6:00 PM

AGENDA

TED ODELL, COUNCIL PRESIDENT

AGENDA ITEMS FOR DISCUSSION

Discussion regarding dog breed restrictions in city code

- *COU2016-49 Consider approval of a construction agreement with National Streetscape, Inc. for the Police Department / City Hall entrance, ADA and patio project.
Keith Bredehoeft
- *COU2016-50 Consider approval of the contract with Pavement Management, Inc. for the 2016 Crack Seal/Micro Surfacing Program
Keith Bredehoeft
- *COU2016-51 Consider approval of the contract with Musselman & Hall contractors for the 2016 Street Repair Program
Keith Bredehoeft

***Council Action Requested the same night**

Discussion regarding dog breed restrictions in city code

Possible Motion:

If there is a desire to remove the prohibition of pit-bull dogs from the city code:

Move that Council direct staff and legal counsel to draft an ordinance with the intention to allow the keeping of pit bull dogs in Prairie Village by removing section 2-106 (Pit Bull Dog - Keeping Prohibited) from the city code.

If there is a desire to keep the existing prohibition, no motion or action is required.

Background:

Council initiated the review of the city's dog breed restrictions specifically relating to pit bull dogs. A motion was approved at the May 16th, 2016, City Council meeting to add the topic to the City's priority list and discuss within the next few months.

Currently, the city code reads:

2-106 PIT BULL DOG – KEEPING PROHIBITED.

It shall be unlawful to keep, harbor, own or in any way possess within the corporate limits of the City of Prairie Village, Kansas, any pit bull dog. Pit bull dog for the purposes of this chapter shall include:

- (a) The Staffordshire Bull Terrier breed of dog;
 - (b) The American Pit Bull Terrier breed of dog;
 - (c) The American Staffordshire Terrier breed of dog, or
 - (d) Any dog having the appearance and characteristics of being predominately of the breeds of Staffordshire pit bull terrier, American pit bull terrier, American Staffordshire bull terrier; or a combination of any of these breeds.
-

If animal control is made aware of a pit-bull breed dog in Prairie Village, contact with the owner is initiated and the ordinance is explained with a deadline to remove the dog from the City.

Prepared:

Aug. 11, 2016

PUBLIC WORKS DEPARTMENT

Council Committee Meeting Date: August 15, 2016

Council Meeting Date: August 15, 2016

**CONSIDER APPROVAL OF A CONTRACT WITH NATIONAL STREETScape, INC.
FOR THE CITY HALL COURTYARD.**

RECOMMENDATION

Move to authorize the Mayor to sign the Construction Contract with National Streetscape, Inc. for Project BG50 0003, City Hall Courtyard for \$414,300.00.

BACKGROUND

On August 5, 2016, the City Clerk opened bids for Project BG50 0003, City Hall Courtyard. Three bids were received:

National Streetscape	\$414,300.00
John Rohrer Contracting	\$481,993.00
Gunter Construction	\$493,226.00
Engineers Estimate	\$479,090.00

The consultant has reviewed the bids for accuracy and corrected minor errors on one bid.

This project will reconstruct the City Hall Courtyard, providing unified access to the both the police and municipal offices and will correct the structural deficiencies of the existing infrastructure.

FUNDING SOURCE

Funding is available in the 2016 Capital Infrastructure Program BG50 0003 budget for construction at \$430,000.

ATTACHMENTS

1. Construction Agreement with National Streetscape Inc.

PREPARED BY

Melissa Prenger, Senior Project Manager

August 11, 2016

**CONSTRUCTION CONTRACT
FOR
CITY OF PRAIRIE VILLAGE - COURTYARD**

BETWEEN
THE CITY OF PRAIRIE VILLAGE, KANSAS
AND
NATIONAL STREETSCAPE, INC.

THIS AGREEMENT, is made and entered into this ____ day of _____, 20__, by and between the City of Prairie Village, Kansas, hereinafter termed the “**City**”, and National Streetscape, Inc., hereinafter termed in this agreement, “**Contractor**”, for the construction and completion of “City of Prairie Village - Courtyard”, (the “**Project**”) designated, described and required by the Project Manual and Bid Proposal, to wit:

WITNESSETH:

WHEREAS, the City has caused to be prepared, approved and adopted a Project Manual describing construction materials, labor, equipment and transportation necessary for, and in connection with, the construction of a public improvement, and has caused to be published an advertisement inviting sealed bid, in the manner and for the time required by law;

WHEREAS, the Contractor, in response to the advertisement, has submitted to the City in the manner and at the time specified, a sealed Bid Proposal in accordance with the Bid Documents;

WHEREAS, the City, in the manner prescribed by law, has publicly opened, examined and canvassed the Bid Proposals submitted, and as a result of such canvass has determined and declared the Contractor to be the lowest and best responsible bidder for the construction of said public improvements, and has duly awarded to the said Contractor a contract therefore upon the terms and conditions set forth in this Agreement for the sum or sums set forth herein;

WHEREAS, the Contractor has agreed to furnish at its own cost and expense all labor, tools, equipment, materials and transportation required to construct and complete in good, first class and workmanlike manner, the Work in accordance with the Contract Documents; and

WHEREAS, this Agreement, and other Contract Documents on file with the City Clerk of Prairie Village, Kansas, all of which Contract Documents form the Contract, and are as fully a part thereof as if repeated verbatim herein; all work to be to the entire satisfaction of the City or City’s agents, and in accordance with the laws of the City, the State of Kansas and the United States of America;

NOW, THEREFORE, in consideration of the compensation to be paid the Contractor, and of the mutual agreements herein contained, the parties hereto have agreed and hereby agree, the City for itself and its successors, and the Contractor for itself, himself, herself or themselves, its, his/her, hers or their successors and assigns, or its, his/her, hers or their executors and administrators, as follows:

1. **DEFINITIONS:** Capitalized terms not defined herein shall have the meanings set forth in the General Conditions.

1.1 Following words are given these definitions:

ADVERSE WEATHER shall have the meaning set forth in Section 9.3 hereof.

APPLICATION FOR PAYMENT shall mean a written request for compensation for Work performed on forms approved by the City.

BID shall mean a complete and properly signed proposal to do the Work or designated portion thereof, for the price stipulated therein, submitted in accordance with the Bid Documents.

BID DOCUMENTS shall mean all documents related to submitting a Bid, including, but not limited to, the Advertisement for Bids, Instruction to Bidders, Bid Form, Bid Bond, and the proposed Project Manual, including any Addenda issued prior to receipt of Bids.

BID PROPOSAL shall mean the offer or proposal of the Bidder submitted on the prescribed form set forth the prices for the Work to be performed.

BIDDER shall mean any individual: partnership, corporation, association or other entity submitting a bid for the Work.

BONDS shall mean the bid, maintenance, performance, and statutory or labor and materials payment bonds, together with such other instruments of security as may be required by the Contract Documents.

CERTIFICATE FOR PAYMENT shall mean written certification from the Project Manager stating that to the best of the project manager's knowledge, information and belief, and on the basis of the Project Manager's on-site visits and inspections, the Work described in an Application for Payment has been completed in accordance with the terms and conditions of the Contract Documents and that the amount requested in the Application for Payment is due and payable.

CHANGE ORDER is a written order issued after the Agreement is executed by which the City and the Contractor agree to construct additional items of Work, to adjust the quantities of Work, to modify the Contract Time, or, in lump sum contracts, to change the character and scope of Work shown on the Project Manual.

CITY shall mean the City of Prairie Village, Kansas, acting through a duly appointed representative.

CONTRACT or **CONTRACT DOCUMENTS** shall consist of (but not necessarily be limited to) the Plans, the Specifications, all addenda issued prior to and all modifications issued after execution of this Agreement, (modifications consisting of written amendments to the Agreement signed by both parties, Change Orders, written orders for minor changes in the Work issued by the Project Manager) this Construction Contract between the City and Contractor (sometimes referred to herein as the "**Agreement**"), the accepted Bid Proposal, Contractor's Performance Bond, Contractor's Maintenance Bond, Statutory Bond, the Project Manual, the General Conditions, the Special Conditions and any other documents that have bearing the Work prescribed in the Project. It is understood that the Work shall be

carried out and the Project shall be constructed fully in accordance with the Contract Documents.

CONTRACT PRICE shall be the amount identified in the Construction Agreement between the City and the Contractor as the total amount due the Contractor for Total Completion of the Work as per the Contract Documents.

CONTRACT TIME shall be the number of calendar days stated in the Contract Documents for the completion of the Work or shall be a specific date as designated in the Construction Agreement.

CONTRACTOR shall mean the entity entering into the Contract for the performance of the Work covered by this Contract, together with his/her duly authorized agents or legal representatives.

DEFECTIVE WORK shall mean Work, which is unsatisfactorily, faulty or deficient, or not in conformity with the Project Manual.

FIELD ORDER shall mean a written order issued by the Project Manager that orders minor changes in the Work, but which does not involve a change in the Contract Price or Contract Time.

FINAL ACCEPTANCE shall mean the date when the City accepts in writing that the construction of the Work is complete in accordance with the Contract Documents such that the entire Work can be utilized for the purposes for which it is intended and Contractor is entitled to final payment.

GENERAL CONDITIONS shall mean the provisions in the document titled "General Conditions - General Construction Provisions" attached hereto and incorporation herein by reference.

INSPECTOR shall mean the engineering, technical inspector or inspectors duly authorized by the City to monitor the work and compliance tests under the direct supervision of the Project Manager.

NOTICE TO PROCEED shall mean the written notice by the City to the Contractor fixing the date on which the Contract Time is to commence and on which the Contractor shall start to perform its obligations under the Contract Documents. Without the prior express written consent of the City, the Contractor shall do no work until the date set forth in the Notice to Proceed.

PAY ESTIMATE NO. ____ or FINAL PAY ESTIMATE shall mean the form to be used by the Contractor in requesting progress and final payments, including supporting documentation required by the Contract Documents.

PLANS shall mean and include all Shop Drawings which may have been prepared by or for the City as included in the Project Manual or submitted by the Contractor to the City during the progress of the Work, all of which show the character and scope of the work to be performed.

PROJECT shall mean the Project identified in the first paragraph hereof.

PROJECT MANAGER shall mean the person appointed by the Public Works Director for this Contract.

PROJECT MANUAL shall contain the General Conditions, Special Conditions, Specifications, Shop Drawings and Plans for accomplishing the work.

PROJECT SEGMENTS shall have the meaning set forth in Section 7.1 hereof.

PUBLIC WORKS DIRECTOR shall mean the duly appointed Director of Public Works for the City of Prairie Village or designee.

SHOP DRAWINGS shall mean all drawings, diagrams, illustrations, schedules and other data which are specifically prepared by the Contractor, a Subcontractor, manufacturer, fabricator, supplier or distributor to illustrate some portion of the Work, and all illustrations, brochures, standard schedules, performance charts, instructions, diagrams and other information prepared by a manufacturer, fabricator, supplier or distribution and submitted by the Contractor to illustrate material or equipment for some portion of the Work.

SPECIFICATIONS shall mean those portions of the Project Manual consisting of written technical descriptions of materials, equipment, construction methods, standards and workmanship as applied to the Work and certain administrative details applicable thereto. They may include, but not necessarily be limited to: design specifications, e.g. measurements, tolerances, materials, inspection requirements and other information relative to the work; performance specifications, e.g., performance characteristics required, if any; purchase description specifications, e.g. products or equipment required by manufacturer, trade name and/or type; provided, however, equivalent alternatives (including aesthetics, warranty and manufacturer reputation) may be substituted upon written request and written approval thereof by the City.

SPECIAL CONDITIONS shall mean the provisions in the document titled "Special Conditions" attached hereto and incorporation herein by reference.

SUBCONTRACTOR shall mean an individual, firm or corporation having a direct contract with the Contractor or with another subcontractor for the performance of a part of the Work.

SUBSTANTIAL COMPLETION shall be defined as being less than 100 percent of the Work required that will be completed by a specified date as agreed to in writing by both parties.

TOTAL COMPLETION shall mean all elements of a Project Segment or the Total Project Work is complete including all subsidiary items and "punch-list" items.

TOTAL PROJECT WORK shall have the meaning set forth in Section 7.1 hereof.

UNIT PRICE WORK shall mean Work quantities to be paid for based on unit prices. Each unit price shall be deemed to include the Contractor's overhead and profit for each separately identified item. It is understood and agreed that estimated quantities of times for unit price work are not guaranteed and are solely for the purpose of comparison of bids and determining an initial Contract Price. Determinations of actual quantities and classifications of unit price work shall be made by the City.

UNUSUALLY SEVERE WEATHER shall have the meaning set forth in Section 9.4 hereof.

WORK shall mean the work to be done to complete the construction required of the Contractor by the Contract Documents, and includes all construction, labor, materials, tools, equipment and transportation necessary to produce such construction in accordance with the Contract Documents.

WORK SCHEDULE shall have the meaning set forth in Section 7.2 hereof.

- 1.2 Whenever any word or expression defined herein, or pronoun used instead, occurs in these Contract Documents; it shall have and is mutually understood to have the meaning commonly given. Work described in words, which so applied have a well-known technical or trade meaning shall be held to refer to such, recognized standards.
- 1.3 Whenever in these Contract Documents the words “as ordered,” “as directed”, “as required”, “as permitted”, “as allowed”, or words or phrases of like import are used, it is understood that the order, direction, requirement, permission or allowance of the Project Manager is intended.
- 1.4 Whenever any statement is made in the Contract Documents containing the expression “it is understood and agreed”, or an expression of like import, such expression means the mutual understanding and agreement of the parties hereto.
- 1.5 The words “approved”, “reasonable”, “suitable”, “acceptable”, “properly”, “satisfactorily”, or words of like effect in import, unless otherwise particularly specified herein, shall mean approved, reasonable, suitable, acceptable, proper or satisfactory in the judgment of the Project Manager.
- 1.6 When a word, term or phrase is used in the Contract, it shall be interpreted or construed, first, as defined herein; second, if not defined, according to its generally accepted meaning in the construction industry; and, third, if there is no generally accepted meaning in the construction industry, according to its common and customary usage.
- 1.7 All terms used herein shall have the meanings ascribed to them herein unless otherwise specified.

2. ENTIRE AGREEMENT:

The Contract Documents, together with the Contractor's Performance, Maintenance and Statutory bonds for the Work, constitute the entire and exclusive agreement between the City and the Contractor with reference to the Work. Specifically, but without limitation, this Contract supersedes all prior written or oral communications, representations and negotiations, if any, between the City and the Contractor. The Contract may not be amended or modified except by a modification as hereinabove defined. These Contract Documents do not, nor shall they be construed to, create any contractual relationship of any kind between the City and any Subcontractor or remote tier Subcontractor.

3. INTENT AND INTERPRETATION

- 3.1 The intent of the Contract is to require complete, correct and timely execution of the Work. Any Work that may be required, including construction, labor, materials, tools, equipment and transportation, implied or inferred by the Contract Documents, or any one or more of them, as necessary to produce the intended result, shall be provided by the Contractor for the Contract Price.

- 3.2 All time limits stated in the Contract Documents are of the essence of the Contract.
- 3.3 The Contract is intended to be an integral whole and shall be interpreted as internally consistent. What is required by any one Contract Document shall be considered as required by the Contract.
- 3.4 The specification herein of any act, failure, refusal, omission, event, occurrence or condition as constituting a material breach of this Contract shall not imply that any other, non-specified act, failure, refusal, omission, event, occurrence or condition shall be deemed not to constitute a material breach of this Contract.
- 3.5 The Contractor shall have a continuing duty to read, carefully study and compare each of the Contract Documents and shall give written notice to the Project Manager of any inconsistency, ambiguity, error or omission, which the Contractor may discover, or should have discovered, with respect to these documents before proceeding with the affected Work. The review, issuance, or the express or implied approval by the City or the Project Manager of the Contract Documents shall not relieve the Contractor of the continuing duties imposed hereby, nor shall any such review be evidence of the Contractor's compliance with this Contract.
- 3.6 The City has prepared or caused to have prepared the Project Manual. **HOWEVER, THE CITY MAKES NO REPRESENTATION OR WARRANTY AS TO ACCURACY OR FITNESS FOR PARTICULAR PURPOSE INTENDED OR ANY OTHER WARRANTY OF ANY NATURE WHATSOEVER TO THE CONTRACTOR CONCERNING SUCH DOCUMENTS.** By the execution hereof, the Contractor acknowledges and represents that it has received, reviewed and carefully examined such documents, has found them to be complete, accurate, adequate, consistent, coordinated and sufficient for construction, and that the Contractor has not, does not, and will not rely upon any representation or warranties by the City concerning such documents as no such representation or warranties have been made or are hereby made.
- 3.7 As between numbers and scaled measurements in the Project Manual, the numbers shall govern; as between larger scale and smaller scale drawings, (e.g. 10:1 is larger than 100:1) the larger scale shall govern.
- 3.8 The organization of the Project Manual into divisions, sections, paragraphs, articles (or other categories), shall not control the Contractor in dividing the Work or in establishing the extent or scope of the Work to be performed by Subcontractors.
- 3.9 The Contract Documents supersedes all previous agreements and understandings between the parties, and renders all previous agreements and understandings void relative to these Contract Documents.
- 3.10 Should anything be omitted from the Project Manual, which is necessary to a clear understanding of the Work, or should it appear various instructions are in conflict, the Contractor shall secure written instructions from the Project Manager before proceeding with the construction affected by such omissions or discrepancies.
- 3.11 It is understood and agreed that the Work shall be performed and completed according to the true spirit, meaning, and intent of the Contract Documents.

- 3.12 The Contractor's responsibility for construction covered by conflicting requirements, not provided for by addendum prior to the time of opening Bids for the Work represented thereby, shall not extend beyond the construction in conformity with the less expensive of the said conflicting requirements. Any increase in cost of Work required to be done in excess of the less expensive work of the conflicting requirements will be paid for as extra work as provided for herein.
- 3.13 The apparent silence of the Project Manual as to any detail, or the apparent omission from them of a detailed description concerning any point, shall be regarded as meaning that only the best general practice is to be used. All interpretations of the Project Manual shall be made on the basis above stated.
- 3.14 The conditions set forth herein are general in scope and are intended to contain requirements and conditions generally required in the Work, but may contain conditions or requirements which will not be required in the performance of the Work under contract and which therefore are not applicable thereto. Where any stipulation or requirement set forth herein applies to any such non-existing condition, and is not applicable to the Work under contract, such stipulation or requirement will have no meaning relative to the performance of said Work.
- 3.15 KSA 16-113 requires that non-resident contractors appoint an agent for the service of process in Kansas. The executed appointment must then be filed with the Secretary of State, Topeka, Kansas. Failure to comply with this requirement shall disqualify the Contractor for the awarding of this Contract.

4. CONTRACT COST

The City shall pay the Contractor for the performance of the Work embraced in this Contract, and the Contractor will accept in full compensation therefore the sum (subject to adjustment as provided by the Contract) of ^{Four hundred-fourteen thousand -three hundred} ~~and no/100~~ **DOLLARS** (\$ 414,300.00) for all Work covered by and included in the Contract; payment thereof to be made in cash or its equivalent and in a manner provided in the Contract Documents.

5. WORK SUPERINTENDENT

- 5.1 The Contractor shall provide and maintain, continually on the site of Work during its progress, an adequate and competent superintendent of all operations for and in connection with the Work being performed under this Contract, either personally or by a duly authorized superintendent or other representative. This representative shall be designated in writing at the preconstruction meeting.
- 5.2 The superintendent, or other representative of the Contractor on the Work, who has charge thereof, shall be fully authorized to act for the Contractor, and to receive whatever orders as may be given for the proper prosecution of the Work, or notices in connection therewith. Use of Subcontractors on portions of the Work shall not relieve the Contractor of the obligation to have a competent superintendent on the Work at all times.
- 5.3 The City shall have the right to approve the person who will be the Superintendent based on skill, knowledge, experience and work performance. The City shall also have the right to request replacement of any superintendent.

5.4 The duly authorized representative shall be official liaison between the City and the Contractor regarding the signing of pay estimates, change orders, workday reports and other forms necessary for communication and Work status inquiries. Upon Work commencement, the City shall be notified, in writing, within five (5) working days of any changes in the Contractor's representative. In the absence of the Contractor or representative, suitable communication equipment, which will assure receipt of messages within one (1) hour during the course of the workday, will also be required.

5.5 The Contractor will be required to contact the Project Manager daily to advise whether and/or where the Contractor and/or the Subcontractor's crews will be working that day, in order that the Project Manager's representative is able to monitor properly the Work.

6. PROJECT MANAGER

6.1 It is mutually agreed by and between the parties to this Agreement that the Project Manager shall act as the representative of the City and shall observe and inspect, as required, the Work included herein.

6.2 In order to prevent delays and disputes and to discourage litigation, it is further agreed by and between the parties to this Agreement that the Project Manager shall, in good faith and to the best of its ability, determine the amount and quantities of the several kinds of work which are to be paid for under this Contract; that the Project Manager shall determine, where applicable, questions in relation to said Work and the construction thereof; that Project Manager shall, where applicable decide questions which may arise relative to the execution of this Contract on the part of said Contractor; that the Project Manager's decisions and findings shall be the conditions precedent to the rights of the parties hereto, to any action on the Contract, and to any rights of the Contractor to receive any money under this Contract provided, however, that should the Project Manager render any decision or give any direction which, in the opinion of either party hereto, is not in accordance with the meaning and intent of this Contract, either party may file with the Project Manager and with the other party, within thirty (30) days a written objection to the decision or direction so rendered and, by such action, may reserve the right to submit the question to determination in the future.

6.3 The Project Manager, unless otherwise directed or agreed to by the City in writing, will perform those duties and discharge those responsibilities allocated to the Project Manager as set forth in this Contract. The Project Manager shall be the City's representative from the effective date of this Contract until final payment has been made. The Project Manager shall be authorized to act on behalf of the City only to the extent provided in this Contract. The City and Project Manager may, from time to time, designate Inspectors to perform such functions.

6.4 The City and the Contractor shall communicate with each other in the first instance through the Project Manager.

6.5 The Project Manager shall be the initial interpreter of the requirements of the Project Manual and the judge of the performance by the Contractor. The Project Manager shall render written graphic interpretations necessary for the proper execution or progress of the Work with reasonable promptness on request of the Contractor.

