** to recommended 20-25 mils DFT.
- Bid estimated as using existing color scheme with coating to be applied by spray application (gel coat only).
- Cost excludes station house, queue line structure, railing and fence.
- Cost excludes, where necessary, removal and replacement of ride signs, canopies, awnings, safety netting, fencing, light fixtures and bulbs.
- Cost excludes clearing of vegetation that hinders access to the structure or work area.

- Cost excludes any expense related to lead paint such as testing, environmental monitoring, paint chip disposal, water containment, etc.
  - Cost excludes multiple layers of failed coatings.
  - Weather permitting; project to be completed in approximately (2) weeks when the ride is out of operation. We will utilize a 7-day work week allowing us to make up for lost days due to inclement weather with “No Premium Charges” regardless of which days we are able to work.
- 

All work will be done in a professional manner.

All employees of Baynum Painting Inc. are properly covered by Liability and Workmen’s Compensation Insurance against any damage or injury on property during the contract period.

Any and all problems, additional work or questions are to be discussed with the painting supervisor.

Damage and/or stressed areas will be noted and brought to the attention of job supervisor and owners.

Baynum Painting will be responsible for protecting all areas and surfaces not to be painted by taping and covering as needed.

Cost includes all labor, liabilities and equipment. (Scaffolds, pressure cleaners, safety equipment, etc.)

### **Safety**

Baynum Painting’s Safety Program is specifically designed for the Amusement Park Industry and has resulted in an excellent Safety Record.

All employees are trained in accordance with all O.S.H.A. and Hazcom Safety Rules and Regulations.

### **Warranty & Service Guarantee**

Baynum Painting hereby agrees to adhere to the following standard practices and procedures on this project in order to maximize coating performance and to ensure satisfactory results:

- Conduct existing surface condition assessment in order to define best approach (Standards defined in ASTM Designation D5065-95)
- Perform coating compatibility tests to ensure maximum adhesion and visual performance (Standards defined in ASTM Designation D5064-95)
- Monitor and document all phases of service for duration of project by a NACE Level 3 Coatings Inspector
- Adhere to all standards adopted by the PDCA governing coating contractors

Baynum Painting warrants its workmanship on this project for a period of 1 year (*excluding rust bleed from joints, fasteners and crevasses (steel on steel) that we are unable to access*).

## ADMINISTRATION

Council Committee of the Whole: October 5, 2020

**COU2020-49:** Approve a policy regarding the distribution of written public comment to the governing body or other city committee

---

### **SUGGESTED MOTIONS**

Approve Council Policy 027 regarding the distribution of written comments to the governing body or other city committee.

### **BACKGROUND**

City staff has accepted public comment via email on a variety of topics for City Council meetings. As email correspondence has increased significantly in volume following the move to virtual meetings in April 2020, staff would like to establish a consistent practice to ensure communications from constituents is received by City Council members in an appropriate, legal, and timely fashion.

### **ATTACHMENTS**

### **PREPARED BY**

Meghan Buum  
Assistant City Administrator

Date: September 29, 2020

City Council Policy: CP027 - Distribution of written public comments to the City Council

Effective Date: TBD

Amends:

Approved by: City Council

---

## I. PURPOSE

To establish a consistent practice to ensure written communication from constituents is received by members of the governing body in an appropriate, legal, and timely fashion.

## II. RESPONSIBILITY

City staff and governing body

## III. POLICY

### A. Comments on Regular Business Meeting Agenda Items

To submit written comments on an agenda item of a regular business meeting where binding action will be taken, such as a City Council or Planning Commission meeting, residents may send an e-mail to the City Clerk at [cityclerk@pvkansas.com](mailto:cityclerk@pvkansas.com) no later than 3 p.m. on the day of the meeting. Comments received in writing will be compiled and distributed by the City Clerk for consideration and become part of the official record of the meeting.

Residents should be instructed to email comments directly to the City Clerk, rather than having members of staff or the governing body forward such comments on the residents' behalf.

When city staff provides copies of email communications to members of the governing body, email recipients should be blind-carbon-copied to avoid a "reply all" or "serial meeting" KOMA violation.

### B. Comments on Non-Agenda Items or General City Business

For items not appearing on a City Council meeting agenda, or for general city business, residents shall be directed to email the City Council members as a whole at [councilmembers@pvkansas.com](mailto:councilmembers@pvkansas.com).

Residents should be instructed to email comments directly to the Council Members, rather than having members of staff or the governing body forward such comments on the residents' behalf.

Council Members may reply directly to the resident, but should not "reply all" or include other members of the governing body on a response to avoid a KOMA violation.

Due to COVID-19 restrictions, most meetings will be held virtually. Please continue to check <http://pvkansas.com> for access details.

**Dynamhex Presentation**

Sunny Sanwar walked us through a slide deck of a presentation regarding Dynamhex's greenhouse gas inventory tools.

Penny asked how much of the data from the Dynamhex product could be visible to the public. Sunny answered that this would be up to the city to decide if it was city infrastructure only or a broader view (across residential, etc).

Beth asked if any use of the product has resulted in deliverables. Sunny said Roeland Park used it to direct a solar project with Evergy based on the data. Sunny mentioned that a city in North Carolina had a similar data-driven project. Beth asked additional questions regarding a project in Dubuque, IA and how Sunny thought it applied. Sunny said that they didn't have direct experience but were following it.

Meghan asked what the Roeland Park ordinance that was derived from Dynamhex's product was. Sunny brought the slide up. It was a resolution the city drew up based on the Dynamhex data.

Magda asked if seasons affected measurement or footprints and asked about measurement timelines. Sunny answered that the model was based on a yearly cycle. Questions followed regarding models using COVID and other more immediate effects.

Penny asked about the source/provenance of the data. Sunny replied data was based on public tax rolls that contained specific property characteristics like rooms, square footage, bathrooms, etc.

Jori asked Sunny about ESP's audit and how it related to this with regards to overlap. Dynamhex's public facing components vs ESP's document and consultant-based approach to upgrading city infrastructure.

**Action:**

Committee unanimously approved inviting Dynamhex to speak at the council committee of the whole about their offering.

**Collaboration with the Tree Board**

Committee discussed an ordinance in collaboration with the Tree Board regarding protecting trees in the right of way from being demolished. The ordinance of interest as a template is Fairway, KS's ordinance.

Beth, Tree Board Liaison, discussed her experience talking to the Tree Board and bringing her knowledge to this discussion. She recommended an inter-connected proposal to connect home design standards, tree standards, and stormwater regulations together. She believes that now is the right time to push on all fronts.

**Action:**

Penny moved to move this to CCoW, Ian seconded.

**Old Business:**

**Mayors Climate Accord**

Meghan said that in 2007 we signed the Kyoto protocol. Our mayor has expressed interest in signing onto the Mayors Climate Accord. KC has signed on, though it's unclear who all in NEJC/Joco has. Lawrence has. Simplest approach would be to adopt the Metro Area Climate Action Plan.

The committee discussed the status of the Accord and agreed it would be presented in conjunction with the Dynamhex software to City Council.

**Announcements:**

Nancy had an idea about an event for recycling electronics with MRC recycling. She's working with them personally and has a positive opinion. Expressed interest in working with them for a possible event.

Penny would like the committee to be informed when the approved motions from this committee go to the CCoW.

We talked about the recent climate initiatives in flight in the city vs Climate Action goals.

Discussed article topics for the Village Voice.

**Ian moved to Adjourn. Beth seconded.**

**Adjourned at 6:50PM**
