Average : **B**

GLOBAL DISTRIBUTION

Average : **C**

THEMATIC SCORES

ADAPTATION SCORE

Regional Average
B

Global Average
B

Your jurisdiction is aware of the climate risks you are facing and is beginning to take steps to undertake an adaptation plan, set goals and take action.

MITIGATION SCORE

Regional Average
B

Global Average
C

Your jurisdiction understands the value in measuring your emissions in order to begin undertaking a mitigation plan and taking action.

ESSENTIAL CRITERIA

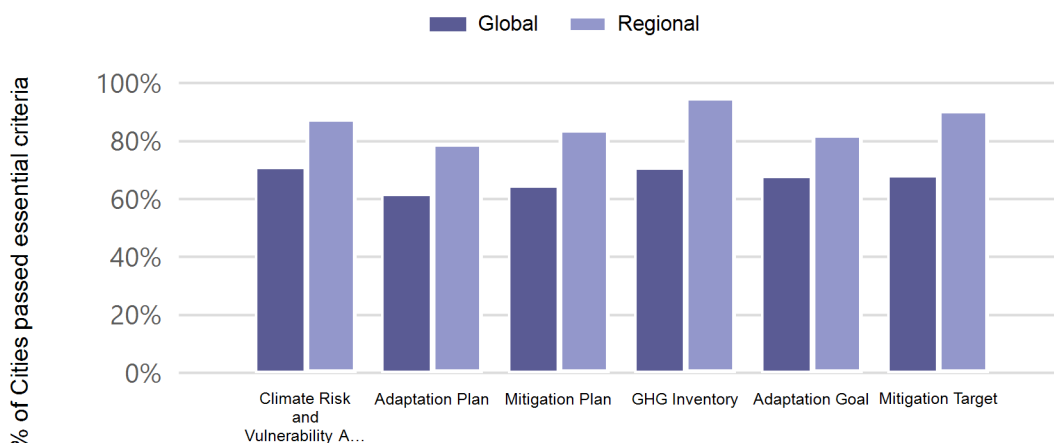

Awareness, Management and Leadership bands have essential criteria which must be met to receive a score within those bands.

For example, regardless of whether all other criteria are met:

- To achieve an Awareness score, Awareness essential criteria must be met.
- To achieve a Management score, Awareness and Management essential criteria must be met.
- To achieve a Leadership score, Awareness, Management and Leadership essential criteria must be met.
- To achieve an A score, Awareness, Management, Leadership and the additional A List essential criteria must be met.

Climate Risk and Vulnerability Assessment		Your jurisdiction has undertaken a climate risk and vulnerability assessment. This is a key component of climate action, and therefore one of the essential criteria of CDP scoring. For best practice guidance to inform future updates and advance this assessment click here .
Adaptation Plan		Your jurisdiction does not yet have a plan that addresses climate adaptation that is aligned with essential criteria for CDP scoring. For best practice guidance to inform the development of this plan and work towards climate resilience click here .
Mitigation Plan		Your jurisdiction does not yet have a plan that addresses climate mitigation that is aligned with essential criteria for CDP scoring. For best practice guidance to inform the development of this plan and work towards emissions neutrality click here .
GHG Inventory		Your jurisdiction has a community-wide emissions inventory. This is a key component of climate action, and therefore one of the essential criteria of CDP scoring. For best practice guidance to inform future updates to your emissions inventory click here .
Adaptation Goal		Your jurisdiction does not have an adaptation goal that is aligned with essential criteria for CDP scoring. For best practice guidance on how to set and monitor an adaptation goal click here
Mitigation Target		Your jurisdiction has a fully reported mitigation target. This is a key component of climate action, and therefore one of the essential criteria of CDP scoring. For best practice guidance on how to track and monitor progress, including A list requirement click here . For 2023, your jurisdiction was also scored on the strength of its mitigation target. For more information regarding this, please click here .