6.6 The Project Manager will review the Contractor's Applications for Payment and will certify to the City for payment to the Contractor those amounts then due the Contractor as provided

in this Contract. The Project Manager's recommendation of any payment requested in an Application for Payment will constitute a representation by Project Manager to City, based on Project Manager's on-site observations of the Work in progress as an experienced and qualified design professional and on Project Manager's review of the Application for Payment and the accompanying data and schedules that the Work has progressed to the point indicated; that, to the best of the Project Manager's knowledge, information and belief, the quality of the Work is in accordance with the Project Manual (subject to an evaluation of the Work as a functioning whole prior to or upon Substantial Completion, to the results of any subsequent tests called for in the Project Manual, to a final determination of quantities and classifications for Unit Price Work if such is called for herein, and to any other qualifications stated in the recommendation); and that Contractor is entitled to payment of the amount recommended. However, by recommending any such payment Project Manager will not thereby be deemed to have represented that exhaustive or continuous on-site inspections have been made to check the quality or the quantity of the Work beyond the responsibilities specifically assigned to Project Manager in the Project Manual or that there may not be other matters or issues between the parties that might entitle Contractor to be paid additionally by the City or the City to withhold payment to Contractor.

- 6.7 The Project Manager may refuse to recommend the whole or any part of any payment if, in Project Manager's opinion, it would be incorrect to make such representations to City. Project Manager may also refuse to recommend any such payment, or, because of subsequently discovered evidence or the results of subsequent inspections or tests, nullify any such payment previously recommended, to such extent as may be necessary in the Project Manager's opinion to protect the City from loss because:
- The Work is defective, or completed Work has been damaged requiring correction or replacement,
 - The Contract Price has been reduced by Written Amendment or Change Order,
 - The City has been required to correct Defective Work or complete Work in accordance with the Project Manual.
- 6.8 The City may refuse to make payment of the full amount recommended by the Project Manager because claims have been made against City on account of Contractor's performance or furnishing of the Work or liens have been filed in connection with the Work or there are other items entitling City to a set-off against the amount recommended, but City must give Contractor written notice (with a copy to Project Manager) stating the reasons for such action.
- 6.9 The Project Manager will have the authority to reject Work which is defective or does not conform to the requirements of this Contract. If the Project Manager deems it necessary or advisable, the Project Manager shall have authority to require additional inspection or testing of the Work for compliance with Contract requirements.
- 6.10 The Project Manager will review, or take other appropriate action as necessary, concerning the Contractor's submittals, including Shop Drawings, Product Data and Samples. Such review, or other action, shall be for the sole purpose of determining general conformance with the design concept and information given through the Project Manual.
- 6.11 The Project Manager shall have authority to order minor changes in the Work not involving a change in the Contract Price or in Contract Time and consistent with the intent of the

- Contract. Such changes shall be effected by verbal direction and then recorded on a Field Order and shall be binding upon the Contractor. The Contractor shall carry out such Field Orders promptly.
- 6.12 The Project Manager, upon written request from the Contractor shall conduct observations to determine the dates of Substantial Completion, Total Completion and the date of Final Acceptance. The Project Manager will receive and forward to the City for the City's review and records, written warranties and related documents from the Contractor required by this Contract and will issue a final Certificate for Payment to the City upon compliance with the requirements of this Contract.
- 6.13 The Project Manager's decisions in matters relating to aesthetic effect shall be final if consistent with the intent of this Contract.
- 6.14 The Project Manager will **NOT** be responsible for Contractor's means, methods, techniques, sequences, or procedures or construction, or the safety precautions and programs incident thereto and will not be responsible for Contractor's failure to perform the Work in accordance with the Project Manual. The Project Manager will not be responsible for the acts or omissions of the Contractor or any Subcontractor or any of its or their agents or employees, or any other person at the site or otherwise performing any of the Work except as may otherwise be provided.
- 6.15 Any plan or method of work suggested by the Project Manager, or other representatives of the City, to the Contractor, but not specified or required, if adopted or followed by the Contractor in whole or in part, shall be used at the risk and responsibility of the Contractor, and the Project Manager and the City will assume no responsibility therefore.
- 6.16 It is agreed by the Contractor that the City shall be and is hereby authorized to appoint or employ, either directly or through the Project Manager, such City representatives or observers as the City may deem proper, to observe the materials furnished and the work performed under the Project Manual, and to see that the said materials are furnished, and the said work performed, in accordance with the Project Manual therefore. The Contractor shall furnish all reasonable aid and assistance required by the Project Manager, or by the resident representatives for proper observation and examination of the Work and all parts thereof.
- 6.17 The Contractor shall comply with any interpretation of the Project Manual by the Project Manager, or any resident representative or observer so appointed, when the same are consistent with the obligations of the Project Manual. However, should the Contractor object to any interpretation given by any subordinate Project Manager, resident representative or observer, the Contractor may appeal in writing to the City Director of Public Works for a decision.
- 6.18 Resident representatives, observers, and other properly authorized representatives of the City or Project Manager shall be free at all times to perform their duties, and intimidation or attempted intimidation of any one of them by the Contractor or by any of its employees, shall be sufficient reason, if the City so decides, to annul the Contract.
- 6.19 Such observation shall not relieve the Contractor from any obligation to perform said Work strictly in accordance with the Project Manual.

7. WORK SCHEDULE:

- 7.1 The Work is comprised of one large project (sometimes referred to as “**Total Project Work**”) and, in some cases, is partitioned into smaller subprojects referred to in this Agreement as “**Project Segments**.” A Contract Time shall be stated in the Contract Documents for both the Total Project Work and, when applicable, the Project Segments.
- 7.2 At the time of execution of this Contract, the Contractor shall furnish the Project Manager with a schedule (“**Work Schedule**”) setting forth in detail (in the critical path method) the sequences proposed to be followed, and giving the dates on which it is expected that Project Segments will be started and completed within the Contract Time. The Work Schedule is subject to approval by the City.
- 7.3 Monthly Work Schedule reports shall accompany the Contractor's pay request for Work completed. Where the Contractor is shown to be behind schedule, it shall provide an accompanying written summary, cause, and explanation of planned remedial action. Payments or portions of payments may be withheld by the City upon failure to maintain scheduled progress of the Work as shown on the approved Work Schedule.
- 7.4 At a minimum the Contractor shall update and submit the Work Schedule for review weekly, unless otherwise agreed upon by the City.
- 7.5 The Contractor, within ten (10) calendar days after being instructed to do so in a written notice from the City, shall commence the Work to be done under this Contract.
- 7.6 If at any time, in the opinion of the Project Manager or City, proper progress is not being maintained; changes shall be proposed in the Work Schedule and resubmitted for consideration and approval.
- 7.7 If the Contractor has not completed Project Segments and is within a non-performance penalty period, it shall not be allowed to undertake a new Project Segment until the Project Segment in dispute is completed, unless expressly permitted by the City.
- 7.8 The operation of any tool, equipment, vehicle, instrument, or other noise-producing device is prohibited to start before or continue after the hours of 7 AM and 10 PM, Monday through Friday (except Fridays which shall be until Midnight) and 8 AM and midnight on Weekends (except Sunday which shall be 10 PM). Violation of this requirement is Prima Facie Violation of City Municipal Code 11-202.
- 7.9 No work shall be undertaken on Saturdays, Sundays and Holidays (Christmas, New Years, Martin Luther King’s Birthday, President’s Day, Memorial Day, Independence Day, Labor Day and Thanksgiving) without the express written approval of the City Project Manager. If it is necessary to perform proper care, maintenance, or protection of work already completed or of equipment used, or in the case of an emergency verbal permission may be obtained through the Project Manager.
- 7.10 Night work may be established by the Contractor, as a regular procedure, with the written permission of the City; such permission, however, may be revoked at any time by the City if the Contractor fails to maintain adequate equipment for the proper prosecution and control of all operations performed as part of the Work.

7.11 The Contractor shall provide 24 hours notice prior to commencing any work to the City Project Manager. The Contractor shall communicate immediately any changes in the Work Schedule to the Project Manager for approval by the City.

8. DELAYS AND EXTENSIONS OF TIME

8.1 In executing the Contract, the Contractor expressly covenants and agrees that, in undertaking the completion of the Work within the Contract Time, it has taken into consideration and made allowances for all of the ordinary delays and hindrances incident to such Work, whether growing out of delays in securing materials, workers, weather conditions or otherwise. No charge shall be made by the Contractor for hindrances or delays from any cause during the progress of the Work, or any portion thereof, included in this Contract.

8.2 Should the Contractor, however, be delayed in the prosecution and completion of the Work by reason of delayed shipment orders, or by any changes, additions, or omissions therein ordered in writing by the City, or by strikes or the abandonment of the Work by the persons engaged thereon through no fault of the Contractor, or by any act taken by the U.S. Government such as the commandeering of labor or materials, embargoes, etc., which would affect the fabrication or delivery of materials and/or equipment to the Work; or by neglect, delay or default of any other contractor of the City, or delays caused by court proceedings; the Contractor shall have no claims for damages or additional compensation or costs for any such cause or delay; but it shall in such cases be entitled to such extension of the time specified for the completion of the Work as the City and the Project Manager shall award in writing on account of such delays, provided, however, that claim for such extension of time is made by the Contractor to the City and the Project Manager in writing within one (1) week from the time when any such alleged cause for delay shall occur.

9. ADVERSE WEATHER:

9.1 Extensions of time for Adverse Weather shall be granted only under the conditions as hereinafter provided.

9.2 For conditions of weather or conditions at the site, so unusual as not to be reasonably anticipated, as determined by the Project Manager, an average or usual number of inclement days when work cannot proceed are to be anticipated during the construction period and are not to be considered as warranting extension of time.

9.3 “**Adverse Weather**” is defined as atmospheric conditions or the impact thereof at a definite time and place, which are unfavorable to construction activities such that they prevent work on critical activities for 50 percent or more of the Contractor’s scheduled workday.

9.4 “**Unusually Severe Weather**” is defined as weather, which is more severe than the adverse weather anticipated for the season, location, or activity involved.

9.5 Time Extensions for Unusually Severe Weather: In order for any request for time extension due to Unusually Severe Weather to be valid, the Contractor must document all of the following conditions:

- The weather experienced at the Work site during the Contract period is more severe than the Adverse Weather anticipated for the Work location during any given month.

- The Unusually Severe Weather actually caused a delay to the completion of the Work.
- The delay must be beyond the control and without fault or negligence by the Contractor.

9.6 The following schedule of monthly-anticipated Adverse Weather delays will constitute the baseline for monthly weather time evaluations. The Contractor's Work Schedule must reflect these anticipated adverse weather delays in all weather affected activities:

MONTHLY ANTICIPATED ADVERSE WEATHER DELAY
WORK DAYS BASED ON FIVE (5) DAY WORK WEEK

JAN	FEB	MAR	APR	MAY	JUN	JUL	AUG	SEP	OCT	NOV	DEC
10	8	7	6	7	7	5	5	5	4	5	9

- 9.7 Upon receipt of the Notice to Proceed, and continuing throughout the Contract, the Contractor shall record on its daily construction report, the occurrence of Adverse Weather and resultant impact to the Work Schedule.
- 9.8 The number of actual Adverse Weather delay days shall include days affected by actual Adverse Weather (even if Adverse Weather occurred in the previous month), and shall be calculated chronologically from the first to the last day of each month, and be recorded as full workdays.
- 9.9 If the number of actual Adverse Weather delay days in a given month exceeds the number of days anticipated above, the difference shall be multiplied by 7/5 to convert any qualifying workday delays to calendar days. The resulting number of qualifying lost days shall be added to the Contract Time.
- 9.10 The determination that Unusually Severe Weather occurred does not automatically mean an extension of time will be granted. The Contractor must substantiate the Unusually Severe Weather delayed work activities on the critical path of the Work Schedule.
- 9.11 Full consideration for equivalent fair weather workdays shall be given. If the number of actual Adverse Weather delays in a given month is less than the number of days anticipated as indicated above, the difference shall be multiplied by 7/5 to convert any workday increases to calendar days. The resulting number of qualifying extra days will be accumulated and subtracted from any future month's days lost due to unusually severe weather.
- 9.12 The net cumulative total of extra days/lost days shall not result in a reduction of Contract Time and the date of Substantial Completion shall not be changed because of unusually favorable weather.
- 9.13 In converting workdays to calendar days, fractions 0.5 and greater shall be rounded up to the next whole number. Fractions less than 0.5 shall be dropped.
- 9.14 The Contractor shall summarize and report all actual Adverse Weather delay days for each month to the Project Manager by the tenth (10th) day of the following month. A narrative indicating the impact of Adverse Weather conditions on the Work Schedule shall be included.

- 9.15 Any claim for extension of time due to Unusually Severe Weather shall be submitted to the Project Manager within 7 days of the last day of the commencement of the event giving rise to the delay occurred. Resolution of any claim shall follow the procedures described above.
- 9.16 The Contractor shall include and indicate the monthly-anticipated Adverse Weather days, listed above, in the Work Schedule. (Reference Section 7.1 for Work Schedule requirements)
- 9.17 The Contractor shall indicate the approved Adverse Weather days (whether less or more than the anticipated days) in its Work Schedule updates.

10. LIQUIDATED DAMAGES

- 10.1 Contractor agrees that time is of the essence and any term pertaining to Contractor timely performing so as to achieve Total Completion within the Contract Time is a material provision of this Contract. Further, the parties acknowledge that City's damages in the event of delay are difficult to ascertain and consequently agree that, in the event and to the extent that actual date of Total Completion is delayed beyond the Contract Time for the Total Project Work or Project Segments attributable solely or concurrently to (i) an act or omission of Contractor or any of its subcontractors or suppliers, or (ii) in whole or in part, to any other event or condition within the Contractor's reasonable control (and not for reasons solely attributable to City), the Contractor shall be assessed a liquidated damage, and not as a penalty, in the amount set forth in the Special Conditions for each calendar day beyond the applicable Contract Time. Such amount shall be deducted from any amounts due Contractor under this Agreement.
- 10.2 Further, the Contractor agrees that, in the event Contractor does not carry out such Work at such rates of progress as required by the Work Schedule approved by the City, the City may, at its option and without Contractor receiving any additional compensation therefore, require Contractor to increase the number of qualified supervisory personnel and/or workers and the amount of equipment employed in the performance of the Work to such extent as City may deem necessary or desirable. In addition, City, at its option, may supplement Contractor's manpower by entering into contracts with other contractors to perform the Work. All costs that are incurred by City, in this regard, including reasonable attorney's fees, shall be deducted from any sums due Contractor or City may make demand on Contractor for reimbursement of such costs.

11. PAYMENT PROCEDURE

- 11.1 Based upon Applications for Payment submitted to the Project Manager by the Contractor and Certificates for Payment issued by the Project Manager, the City shall make progress payments on account of the contract sum to the Contractor as provided below and elsewhere in the Contract Documents.
- 11.2 The period covered by each Application for Payment shall be one calendar month ending on the last day of the month or on a mutually agreed date by City and Contractor.
- 11.3 The Contractor warrants that title to all Work covered by an Application for Payment will pass to the City no later than the time of payment. The Contractor further warrants that upon submittal on the first day of each month of an Application for Payment, all Work for which payments have been received from the City shall be free and clear of liens, claims,

- security interest or other encumbrances in favor of the Contractor or any other person or entity whatsoever.
- 11.4 Each application for payment must be submitted with Contractor's waiver for period of construction covered by application. Each Application for Payment will be submitted with executed waivers from the subcontractors or sub-contractors and suppliers for the previous period of construction covered by the previous application. The final payment application must be submitted together with or preceded by final or complete waivers from every entity involved with performance of the Work covered by the payment request.
- 11.5 The Contractor will submit waivers on forms, and executed in a manner, acceptable to City.
- 11.6 The Contractor shall promptly pay each Subcontractor out of the amount paid to the Contractor because of such Subcontractor's Work the amount to which such Subcontractor is entitled. In the event the City becomes informed that the Contractor has not paid a Subcontractor as herein provided, the City shall have the right, but not the duty, to issue future checks in payment to the Contractor of amounts otherwise due hereunder naming the Contractor and such Subcontractor as joint payees. Such joint check procedure, if employed by the City, shall be deemed payment to the Contractor but shall create no rights in favor of any person or entity beyond the right of the named payees to payment of the check and shall not be deemed to commit the City to repeat the procedure in the future.
- 11.7 The Project Manager will, upon receipt of a written Application for Payment from the Contractor, review the amount of Work performed during the preceding period and the value thereof at the unit prices contracted. From the amounts so ascertained, there shall be deducted ten percent (10%) to be retained until after final completion of the entire Work to the satisfaction of the City. The Project Manager will submit an estimate each month to the City for payment to the Contractor, except that no amount less than \$500.00 will be submitted unless the total amount of the Contract remaining unpaid is less than \$500.00.
- 11.8 Deductions will be made from progress payments if the Contract includes a provision for a lump sum or a percentage deduction. Lump sum deductions will be that portion of the stated lump sum computed as the ratio that the amount earned bears to the Contract Price. Percentage deductions will be computed at the stated percentage of the amount earned.
- 11.9 No progress payment, nor any use or occupancy of the Work by the City, shall be interpreted to constitute an acceptance of any Work not in strict accordance with this Contract.
- 11.10 The City may decline to make payment, may withhold funds, and, if necessary, may demand the return of some or all of the amounts previously paid to the Contractor, to protect the City from loss because of:
- Defective Work not remedied by the Contractor;
 - Claims of third parties against the City or the City's property;
 - Failure by the Contractor to pay Subcontractors or others in a prompt and proper fashion;
 - Evidence that the balance of the Work cannot be completed in accordance with the Contract for the unpaid balance of the Contract Price;

- Evidence that the Work will not be completed in the time required for substantial or final completion;
 - Persistent failure to carry out the Work in accordance with the Contract;
 - Damage to the City or a third party to whom the City is, or may be, liable;
 - Evidence that the Work is not progressing according to agreed upon schedule by both parties.
- 11.11 In the event that the City makes written demand upon the Contractor for amounts previously paid by the City as contemplated in this subparagraph, the Contractor shall promptly comply with such demand and refund such monies to the City.
- 11.12 Neither the observation by the City or any of the City's officials, employees, or agents, nor any order by the City for payment of money, nor any payment for, or acceptance of, the whole or any part of the Work by the City or Project Manager, nor any extension of time, nor any possession taken by the City or its employees, shall operate as a waiver of any provision of this Contract, or of any power herein reserved to the City, or any right to damages herein provided, nor shall any waiver of any breach in this Contract be held to be a waiver of any other or subsequent breach.

12. COMPLETION AND FINAL PAYMENT

- 12.1 Upon Total Completion, when the Contractor is ready for a final inspection of the Total Project Work, it shall notify the City and the Project Manager thereof in writing. Thereupon, the Project Manager will make final inspection of the Work and, if the Work is complete in accordance with this Contract, the Project Manager will promptly issue a final Certificate for Payment certifying to the City that the Work is complete and the Contractor is entitled to the remainder of the unpaid Contract Price, less any amount withheld pursuant to this Contract. If the Project Manager is unable to issue its final Certificate for Payment and is required to repeat its final inspection of the Work, the Contractor shall bear the cost of such repeat final inspection(s), which cost may be deducted by the City from the Contractor's full payment.
- 12.2 The Contractor shall not be entitled to any payment unless and until it submits to the Project Manager its affidavit that all payrolls, invoices for materials and equipment, and other liabilities connected with the Work for which the City, or the City's property might be responsible, have been fully paid or otherwise satisfied; releases and waivers of lien from all Subcontractors and Suppliers of the Contractor and of any and all other parties required by the City; and consent of Surety, if any, to final payment. If any third party fails or refuses to provide a release of claim or waiver of lien as required by the City, the Contractor shall furnish a bond satisfactory to the City to discharge any such lien or indemnify the City from liability.
- 12.3 The City shall make final payment of all sums due the Contractor within thirty days of the Project Manager's execution of a final Certificate for Payment.
- 12.4 Acceptance of final payment shall constitute a waiver of all claims against the City by the Contractor except for those claims previously made in writing against the City by the Contractor, pending at the time of final payment, and identified in writing by the Contractor as unsettled at the time of its request for final inspection.

13. CLAIMS BY THE CONTRACTOR

- 13.1 All Contractor claims shall be initiated by written notice and claim to the Project Manager. Such written notice and claim must be furnished within seven calendar days after occurrence of the event, or the first appearance of the condition, giving rise to the claim.
- 13.2 The Contractor shall diligently proceed with performance of this Contract whether or not there be such a claim pending and the City shall continue to make payments to the Contractor in accordance with this Contract. The resolution of any claim shall be reflected by a Change Order executed by the City, the Project Manager and the Contractor.
- 13.3 Should concealed and unknown conditions which could not, with reasonable diligence, have been discovered in the performance of the Work (a) below the surface of the ground or (b) in an existing structure differ materially with the conditions indicated by this Contract, or should unknown conditions of an unusual nature differing materially from those ordinarily encountered in the area and generally recognized as inherent in Work of the character provided by this Contract, be encountered, the Contract Price shall be equitably adjusted by the Change Order upon the written notice and claim by either party made within seven (7) days after the first observance of the condition. As a condition precedent to the City having any liability to the Contractor for concealed or unknown conditions, the Contractor must give the City written notice of, and an opportunity to observe, the condition prior to disturbing it. The failure by the Contractor to make the written notice and claim as provided in this Subparagraph shall constitute a waiver by the Contractor of any claim arising out of or relating to such concealed or unknown condition.
- 13.4 If the Contractor wishes to make a claim for an increase in the Contract Price, as a condition precedent to any liability of the City therefore, the Contractor shall give the City written notice of such claim within seven (7) days after the occurrence of the event, or the first appearance of the condition, giving rise to such claim. Such notice shall be given by the Contractor before proceeding to execute any additional or changed Work. The failure by the Contractor to give such notice and to give such notice prior to executing the Work shall constitute a waiver of any claim for additional compensation.
- 13.5 The City reserves the right to increase or decrease quantities, and alter the details of construction including grade and alignment as the Project Manager may consider necessary or desirable, by approved Change Order. Such modifications shall not invalidate the Contract nor release the surety. Unless such alterations and increases or decreases change the total cost of the Work, based on the originally estimated quantities and the unit prices bid, by more than 25 percent, or change the total cost of any major item, based on the originally estimated quantities and the unit price bid, by more than 25 percent, the Contractor shall perform the work altered, increased or decreased, at a negotiated price or prices. (A major item shall mean any bid item, the total cost of which exceeds 12-1/2 percent of the total Contract Price based on the proposed quantity and the contract unit price).
- 13.6 When the alterations cause an increase or decrease in excess of the 25 percent indicated above, either the Contractor or the Project Manager may request an adjustment of the unit price to be paid for the item or items.
- 13.7 If a mutually agreeable adjustment cannot be obtained, the City reserves the right to terminate the Contract as it applies to the items in question and make such arrangements as may be deemed necessary to complete the Work.

