Solar Panel Permits

CODE REQUIREMENTS

A building permit is required to install solar panels in Prairie Village. The solar panels must comply with the Chapter 19.50 of the Prairie Village Zoning Regulations and the 2018 IFC. View Chapter 19.50 regulations here: https://library.municode.com/kansas/prairie_village/codes/code_of_ordinances/nodeId=CHXIXZORECH19.50ALENSY19.50.010SOEN

PLAN SUBMISSION REQUIREMENTS

Apply for all permits at <https://prairievillageks.viewpointcloud.com>.

- Plans must be sealed by a Kansas Registered Design Professional.
- A site plan must be submitted that depicts existing structures, North orientation, patios, all impervious surfaces, decks, sidewalks, driveways, property lines, utility easements, and the location and dimensions of the new proposed solar panels. If installing the solar panels on an existing roof, the site plan should consist of the roof plan and layout.
- Plans must clearly indicate the location of the solar panels on the roof and how high the solar panels will be from the roof surface to the top of the solar panels.

BUILDING PERMIT FEE

There is no building permit fee for solar panels.

QUESTIONS

For questions regarding the building permit process, please email permits@pvkansas.com or call (913) 385-4604.
