LETTER FROM THE CITY ADMINISTRATOR

We are pleased that you have taken the time to review the 2022 Annual Report. Our staff takes great pride in putting together this document that tells the story of yet another great year.

Trying to build a budget in the face of continued COVID concerns and unprecedented increases of inflation, our collective tasks have once again been challenging. We are fortunate to continue to have an exceptional staff in place, as well as an extraordinary partnership with our elected officials, whose collective vision for the community ultimately decides how public funds will be spent in order to achieve policy objectives. As we closed the chapter on 2022, we once again persevered without the need to spend any funds in reserve. In fact, we exceeded revenue estimates again.

This annual report can be viewed as a companion piece to the annual budget and is designed to help tell the story behind our budget numbers. In addition to the 2022 Annual Report, we have also published the Annual Comprehensive Financial Report, the Popular Annual Financial Report, and the Police Department Annual Report on our website. While those reports are much more in-depth, this one gives you a quick snapshot of how employee time is spent and how the tax dollars you pay are put to use in Prairie Village.

I invite you to take a look at your tax dollars at work and hope you find this report to be a valuable resource. We are certainly proud of the services we provide to our community. Don't hesitate to reach out if you have any questions regarding the contents of this document.

Sincerely,
Wes Jordan
City Administrator

LOCAL GOVERNMENT

Prairie Village operates under the mayor-council form of government with an appointed professional city administrator. The city is divided into six wards; two council members elected from each ward serve staggered four-year terms on the city council. The mayor is elected from the city at large for a four-year term. The mayor and 12 elected council members serve as the legislative and policy-making body of the city. The mayor and council provide leadership, vision and direction for the staff and city resources. Council meetings are held on the first and third Monday of each month at 6:00 p.m., usually at the Municipal Building, 7700 Mission Road.

The city administrator is responsible for management of all city programs and departments in accordance with policies and annual budgets adopted by the council. The City provides service in the areas of administration, community development, public works, police, municipal justice, community programs, and parks and recreation. In addition, the City of Prairie Village has several volunteer advisory committees.

MISSION

Formulate and implement public policies which provide responsive, effective, and fiscally responsible services to the City's property owners.

CITY SERVICES

Throughout the year, the City of Prairie Village employs 115 full-time staff along with part-time and seasonal staff members who carry out the day-to-day operations that make Prairie Village a safe, enjoyable place to live, work, and visit.

These employees work in a variety of departments that focus on carrying out the policies and programs that the City Council sets forth.

You may encounter some of these employees regularly. They include police officers who make Prairie Village a safe place to live and work, as well as public works crews who are responsible for the maintenance of streets, trails, and parks.

You may not see other City employees as often, including community development personnel who are responsible for maintaining the structural standards of the community through the planning and enforcement of the city's building codes and comprehensive plan. The administration department is responsible for the Mayor and Council, management planning, information technology, legal services, human resources, finance, licensing, and records management.

2022 IN REVIEW

The following pages feature highlights from Prairie Village in 2022. For more information on any of these highlights, please contact City staff.

In 2022, Prairie Village made a full return to in-person events for the first time since the beginning of the COVID-19 pandemic. The community came together to celebrate at annual events including VillageFest, JazzFest, Juneteenth, the holiday tree lighting, and Arts Council receptions. Prairie Village also welcomed new events in 2022 including the inaugural Martin Luther King, Jr. celebration hosted in part by the Prairie Village Diversity Committee. The Diversity Committee also hosted several town hall style community forums on topics like early education and housing, as well as a play date at Franklin Park.

Other events focused on sustainability, a topic of growing importance for Prairie Village. The Prairie Village Environmental Committee participated in Go Green, an environmental fair organized by cities in northeast Johnson County to give residents tips for being eco-friendly at home. An open house was held at the newly re-constructed Public Works Facility at 3535 Somerset Drive to celebrate the facility earning LEED Platinum certification. LEED, which stands for Leadership in Energy and Environmental Design, is the most widely-used green building rating system in the world. Available for virtually all building types, LEED provides a framework for healthy, highly-efficient, and cost-saving green buildings. LEED certification is a globally recognized symbol of sustainability achievement and leadership. Those who attended the open house were able to view some of the features that helped the project achieve the highest level of LEED certification, like bicycle storage and electric vehicle charging stations, a rainwater collection system used to provide non-potable water used for flushing toilets, energy efficient systems, and solar panels on the roof.

Also on the sustainability front, the City introduced a curbside mattress recycling program in coordination with its annual large item pickup. In partnership with Sleepyhead Beds and Avenue of Life, 460 mattress from 252 households were diverted from the landfill to be reused or recycled.

In mid-2021, the City Council adopted a Tree Protection Ordinance with the intent to preserve the city's existing tree canopy and streetscape for aesthetic, economic and environmental benefits. In 2022, more than 400 private trees were required to be protected. For more on the city's sustainability initiatives, see page 19.

As part of the 2022 budget process, the Governing Body allocated \$20,000 to a new property tax rebate program designed to alleviate some of the burden of home ownership due to rising property values. Qualified residents can be reimbursed 100% of the City's portion of property taxes, excluding special assessments. In its first year, the program refunded more than \$14,000 to Prairie Village home owners.

The Prairie Village Police Department has welcomed its first K9 unit into full-time service in 2022. Blitz, a 70-pound Belgian Malinois born in Holland joined the department after attending a six-week K9 handler's training course. Blitz patrols Prairie Village and Mission Hills, but he is also available to assist other jurisdictions in Johnson County upon request. He detects illegal drugs including cocaine, heroin, and methamphetamine. He is also able to track and detect suspects who are fleeing or hiding, as well as missing or at-risk persons and detect items of evidentiary value.

While signs of spring were popping up this March, literal signs also began to appear throughout Prairie Village denoting the route of three historic trails in the area: the Santa Fe, Oregon & California trails. The signs also point those interested to a new web page on the City's website at pvkansas.com/HistoricTrailsPV where viewers can learn about the history of the area and the trails. The trail markers and web page are the culmination of four years of work and research by community volunteers. Mark Morgan spearheaded the efforts. Volunteers worked closely with the Kansas City Area Historic Trails Association to identify and map all of the three trails' historic trail crossings in Prairie Village. The result was over 30 soft point trail crossing locations over the approximately three-mile route in Prairie Village neighborhoods.

Finally, the City looked for ways to support its Sister City, Dolyna, Ukraine. The City encouraged residents to donate to humanitarian efforts and participated in fundraisers including an art show called "Sunflowers for Ukraine." The City also worked with the Ukrainian Club of Kansas City to organize a donation of wheelchairs and walkers to Ukraine. The Prairie Village Police Department donated approximately 50 ballistic vests to Ukrainian fighters. The City also purchased and donated 55 walkie talkie radios to Ukraine.