- 13.8 In connection with any claim by the Contractor against the City for compensation in excess of the Contract Price, any liability of the City for the Contractor's costs shall be strictly limited to direct costs incurred by the Contractor and shall not include standby costs, indirect costs or consequential damages of the Contractor. The City shall not be liable to the Contractor for claims of third parties.
- 13.9 If the Contractor is delayed in progressing any task which at the time of the delay is then critical or which during the delay becomes critical, as the sole result of any act or neglect to act by the City or someone acting in the City's behalf, or by changes ordered in the Work, unusual delay in transportation, unusually adverse weather conditions not reasonably anticipated, fire or any causes beyond the Contractor's control, then the date for achieving Final Acceptance of the Work shall be extended upon the written notice and claim of the Contractor to the City, for such reasonable time as the City may determine. Any notice and claim for an extension of time by the Contractor shall be made not more than seven calendar days after the occurrence of the event or the first appearance of the condition-giving rise to the claim and shall set forth in detail the Contractor's basis for requiring additional time in which to complete the Work. In the event the delay to the Contractor is a continuing one, only one notice and claim for additional time shall be necessary. If the Contractor fails to make such claim as required in this subparagraph, any claim for an extension of time shall be waived.
- 13.10 The Contractor shall delay or suspend the progress of the work or any part thereof, whenever so required by written order of the City, and for such periods of time as required; provided, that in the event of such delay or delays or of such suspension or suspensions of the progress of the work, or any part thereof, the time for completion of work so suspended or of work so delayed by such suspension or suspensions shall be extended for a period equivalent to the time lost by reason of such suspension or suspensions; but such order of the City or Project Manager shall not otherwise modify or invalidate in any way, any of the provisions of this Contract. In the event that the work shall be stopped by written order of the City, any expense, which, in the sole opinion and judgment of the City, is caused by the City, shall be paid by the City to the Contractor.
- 13.11 In executing the Contract Documents, the Contractor expressly covenants and agrees that, in undertaking to complete the Work within the time herein fixed, it has taken into consideration and made allowances for all hindrances and delays incident to such work, whether growing out of delays in securing materials or workers or otherwise. No charge shall be made by the Contractor for hindrances or delays from any cause during the progress of the work, or any portion thereof, included in this Contract, except as provided herein.
- 13.12 In addition to the Project Manual particular to Mobilization found elsewhere in this document, additional mobilization shall not be compensable for work outside of the designated areas for work deemed essential by the City. A quantity of work equal to as much as 10% of the total Contract may be required to be performed beyond the boundaries of the designated work areas

14. CHANGES IN THE WORK

- 14.1 Changes in the Work within the general scope of this Contract, consisting of additions, deletions, revisions, or any combination thereof, may be ordered without invalidating this Contract, by Change Order or by Field Order.

- 14.2 The Project Manager shall have authority to order minor changes in the Work not involving a change in the Contract Price or in Contract Time and consistent with the intent of the Contract. Such changes shall be effected by verbal direction and then recorded on a Field Order and shall be binding upon the Contractor. The Contractor shall carry out such Field Orders promptly.
- 14.3 Any change in the Contract Price resulting from a Change Order shall be by mutual agreement between the City and the Contractor as evidenced by the change in the Contract Price being set forth in the Change Order, and, together with any conditions or requirements related thereto, being initialed by both parties.
- 14.4 If no mutual agreement occurs between the City and the Contractor relative to a change in the Work, the Contractor shall proceed with the Work that is the subject of the Change Order, and the change in the Contract Price, if any, shall then be determined by the Project Manager on the basis of the reasonable expenditures or savings of those performing, deleting or revising the Work attributable to the change, including, in the case of an increase or decrease in the Contract Price, a reasonable allowance for direct job site overhead and profit. In such case, the Contractor shall present, in such form and with such content to the City, as the Project Manager requires, an itemized accounting of such expenditures or savings, plus appropriate supporting data for inclusion in a Change Order. Reasonable expenditures or savings shall be limited to the following: reasonable costs of materials, supplies or equipment, including delivery costs, reasonable costs of labor, including social security, old age and unemployment insurance, fringe benefits required by agreement or custom, and worker's compensation insurance, reasonable rental costs of machinery and equipment exclusive of hand tools, whether rented from the Contractor or others, permit fees, and sales, use or other taxes related to the Work, and reasonable cost of direct supervision and job site field office overhead directly attributable to the change. In no event shall any standby time or any expenditure or savings associated with the Contractor's home office or other non-job site overhead expense be included in any change in the Contract Price. Further, in no event shall the Contractor's overhead expense exceed ten (10%) percent of the reasonable expenditures. Pending final determination of reasonable expenditures or savings to the City, payments on account shall be made to the Contractor on the Project Manager's Certificate for Payment.
- 14.5 If unit prices are provided in the Contract, and if the quantities contemplated are so changed in a proposed Change Order that the application of such unit prices to the quantities of Work proposed would cause substantial inequity to the City or to the Contractor, the applicable unit prices shall be equitably adjusted.
- 14.6 The execution of a Change Order by the Contractor shall constitute conclusive evidence of the Contractor's agreement to the ordered changes in the Work, this Contract as thus amended, the Contract Price and the Contract Time. The Contractor, by executing the Change Order, waives and forever releases any claim including impact against the City for additional time or compensation for matters relating to or arising out of or resulting from the Work included within or affected by the executed Change Order.

15. INSURANCE AND BONDS.

- 15.1 The Contractor shall secure and maintain, throughout the duration of the agreement, insurance (on an occurrence basis unless otherwise agreed to) of such types and in at least such amounts as required herein. Contractor shall provide certificates of insurance and

renewals thereof on forms acceptable to the City. The City shall be notified by receipt of written notice from the insurer or the Contractor at least thirty (30) days prior to material modification or cancellation of any policy listed on the Certificate.

- 15.2 The Contractor, upon receipt of notice of any claim in connection with this Agreement, shall promptly notify the City, providing full details thereof, including an estimate of the amount of loss or liability. The Contractor shall monitor and promptly notify the City of any reduction in limits of protection afforded under any policy listed in the Certificate (or otherwise required by the Contract Documents) if the Contractor's limits of protection shall have been impaired or reduced to such extent that the limits fall below the minimum amounts required herein. The Contractor shall promptly reinstate the original limits of liability required hereunder and shall furnish evidence thereof to the City.

- 15.3 Minimum Requirements Commercial General Liability Policy Limits -

General Aggregate:	\$2,000,000
Products / Completed Operations Aggregate:	\$2,000,000
Personal & Advertising Injury:	\$1,000,000
Each Occurrence:	\$1,000,000

Policy MUST include the following conditions:

- A. Pollution Liability (Applicable only to contracts involving pollutants such as asbestos & lead abatement, sludge or other waste abatement, etc.)
- B. NAME CITY OF PRAIRIE VILLAGE AS "ADDITIONAL INSURED"

- 15.4 Automobile Liability Policy shall protect the Contractor against claims for bodily injury and/or property damage arising from the ownership or use of any owned, hired and/or non-owned vehicle.

Limits (Same as Commercial General Liability) -

Combined Single Limits, Bodily Injury and Property Damage - Each Accident:

Policy MUST include the following condition:

NAME CITY OF PRAIRIE VILLAGE AS "ADDITIONAL INSURED"

- 15.5 Umbrella Liability. The Umbrella / Excess Liability must be at least as broad as the underlying general liability and automobile liability policies.

Limits -

Each Occurrence	\$1,000,000
General Aggregate	\$1,000,000

- 15.6 Workers' Compensation. This insurance shall protect the Contractor against all claims under applicable state workers' compensation laws. The Contractor shall also be protected against claims for injury, disease or death of employees which, for any reason, may not fall within the provisions of workers' compensation law. The policy limits shall not be less than the following:

Workers' Compensation:	Statutory
------------------------	-----------

Employer's Liability:

Bodily Injury by Accident	\$100,000 each accident
Bodily Injury by Disease	\$500,000 policy limit
Bodily Injury by Disease	\$100,000 each employee

15.7 The City will only accept coverage from an insurance carrier who offers proof that it:

Is authorized to do business in the State of Kansas;
 Carries a Best's policy holder rating of A- or better; and
 Carries at least a Class VIII financial rating, **or**
 Is a company mutually agreed upon by the City and Contractor.

15.8 Subcontractor's Insurance. If a part of the Agreement is to be sublet, the Contractor shall either:

- A. Cover all subcontractor's in its insurance policies, or
- B. Require each subcontractor not so covered to secure insurance which will protect subcontractor against all applicable hazards or risks of loss as and in the minimum amounts designated.

Whichever option is chosen, Contractor shall indemnify and hold harmless the City as to any and all damages, claims or losses, including attorney's fees, arising out of the acts or omissions of its Subcontractors.

15.9 Prior to commencing any work, Contractor shall provide City with certificates evidencing that (1) all Contractor's insurance obligations required by the contract documents are in full force and in effect and will remain in effect until Contractor has completed all of the work and has received final payment from City and (2) no insurance coverage will be canceled, renewal refused, or materially changed unless at least thirty (30) days prior written notice is given to City. Contractor's property insurance shall not lapse or be canceled if City occupies a portion of the work. Contractor shall provide City with the necessary endorsements from the insurance company prior to occupying a portion of the work.

15.10 Waiver of Subrogation. All insurance coverage required herein shall contain a waiver of subrogation in favor of the City. Contractor's insurance policies shall be endorsed to indicate that Contractor's insurance coverage is primary and any other insurance maintained by City is non-contributing as respects the work of Contractor.

15.11 Additional Insurance. Excess Liability coverage or additional insurance covering special hazards may be required on certain projects. Such additional insurance requirements shall be as specified in Special Conditions.

15.12 Bonds and Other Performance Security. Contractor shall provide a Performance Bond, Maintenance Bond and a Statutory Bond in the amount of one hundred percent (100%) of the Contract Price to cover the entire scope of Work and any other specific performance security that may be indicated in this Contract. With each bond there shall be filed with the City one copy of "Power of Attorney" certified to include the date of the bonds.

16. INDEMNITY

16.1 For purposes of indemnification requirements as set forth throughout the Contract, the following terms shall have the meaning set forth below:

“The Contractor” means and includes Contractor, all of his/her affiliates and subsidiaries, his/her Subcontractors and material men and their respective servants, agents and employees; and **“Loss”** means any and all loss, damage, liability or expense, of any nature whatsoever, whether incurred as a judgment, settlement, penalty, fine or otherwise (including attorney’s fees and the cost of defense), in connection with any action, proceeding, demand or claim, whether real or spurious, for injury, including death, to any person or persons or damages to or loss of, or loss of the use of, property of any person, firm or corporation, including the parties hereto, which arise out of or are connected with, or are claimed to arise out of or be connected with, the performance of this Contract whether arising before or after the completion of the work required hereunder.

- 16.2 For purposes of this Contract, and without in any way limiting indemnification obligations that may be set forth elsewhere in the Contract, the Contractor hereby agrees to indemnify, defend and hold harmless the City from any and all Loss where Loss is caused or incurred or alleged to be caused or incurred in whole or in part as a result of the negligence or other actionable fault of the Contractor, his/her employees, agents, Subcontractors and suppliers.
- 16.3 It is agreed as a specific element of consideration of this Contract that this indemnity shall apply notwithstanding the joint, concurring or contributory or comparative fault or negligence of the City or any third party and, further, notwithstanding any theory of law including, but not limited to, a characterization of the City’s or any third party’s joint, concurring or contributory or comparative fault or negligence as either passive or active in nature.
- 16.4 Nothing in this section shall be deemed to impose liability on the Contractor to indemnify the City for Loss when the negligence or other actionable fault the City is the sole cause of Loss.
- 16.5 With respect to the City’s rights as set forth herein, the Contractor expressly waives all statutory defenses, including, but not limited to, those under workers compensation, contribution, comparative fault or similar statutes to the extent said defenses are inconsistent with or would defeat the purpose of this section.

17. SUCCESSORS AND ASSIGNS

- 17.1 The City and Contractor bind themselves, their successors, assigns and legal representatives to the other party hereto and to successors, assigns and legal representatives of such other party in respect to covenants, agreements and obligations contained in this Contract.
- 17.2 The Contractor shall not assign or sublet the work, or any part thereof, without the previous written consent of the City, nor shall it assign, by power of attorney or otherwise, any of the money payable under this Contract unless by and with the like written consent of the City. In case the Contractor assigns all, or any part of any moneys due or to become due under this Contract, the instrument of assignment shall contain a clause substantially to the affect that it is agreed that the right of the assignee in and to any moneys due or to become due to the Contractor shall be subject to all prior liens of all persons, firms and corporations for services rendered or materials supplied for the performance of the Work called for in this Contract.
- 17.3 Should any Subcontractor fail to perform in a satisfactory manner, the work undertaken, its subcontract shall be immediately terminated by the Contractor upon notice from the City.

Performing in an unsatisfactory manner is defined as consistently having more than 10% of work unacceptable. The Contractor shall be as fully responsible to the City for the acts and omissions of the subcontractors, and of persons either directly or indirectly employed by them, as Contractor is for the acts and omissions of persons directly employed. Nothing contained in this Contract shall create any contractual relations between any Subcontractor and the City, nor shall anything contained in the Contract Documents create any obligation on the part of the City to pay or to see to the payment of any sums due any Subcontractor.

- 17.4 The Contractor shall not award subcontracts which total more than forty-five (45%) of the Contract Price and shall perform within its own organization work amounting to not less than fifty-five percent (55%) of the total Contract Price. Approval by the City of any Subcontractor shall not constitute a waiver of any right of the City to reject Defective Work, material or equipment not in compliance with the requirements of the Contract Documents. The Contractor shall not make any substitution for any Subcontractor accepted by the City unless the City so agrees in writing.
- 17.5 The Contractor shall not subcontract, sell, transfer, assign or otherwise dispose of the Contract or any portion thereof without previous written consent from the City. In case such consent is given, the Contractor, shall be permitted to subcontract a portion thereof, but shall perform with his/her own organization work amounting to not less than fifty five (55%) of the total Contract Price. No subcontracts, or other transfer of Contract, shall release the Contractor of its liability under the Contract and bonds applicable thereto.
- 17.6 The Contractor shall cause appropriate provisions to be inserted in all subcontracts relative to the Work to bind Subcontractors to the Contractor by the terms of the Contract Documents insofar as applicable to the work of the Subcontractor and to give the Contractor the same power to terminate any Subcontract as the City has to terminate the Contractor under any provisions of the Contract Documents.
- 17.7 Prior to the City's approval of the Contract bid, the successful bidder shall submit to the City for acceptance, a list of names of all Subcontractors proposed for portions of the work and shall designate which work each is to perform.
- 17.8 The City shall, prior to the City's approval of the Contract bid, notify the successful bidder, in writing, if the City, after due investigation, has reasonable objection to any Subcontractor on such list, and the Contractor shall substitute a Subcontractor acceptable to the City at no additional cost to the City or shall be allowed to withdraw his/her Bid, and the City shall either re-bid the Work or accept the next best lowest and responsible bidder. The failure of the City to make objection to a Subcontractor shall constitute an acceptance of such Subcontractor but shall not constitute a waiver of any right of the City to reject Defective Work, material or equipment not in conformance with the requirements of the Project Manual.

18. NON-DISCRIMINATION LAWS

- 18.1 The Contractor agrees that:
- A. The Contractor shall observe the provisions of the Kansas Act Against Discrimination (K.S.A. 44-1001 et seq.) and shall not discriminate against any person in the performance of Work under the present contract because of race, religion, color, sex, disability, national origin, ancestry or age;

- B. In all solicitations or advertisements for employees, the Contractor shall include the phrase, "equal opportunity employer," or a similar phrase to be approved by the Kansas Human Rights Commission (Commission);
 - C. If the Contractor fails to comply with the manner in which the Contractor reports to the commission in accordance with the provisions of K.S.A. 44-1031 and amendments thereto, the Contractor shall be deemed to have breached the present contract and it may be cancelled, terminated or suspended, in whole or in part, by the contracting agency;
 - D. If the Contractor is found guilty of a violation of the Kansas Act Against Discrimination under a decision or order of the Commission which has become final, the Contractor shall be deemed to have breached the present contract and it may be cancelled, terminated or suspended, in whole or in part, by the contracting agency; and
 - E. The Contractor shall include the provisions of Subsections A through D in every subcontract or purchase order so that such provisions will be binding upon such Subcontractor or vendor.
 - F. The provisions of this Section shall not apply to a contract entered into by a Contractor: (1) Who employs fewer than four employees during the term of such contract; or (2) Whose contracts with the City cumulatively total \$5,000 or less during the fiscal year of the City.
- 18.2 The Contractor further agrees that it shall abide by the Kansas Age Discrimination In Employment Act (K.S.A. 44-1111 et seq.) and the applicable provision of the Americans With Disabilities Act (42 U.S.C. 12101 et seq.) as well as all other federal, state and local laws.
- 19. FEDERAL LOBBYING ACTIVITIES [THIS PROVISION ONLY APPLIES IF THE CITY IS RECEIVING FEDERAL FUNDS]**
- 19.1 31 USCS Section 1352 requires all subgrantees, Contractors, Subcontractors, and consultants/Architects who receive federal funds via the City to certify that they will not use federal funds to pay any person for influencing or attempting to influence a federal agency or Congress in connection with the award of any federal contract, grant, loan, or cooperative agreements.
- 19.2 In addition, contract applicants, recipients, and subrecipients must file a form disclosing any expenditure they make for lobbying out of non-federal funds during the contract period.
- 19.3 Necessary forms are available from the City and must be returned to the City with other Contract Documents. It is the responsibility of the general contractor to obtain executed forms from any Subcontractors who fall within the provisions of the Code and to provide the City with the same.
- 20. RELATIONS WITH OTHER CONTRACTORS:**
- 20.1 The Contractor shall cooperate with all other contractors who may be performing work on behalf of the City, and workers who may be employed by the City, or any other entity on any work in the vicinity of the Work to be done under this Contract, and the Contractor shall so

- conduct his/her operations as to interfere to the least possible extent with the work of such contractors or workers. The Contractor shall be responsible for any injury or damage, that may be sustained by other contractors, workers, their work or employees of the City, because of any fault or negligence on the Contractor's part, and shall, at his/her own expense, repair or pay for such injury or damage. If the work of the Contractor is delayed because of any acts or omissions of any other Contractor or Contractors, the Contractor shall have no claim against the City on that account other than for an extension of time.
- 20.2 When two or more Contracts are being executed at one time in such manner that work on one Contract may interfere with that on another, the City shall decide which Contractor shall progress at which time.
- 20.3 Other projects the Contractor may have to coordinate shall be listed in the Special Conditions.
- 20.4 When the territory of one Contract is the necessary or convenient means of access for the transportation or movement of workers, materials, or appliances required for the execution of another Contract, such privileges of access or any other responsible privilege may be granted by the City to the Contractor so desiring, to the extent such may be reasonably necessary.
- 20.5 Upon execution of the Contract, the Contractor shall furnish the City, in writing, the names of persons or entities proposed by the Contractor to act as a Subcontractor on the Work. The City shall promptly reply to the Contractor, in writing, stating any objections the City may have to such proposed Subcontractor. The Contractor shall not enter into a Subcontract with a proposed Subcontractor with reference to whom the City has made timely objection. The Contractor shall not be required to Subcontract with any party to whom the Contractor has objection.

21. RIGHT OF CITY TO TERMINATE

- 21.1 If the Contractor persistently or repeatedly refuses or fails to prosecute the Work in a timely manner, or supply enough properly skilled workers, supervisory personnel or proper equipment or materials, or if it fails to make prompt payment to Subcontractors or for materials or labor, or persistently disregards laws, ordinances, rules, regulations or orders of any public authority having jurisdiction, or if this Contract is assigned by Contractor without authorization or if Contractor is adjudged as bankrupt, or if a general assignment of assets be made for the benefit of creditors; or if a receiver is appointed, or otherwise is guilty of a substantial violation of a provision of this Contract, then the City may by written notice to the Contractor, without prejudice to any right or remedy, terminate the employment of the Contractor and take possession of the site and of all materials, equipment, tools, construction equipment and machinery thereon owned by the Contractor and may finish the Work by whatever methods it may deem expedient. In such case, the Contractor and its surety shall be liable to the City for all excess cost sustained by the City because of such prosecution and completion including any additional legal, Project Manager or bid-letting costs therefore. In such case, the Contractor shall not be entitled to receive further payment. In the event the Contractor is found in a court of law to have been wrongfully terminated for cause, then such termination shall be deemed a termination for convenience and the Contractor shall be compensated as provided herein. Any termination of the Agreement for alleged default by Contractor that is ultimately determined to be unjustified shall automatically be deemed a termination for convenience of the City.

21.2 The City, within its sole discretion, may elect to terminate the Contract with the Contractor for convenience upon three (3) days written Notice to Contractor. In the event of such termination, Contractor shall cease immediately all operations and shall be compensated for all work performed as of the date of termination in accordance with the terms of payment in this contract. Contractor shall not be entitled to any anticipatory profits, consequential damages or other costs other than direct costs of demobilization.

22. MISCELLANEOUS:

22.1 The Contractor warrants to the City that all labor furnished to progress the Work under the Contract will be competent to perform the tasks undertaken, that the product of such labor will yield only first-class results, that materials and equipment furnished will be of good quality and new unless otherwise permitted by this Contract, and that the Work will be of good quality, free from faults and defects and in strict conformance with the Project Manual. All Work not conforming to these requirements may be considered defective.

22.2 The Contractor shall obtain and pay for all permits, fees and licenses necessary or ordinary for the Work. The Contractor shall comply with all lawful requirements, including federal and state laws, City and County laws and ordinances and building codes, applicable to the Work and shall give and maintain copies of all notices required by applicable law pertaining to the Work.

