Prioritization Exercise Results**

***Original Instructions:  
Cumulative Voting***

Please spread up to 20 points across the categories below to show emphasis and prioritization for continued study on these topics. You may assign zero points or less than 20, but no more than 20. You may put all of the points on one category or spread in any increment you wish.

*Allocating points to an item does not necessarily mean you are in favor of changing anything - just that you believe that item is worthy to continue through the process with additional staff research, public input, Planning Commission feedback, and ultimately Public Hearings and official ordinances.*