22.3 Provision for Emergencies. Whenever, in the opinion of the City, the Contractor has not taken sufficient precaution for the safety of the public or the protection of the Work to be constructed under this Contract, or of adjacent structures or property which may be injured by process of construction, and whenever, in the opinion of the City, an emergency shall arise and immediate action shall be considered necessary in order to protect property interests and to avoid personal injury and/or death, then the City, with or without notice to the Contractor, shall provide suitable protection to the said interests by causing such Work to be done and materials to be furnished at places as the City may consider necessary and adequate. The cost and expense of such Work and material so furnished shall be borne by the Contractor and, if the same shall not be paid on presentation of the bills therefore, such costs shall be deducted from any amounts due or to become due the Contractor. The performance of such emergency Work shall in no way relieve the Contractor of responsibility for damages which may occur during or after such precaution has been duly taken.

22.4 Both the business address of the Contractor given in the Bid or proposal upon which this Contract is founded, and the Contractor's Office near the Work, is hereby designated as the places to which all notices, letters, and other communications to the Contractor may be mailed or delivered. The delivering at either of the above named addresses, or depositing in any mailbox regularly maintained by the Post Office, of any notice, letter or other communication so addressed to the Contractor, and the date of said service shall be the date of such delivery or mailing. Such addresses may be changed at any time by an instrument in writing, executed by the Contractor, presented, and delivered to the Project Manager and to the City. Nothing herein contained shall be deemed to preclude or render inoperative the service of any notice, letter, or communication upon the Contractor personally.

22.5 It is mutually agreed by and between the parties to this Contract that all royalties and fees for and in connection with patents, or patent infringement, claims for materials, articles,

- apparatus, devices or equipment (as distinguished from processes) used in or furnished for the work shall be included in the Contract Price and the Contractor shall satisfy all demands that may be made at any time for such, and the Contractor shall at its cost and expense, defend any and all suits or proceedings that may be instituted at any time against the City for infringement or alleged infringement of any such patents involved in the work, and Contractor shall pay any award of damages.
- 22.6 The right of general administration of the City shall not make the Contractor an agent of the City, and the liability of the Contractor for all damages to persons, firms, and corporations, arising from the Contractor's execution of the Work, shall not be lessened because of such general administration, but as to all such persons, firms, and corporations, and the damages, if any, to them or their property. The Contractor herein is an independent Contractor in respect to the work.
- 22.7 For a period of time, from the inception of the Contract to three (3) years from the date of final payment under the Contract, the Contractor and subcontractors shall maintain books, accounts, ledgers, invoices, drafts, pages and other records pertaining to the performance of this Contract. At all reasonable times during this period these records shall be available within the State of Kansas at a field or permanent business office for inspection by authorized representatives of the City or of any other agency, which has contributed funds in connection with the Contract or to which the City is obligated to make such inspections available. In addition, this requirement shall be included in all subcontracts entered into in connection with this Contract.
- 22.8 Titles, subheadings used herein, and other Contract Documents are provided only as a matter of convenience and shall have no legal bearing on the interpretation of any provision of the Contract Documents.
- 22.9 No waiver of any breach of this Contract shall be construed to be a waiver of any other subsequent breach.
- 22.10 Should any provision of this Agreement or other Contract Documents be determined to be void, invalid, unenforceable or illegal for whatever reason, such provision(s) shall be null and void; provided, however, that the remaining provisions of this Agreement and/or the other Contract Documents shall be unaffected thereby and shall continue to be valid and enforceable.
- 22.11 Without in any manner limiting Contractor's responsibilities as provided elsewhere in the Contract Documents, the Contractor shall assume full responsibility for the protection of all public and private property, structures, sewers, and utilities, for both above ground and underground facilities, along, beneath, above, across or near the site or sites of the Work being performed under this Agreement, or which are in any manner affected by the prosecution of the Work or the transportation of men/women or materials in connection therewith. Barriers shall be kept in place at all times to protect persons other than those engaged on or about the Work from accident, and the Contractor will be held responsible for all accidents to persons or property resulting from the acts of Contractor or its employees.
- 22.12 The Contractor shall keep fully informed of all existing and current regulations of the City, county, state, and federal laws, which in any way limit or control the actions or operations of those engaged upon the work, or affecting materials supplied, to or by them. The Contractor shall at all times observe and comply with all ordinances, laws, and regulations,

- and shall protect and indemnify the City and the City's officers and agents against any claims or liability arising from or based on any violation of the same.
- 22.13 Nothing contained in the Contract Documents shall create, or be interpreted to create, privity or any other contractual agreement between the City and any person or entity other than the Contractor.
- 22.14 Duties and obligations imposed by the Contract Documents, rights, and remedies available hereunder shall be in addition to and not a limitation of duties, obligations, rights and remedies otherwise imposed or available by law.
- 22.15 No action or failure to act by the City, Project Manager or Contractor shall constitute a waiver of a right or duty afforded them under the Contract, nor shall such action or failure to act constitute approval or acquiescence in a breach hereunder, except as may be specifically agreed in writing.
- 22.16 Contractor specifically acknowledges and confirms that: (i) it has visited the site, made all inspections it deems appropriate and has read and fully understands the Contract Documents, including all obligations and responsibilities undertaken by it as specified herein and in other Contract Documents and knowingly accepts the same; (ii) it has furnished copies of all Contract Documents to its insurance carrier(s) and its surety(ies); and (iii) its insurance carrier(s) and surety(ies) agree to be bound as specified herein, in the Contract Documents and in the insurance policy(ies) and bonds as to liability and surety coverage.
- 22.17 It is specifically agreed between the parties executing this Agreement that the Contract Documents are not intended to create any third party beneficiary relationship nor authorize anyone not a party to this Agreement to maintain a suit for personal injuries or property damage pursuant to the terms or provisions of this Agreement. The duties, obligations and responsibilities of the parties to this Agreement with respect to third parties shall remain as imposed by law.
- 22.18 This Agreement is entered into, under and pursuant to, and is to be construed and enforceable in accordance with the laws of the State of Kansas. Venue of any litigation arising in connection with this Agreement shall be the State courts of Johnson County, Kansas.

IN WITNESS WHEREOF, the City has caused this Agreement to be executed in its behalf, thereunto duly authorized, and the said Contractor has executed five (5) counterparts of this Contract in the prescribed form and manner, the day and year first above written.

ATTEST:

APPROVED BY:

City Clerk, Joyce Hagen-Mundy

City Attorney, Catherine Logan

(If the Contract is not executed by the President of the Corporation, general partner of the Partnership, or manager of a limited liability company, please provide documentation, which authorizes the signatory to bind the corporation, partnership or limited liability company. If a corporation, the Contractor shall furnish the City a current certificate of good standing, dated within ten (10) days of the date of this Contract.)

PUBLIC WORKS DEPARTMENT

Council Committee Meeting Date: August 15, 2016

Council Meeting Date: August 15, 2016

CONSIDER APPROVAL OF A CONTRACT WITH PAVEMENT MANAGEMENT, INC. FOR THE 2016 CRACK SEAL/MICRO SURFACING PROGRAM.

RECOMMENDATION

Move to authorize the Mayor to sign the Construction Contract with Pavement Management, Inc. for Project P5000/P5038, 2016 Crack Seal/Micro Surfacing Program for \$312,000.

BACKGROUND

On August 5, 2016 the City Clerk opened bids for Project P5000/P5038, 2016 Crack Seal/Micro Surfacing Program. Two bids were received:

Pavement Management	\$309,910
Vance Brothers, Inc.	\$315,320
Engineer's Estimate	\$311,104

This contract consists of two separate maintenance programs at various locations throughout the City. A Micro Surfacing program which is a maintenance tool to assist in preserving the existing asphalt pavement, thus extending the pavements life cycle and a Crack Seal program which seals existing cracks in the asphalt pavement. Sealing cracks and joints helps to prevent water from entering the base of the pavement.

There is \$312,000.00 budgeted for these projects and the contract will be awarded for that amount. Locations of work will be adjusted (increased) to utilize the \$312,000 budget.

City staff has reviewed the bids for accuracy and found no errors.

FUNDING SOURCE

Funding is available in the 2016 Capital Infrastructure Program Project P5000/P5038.

**CONSTRUCTION CONTRACT
FOR
PROJECT
P5000/P5038 2016 CRACK SEAL & MICRO SURFACING PROGRAM
BETWEEN
THE CITY OF PRAIRIE VILLAGE, KANSAS
AND
PAVEMENT MANAGEMENT, INC.**

THIS AGREEMENT, is made and entered into this ____ day of _____, 20__, by and between the City of Prairie Village, Kansas, hereinafter termed the "**City**", and PAVEMENT MANAGEMENT, INC. hereinafter termed in this agreement, "**Contractor**", for the construction and completion of Project *P5000 / P5038 2016 CRACK SEAL & MICRO SURFACING PROGRAM*, the "**Project**" designated, described and required by the Project Manual and Bid Proposal, to wit:

WITNESSETH:

WHEREAS, the City has caused to be prepared, approved and adopted a Project Manual describing construction materials, labor, equipment and transportation necessary for, and in connection with, the construction of a public improvement, and has caused to be published an advertisement inviting sealed bid, in the manner and for the time required by law;

WHEREAS, the Contractor, in response to the advertisement, has submitted to the City in the manner and at the time specified, a sealed Bid Proposal in accordance with the Bid Documents;

WHEREAS, the City, in the manner prescribed by law, has publicly opened, examined and canvassed the Bid Proposals submitted, and as a result of such canvass has determined and declared the Contractor to be the lowest and best responsible bidder for the construction of said public improvements, and has duly awarded to the said Contractor a contract therefore upon the terms and conditions set forth in this Agreement for the sum or sums set forth herein;

WHEREAS, the Contractor has agreed to furnish at its own cost and expense all labor, tools, equipment, materials and transportation required to construct and complete in good, first class and workmanlike manner, the Work in accordance with the Contract Documents; and

WHEREAS, this Agreement, and other Contract Documents on file with the City Clerk of Prairie Village, Kansas, all of which Contract Documents form the Contract, and are as fully a part thereof as if repeated verbatim herein; all work to be to the entire satisfaction of the City or City's agents, and in accordance with the laws of the City, the State of Kansas and the United States of America;

NOW, THEREFORE, in consideration of the compensation to be paid the Contractor, and of the mutual agreements herein contained, the parties hereto have agreed and hereby agree, the City for itself and its successors, and the Contractor for itself, himself, herself or themselves, its, his/her,

hers or their successors and assigns, or its, his/her, hers or their executors and administrators, as follows:

1. **DEFINITIONS:** Capitalized terms not defined herein shall have the meanings set forth in the General Conditions.

1.1 Following words are given these definitions:

ADVERSE WEATHER shall have the meaning set forth in Section 9.3 hereof.

APPLICATION FOR PAYMENT shall mean a written request for compensation for Work performed on forms approved by the City.

BID shall mean a complete and properly signed proposal to do the Work or designated portion thereof, for the price stipulated therein, submitted in accordance with the Bid Documents.

BID DOCUMENTS shall mean all documents related to submitting a Bid, including, but not limited to, the Advertisement for Bids, Instruction to Bidders, Bid Form, Bid Bond, and the proposed Project Manual, including any Addenda issued prior to receipt of Bids.

BID PROPOSAL shall mean the offer or proposal of the Bidder submitted on the prescribed form set forth the prices for the Work to be performed.

BIDDER shall mean any individual: partnership, corporation, association or other entity submitting a bid for the Work.

BONDS shall mean the bid, maintenance, performance, and statutory or labor and materials payment bonds, together with such other instruments of security as may be required by the Contract Documents.

CERTIFICATE FOR PAYMENT shall mean written certification from the Project Manager stating that to the best of the project manager's knowledge, information and belief, and on the basis of the Project Manager's on-site visits and inspections, the Work described in an Application for Payment has been completed in accordance with the terms and conditions of the Contract Documents and that the amount requested in the Application for Payment is due and payable.

CHANGE ORDER is a written order issued after the Agreement is executed by which the City and the Contractor agree to construct additional items of Work, to adjust the quantities of Work, to modify the Contract Time, or, in lump sum contracts, to change the character and scope of Work shown on the Project Manual.

CITY shall mean the City of Prairie Village, Kansas, acting through a duly appointed representative.

CONTRACT or **CONTRACT DOCUMENTS** shall consist of (but not necessarily be limited to) the Plans, the Specifications, all addenda issued prior to and all modifications issued after execution of this Agreement, (modifications consisting of written amendments to the Agreement signed by both parties, Change Orders, written orders for minor changes in the Work issued by the Project Manager) this Construction Contract between the City and Contractor (sometimes referred to herein as the "**Agreement**"), the accepted Bid Proposal, Contractor's Performance Bond, Contractor's Maintenance Bond, Statutory Bond, the

Project Manual, the General Conditions, the Special Conditions and any other documents that have bearing the Work prescribed in the Project. It is understood that the Work shall be carried out and the Project shall be constructed fully in accordance with the Contract Documents.

CONTRACT PRICE shall be the amount identified in the Construction Agreement between the City and the Contractor as the total amount due the Contractor for Total Completion of the Work as per the Contract Documents.

CONTRACT TIME shall be the number of calendar days stated in the Contract Documents for the completion of the Work or shall be a specific date as designated in the Construction Agreement.

CONTRACTOR shall mean the entity entering into the Contract for the performance of the Work covered by this Contract, together with his/her duly authorized agents or legal representatives.

DEFECTIVE WORK shall mean Work, which is unsatisfactorily, faulty or deficient, or not in conformity with the Project Manual.

FIELD ORDER shall mean a written order issued by the Project Manager that orders minor changes in the Work, but which does not involve a change in the Contract Price or Contract Time.

FINAL ACCEPTANCE shall mean the date when the City accepts in writing that the construction of the Work is complete in accordance with the Contract Documents such that the entire Work can be utilized for the purposes for which it is intended and Contractor is entitled to final payment.

GENERAL CONDITIONS shall mean the provisions in the document titled "General Conditions - General Construction Provisions" attached hereto and incorporation herein by reference.

INSPECTOR shall mean the engineering, technical inspector or inspectors duly authorized by the City to monitor the work and compliance tests under the direct supervision of the Project Manager.

NOTICE TO PROCEED shall mean the written notice by the City to the Contractor fixing the date on which the Contract Time is to commence and on which the Contractor shall start to perform its obligations under the Contract Documents. Without the prior express written consent of the City, the Contractor shall do no work until the date set forth in the Notice to Proceed.

PAY ESTIMATE NO. ____ or **FINAL PAY ESTIMATE** shall mean the form to be used by the Contractor in requesting progress and final payments, including supporting documentation required by the Contract Documents.

PLANS shall mean and include all Shop Drawings which may have been prepared by or for the City as included in the Project Manual or submitted by the Contractor to the City during the progress of the Work, all of which show the character and scope of the work to be performed.

PROJECT shall mean the Project identified in the first paragraph hereof.

PROJECT MANAGER shall mean the person appointed by the Public Works Director for this Contract.

PROJECT MANUAL shall contain the General Conditions, Special Conditions, Specifications, Shop Drawings and Plans for accomplishing the work.

PROJECT SEGMENTS shall have the meaning set forth in Section 7.1 hereof.

PUBLIC WORKS DIRECTOR shall mean the duly appointed Director of Public Works for the City of Prairie Village or designee.

SHOP DRAWINGS shall mean all drawings, diagrams, illustrations, schedules and other data which are specifically prepared by the Contractor, a Subcontractor, manufacturer, fabricator, supplier or distributor to illustrate some portion of the Work, and all illustrations, brochures, standard schedules, performance charts, instructions, diagrams and other information prepared by a manufacturer, fabricator, supplier or distributor and submitted by the Contractor to illustrate material or equipment for some portion of the Work.

SPECIFICATIONS shall mean those portions of the Project Manual consisting of written technical descriptions of materials, equipment, construction methods, standards and workmanship as applied to the Work and certain administrative details applicable thereto. They may include, but not necessarily be limited to: design specifications, e.g. measurements, tolerances, materials, inspection requirements and other information relative to the work; performance specifications, e.g., performance characteristics required, if any; purchase description specifications, e.g. products or equipment required by manufacturer, trade name and/or type; provided, however, equivalent alternatives (including aesthetics, warranty and manufacturer reputation) may be substituted upon written request and written approval thereof by the City.

SPECIAL CONDITIONS shall mean the provisions in the document titled "Special Conditions" attached hereto and incorporation herein by reference.

SUBCONTRACTOR shall mean an individual, firm or corporation having a direct contract with the Contractor or with another subcontractor for the performance of a part of the Work.

SUBSTANTIAL COMPLETION shall be defined as being less than 100 percent of the Work required that will be completed by a specified date as agreed to in writing by both parties.

TOTAL COMPLETION shall mean all elements of a Project Segment or the Total Project Work is complete including all subsidiary items and "punch-list" items.

TOTAL PROJECT WORK shall have the meaning set forth in Section 7.1 hereof.

UNIT PRICE WORK shall mean Work quantities to be paid for based on unit prices. Each unit price shall be deemed to include the Contractor's overhead and profit for each separately identified item. It is understood and agreed that estimated quantities of times for unit price work are not guaranteed and are solely for the purpose of comparison of bids and determining an initial Contract Price. Determinations of actual quantities and classifications of unit price work shall be made by the City.

UNUSUALLY SEVERE WEATHER shall have the meaning set forth in Section 9.4 hereof.

WORK shall mean the work to be done to complete the construction required of the Contractor by the Contract Documents, and includes all construction, labor, materials, tools, equipment and transportation necessary to produce such construction in accordance with the Contract Documents.

WORK SCHEDULE shall have the meaning set forth in Section 7.2 hereof.

- 1.2 Whenever any word or expression defined herein, or pronoun used instead, occurs in these Contract Documents; it shall have and is mutually understood to have the meaning commonly given. Work described in words, which so applied have a well-known technical or trade meaning shall be held to refer to such, recognized standards.
- 1.3 Whenever in these Contract Documents the words "as ordered," "as directed", "as required", "as permitted", "as allowed", or words or phrases of like import are used, it is understood that the order, direction, requirement, permission or allowance of the Project Manager is intended.
- 1.4 Whenever any statement is made in the Contract Documents containing the expression "it is understood and agreed", or an expression of like import, such expression means the mutual understanding and agreement of the parties hereto.
- 1.5 The words "approved", "reasonable", "suitable", "acceptable", "properly", "satisfactorily", or words of like effect in import, unless otherwise particularly specified herein, shall mean approved, reasonable, suitable, acceptable, proper or satisfactory in the judgment of the Project Manager.
- 1.6 When a word, term or phrase is used in the Contract, it shall be interpreted or construed, first, as defined herein; second, if not defined, according to its generally accepted meaning in the construction industry; and, third, if there is no generally accepted meaning in the construction industry, according to its common and customary usage.
- 1.7 All terms used herein shall have the meanings ascribed to them herein unless otherwise specified.

2. ENTIRE AGREEMENT:

The Contract Documents, together with the Contractor's Performance, Maintenance and Statutory bonds for the Work, constitute the entire and exclusive agreement between the City and the Contractor with reference to the Work. Specifically, but without limitation, this Contract supersedes all prior written or oral communications, representations and negotiations, if any, between the City and the Contractor. The Contract may not be amended or modified except by a modification as hereinabove defined. These Contract Documents do not, nor shall they be construed to, create any contractual relationship of any kind between the City and any Subcontractor or remote tier Subcontractor.

3. INTENT AND INTERPRETATION

- 3.1 The intent of the Contract is to require complete, correct and timely execution of the Work. Any Work that may be required, including construction, labor, materials, tools, equipment and transportation, implied or inferred by the Contract Documents, or any one or more of them, as necessary to produce the intended result, shall be provided by the Contractor for the Contract Price.

- 3.2 All time limits stated in the Contract Documents are of the essence of the Contract.
- 3.3 The Contract is intended to be an integral whole and shall be interpreted as internally consistent. What is required by any one Contract Document shall be considered as required by the Contract.
- 3.4 The specification herein of any act, failure, refusal, omission, event, occurrence or condition as constituting a material breach of this Contract shall not imply that any other, non-specified act, failure, refusal, omission, event, occurrence or condition shall be deemed not to constitute a material breach of this Contract.
- 3.5 The Contractor shall have a continuing duty to read, carefully study and compare each of the Contract Documents and shall give written notice to the Project Manager of any inconsistency, ambiguity, error or omission, which the Contractor may discover, or should have discovered, with respect to these documents before proceeding with the affected Work. The review, issuance, or the express or implied approval by the City or the Project Manager of the Contract Documents shall not relieve the Contractor of the continuing duties imposed hereby, nor shall any such review be evidence of the Contractor's compliance with this Contract.
- 3.6 The City has prepared or caused to have prepared the Project Manual. **HOWEVER, THE CITY MAKES NO REPRESENTATION OR WARRANTY AS TO ACCURACY OR FITNESS FOR PARTICULAR PURPOSE INTENDED OR ANY OTHER WARRANTY OF ANY NATURE WHATSOEVER TO THE CONTRACTOR CONCERNING SUCH DOCUMENTS.** By the execution hereof, the Contractor acknowledges and represents that it has received, reviewed and carefully examined such documents, has found them to be complete, accurate, adequate, consistent, coordinated and sufficient for construction, and that the Contractor has not, does not, and will not rely upon any representation or warranties by the City concerning such documents as no such representation or warranties have been made or are hereby made.
- 3.7 As between numbers and scaled measurements in the Project Manual, the numbers shall govern; as between larger scale and smaller scale drawings, (e.g. 10:1 is larger than 100:1) the larger scale shall govern.
- 3.8 The organization of the Project Manual into divisions, sections, paragraphs, articles (or other categories), shall not control the Contractor in dividing the Work or in establishing the extent or scope of the Work to be performed by Subcontractors.
- 3.9 The Contract Documents supersedes all previous agreements and understandings between the parties, and renders all previous agreements and understandings void relative to these Contract Documents.
- 3.10 Should anything be omitted from the Project Manual, which is necessary to a clear understanding of the Work, or should it appear various instructions are in conflict, the Contractor shall secure written instructions from the Project Manager before proceeding with the construction affected by such omissions or discrepancies.
- 3.11 It is understood and agreed that the Work shall be performed and completed according to the true spirit, meaning, and intent of the Contract Documents.
- 3.12 The Contractor's responsibility for construction covered by conflicting requirements, not provided for by addendum prior to the time of opening Bids for the Work represented

thereby, shall not extend beyond the construction in conformity with the less expensive of the said conflicting requirements. Any increase in cost of Work required to be done in excess of the less expensive work of the conflicting requirements will be paid for as extra work as provided for herein.

- 3.13 The apparent silence of the Project Manual as to any detail, or the apparent omission from them of a detailed description concerning any point, shall be regarded as meaning that only the best general practice is to be used. All interpretations of the Project Manual shall be made on the basis above stated.
- 3.14 The conditions set forth herein are general in scope and are intended to contain requirements and conditions generally required in the Work, but may contain conditions or requirements which will not be required in the performance of the Work under contract and which therefore are not applicable thereto. Where any stipulation or requirement set forth herein applies to any such non-existing condition, and is not applicable to the Work under contract, such stipulation or requirement will have no meaning relative to the performance of said Work.
- 3.15 KSA 16-113 requires that non-resident contractors appoint an agent for the service of process in Kansas. The executed appointment must then be filed with the Secretary of State, Topeka, Kansas. Failure to comply with this requirement shall disqualify the Contractor for the awarding of this Contract.

4. CONTRACT COST

The City shall pay the Contractor for the performance of the Work embraced in this Contract, and the Contractor will accept in full compensation therefore the sum (subject to adjustment as provided by the Contract) of Three Hundred Twelve Thousand and Zero Cents DOLLARS (\$312,000.00) for all Work covered by and included in the Contract; payment thereof to be made in cash or its equivalent and in a manner provided in the Contract Documents.

5. WORK SUPERINTENDENT

- 5.1 The Contractor shall provide and maintain, continually on the site of Work during its progress, an adequate and competent superintendent of all operations for and in connection with the Work being performed under this Contract, either personally or by a duly authorized superintendent or other representative. This representative shall be designated in writing at the preconstruction meeting.
- 5.2 The superintendent, or other representative of the Contractor on the Work, who has charge thereof, shall be fully authorized to act for the Contractor, and to receive whatever orders as may be given for the proper prosecution of the Work, or notices in connection therewith. Use of Subcontractors on portions of the Work shall not relieve the Contractor of the obligation to have a competent superintendent on the Work at all times.
- 5.3 The City shall have the right to approve the person who will be the Superintendent based on skill, knowledge, experience and work performance. The City shall also have the right to request replacement of any superintendent.
- 5.4 The duly authorized representative shall be official liaison between the City and the Contractor regarding the signing of pay estimates, change orders, workday reports and other forms necessary for communication and Work status inquiries. Upon Work

commencement, the City shall be notified, in writing, within five (5) working days of any changes in the Contractor's representative. In the absence of the Contractor or representative, suitable communication equipment, which will assure receipt of messages within one (1) hour during the course of the workday, will also be required.

- 5.5 The Contractor will be required to contact the Project Manager daily to advise whether and/or where the Contractor and/or the Subcontractor's crews will be working that day, in order that the Project Manager's representative is able to monitor properly the Work.

6. PROJECT MANAGER

- 6.1 It is mutually agreed by and between the parties to this Agreement that the Project Manager shall act as the representative of the City and shall observe and inspect, as required, the Work included herein.

- 6.2 In order to prevent delays and disputes and to discourage litigation, it is further agreed by and between the parties to this Agreement that the Project Manager shall, in good faith and to the best of its ability, determine the amount and quantities of the several kinds of work which are to be paid for under this Contract; that the Project Manager shall determine, where applicable, questions in relation to said Work and the construction thereof; that Project Manager shall, where applicable decide questions which may arise relative to the execution of this Contract on the part of said Contractor; that the Project Manager's decisions and findings shall be the conditions precedent to the rights of the parties hereto, to any action on the Contract, and to any rights of the Contractor to receive any money under this Contract provided, however, that should the Project Manager render any decision or give any direction which, in the opinion of either party hereto, is not in accordance with the meaning and intent of this Contract, either party may file with the Project Manager and with the other party, within thirty (30) days a written objection to the decision or direction so rendered and, by such action, may reserve the right to submit the question to determination in the future.

- 6.3 The Project Manager, unless otherwise directed or agreed to by the City in writing, will perform those duties and discharge those responsibilities allocated to the Project Manager as set forth in this Contract. The Project Manager shall be the City's representative from the effective date of this Contract until final payment has been made. The Project Manager shall be authorized to act on behalf of the City only to the extent provided in this Contract. The City and Project Manager may, from time to time, designate Inspectors to perform such functions.

- 6.4 The City and the Contractor shall communicate with each other in the first instance through the Project Manager.

- 6.5 The Project Manager shall be the initial interpreter of the requirements of the Project Manual and the judge of the performance by the Contractor. The Project Manager shall render written graphic interpretations necessary for the proper execution or progress of the Work with reasonable promptness on request of the Contractor.

- 6.6 The Project Manager will review the Contractor's Applications for Payment and will certify to the City for payment to the Contractor those amounts then due the Contractor as provided in this Contract. The Project Manager's recommendation of any payment requested in an Application for Payment will constitute a representation by Project Manager to City, based on Project Manager's on-site observations of the Work in progress as an experienced and

qualified design professional and on Project Manager's review of the Application for Payment and the accompanying data and schedules that the Work has progressed to the point indicated; that, to the best of the Project Manager's knowledge, information and belief, the quality of the Work is in accordance with the Project Manual (subject to an evaluation of the Work as a functioning whole prior to or upon Substantial Completion, to the results of any subsequent tests called for in the Project Manual, to a final determination of quantities and classifications for Unit Price Work if such is called for herein, and to any other qualifications stated in the recommendation); and that Contractor is entitled to payment of the amount recommended. However, by recommending any such payment Project Manager will not thereby be deemed to have represented that exhaustive or continuous on-site inspections have been made to check the quality or the quantity of the Work beyond the responsibilities specifically assigned to Project Manager in the Project Manual or that there may not be other matters or issues between the parties that might entitle Contractor to be paid additionally by the City or the City to withhold payment to Contractor.

- 6.7 The Project Manager may refuse to recommend the whole or any part of any payment if, in Project Manager's opinion, it would be incorrect to make such representations to City. Project Manager may also refuse to recommend any such payment, or, because of subsequently discovered evidence or the results of subsequent inspections or tests, nullify any such payment previously recommended, to such extent as may be necessary in the Project Manager's opinion to protect the City from loss because:
- The Work is defective, or completed Work has been damaged requiring correction or replacement,
 - The Contract Price has been reduced by Written Amendment or Change Order,
 - The City has been required to correct Defective Work or complete Work in accordance with the Project Manual.
- 6.8 The City may refuse to make payment of the full amount recommended by the Project Manager because claims have been made against City on account of Contractor's performance or furnishing of the Work or liens have been filed in connection with the Work or there are other items entitling City to a set-off against the amount recommended, but City must give Contractor written notice (with a copy to Project Manager) stating the reasons for such action.
- 6.9 The Project Manager will have the authority to reject Work which is defective or does not conform to the requirements of this Contract. If the Project Manager deems it necessary or advisable, the Project Manager shall have authority to require additional inspection or testing of the Work for compliance with Contract requirements.
- 6.10 The Project Manager will review, or take other appropriate action as necessary, concerning the Contractor's submittals, including Shop Drawings, Product Data and Samples. Such review, or other action, shall be for the sole purpose of determining general conformance with the design concept and information given through the Project Manual.
- 6.11 The Project Manager shall have authority to order minor changes in the Work not involving a change in the Contract Price or in Contract Time and consistent with the intent of the Contract. Such changes shall be effected by verbal direction and then recorded on a Field Order and shall be binding upon the Contractor. The Contractor shall carry out such Field Orders promptly.

- 6.12 The Project Manager, upon written request from the Contractor shall conduct observations to determine the dates of Substantial Completion, Total Completion and the date of Final Acceptance. The Project Manager will receive and forward to the City for the City's review and records, written warranties and related documents from the Contractor required by this Contract and will issue a final Certificate for Payment to the City upon compliance with the requirements of this Contract.
- 6.13 The Project Manager's decisions in matters relating to aesthetic effect shall be final if consistent with the intent of this Contract.
- 6.14 The Project Manager will **NOT** be responsible for Contractor's means, methods, techniques, sequences, or procedures or construction, or the safety precautions and programs incident thereto and will not be responsible for Contractor's failure to perform the Work in accordance with the Project Manual. The Project Manager will not be responsible for the acts or omissions of the Contractor or any Subcontractor or any of its or their agents or employees, or any other person at the site or otherwise performing any of the Work except as may otherwise be provided.
- 6.15 Any plan or method of work suggested by the Project Manager, or other representatives of the City, to the Contractor, but not specified or required, if adopted or followed by the Contractor in whole or in part, shall be used at the risk and responsibility of the Contractor, and the Project Manager and the City will assume no responsibility therefore.
- 6.16 It is agreed by the Contractor that the City shall be and is hereby authorized to appoint or employ, either directly or through the Project Manager, such City representatives or observers as the City may deem proper, to observe the materials furnished and the work performed under the Project Manual, and to see that the said materials are furnished, and the said work performed, in accordance with the Project Manual therefore. The Contractor shall furnish all reasonable aid and assistance required by the Project Manager, or by the resident representatives for proper observation and examination of the Work and all parts thereof.
- 6.17 The Contractor shall comply with any interpretation of the Project Manual by the Project Manager, or any resident representative or observer so appointed, when the same are consistent with the obligations of the Project Manual. However, should the Contractor object to any interpretation given by any subordinate Project Manager, resident representative or observer, the Contractor may appeal in writing to the City Director of Public Works for a decision.
- 6.18 Resident representatives, observers, and other properly authorized representatives of the City or Project Manager shall be free at all times to perform their duties, and intimidation or attempted intimidation of any one of them by the Contractor or by any of its employees, shall be sufficient reason, if the City so decides, to annul the Contract.
- 6.19 Such observation shall not relieve the Contractor from any obligation to perform said Work strictly in accordance with the Project Manual.
- 7. WORK SCHEDULE:**
- 7.1 The Work is comprised of one large project (sometimes referred to as "**Total Project Work**") and, in some cases, is partitioned into smaller subprojects referred to in this Agreement as

- “Project Segments.”** A Contract Time shall be stated in the Contract Documents for both the Total Project Work and, when applicable, the Project Segments.
- 7.2 At the time of execution of this Contract, the Contractor shall furnish the Project Manager with a schedule (“**Work Schedule**”) setting forth in detail (in the critical path method) the sequences proposed to be followed, and giving the dates on which it is expected that Project Segments will be started and completed within the Contract Time. The Work Schedule is subject to approval by the City.
- 7.3 Monthly Work Schedule reports shall accompany the Contractor's pay request for Work completed. Where the Contractor is shown to be behind schedule, it shall provide an accompanying written summary, cause, and explanation of planned remedial action. Payments or portions of payments may be withheld by the City upon failure to maintain scheduled progress of the Work as shown on the approved Work Schedule.
- 7.4 At a minimum the Contractor shall update and submit the Work Schedule for review weekly, unless otherwise agreed upon by the City.
- 7.5 The Contractor, within ten (10) calendar days after being instructed to do so in a written notice from the City, shall commence the Work to be done under this Contract.
- 7.6 If at any time, in the opinion of the Project Manager or City, proper progress is not being maintained; changes shall be proposed in the Work Schedule and resubmitted for consideration and approval.
- 7.7 If the Contractor has not completed Project Segments and is within a non-performance penalty period, it shall not be allowed to undertake a new Project Segment until the Project Segment in dispute is completed, unless expressly permitted by the City.
- 7.8 The operation of any tool, equipment, vehicle, instrument, or other noise-producing device is prohibited to start before or continue after the hours of 7 AM and 10 PM, Monday through Friday (except Fridays which shall be until Midnight) and 8 AM and midnight on Weekends (except Sunday which shall be 10 PM). Violation of this requirement is Prima Facia Violation of City Municipal Code 11-202.
- 7.9 No work shall be undertaken on Saturdays, Sundays and Holidays (Christmas, New Years, Martin Luther King’s Birthday, President’s Day, Memorial Day, Independence Day, Labor Day and Thanksgiving) without the express written approval of the City Project Manager. If it is necessary to perform proper care, maintenance, or protection of work already completed or of equipment used, or in the case of an emergency verbal permission may be obtained through the Project Manager.
- 7.10 Night work may be established by the Contractor, as a regular procedure, with the written permission of the City; such permission, however, may be revoked at any time by the City if the Contractor fails to maintain adequate equipment for the proper prosecution and control of all operations performed as part of the Work.
- 7.11 The Contractor shall provide 24 hours notice prior to commencing any work to the City Project Manager. The Contractor shall communicate immediately any changes in the Work Schedule to the Project Manager for approval by the City.

8. DELAYS AND EXTENSIONS OF TIME

- 8.1 In executing the Contract, the Contractor expressly covenants and agrees that, in undertaking the completion of the Work within the Contract Time, it has taken into consideration and made allowances for all of the ordinary delays and hindrances incident to such Work, whether growing out of delays in securing materials, workers, weather conditions or otherwise. No charge shall be made by the Contractor for hindrances or delays from any cause during the progress of the Work, or any portion thereof, included in this Contract.
- 8.2 Should the Contractor, however, be delayed in the prosecution and completion of the Work by reason of delayed shipment orders, or by any changes, additions, or omissions therein ordered in writing by the City, or by strikes or the abandonment of the Work by the persons engaged thereon through no fault of the Contractor, or by any act taken by the U.S. Government such as the commandeering of labor or materials, embargoes, etc., which would affect the fabrication or delivery of materials and/or equipment to the Work; or by neglect, delay or default of any other contractor of the City, or delays caused by court proceedings; the Contractor shall have no claims for damages or additional compensation or costs for any such cause or delay; but it shall in such cases be entitled to such extension of the time specified for the completion of the Work as the City and the Project Manager shall award in writing on account of such delays, provided, however, that claim for such extension of time is made by the Contractor to the City and the Project Manager in writing within one (1) week from the time when any such alleged cause for delay shall occur.

9. ADVERSE WEATHER:

- 9.1 Extensions of time for Adverse Weather shall be granted only under the conditions as hereinafter provided.
- 9.2 For conditions of weather or conditions at the site, so unusual as not to be reasonably anticipated, as determined by the Project Manager, an average or usual number of inclement days when work cannot proceed are to be anticipated during the construction period and are not to be considered as warranting extension of time.
- 9.3 “**Adverse Weather**” is defined as atmospheric conditions or the impact thereof at a definite time and place, which are unfavorable to construction activities such that they prevent work on critical activities for 50 percent or more of the Contractor’s scheduled workday.
- 9.4 “**Unusually Severe Weather**” is defined as weather, which is more severe than the adverse weather anticipated for the season, location, or activity involved.
- 9.5 Time Extensions for Unusually Severe Weather: In order for any request for time extension due to Unusually Severe Weather to be valid, the Contractor must document all of the following conditions:
- The weather experienced at the Work site during the Contract period is more severe than the Adverse Weather anticipated for the Work location during any given month.
 - The Unusually Severe Weather actually caused a delay to the completion of the Work.
 - The delay must be beyond the control and without fault or negligence by the Contractor.

- 9.6 The following schedule of monthly-anticipated Adverse Weather delays will constitute the baseline for monthly weather time evaluations. The Contractor's Work Schedule must reflect these anticipated adverse weather delays in all weather affected activities:

MONTHLY ANTICIPATED ADVERSE WEATHER DELAY
WORK DAYS BASED ON FIVE (5) DAY WORK WEEK

JAN	FEB	MAR	APR	MAY	JUN	JUL	AUG	SEP	OCT	NOV	DEC
10	8	7	6	7	7	5	5	5	4	5	9

- 9.7 Upon receipt of the Notice to Proceed, and continuing throughout the Contract, the Contractor shall record on its daily construction report, the occurrence of Adverse Weather and resultant impact to the Work Schedule.
- 9.8 The number of actual Adverse Weather delay days shall include days affected by actual Adverse Weather (even if Adverse Weather occurred in the previous month), and shall be calculated chronologically from the first to the last day of each month, and be recorded as full workdays.
- 9.9 If the number of actual Adverse Weather delay days in a given month exceeds the number of days anticipated above, the difference shall be multiplied by 7/5 to convert any qualifying workday delays to calendar days. The resulting number of qualifying lost days shall be added to the Contract Time.
- 9.10 The determination that Unusually Severe Weather occurred does not automatically mean an extension of time will be granted. The Contractor must substantiate the Unusually Severe Weather delayed work activities on the critical path of the Work Schedule.
- 9.11 Full consideration for equivalent fair weather workdays shall be given. If the number of actual Adverse Weather delays in a given month is less than the number of days anticipated as indicated above, the difference shall be multiplied by 7/5 to convert any workday increases to calendar days. The resulting number of qualifying extra days will be accumulated and subtracted from any future month's days lost due to unusually severe weather.
- 9.12 The net cumulative total of extra days/lost days shall not result in a reduction of Contract Time and the date of Substantial Completion shall not be changed because of unusually favorable weather.
- 9.13 In converting workdays to calendar days, fractions 0.5 and greater shall be rounded up to the next whole number. Fractions less than 0.5 shall be dropped.
- 9.14 The Contractor shall summarize and report all actual Adverse Weather delay days for each month to the Project Manager by the tenth (10th) day of the following month. A narrative indicating the impact of Adverse Weather conditions on the Work Schedule shall be included.
- 9.15 Any claim for extension of time due to Unusually Severe Weather shall be submitted to the Project Manager within 7 days of the last day of the commencement of the event giving rise to the delay occurred. Resolution of any claim shall follow the procedures described above.

- 9.16 The Contractor shall include and indicate the monthly-anticipated Adverse Weather days, listed above, in the Work Schedule. (Reference Section 7.1 for Work Schedule requirements)
- 9.17 The Contractor shall indicate the approved Adverse Weather days (whether less or more than the anticipated days) in its Work Schedule updates.

10. LIQUIDATED DAMAGES

- 10.1 Contractor agrees that time is of the essence and any term pertaining to Contractor timely performing so as to achieve Total Completion within the Contract Time is a material provision of this Contract. Further, the parties acknowledge that City's damages in the event of delay are difficult to ascertain and consequently agree that, in the event and to the extent that actual date of Total Completion is delayed beyond the Contract Time for the Total Project Work or Project Segments attributable solely or concurrently to (i) an act or omission of Contractor or any of its subcontractors or suppliers, or (ii) in whole or in part, to any other event or condition within the Contractor's reasonable control (and not for reasons solely attributable to City), the Contractor shall be assessed a liquidated damage, and not as a penalty, in the amount set forth in the Special Conditions for each calendar day beyond the applicable Contract Time. Such amount shall be deducted from any amounts due Contractor under this Agreement.
- 10.2 Further, the Contractor agrees that, in the event Contractor does not carry out such Work at such rates of progress as required by the Work Schedule approved by the City, the City may, at its option and without Contractor receiving any additional compensation therefore, require Contractor to increase the number of qualified supervisory personnel and/or workers and the amount of equipment employed in the performance of the Work to such extent as City may deem necessary or desirable. In addition, City, at its option, may supplement Contractor's manpower by entering into contracts with other contractors to perform the Work. All costs that are incurred by City, in this regard, including reasonable attorney's fees, shall be deducted from any sums due Contractor or City may make demand on Contractor for reimbursement of such costs.

11. PAYMENT PROCEDURE

- 11.1 Based upon Applications for Payment submitted to the Project Manager by the Contractor and Certificates for Payment issued by the Project Manager, the City shall make progress payments on account of the contract sum to the Contractor as provided below and elsewhere in the Contract Documents.
- 11.2 The period covered by each Application for Payment shall be one calendar month ending on the last day of the month or on a mutually agreed date by City and Contractor.
- 11.3 The Contractor warrants that title to all Work covered by an Application for Payment will pass to the City no later than the time of payment. The Contractor further warrants that upon submittal on the first day of each month of an Application for Payment, all Work for which payments have been received from the City shall be free and clear of liens, claims, security interest or other encumbrances in favor of the Contractor or any other person or entity whatsoever.
- 11.4 Each application for payment must be submitted with Contractor's waiver for period of construction covered by application. Each Application for Payment will be submitted with

executed waivers from the subcontractors or sub-contractors and suppliers for the previous period of construction covered by the previous application. The final payment application must be submitted together with or preceded by final or complete waivers from every entity involved with performance of the Work covered by the payment request.

- 11.5 The Contractor will submit waivers on forms, and executed in a manner, acceptable to City.
- 11.6 The Contractor shall promptly pay each Subcontractor out of the amount paid to the Contractor because of such Subcontractor's Work the amount to which such Subcontractor is entitled. In the event the City becomes informed that the Contractor has not paid a Subcontractor as herein provided, the City shall have the right, but not the duty, to issue future checks in payment to the Contractor of amounts otherwise due hereunder naming the Contractor and such Subcontractor as joint payees. Such joint check procedure, if employed by the City, shall be deemed payment to the Contractor but shall create no rights in favor of any person or entity beyond the right of the named payees to payment of the check and shall not be deemed to commit the City to repeat the procedure in the future.
- 11.7 The Project Manager will, upon receipt of a written Application for Payment from the Contractor, review the amount of Work performed during the preceding period and the value thereof at the unit prices contracted. From the amounts so ascertained, there shall be deducted ten percent (10%) to be retained until after final completion of the entire Work to the satisfaction of the City. The Project Manager will submit an estimate each month to the City for payment to the Contractor, except that no amount less than \$500.00 will be submitted unless the total amount of the Contract remaining unpaid is less than \$500.00.
- 11.8 Deductions will be made from progress payments if the Contract includes a provision for a lump sum or a percentage deduction. Lump sum deductions will be that portion of the stated lump sum computed as the ratio that the amount earned bears to the Contract Price. Percentage deductions will be computed at the stated percentage of the amount earned.
- 11.9 No progress payment, nor any use or occupancy of the Work by the City, shall be interpreted to constitute an acceptance of any Work not in strict accordance with this Contract.
- 11.10 The City may decline to make payment, may withhold funds, and, if necessary, may demand the return of some or all of the amounts previously paid to the Contractor, to protect the City from loss because of:
- Defective Work not remedied by the Contractor;
 - Claims of third parties against the City or the City's property;
 - Failure by the Contractor to pay Subcontractors or others in a prompt and proper fashion;
 - Evidence that the balance of the Work cannot be completed in accordance with the Contract for the unpaid balance of the Contract Price;
 - Evidence that the Work will not be completed in the time required for substantial or final completion;
 - Persistent failure to carry out the Work in accordance with the Contract;

- Damage to the City or a third party to whom the City is, or may be, liable;
- Evidence that the Work is not progressing according to agreed upon schedule by both parties.

11.11 In the event that the City makes written demand upon the Contractor for amounts previously paid by the City as contemplated in this subparagraph, the Contractor shall promptly comply with such demand and refund such monies to the City.

11.12 Neither the observation by the City or any of the City's officials, employees, or agents, nor any order by the City for payment of money, nor any payment for, or acceptance of, the whole or any part of the Work by the City or Project Manager, nor any extension of time, nor any possession taken by the City or its employees, shall operate as a waiver of any provision of this Contract, or of any power herein reserved to the City, or any right to damages herein provided, nor shall any waiver of any breach in this Contract be held to be a waiver of any other or subsequent breach.

12. COMPLETION AND FINAL PAYMENT

12.1 Upon Total Completion, when the Contractor is ready for a final inspection of the Total Project Work, it shall notify the City and the Project Manager thereof in writing. Thereupon, the Project Manager will make final inspection of the Work and, if the Work is complete in accordance with this Contract, the Project Manager will promptly issue a final Certificate for Payment certifying to the City that the Work is complete and the Contractor is entitled to the remainder of the unpaid Contract Price, less any amount withheld pursuant to this Contract. If the Project Manager is unable to issue its final Certificate for Payment and is required to repeat its final inspection of the Work, the Contractor shall bear the cost of such repeat final inspection(s), which cost may be deducted by the City from the Contractor's full payment.

12.2 The Contractor shall not be entitled to any payment unless and until it submits to the Project Manager its affidavit that all payrolls, invoices for materials and equipment, and other liabilities connected with the Work for which the City, or the City's property might be responsible, have been fully paid or otherwise satisfied; releases and waivers of lien from all Subcontractors and Suppliers of the Contractor and of any and all other parties required by the City; and consent of Surety, if any, to final payment. If any third party fails or refuses to provide a release of claim or waiver of lien as required by the City, the Contractor shall furnish a bond satisfactory to the City to discharge any such lien or indemnify the City from liability.

12.3 The City shall make final payment of all sums due the Contractor within thirty days of the Project Manager's execution of a final Certificate for Payment.

12.4 Acceptance of final payment shall constitute a waiver of all claims against the City by the Contractor except for those claims previously made in writing against the City by the Contractor, pending at the time of final payment, and identified in writing by the Contractor as unsettled at the time of its request for final inspection.

13. CLAIMS BY THE CONTRACTOR

13.1 All Contractor claims shall be initiated by written notice and claim to the Project Manager. Such written notice and claim must be furnished within seven calendar days after occurrence of the event, or the first appearance of the condition, giving rise to the claim.

- 13.2 The Contractor shall diligently proceed with performance of this Contract whether or not there be such a claim pending and the City shall continue to make payments to the Contractor in accordance with this Contract. The resolution of any claim shall be reflected by a Change Order executed by the City, the Project Manager and the Contractor.
- 13.3 Should concealed and unknown conditions which could not, with reasonable diligence, have been discovered in the performance of the Work (a) below the surface of the ground or (b) in an existing structure differ materially with the conditions indicated by this Contract, or should unknown conditions of an unusual nature differing materially from those ordinarily encountered in the area and generally recognized as inherent in Work of the character provided by this Contract, be encountered, the Contract Price shall be equitably adjusted by the Change Order upon the written notice and claim by either party made within seven (7) days after the first observance of the condition. As a condition precedent to the City having any liability to the Contractor for concealed or unknown conditions, the Contractor must give the City written notice of, and an opportunity to observe, the condition prior to disturbing it. The failure by the Contractor to make the written notice and claim as provided in this Subparagraph shall constitute a waiver by the Contractor of any claim arising out of or relating to such concealed or unknown condition.
- 13.4 If the Contractor wishes to make a claim for an increase in the Contract Price, as a condition precedent to any liability of the City therefore, the Contractor shall give the City written notice of such claim within seven (7) days after the occurrence of the event, or the first appearance of the condition, giving rise to such claim. Such notice shall be given by the Contractor before proceeding to execute any additional or changed Work. The failure by the Contractor to give such notice and to give such notice prior to executing the Work shall constitute a waiver of any claim for additional compensation.
- 13.5 The City reserves the right to increase or decrease quantities, and alter the details of construction including grade and alignment as the Project Manager may consider necessary or desirable, by approved Change Order. Such modifications shall not invalidate the Contract nor release the surety. Unless such alterations and increases or decreases change the total cost of the Work, based on the originally estimated quantities and the unit prices bid, by more than 25 percent, or change the total cost of any major item, based on the originally estimated quantities and the unit price bid, by more than 25 percent, the Contractor shall perform the work altered, increased or decreased, at a negotiated price or prices. (A major item shall mean any bid item, the total cost of which exceeds 12-1/2 percent of the total Contract Price based on the proposed quantity and the contract unit price).
- 13.6 When the alterations cause an increase or decrease in excess of the 25 percent indicated above, either the Contractor or the Project Manager may request an adjustment of the unit price to be paid for the item or items.
- 13.7 If a mutually agreeable adjustment cannot be obtained, the City reserves the right to terminate the Contract as it applies to the items in question and make such arrangements as may be deemed necessary to complete the Work.
- 13.8 In connection with any claim by the Contractor against the City for compensation in excess of the Contract Price, any liability of the City for the Contractor's costs shall be strictly limited to direct costs incurred by the Contractor and shall not include standby costs, indirect costs or consequential damages of the Contractor. The City shall not be liable to the Contractor for claims of third parties.

- 13.9 If the Contractor is delayed in progressing any task which at the time of the delay is then critical or which during the delay becomes critical, as the sole result of any act or neglect to act by the City or someone acting in the City's behalf, or by changes ordered in the Work, unusual delay in transportation, unusually adverse weather conditions not reasonably anticipated, fire or any causes beyond the Contractor's control, then the date for achieving Final Acceptance of the Work shall be extended upon the written notice and claim of the Contractor to the City, for such reasonable time as the City may determine. Any notice and claim for an extension of time by the Contractor shall be made not more than seven calendar days after the occurrence of the event or the first appearance of the condition-giving rise to the claim and shall set forth in detail the Contractor's basis for requiring additional time in which to complete the Work. In the event the delay to the Contractor is a continuing one, only one notice and claim for additional time shall be necessary. If the Contractor fails to make such claim as required in this subparagraph, any claim for an extension of time shall be waived.
- 13.10 The Contractor shall delay or suspend the progress of the work or any part thereof, whenever so required by written order of the City, and for such periods of time as required; provided, that in the event of such delay or delays or of such suspension or suspensions of the progress of the work, or any part thereof, the time for completion of work so suspended or of work so delayed by such suspension or suspensions shall be extended for a period equivalent to the time lost by reason of such suspension or suspensions; but such order of the City or Project Manager shall not otherwise modify or invalidate in any way, any of the provisions of this Contract. In the event that the work shall be stopped by written order of the City, any expense, which, in the sole opinion and judgment of the City, is caused by the City, shall be paid by the City to the Contractor.
- 13.11 In executing the Contract Documents, the Contractor expressly covenants and agrees that, in undertaking to complete the Work within the time herein fixed, it has taken into consideration and made allowances for all hindrances and delays incident to such work, whether growing out of delays in securing materials or workers or otherwise. No charge shall be made by the Contractor for hindrances or delays from any cause during the progress of the work, or any portion thereof, included in this Contract, except as provided herein.
- 13.12 In addition to the Project Manual particular to Mobilization found elsewhere in this document, additional mobilization shall not be compensable for work outside of the designated areas for work deemed essential by the City. A quantity of work equal to as much as 10% of the total Contract may be required to be performed beyond the boundaries of the designated work areas

14. CHANGES IN THE WORK

- 14.1 Changes in the Work within the general scope of this Contract, consisting of additions, deletions, revisions, or any combination thereof, may be ordered without invalidating this Contract, by Change Order or by Field Order.
- 14.2 The Project Manager shall have authority to order minor changes in the Work not involving a change in the Contract Price or in Contract Time and consistent with the intent of the Contract. Such changes shall be effected by verbal direction and then recorded on a Field Order and shall be binding upon the Contractor. The Contractor shall carry out such Field Orders promptly.

- 14.3 Any change in the Contract Price resulting from a Change Order shall be by mutual agreement between the City and the Contractor as evidenced by the change in the Contract Price being set forth in the Change Order, and, together with any conditions or requirements related thereto, being initialed by both parties.
- 14.4 If no mutual agreement occurs between the City and the Contractor relative to a change in the Work, the Contractor shall proceed with the Work that is the subject of the Change Order, and the change in the Contract Price, if any, shall then be determined by the Project Manager on the basis of the reasonable expenditures or savings of those performing, deleting or revising the Work attributable to the change, including, in the case of an increase or decrease in the Contract Price, a reasonable allowance for direct job site overhead and profit. In such case, the Contractor shall present, in such form and with such content to the City, as the Project Manager requires, an itemized accounting of such expenditures or savings, plus appropriate supporting data for inclusion in a Change Order. Reasonable expenditures or savings shall be limited to the following: reasonable costs of materials, supplies or equipment, including delivery costs, reasonable costs of labor, including social security, old age and unemployment insurance, fringe benefits required by agreement or custom, and worker's compensation insurance, reasonable rental costs of machinery and equipment exclusive of hand tools, whether rented from the Contractor or others, permit fees, and sales, use or other taxes related to the Work, and reasonable cost of direct supervision and job site field office overhead directly attributable to the change. In no event shall any standby time or any expenditure or savings associated with the Contractor's home office or other non-job site overhead expense be included in any change in the Contract Price. Further, in no event shall the Contractor's overhead expense exceed ten (10%) percent of the reasonable expenditures. Pending final determination of reasonable expenditures or savings to the City, payments on account shall be made to the Contractor on the Project Manager's Certificate for Payment.
- 14.5 If unit prices are provided in the Contract, and if the quantities contemplated are so changed in a proposed Change Order that the application of such unit prices to the quantities of Work proposed would cause substantial inequity to the City or to the Contractor, the applicable unit prices shall be equitably adjusted.
- 14.6 The execution of a Change Order by the Contractor shall constitute conclusive evidence of the Contractor's agreement to the ordered changes in the Work, this Contract as thus amended, the Contract Price and the Contract Time. The Contractor, by executing the Change Order, waives and forever releases any claim including impact against the City for additional time or compensation for matters relating to or arising out of or resulting from the Work included within or affected by the executed Change Order.
- 15. INSURANCE AND BONDS.**
- 15.1 The Contractor shall secure and maintain, throughout the duration of the agreement, insurance (on an occurrence basis unless otherwise agreed to) of such types and in at least such amounts as required herein. Contractor shall provide certificates of insurance and renewals thereof on forms acceptable to the City. The City shall be notified by receipt of written notice from the insurer or the Contractor at least thirty (30) days prior to material modification or cancellation of any policy listed on the Certificate.
- 15.2 The Contractor, upon receipt of notice of any claim in connection with this Agreement, shall promptly notify the City, providing full details thereof, including an estimate of the amount of loss or liability. The Contractor shall monitor and promptly notify the City of any reduction in

limits of protection afforded under any policy listed in the Certificate (or otherwise required by the Contract Documents) if the Contractor's limits of protection shall have been impaired or reduced to such extent that the limits fall below the minimum amounts required herein. The Contractor shall promptly reinstate the original limits of liability required hereunder and shall furnish evidence thereof to the City.

15.3 Minimum Requirements Commercial General Liability Policy Limits -

General Aggregate:	\$2,000,000
Products / Completed Operations Aggregate:	\$2,000,000
Personal & Advertising Injury:	\$1,000,000
Each Occurrence:	\$1,000,000

Policy MUST include the following conditions:

- A. Pollution Liability (Applicable only to contracts involving pollutants such as asbestos & lead abatement, sludge or other waste abatement, etc.)
- B. NAME CITY OF PRAIRIE VILLAGE AS "ADDITIONAL INSURED"

15.4 Automobile Liability Policy shall protect the Contractor against claims for bodily injury and/or property damage arising from the ownership or use of any owned, hired and/or non-owned vehicle.

Limits (Same as Commercial General Liability) -
 Combined Single Limits, Bodily Injury and Property Damage - Each Accident:

Policy MUST include the following condition:
 NAME CITY OF PRAIRIE VILLAGE AS "ADDITIONAL INSURED"

15.5 Umbrella Liability. The Umbrella / Excess Liability must be at least as broad as the underlying general liability and automobile liability policies.

Limits -

Each Occurrence	\$1,000,000
General Aggregate	\$1,000,000

15.6 Workers' Compensation. This insurance shall protect the Contractor against all claims under applicable state workers' compensation laws. The Contractor shall also be protected against claims for injury, disease or death of employees which, for any reason, may not fall within the provisions of workers' compensation law. The policy limits shall not be less than the following:

Workers' Compensation:	Statutory
Employer's Liability:	
Bodily Injury by Accident	\$100,000 each accident
Bodily Injury by Disease	\$500,000 policy limit
Bodily Injury by Disease	\$100,000 each employee

15.7 The City will only accept coverage from an insurance carrier who offers proof that it:

Is authorized to do business in the State of Kansas;
Carries a Best's policy holder rating of A- or better; and
Carries at least a Class VIII financial rating, **or**
Is a company mutually agreed upon by the City and Contractor.

15.8 Subcontractor's Insurance. If a part of the Agreement is to be sublet, the Contractor shall either:

- A. Cover all subcontractor's in its insurance policies, or
- B. Require each subcontractor not so covered to secure insurance which will protect subcontractor against all applicable hazards or risks of loss as and in the minimum amounts designated.

Whichever option is chosen, Contractor shall indemnify and hold harmless the City as to any and all damages, claims or losses, including attorney's fees, arising out of the acts or omissions of its Subcontractors.

15.9 Prior to commencing any work, Contractor shall provide City with certificates evidencing that (1) all Contractor's insurance obligations required by the contract documents are in full force and in effect and will remain in effect until Contractor has completed all of the work and has received final payment from City and (2) no insurance coverage will be canceled, renewal refused, or materially changed unless at least thirty (30) days prior written notice is given to City. Contractor's property insurance shall not lapse or be canceled if City occupies a portion of the work. Contractor shall provide City with the necessary endorsements from the insurance company prior to occupying a portion of the work.

15.10 Waiver of Subrogation. All insurance coverage required herein shall contain a waiver of subrogation in favor of the City. Contractor's insurance policies shall be endorsed to indicate that Contractor's insurance coverage is primary and any other insurance maintained by City is non-contributing as respects the work of Contractor.

15.11 Additional Insurance. Excess Liability coverage or additional insurance covering special hazards may be required on certain projects. Such additional insurance requirements shall be as specified in Special Conditions.

15.12 Bonds and Other Performance Security. Contractor shall provide a Performance Bond, Maintenance Bond and a Statutory Bond in the amount of one hundred percent (100%) of the Contract Price to cover the entire scope of Work and any other specific performance security that may be indicated in this Contract. With each bond there shall be filed with the City one copy of "Power of Attorney" certified to include the date of the bonds.

16. INDEMNITY

16.1 For purposes of indemnification requirements as set forth throughout the Contract, the following terms shall have the meaning set forth below:

"**The Contractor**" means and includes Contractor, all of his/her affiliates and subsidiaries, his/her Subcontractors and material men and their respective servants, agents and employees; and "**Loss**" means any and all loss, damage, liability or expense, of any nature whatsoever, whether incurred as a judgment, settlement, penalty, fine or otherwise (including attorney's fees and the cost of defense), in connection with any action, proceeding, demand or claim, whether real or spurious, for injury, including death, to any

person or persons or damages to or loss of, or loss of the use of, property of any person, firm or corporation, including the parties hereto, which arise out of or are connected with, or are claimed to arise out of or be connected with, the performance of this Contract whether arising before or after the completion of the work required hereunder.

- 16.2 For purposes of this Contract, and without in any way limiting indemnification obligations that may be set forth elsewhere in the Contract, the Contractor hereby agrees to indemnify, defend and hold harmless the City from any and all Loss where Loss is caused or incurred or alleged to be caused or incurred in whole or in part as a result of the negligence or other actionable fault of the Contractor, his/her employees, agents, Subcontractors and suppliers.
- 16.3 It is agreed as a specific element of consideration of this Contract that this indemnity shall apply notwithstanding the joint, concurring or contributory or comparative fault or negligence of the City or any third party and, further, notwithstanding any theory of law including, but not limited to, a characterization of the City's or any third party's joint, concurring or contributory or comparative fault or negligence as either passive or active in nature.
- 16.4 Nothing in this section shall be deemed to impose liability on the Contractor to indemnify the City for Loss when the negligence or other actionable fault the City is the sole cause of Loss.
- 16.5 With respect to the City's rights as set forth herein, the Contractor expressly waives all statutory defenses, including, but not limited to, those under workers compensation, contribution, comparative fault or similar statutes to the extent said defenses are inconsistent with or would defeat the purpose of this section.

17. SUCCESSORS AND ASSIGNS

- 17.1 The City and Contractor bind themselves, their successors, assigns and legal representatives to the other party hereto and to successors, assigns and legal representatives of such other party in respect to covenants, agreements and obligations contained in this Contract.
- 17.2 The Contractor shall not assign or sublet the work, or any part thereof, without the previous written consent of the City, nor shall it assign, by power of attorney or otherwise, any of the money payable under this Contract unless by and with the like written consent of the City. In case the Contractor assigns all, or any part of any moneys due or to become due under this Contract, the instrument of assignment shall contain a clause substantially to the effect that it is agreed that the right of the assignee in and to any moneys due or to become due to the Contractor shall be subject to all prior liens of all persons, firms and corporations for services rendered or materials supplied for the performance of the Work called for in this Contract.
- 17.3 Should any Subcontractor fail to perform in a satisfactory manner, the work undertaken, its subcontract shall be immediately terminated by the Contractor upon notice from the City. Performing in an unsatisfactory manner is defined as consistently having more than 10% of work unacceptable. The Contractor shall be as fully responsible to the City for the acts and omissions of the subcontractors, and of persons either directly or indirectly employed by them, as Contractor is for the acts and omissions of persons directly employed. Nothing contained in this Contract shall create any contractual relations between any Subcontractor

and the City, nor shall anything contained in the Contract Documents create any obligation on the part of the City to pay or to see to the payment of any sums due any Subcontractor.

- 17.4 The Contractor shall not award subcontracts which total more than forty-five (45%) of the Contract Price and shall perform within its own organization work amounting to not less than fifty-five percent (55%) of the total Contract Price. Approval by the City of any Subcontractor shall not constitute a waiver of any right of the City to reject Defective Work, material or equipment not in compliance with the requirements of the Contract Documents. The Contractor shall not make any substitution for any Subcontractor accepted by the City unless the City so agrees in writing.
- 17.5 The Contractor shall not subcontract, sell, transfer, assign or otherwise dispose of the Contract or any portion thereof without previous written consent from the City. In case such consent is given, the Contractor, shall be permitted to subcontract a portion thereof, but shall perform with his/her own organization work amounting to not less than fifty five (55%) of the total Contract Price. No subcontracts, or other transfer of Contract, shall release the Contractor of its liability under the Contract and bonds applicable thereto.
- 17.6 The Contractor shall cause appropriate provisions to be inserted in all subcontracts relative to the Work to bind Subcontractors to the Contractor by the terms of the Contract Documents insofar as applicable to the work of the Subcontractor and to give the Contractor the same power to terminate any Subcontract as the City has to terminate the Contractor under any provisions of the Contract Documents.
- 17.7 Prior to the City's approval of the Contract bid, the successful bidder shall submit to the City for acceptance, a list of names of all Subcontractors proposed for portions of the work and shall designate which work each is to perform.
- 17.8 The City shall, prior to the City's approval of the Contract bid, notify the successful bidder, in writing, if the City, after due investigation, has reasonable objection to any Subcontractor on such list, and the Contractor shall substitute a Subcontractor acceptable to the City at no additional cost to the City or shall be allowed to withdraw his/her Bid, and the City shall either re-bid the Work or accept the next best lowest and responsible bidder. The failure of the City to make objection to a Subcontractor shall constitute an acceptance of such Subcontractor but shall not constitute a waiver of any right of the City to reject Defective Work, material or equipment not in conformance with the requirements of the Project Manual.

18. NON-DISCRIMINATION LAWS

- 18.1 The Contractor agrees that:
- A. The Contractor shall observe the provisions of the Kansas Act Against Discrimination (K.S.A. 44-1001 et seq.) and shall not discriminate against any person in the performance of Work under the present contract because of race, religion, color, sex, disability, national origin, ancestry or age;
 - B. In all solicitations or advertisements for employees, the Contractor shall include the phrase, "equal opportunity employer," or a similar phrase to be approved by the Kansas Human Rights Commission (Commission);
 - C. If the Contractor fails to comply with the manner in which the Contractor reports to the commission in accordance with the provisions of K.S.A. 44-1031 and

amendments thereto, the Contractor shall be deemed to have breached the present contract and it may be cancelled, terminated or suspended, in whole or in part, by the contracting agency;

- D. If the Contractor is found guilty of a violation of the Kansas Act Against Discrimination under a decision or order of the Commission which has become final, the Contractor shall be deemed to have breached the present contract and it may be cancelled, terminated or suspended, in whole or in part, by the contracting agency; and
 - E. The Contractor shall include the provisions of Subsections A through D in every subcontract or purchase order so that such provisions will be binding upon such Subcontractor or vendor.
 - F. The provisions of this Section shall not apply to a contract entered into by a Contractor: (1) Who employs fewer than four employees during the term of such contract; or (2) Whose contracts with the City cumulatively total \$5,000 or less during the fiscal year of the City.
- 18.2 The Contractor further agrees that it shall abide by the Kansas Age Discrimination In Employment Act (K.S.A. 44-1111 et seq.) and the applicable provision of the Americans With Disabilities Act (42 U.S.C. 12101 et seq.) as well as all other federal, state and local laws.
- 19. FEDERAL LOBBYING ACTIVITIES [THIS PROVISION ONLY APPLIES IF THE CITY IS RECEIVING FEDERAL FUNDS]**
- 19.1 31 USCS Section 1352 requires all subgrantees, Contractors, Subcontractors, and consultants/Architects who receive federal funds via the City to certify that they will not use federal funds to pay any person for influencing or attempting to influence a federal agency or Congress in connection with the award of any federal contract, grant, loan, or cooperative agreements.
- 19.2 In addition, contract applicants, recipients, and subrecipients must file a form disclosing any expenditure they make for lobbying out of non-federal funds during the contract period.
- 19.3 Necessary forms are available from the City and must be returned to the City with other Contract Documents. It is the responsibility of the general contractor to obtain executed forms from any Subcontractors who fall within the provisions of the Code and to provide the City with the same.
- 20. RELATIONS WITH OTHER CONTRACTORS:**
- 20.1 The Contractor shall cooperate with all other contractors who may be performing work on behalf of the City, and workers who may be employed by the City, or any other entity on any work in the vicinity of the Work to be done under this Contract, and the Contractor shall so conduct his/her operations as to interfere to the least possible extent with the work of such contractors or workers. The Contractor shall be responsible for any injury or damage, that may be sustained by other contractors, workers, their work or employees of the City, because of any fault or negligence on the Contractor's part, and shall, at his/her own expense, repair or pay for such injury or damage. If the work of the Contractor is delayed because of any acts or omissions of any other Contractor or Contractors, the Contractor shall have no claim against the City on that account other than for an extension of time.

- 20.2 When two or more Contracts are being executed at one time in such manner that work on one Contract may interfere with that on another, the City shall decide which Contractor shall progress at which time.
- 20.3 Other projects the Contractor may have to coordinate shall be listed in the Special Conditions.
- 20.4 When the territory of one Contract is the necessary or convenient means of access for the transportation or movement of workers, materials, or appliances required for the execution of another Contract, such privileges of access or any other responsible privilege may be granted by the City to the Contractor so desiring, to the extent such may be reasonably necessary.
- 20.5 Upon execution of the Contract, the Contractor shall furnish the City, in writing, the names of persons or entities proposed by the Contractor to act as a Subcontractor on the Work. The City shall promptly reply to the Contractor, in writing, stating any objections the City may have to such proposed Subcontractor. The Contractor shall not enter into a Subcontract with a proposed Subcontractor with reference to whom the City has made timely objection. The Contractor shall not be required to Subcontract with any party to whom the Contractor has objection.

21. RIGHT OF CITY TO TERMINATE

- 21.1 If the Contractor persistently or repeatedly refuses or fails to prosecute the Work in a timely manner, or supply enough properly skilled workers, supervisory personnel or proper equipment or materials, or if it fails to make prompt payment to Subcontractors or for materials or labor, or persistently disregards laws, ordinances, rules, regulations or orders of any public authority having jurisdiction, or if this Contract is assigned by Contractor without authorization or if Contractor is adjudged as bankrupt, or if a general assignment of assets be made for the benefit of creditors; or if a receiver is appointed, or otherwise is guilty of a substantial violation of a provision of this Contract, then the City may by written notice to the Contractor, without prejudice to any right or remedy, terminate the employment of the Contractor and take possession of the site and of all materials, equipment, tools, construction equipment and machinery thereon owned by the Contractor and may finish the Work by whatever methods it may deem expedient. In such case, the Contractor and its surety shall be liable to the City for all excess cost sustained by the City because of such prosecution and completion including any additional legal, Project Manager or bid-letting costs therefore. In such case, the Contractor shall not be entitled to receive further payment. In the event the Contractor is found in a court of law to have been wrongfully terminated for cause, then such termination shall be deemed a termination for convenience and the Contractor shall be compensated as provided herein. Any termination of the Agreement for alleged default by Contractor that is ultimately determined to be unjustified shall automatically be deemed a termination for convenience of the City.
- 21.2 The City, within its sole discretion, may elect to terminate the Contract with the Contractor for convenience upon three (3) days written Notice to Contractor. In the event of such termination, Contractor shall cease immediately all operations and shall be compensated for all work performed as of the date of termination in accordance with the terms of payment in this contract. Contractor shall not be entitled to any anticipatory profits, consequential damages or other costs other than direct costs of demobilization.

22. MISCELLANEOUS:

- 22.1 The Contractor warrants to the City that all labor furnished to progress the Work under the Contract will be competent to perform the tasks undertaken, that the product of such labor will yield only first-class results, that materials and equipment furnished will be of good quality and new unless otherwise permitted by this Contract, and that the Work will be of good quality, free from faults and defects and in strict conformance with the Project Manual. All Work not conforming to these requirements may be considered defective.
- 22.2 The Contractor shall obtain and pay for all permits, fees and licenses necessary or ordinary for the Work. The Contractor shall comply with all lawful requirements, including federal and state laws, City and County laws and ordinances and building codes, applicable to the Work and shall give and maintain copies of all notices required by applicable law pertaining to the Work.
- 22.3 Provision for Emergencies. Whenever, in the opinion of the City, the Contractor has not taken sufficient precaution for the safety of the public or the protection of the Work to be constructed under this Contract, or of adjacent structures or property which may be injured by process of construction, and whenever, in the opinion of the City, an emergency shall arise and immediate action shall be considered necessary in order to protect property interests and to avoid personal injury and/or death, then the City, with or without notice to the Contractor, shall provide suitable protection to the said interests by causing such Work to be done and materials to be furnished at places as the City may consider necessary and adequate. The cost and expense of such Work and material so furnished shall be borne by the Contractor and, if the same shall not be paid on presentation of the bills therefore, such costs shall be deducted from any amounts due or to become due the Contractor. The performance of such emergency Work shall in no way relieve the Contractor of responsibility for damages which may occur during or after such precaution has been duly taken.
- 22.4 Both the business address of the Contractor given in the Bid or proposal upon which this Contract is founded, and the Contractor's Office near the Work, is hereby designated as the places to which all notices, letters, and other communications to the Contractor may be mailed or delivered. The delivering at either of the above named addresses, or depositing in any mailbox regularly maintained by the Post Office, of any notice, letter or other communication so addressed to the Contractor, and the date of said service shall be the date of such delivery or mailing. Such addresses may be changed at any time by an instrument in writing, executed by the Contractor, presented, and delivered to the Project Manager and to the City. Nothing herein contained shall be deemed to preclude or render inoperative the service of any notice, letter, or communication upon the Contractor personally.
- 22.5 It is mutually agreed by and between the parties to this Contract that all royalties and fees for and in connection with patents, or patent infringement, claims for materials, articles, apparatus, devices or equipment (as distinguished from processes) used in or furnished for the work shall be included in the Contract Price and the Contractor shall satisfy all demands that may be made at any time for such, and the Contractor shall at its cost and expense, defend any and all suits or proceedings that may be instituted at any time against the City for infringement or alleged infringement of any such patents involved in the work, and Contractor shall pay any award of damages.

- 22.6 The right of general administration of the City shall not make the Contractor an agent of the City, and the liability of the Contractor for all damages to persons, firms, and corporations, arising from the Contractor's execution of the Work, shall not be lessened because of such general administration, but as to all such persons, firms, and corporations, and the damages, if any, to them or their property. The Contractor herein is an independent Contractor in respect to the work.
- 22.7 For a period of time, from the inception of the Contract to three (3) years from the date of final payment under the Contract, the Contractor and subcontractors shall maintain books, accounts, ledgers, invoices, drafts, pages and other records pertaining to the performance of this Contract. At all reasonable times during this period these records shall be available within the State of Kansas at a field or permanent business office for inspection by authorized representatives of the City or of any other agency, which has contributed funds in connection with the Contract or to which the City is obligated to make such inspections available. In addition, this requirement shall be included in all subcontracts entered into in connection with this Contract.
- 22.8 Titles, subheadings used herein, and other Contract Documents are provided only as a matter of convenience and shall have no legal bearing on the interpretation of any provision of the Contract Documents.
- 22.9 No waiver of any breach of this Contract shall be construed to be a waiver of any other subsequent breach.
- 22.10 Should any provision of this Agreement or other Contract Documents be determined to be void, invalid, unenforceable or illegal for whatever reason, such provision(s) shall be null and void; provided, however, that the remaining provisions of this Agreement and/or the other Contract Documents shall be unaffected thereby and shall continue to be valid and enforceable.
- 22.11 Without in any manner limiting Contractor's responsibilities as provided elsewhere in the Contract Documents, the Contractor shall assume full responsibility for the protection of all public and private property, structures, sewers, and utilities, for both above ground and underground facilities, along, beneath, above, across or near the site or sites of the Work being performed under this Agreement, or which are in any manner affected by the prosecution of the Work or the transportation of men/women or materials in connection therewith. Barriers shall be kept in place at all times to protect persons other than those engaged on or about the Work from accident, and the Contractor will be held responsible for all accidents to persons or property resulting from the acts of Contractor or its employees.
- 22.12 The Contractor shall keep fully informed of all existing and current regulations of the City, county, state, and federal laws, which in any way limit or control the actions or operations of those engaged upon the work, or affecting materials supplied, to or by them. The Contractor shall at all times observe and comply with all ordinances, laws, and regulations, and shall protect and indemnify the City and the City's officers and agents against any claims or liability arising from or based on any violation of the same.
- 22.13 Nothing contained in the Contract Documents shall create, or be interpreted to create, privity or any other contractual agreement between the City and any person or entity other than the Contractor.

- 22.14 Duties and obligations imposed by the Contract Documents, rights, and remedies available hereunder shall be in addition to and not a limitation of duties, obligations, rights and remedies otherwise imposed or available by law.
- 22.15 No action or failure to act by the City, Project Manager or Contractor shall constitute a waiver of a right or duty afforded them under the Contract, nor shall such action or failure to act constitute approval or acquiescence in a breach hereunder, except as may be specifically agreed in writing.
- 22.16 Contractor specifically acknowledges and confirms that: (i) it has visited the site, made all inspections it deems appropriate and has read and fully understands the Contract Documents, including all obligations and responsibilities undertaken by it as specified herein and in other Contract Documents and knowingly accepts the same; (ii) it has furnished copies of all Contract Documents to its insurance carrier(s) and its surety(ies); and (iii) its insurance carrier(s) and surety(ies) agree to be bound as specified herein, in the Contract Documents and in the insurance policy(ies) and bonds as to liability and surety coverage.
- 22.17 It is specifically agreed between the parties executing this Agreement that the Contract Documents are not intended to create any third party beneficiary relationship nor authorize anyone not a party to this Agreement to maintain a suit for personal injuries or property damage pursuant to the terms or provisions of this Agreement. The duties, obligations and responsibilities of the parties to this Agreement with respect to third parties shall remain as imposed by law.
- 22.18 This Agreement is entered into, under and pursuant to, and is to be construed and enforceable in accordance with the laws of the State of Kansas. Venue of any litigation arising in connection with this Agreement shall be the State courts of Johnson County, Kansas.

IN WITNESS WHEREOF, the City has caused this Agreement to be executed in its behalf, thereunto duly authorized, and the said Contractor has executed five (5) counterparts of this Contract in the prescribed form and manner, the day and year first above written.

(If the Contract is not executed by the President of the Corporation, general partner of the Partnership, or manager of a limited liability company, please provide documentation, which authorizes the signatory to bind the corporation, partnership or limited liability company. If a corporation, the Contractor shall furnish the City a current certificate of good standing, dated within ten (10) days of the date of this Contract.)

PUBLIC WORKS DEPARTMENT

Council Committee Meeting Date: August 15, 2016

Council Meeting Date: August 15, 2016

CONSIDER APPROVAL OF A CONTRACT WITH MUSSELMAN & HALL CONTRACTORS FOR THE 2016 STREET REPAIR PROGRAM.

RECOMMENDATION

Move to authorize the Mayor to sign the Construction Contract with Musselman & Hall Contractors, LLC for Project P5001, 2015 Street Repair Program for \$150,000.00.

BACKGROUND

On August 5, 2016, the City Clerk opened bids for Project P5001, 2016 Street Repair Program. Five bids were received:

Musselman & Hall	\$99,880.00
McConnell & Associates	\$117,160.00
Metro Asphalt, Inc.	\$129,850.00
Little Joe's Asphalt, Inc.	\$158,025.00
McAnany Construction, Inc.	\$185,500.00
Engineers Estimate	\$146,497.50

This program consists of asphalt street repairs at various locations throughout the City. The program allows us to address areas where settlement or deterioration has occurred, and make repairs to those areas.

There is \$150,000 budgeted for this project and the contract will be awarded for that amount. Locations of repairs will be adjusted (increased) to utilize the \$150,000 budget.

City staff has reviewed the bids for accuracy and found no errors.

FUNDING SOURCE

Funding is available in the 2016 Capital Infrastructure Program Project P5001.

PREPARED BY

Melissa Prenger, Senior Project Manager

August 11, 2016

**CONSTRUCTION CONTRACT
FOR
PROJECT
P5001 STREET REPAIR PROGRAM
BETWEEN
THE CITY OF PRAIRIE VILLAGE, KANSAS
AND
MUSSELMAN & HALL CONTRACTORS, LLC**

THIS AGREEMENT, is made and entered into this ____ day of _____, 20__, by and between the City of Prairie Village, Kansas, hereinafter termed the "**City**", and MUSSELMAN & HALL CONTRACTORS, LLC hereinafter termed in this agreement, "**Contractor**", for the construction and completion of Project *P5001 2016 STREET REPAIR PROGRAM*, the "**Project**" designated, described and required by the Project Manual and Bid Proposal, to wit:

WITNESSETH:

WHEREAS, the City has caused to be prepared, approved and adopted a Project Manual describing construction materials, labor, equipment and transportation necessary for, and in connection with, the construction of a public improvement, and has caused to be published an advertisement inviting sealed bid, in the manner and for the time required by law;

WHEREAS, the Contractor, in response to the advertisement, has submitted to the City in the manner and at the time specified, a sealed Bid Proposal in accordance with the Bid Documents;

WHEREAS, the City, in the manner prescribed by law, has publicly opened, examined and canvassed the Bid Proposals submitted, and as a result of such canvass has determined and declared the Contractor to be the lowest and best responsible bidder for the construction of said public improvements, and has duly awarded to the said Contractor a contract therefore upon the terms and conditions set forth in this Agreement for the sum or sums set forth herein;

WHEREAS, the Contractor has agreed to furnish at its own cost and expense all labor, tools, equipment, materials and transportation required to construct and complete in good, first class and workmanlike manner, the Work in accordance with the Contract Documents; and

WHEREAS, this Agreement, and other Contract Documents on file with the City Clerk of Prairie Village, Kansas, all of which Contract Documents form the Contract, and are as fully a part thereof as if repeated verbatim herein; all work to be to the entire satisfaction of the City or City's agents, and in accordance with the laws of the City, the State of Kansas and the United States of America;

NOW, THEREFORE, in consideration of the compensation to be paid the Contractor, and of the mutual agreements herein contained, the parties hereto have agreed and hereby agree, the City for itself and its successors, and the Contractor for itself, himself, herself or themselves, its, his/her, hers or their successors and assigns, or its, his/her, hers or their executors and administrators, as follows:

1. **DEFINITIONS:** Capitalized terms not defined herein shall have the meanings set forth in the General Conditions.

1.1 Following words are given these definitions:

ADVERSE WEATHER shall have the meaning set forth in Section 9.3 hereof.

APPLICATION FOR PAYMENT shall mean a written request for compensation for Work performed on forms approved by the City.

BID shall mean a complete and properly signed proposal to do the Work or designated portion thereof, for the price stipulated therein, submitted in accordance with the Bid Documents.

BID DOCUMENTS shall mean all documents related to submitting a Bid, including, but not limited to, the Advertisement for Bids, Instruction to Bidders, Bid Form, Bid Bond, and the proposed Project Manual, including any Addenda issued prior to receipt of Bids.

BID PROPOSAL shall mean the offer or proposal of the Bidder submitted on the prescribed form set forth the prices for the Work to be performed.

BIDDER shall mean any individual: partnership, corporation, association or other entity submitting a bid for the Work.

BONDS shall mean the bid, maintenance, performance, and statutory or labor and materials payment bonds, together with such other instruments of security as may be required by the Contract Documents.

CERTIFICATE FOR PAYMENT shall mean written certification from the Project Manager stating that to the best of the project manager's knowledge, information and belief, and on the basis of the Project Manager's on-site visits and inspections, the Work described in an Application for Payment has been completed in accordance with the terms and conditions of the Contract Documents and that the amount requested in the Application for Payment is due and payable.

CHANGE ORDER is a written order issued after the Agreement is executed by which the City and the Contractor agree to construct additional items of Work, to adjust the quantities of Work, to modify the Contract Time, or, in lump sum contracts, to change the character and scope of Work shown on the Project Manual.

CITY shall mean the City of Prairie Village, Kansas, acting through a duly appointed representative.

CONTRACT or **CONTRACT DOCUMENTS** shall consist of (but not necessarily be limited to) the Plans, the Specifications, all addenda issued prior to and all modifications issued after execution of this Agreement, (modifications consisting of written amendments to the Agreement signed by both parties, Change Orders, written orders for minor changes in the Work issued by the Project Manager) this Construction Contract between the City and Contractor (sometimes referred to herein as the "**Agreement**"), the accepted Bid Proposal, Contractor's Performance Bond, Contractor's Maintenance Bond, Statutory Bond, the Project Manual, the General Conditions, the Special Conditions and any other documents that have bearing the Work prescribed in the Project. It is understood that the Work shall be

carried out and the Project shall be constructed fully in accordance with the Contract Documents.

CONTRACT PRICE shall be the amount identified in the Construction Agreement between the City and the Contractor as the total amount due the Contractor for Total Completion of the Work as per the Contract Documents.

CONTRACT TIME shall be the number of calendar days stated in the Contract Documents for the completion of the Work or shall be a specific date as designated in the Construction Agreement.

CONTRACTOR shall mean the entity entering into the Contract for the performance of the Work covered by this Contract, together with his/her duly authorized agents or legal representatives.

DEFECTIVE WORK shall mean Work, which is unsatisfactorily, faulty or deficient, or not in conformity with the Project Manual.

FIELD ORDER shall mean a written order issued by the Project Manager that orders minor changes in the Work, but which does not involve a change in the Contract Price or Contract Time.

FINAL ACCEPTANCE shall mean the date when the City accepts in writing that the construction of the Work is complete in accordance with the Contract Documents such that the entire Work can be utilized for the purposes for which it is intended and Contractor is entitled to final payment.

GENERAL CONDITIONS shall mean the provisions in the document titled "General Conditions - General Construction Provisions" attached hereto and incorporation herein by reference.

INSPECTOR shall mean the engineering, technical inspector or inspectors duly authorized by the City to monitor the work and compliance tests under the direct supervision of the Project Manager.

NOTICE TO PROCEED shall mean the written notice by the City to the Contractor fixing the date on which the Contract Time is to commence and on which the Contractor shall start to perform its obligations under the Contract Documents. Without the prior express written consent of the City, the Contractor shall do no work until the date set forth in the Notice to Proceed.

PAY ESTIMATE NO. ____ or FINAL PAY ESTIMATE shall mean the form to be used by the Contractor in requesting progress and final payments, including supporting documentation required by the Contract Documents.

PLANS shall mean and include all Shop Drawings which may have been prepared by or for the City as included in the Project Manual or submitted by the Contractor to the City during the progress of the Work, all of which show the character and scope of the work to be performed.

PROJECT shall mean the Project identified in the first paragraph hereof.

PROJECT MANAGER shall mean the person appointed by the Public Works Director for this Contract.

PROJECT MANUAL shall contain the General Conditions, Special Conditions, Specifications, Shop Drawings and Plans for accomplishing the work.

PROJECT SEGMENTS shall have the meaning set forth in Section 7.1 hereof.

PUBLIC WORKS DIRECTOR shall mean the duly appointed Director of Public Works for the City of Prairie Village or designee.

SHOP DRAWINGS shall mean all drawings, diagrams, illustrations, schedules and other data which are specifically prepared by the Contractor, a Subcontractor, manufacturer, fabricator, supplier or distributor to illustrate some portion of the Work, and all illustrations, brochures, standard schedules, performance charts, instructions, diagrams and other information prepared by a manufacturer, fabricator, supplier or distribution and submitted by the Contractor to illustrate material or equipment for some portion of the Work.

SPECIFICATIONS shall mean those portions of the Project Manual consisting of written technical descriptions of materials, equipment, construction methods, standards and workmanship as applied to the Work and certain administrative details applicable thereto. They may include, but not necessarily be limited to: design specifications, e.g. measurements, tolerances, materials, inspection requirements and other information relative to the work; performance specifications, e.g., performance characteristics required, if any; purchase description specifications, e.g. products or equipment required by manufacturer, trade name and/or type; provided, however, equivalent alternatives (including aesthetics, warranty and manufacturer reputation) may be substituted upon written request and written approval thereof by the City.

SPECIAL CONDITIONS shall mean the provisions in the document titled "Special Conditions" attached hereto and incorporation herein by reference.

SUBCONTRACTOR shall mean an individual, firm or corporation having a direct contract with the Contractor or with another subcontractor for the performance of a part of the Work.

SUBSTANTIAL COMPLETION shall be defined as being less than 100 percent of the Work required that will be completed by a specified date as agreed to in writing by both parties.

TOTAL COMPLETION shall mean all elements of a Project Segment or the Total Project Work is complete including all subsidiary items and "punch-list" items.

TOTAL PROJECT WORK shall have the meaning set forth in Section 7.1 hereof.

UNIT PRICE WORK shall mean Work quantities to be paid for based on unit prices. Each unit price shall be deemed to include the Contractor's overhead and profit for each separately identified item. It is understood and agreed that estimated quantities of times for unit price work are not guaranteed and are solely for the purpose of comparison of bids and determining an initial Contract Price. Determinations of actual quantities and classifications of unit price work shall be made by the City.

UNUSUALLY SEVERE WEATHER shall have the meaning set forth in Section 9.4 hereof.

WORK shall mean the work to be done to complete the construction required of the Contractor by the Contract Documents, and includes all construction, labor, materials, tools, equipment and transportation necessary to produce such construction in accordance with the Contract Documents.

WORK SCHEDULE shall have the meaning set forth in Section 7.2 hereof.

- 1.2 Whenever any word or expression defined herein, or pronoun used instead, occurs in these Contract Documents; it shall have and is mutually understood to have the meaning commonly given. Work described in words, which so applied have a well-known technical or trade meaning shall be held to refer to such, recognized standards.
- 1.3 Whenever in these Contract Documents the words "as ordered," "as directed", "as required", "as permitted", "as allowed", or words or phrases of like import are used, it is understood that the order, direction, requirement, permission or allowance of the Project Manager is intended.
- 1.4 Whenever any statement is made in the Contract Documents containing the expression "it is understood and agreed", or an expression of like import, such expression means the mutual understanding and agreement of the parties hereto.
- 1.5 The words "approved", "reasonable", "suitable", "acceptable", "properly", "satisfactorily", or words of like effect in import, unless otherwise particularly specified herein, shall mean approved, reasonable, suitable, acceptable, proper or satisfactory in the judgment of the Project Manager.
- 1.6 When a word, term or phrase is used in the Contract, it shall be interpreted or construed, first, as defined herein; second, if not defined, according to its generally accepted meaning in the construction industry; and, third, if there is no generally accepted meaning in the construction industry, according to its common and customary usage.
- 1.7 All terms used herein shall have the meanings ascribed to them herein unless otherwise specified.

2. ENTIRE AGREEMENT:

The Contract Documents, together with the Contractor's Performance, Maintenance and Statutory bonds for the Work, constitute the entire and exclusive agreement between the City and the Contractor with reference to the Work. Specifically, but without limitation, this Contract supersedes all prior written or oral communications, representations and negotiations, if any, between the City and the Contractor. The Contract may not be amended or modified except by a modification as hereinabove defined. These Contract Documents do not, nor shall they be construed to, create any contractual relationship of any kind between the City and any Subcontractor or remote tier Subcontractor.

3. INTENT AND INTERPRETATION

- 3.1 The intent of the Contract is to require complete, correct and timely execution of the Work. Any Work that may be required, including construction, labor, materials, tools, equipment and transportation, implied or inferred by the Contract Documents, or any one or more of them, as necessary to produce the intended result, shall be provided by the Contractor for the Contract Price.

- 3.2 All time limits stated in the Contract Documents are of the essence of the Contract.
- 3.3 The Contract is intended to be an integral whole and shall be interpreted as internally consistent. What is required by any one Contract Document shall be considered as required by the Contract.
- 3.4 The specification herein of any act, failure, refusal, omission, event, occurrence or condition as constituting a material breach of this Contract shall not imply that any other, non-specified act, failure, refusal, omission, event, occurrence or condition shall be deemed not to constitute a material breach of this Contract.
- 3.5 The Contractor shall have a continuing duty to read, carefully study and compare each of the Contract Documents and shall give written notice to the Project Manager of any inconsistency, ambiguity, error or omission, which the Contractor may discover, or should have discovered, with respect to these documents before proceeding with the affected Work. The review, issuance, or the express or implied approval by the City or the Project Manager of the Contract Documents shall not relieve the Contractor of the continuing duties imposed hereby, nor shall any such review be evidence of the Contractor's compliance with this Contract.
- 3.6 The City has prepared or caused to have prepared the Project Manual. **HOWEVER, THE CITY MAKES NO REPRESENTATION OR WARRANTY AS TO ACCURACY OR FITNESS FOR PARTICULAR PURPOSE INTENDED OR ANY OTHER WARRANTY OF ANY NATURE WHATSOEVER TO THE CONTRACTOR CONCERNING SUCH DOCUMENTS.** By the execution hereof, the Contractor acknowledges and represents that it has received, reviewed and carefully examined such documents, has found them to be complete, accurate, adequate, consistent, coordinated and sufficient for construction, and that the Contractor has not, does not, and will not rely upon any representation or warranties by the City concerning such documents as no such representation or warranties have been made or are hereby made.
- 3.7 As between numbers and scaled measurements in the Project Manual, the numbers shall govern; as between larger scale and smaller scale drawings, (e.g. 10:1 is larger than 100:1) the larger scale shall govern.
- 3.8 The organization of the Project Manual into divisions, sections, paragraphs, articles (or other categories), shall not control the Contractor in dividing the Work or in establishing the extent or scope of the Work to be performed by Subcontractors.
- 3.9 The Contract Documents supersedes all previous agreements and understandings between the parties, and renders all previous agreements and understandings void relative to these Contract Documents.
- 3.10 Should anything be omitted from the Project Manual, which is necessary to a clear understanding of the Work, or should it appear various instructions are in conflict, the Contractor shall secure written instructions from the Project Manager before proceeding with the construction affected by such omissions or discrepancies.
- 3.11 It is understood and agreed that the Work shall be performed and completed according to the true spirit, meaning, and intent of the Contract Documents.

- 3.12 The Contractor's responsibility for construction covered by conflicting requirements, not provided for by addendum prior to the time of opening Bids for the Work represented thereby, shall not extend beyond the construction in conformity with the less expensive of the said conflicting requirements. Any increase in cost of Work required to be done in excess of the less expensive work of the conflicting requirements will be paid for as extra work as provided for herein.
- 3.13 The apparent silence of the Project Manual as to any detail, or the apparent omission from them of a detailed description concerning any point, shall be regarded as meaning that only the best general practice is to be used. All interpretations of the Project Manual shall be made on the basis above stated.
- 3.14 The conditions set forth herein are general in scope and are intended to contain requirements and conditions generally required in the Work, but may contain conditions or requirements which will not be required in the performance of the Work under contract and which therefore are not applicable thereto. Where any stipulation or requirement set forth herein applies to any such non-existing condition, and is not applicable to the Work under contract, such stipulation or requirement will have no meaning relative to the performance of said Work.
- 3.15 KSA 16-113 requires that non-resident contractors appoint an agent for the service of process in Kansas. The executed appointment must then be filed with the Secretary of State, Topeka, Kansas. Failure to comply with this requirement shall disqualify the Contractor for the awarding of this Contract.

4. CONTRACT COST

The City shall pay the Contractor for the performance of the Work embraced in this Contract, and the Contractor will accept in full compensation therefore the sum (subject to adjustment as provided by the Contract) of One Hundred Fifty Thousand and Zero Cents DOLLARS (\$150,000) for all Work covered by and included in the Contract; payment thereof to be made in cash or its equivalent and in a manner provided in the Contract Documents.

5. WORK SUPERINTENDENT

- 5.1 The Contractor shall provide and maintain, continually on the site of Work during its progress, an adequate and competent superintendent of all operations for and in connection with the Work being performed under this Contract, either personally or by a duly authorized superintendent or other representative. This representative shall be designated in writing at the preconstruction meeting.
- 5.2 The superintendent, or other representative of the Contractor on the Work, who has charge thereof, shall be fully authorized to act for the Contractor, and to receive whatever orders as may be given for the proper prosecution of the Work, or notices in connection therewith. Use of Subcontractors on portions of the Work shall not relieve the Contractor of the obligation to have a competent superintendent on the Work at all times.
- 5.3 The City shall have the right to approve the person who will be the Superintendent based on skill, knowledge, experience and work performance. The City shall also have the right to request replacement of any superintendent.

- 5.4 The duly authorized representative shall be official liaison between the City and the Contractor regarding the signing of pay estimates, change orders, workday reports and other forms necessary for communication and Work status inquiries. Upon Work commencement, the City shall be notified, in writing, within five (5) working days of any changes in the Contractor's representative. In the absence of the Contractor or representative, suitable communication equipment, which will assure receipt of messages within one (1) hour during the course of the workday, will also be required.
- 5.5 The Contractor will be required to contact the Project Manager daily to advise whether and/or where the Contractor and/or the Subcontractor's crews will be working that day, in order that the Project Manager's representative is able to monitor properly the Work.

6. PROJECT MANAGER

- 6.1 It is mutually agreed by and between the parties to this Agreement that the Project Manager shall act as the representative of the City and shall observe and inspect, as required, the Work included herein.
- 6.2 In order to prevent delays and disputes and to discourage litigation, it is further agreed by and between the parties to this Agreement that the Project Manager shall, in good faith and to the best of its ability, determine the amount and quantities of the several kinds of work which are to be paid for under this Contract; that the Project Manager shall determine, where applicable, questions in relation to said Work and the construction thereof; that Project Manager shall, where applicable decide questions which may arise relative to the execution of this Contract on the part of said Contractor; that the Project Manager's decisions and findings shall be the conditions precedent to the rights of the parties hereto, to any action on the Contract, and to any rights of the Contractor to receive any money under this Contract provided, however, that should the Project Manager render any decision or give any direction which, in the opinion of either party hereto, is not in accordance with the meaning and intent of this Contract, either party may file with the Project Manager and with the other party, within thirty (30) days a written objection to the decision or direction so rendered and, by such action, may reserve the right to submit the question to determination in the future.
- 6.3 The Project Manager, unless otherwise directed or agreed to by the City in writing, will perform those duties and discharge those responsibilities allocated to the Project Manager as set forth in this Contract. The Project Manager shall be the City's representative from the effective date of this Contract until final payment has been made. The Project Manager shall be authorized to act on behalf of the City only to the extent provided in this Contract. The City and Project Manager may, from time to time, designate Inspectors to perform such functions.
- 6.4 The City and the Contractor shall communicate with each other in the first instance through the Project Manager.
- 6.5 The Project Manager shall be the initial interpreter of the requirements of the Project Manual and the judge of the performance by the Contractor. The Project Manager shall render written graphic interpretations necessary for the proper execution or progress of the Work with reasonable promptness on request of the Contractor.
- 6.6 The Project Manager will review the Contractor's Applications for Payment and will certify to the City for payment to the Contractor those amounts then due the Contractor as provided

in this Contract. The Project Manager's recommendation of any payment requested in an Application for Payment will constitute a representation by Project Manager to City, based on Project Manager's on-site observations of the Work in progress as an experienced and qualified design professional and on Project Manager's review of the Application for Payment and the accompanying data and schedules that the Work has progressed to the point indicated; that, to the best of the Project Manager's knowledge, information and belief, the quality of the Work is in accordance with the Project Manual (subject to an evaluation of the Work as a functioning whole prior to or upon Substantial Completion, to the results of any subsequent tests called for in the Project Manual, to a final determination of quantities and classifications for Unit Price Work if such is called for herein, and to any other qualifications stated in the recommendation); and that Contractor is entitled to payment of the amount recommended. However, by recommending any such payment Project Manager will not thereby be deemed to have represented that exhaustive or continuous on-site inspections have been made to check the quality or the quantity of the Work beyond the responsibilities specifically assigned to Project Manager in the Project Manual or that there may not be other matters or issues between the parties that might entitle Contractor to be paid additionally by the City or the City to withhold payment to Contractor.

- 6.7 The Project Manager may refuse to recommend the whole or any part of any payment if, in Project Manager's opinion, it would be incorrect to make such representations to City. Project Manager may also refuse to recommend any such payment, or, because of subsequently discovered evidence or the results of subsequent inspections or tests, nullify any such payment previously recommended, to such extent as may be necessary in the Project Manager's opinion to protect the City from loss because:
- The Work is defective, or completed Work has been damaged requiring correction or replacement,
 - The Contract Price has been reduced by Written Amendment or Change Order,
 - The City has been required to correct Defective Work or complete Work in accordance with the Project Manual.
- 6.8 The City may refuse to make payment of the full amount recommended by the Project Manager because claims have been made against City on account of Contractor's performance or furnishing of the Work or liens have been filed in connection with the Work or there are other items entitling City to a set-off against the amount recommended, but City must give Contractor written notice (with a copy to Project Manager) stating the reasons for such action.
- 6.9 The Project Manager will have the authority to reject Work which is defective or does not conform to the requirements of this Contract. If the Project Manager deems it necessary or advisable, the Project Manager shall have authority to require additional inspection or testing of the Work for compliance with Contract requirements.
- 6.10 The Project Manager will review, or take other appropriate action as necessary, concerning the Contractor's submittals, including Shop Drawings, Product Data and Samples. Such review, or other action, shall be for the sole purpose of determining general conformance with the design concept and information given through the Project Manual.
- 6.11 The Project Manager shall have authority to order minor changes in the Work not involving a change in the Contract Price or in Contract Time and consistent with the intent of the

- Contract. Such changes shall be effected by verbal direction and then recorded on a Field Order and shall be binding upon the Contractor. The Contractor shall carry out such Field Orders promptly.
- 6.12 The Project Manager, upon written request from the Contractor shall conduct observations to determine the dates of Substantial Completion, Total Completion and the date of Final Acceptance. The Project Manager will receive and forward to the City for the City's review and records, written warranties and related documents from the Contractor required by this Contract and will issue a final Certificate for Payment to the City upon compliance with the requirements of this Contract.
- 6.13 The Project Manager's decisions in matters relating to aesthetic effect shall be final if consistent with the intent of this Contract.
- 6.14 The Project Manager will **NOT** be responsible for Contractor's means, methods, techniques, sequences, or procedures or construction, or the safety precautions and programs incident thereto and will not be responsible for Contractor's failure to perform the Work in accordance with the Project Manual. The Project Manager will not be responsible for the acts or omissions of the Contractor or any Subcontractor or any of its or their agents or employees, or any other person at the site or otherwise performing any of the Work except as may otherwise be provided.
- 6.15 Any plan or method of work suggested by the Project Manager, or other representatives of the City, to the Contractor, but not specified or required, if adopted or followed by the Contractor in whole or in part, shall be used at the risk and responsibility of the Contractor, and the Project Manager and the City will assume no responsibility therefore.
- 6.16 It is agreed by the Contractor that the City shall be and is hereby authorized to appoint or employ, either directly or through the Project Manager, such City representatives or observers as the City may deem proper, to observe the materials furnished and the work performed under the Project Manual, and to see that the said materials are furnished, and the said work performed, in accordance with the Project Manual therefore. The Contractor shall furnish all reasonable aid and assistance required by the Project Manager, or by the resident representatives for proper observation and examination of the Work and all parts thereof.
- 6.17 The Contractor shall comply with any interpretation of the Project Manual by the Project Manager, or any resident representative or observer so appointed, when the same are consistent with the obligations of the Project Manual. However, should the Contractor object to any interpretation given by any subordinate Project Manager, resident representative or observer, the Contractor may appeal in writing to the City Director of Public Works for a decision.
- 6.18 Resident representatives, observers, and other properly authorized representatives of the City or Project Manager shall be free at all times to perform their duties, and intimidation or attempted intimidation of any one of them by the Contractor or by any of its employees, shall be sufficient reason, if the City so decides, to annul the Contract.
- 6.19 Such observation shall not relieve the Contractor from any obligation to perform said Work strictly in accordance with the Project Manual.

7. WORK SCHEDULE:

- 7.1 The Work is comprised of one large project (sometimes referred to as “**Total Project Work**”) and, in some cases, is partitioned into smaller subprojects referred to in this Agreement as “**Project Segments.**” A Contract Time shall be stated in the Contract Documents for both the Total Project Work and, when applicable, the Project Segments.
- 7.2 At the time of execution of this Contract, the Contractor shall furnish the Project Manager with a schedule (“**Work Schedule**”) setting forth in detail (in the critical path method) the sequences proposed to be followed, and giving the dates on which it is expected that Project Segments will be started and completed within the Contract Time. The Work Schedule is subject to approval by the City.
- 7.3 Monthly Work Schedule reports shall accompany the Contractor's pay request for Work completed. Where the Contractor is shown to be behind schedule, it shall provide an accompanying written summary, cause, and explanation of planned remedial action. Payments or portions of payments may be withheld by the City upon failure to maintain scheduled progress of the Work as shown on the approved Work Schedule.
- 7.4 At a minimum the Contractor shall update and submit the Work Schedule for review weekly, unless otherwise agreed upon by the City.
- 7.5 The Contractor, within ten (10) calendar days after being instructed to do so in a written notice from the City, shall commence the Work to be done under this Contract.
- 7.6 If at any time, in the opinion of the Project Manager or City, proper progress is not being maintained; changes shall be proposed in the Work Schedule and resubmitted for consideration and approval.
- 7.7 If the Contractor has not completed Project Segments and is within a non-performance penalty period, it shall not be allowed to undertake a new Project Segment until the Project Segment in dispute is completed, unless expressly permitted by the City.
- 7.8 The operation of any tool, equipment, vehicle, instrument, or other noise-producing device is prohibited to start before or continue after the hours of 7 AM and 10 PM, Monday through Friday (except Fridays which shall be until Midnight) and 8 AM and midnight on Weekends (except Sunday which shall be 10 PM). Violation of this requirement is Prima Facia Violation of City Municipal Code 11-202.
- 7.9 No work shall be undertaken on Saturdays, Sundays and Holidays (Christmas, New Years, Martin Luther King’s Birthday, President’s Day, Memorial Day, Independence Day, Labor Day and Thanksgiving) without the express written approval of the City Project Manager. If it is necessary to perform proper care, maintenance, or protection of work already completed or of equipment used, or in the case of an emergency verbal permission may be obtained through the Project Manager.
- 7.10 Night work may be established by the Contractor, as a regular procedure, with the written permission of the City; such permission, however, may be revoked at any time by the City if the Contractor fails to maintain adequate equipment for the proper prosecution and control of all operations performed as part of the Work.

7.11 The Contractor shall provide 24 hours notice prior to commencing any work to the City Project Manager. The Contractor shall communicate immediately any changes in the Work Schedule to the Project Manager for approval by the City.

8. DELAYS AND EXTENSIONS OF TIME

8.1 In executing the Contract, the Contractor expressly covenants and agrees that, in undertaking the completion of the Work within the Contract Time, it has taken into consideration and made allowances for all of the ordinary delays and hindrances incident to such Work, whether growing out of delays in securing materials, workers, weather conditions or otherwise. No charge shall be made by the Contractor for hindrances or delays from any cause during the progress of the Work, or any portion thereof, included in this Contract.

8.2 Should the Contractor, however, be delayed in the prosecution and completion of the Work by reason of delayed shipment orders, or by any changes, additions, or omissions therein ordered in writing by the City, or by strikes or the abandonment of the Work by the persons engaged thereon through no fault of the Contractor, or by any act taken by the U.S. Government such as the commandeering of labor or materials, embargoes, etc., which would affect the fabrication or delivery of materials and/or equipment to the Work; or by neglect, delay or default of any other contractor of the City, or delays caused by court proceedings; the Contractor shall have no claims for damages or additional compensation or costs for any such cause or delay; but it shall in such cases be entitled to such extension of the time specified for the completion of the Work as the City and the Project Manager shall award in writing on account of such delays, provided, however, that claim for such extension of time is made by the Contractor to the City and the Project Manager in writing within one (1) week from the time when any such alleged cause for delay shall occur.

9. ADVERSE WEATHER:

9.1 Extensions of time for Adverse Weather shall be granted only under the conditions as hereinafter provided.

9.2 For conditions of weather or conditions at the site, so unusual as not to be reasonably anticipated, as determined by the Project Manager, an average or usual number of inclement days when work cannot proceed are to be anticipated during the construction period and are not to be considered as warranting extension of time.

9.3 “**Adverse Weather**” is defined as atmospheric conditions or the impact thereof at a definite time and place, which are unfavorable to construction activities such that they prevent work on critical activities for 50 percent or more of the Contractor’s scheduled workday.

9.4 “**Unusually Severe Weather**” is defined as weather, which is more severe than the adverse weather anticipated for the season, location, or activity involved.

9.5 Time Extensions for Unusually Severe Weather: In order for any request for time extension due to Unusually Severe Weather to be valid, the Contractor must document all of the following conditions:

- The weather experienced at the Work site during the Contract period is more severe than the Adverse Weather anticipated for the Work location during any given month.

- The Unusually Severe Weather actually caused a delay to the completion of the Work.
- The delay must be beyond the control and without fault or negligence by the Contractor.

9.6 The following schedule of monthly-anticipated Adverse Weather delays will constitute the baseline for monthly weather time evaluations. The Contractor's Work Schedule must reflect these anticipated adverse weather delays in all weather affected activities:

MONTHLY ANTICIPATED ADVERSE WEATHER DELAY
WORK DAYS BASED ON FIVE (5) DAY WORK WEEK

JAN	FEB	MAR	APR	MAY	JUN	JUL	AUG	SEP	OCT	NOV	DEC
10	8	7	6	7	7	5	5	5	4	5	9

- 9.7 Upon receipt of the Notice to Proceed, and continuing throughout the Contract, the Contractor shall record on its daily construction report, the occurrence of Adverse Weather and resultant impact to the Work Schedule.
- 9.8 The number of actual Adverse Weather delay days shall include days affected by actual Adverse Weather (even if Adverse Weather occurred in the previous month), and shall be calculated chronologically from the first to the last day of each month, and be recorded as full workdays.
- 9.9 If the number of actual Adverse Weather delay days in a given month exceeds the number of days anticipated above, the difference shall be multiplied by 7/5 to convert any qualifying workday delays to calendar days. The resulting number of qualifying lost days shall be added to the Contract Time.
- 9.10 The determination that Unusually Severe Weather occurred does not automatically mean an extension of time will be granted. The Contractor must substantiate the Unusually Severe Weather delayed work activities on the critical path of the Work Schedule.
- 9.11 Full consideration for equivalent fair weather workdays shall be given. If the number of actual Adverse Weather delays in a given month is less than the number of days anticipated as indicated above, the difference shall be multiplied by 7/5 to convert any workday increases to calendar days. The resulting number of qualifying extra days will be accumulated and subtracted from any future month's days lost due to unusually severe weather.
- 9.12 The net cumulative total of extra days/lost days shall not result in a reduction of Contract Time and the date of Substantial Completion shall not be changed because of unusually favorable weather.
- 9.13 In converting workdays to calendar days, fractions 0.5 and greater shall be rounded up to the next whole number. Fractions less than 0.5 shall be dropped.
- 9.14 The Contractor shall summarize and report all actual Adverse Weather delay days for each month to the Project Manager by the tenth (10th) day of the following month. A narrative indicating the impact of Adverse Weather conditions on the Work Schedule shall be included.

- 9.15 Any claim for extension of time due to Unusually Severe Weather shall be submitted to the Project Manager within 7 days of the last day of the commencement of the event giving rise to the delay occurred. Resolution of any claim shall follow the procedures described above.
- 9.16 The Contractor shall include and indicate the monthly-anticipated Adverse Weather days, listed above, in the Work Schedule. (Reference Section 7.1 for Work Schedule requirements)
- 9.17 The Contractor shall indicate the approved Adverse Weather days (whether less or more than the anticipated days) in its Work Schedule updates.

10. LIQUIDATED DAMAGES

- 10.1 Contractor agrees that time is of the essence and any term pertaining to Contractor timely performing so as to achieve Total Completion within the Contract Time is a material provision of this Contract. Further, the parties acknowledge that City's damages in the event of delay are difficult to ascertain and consequently agree that, in the event and to the extent that actual date of Total Completion is delayed beyond the Contract Time for the Total Project Work or Project Segments attributable solely or concurrently to (i) an act or omission of Contractor or any of its subcontractors or suppliers, or (ii) in whole or in part, to any other event or condition within the Contractor's reasonable control (and not for reasons solely attributable to City), the Contractor shall be assessed a liquidated damage, and not as a penalty, in the amount set forth in the Special Conditions for each calendar day beyond the applicable Contract Time. Such amount shall be deducted from any amounts due Contractor under this Agreement.
- 10.2 Further, the Contractor agrees that, in the event Contractor does not carry out such Work at such rates of progress as required by the Work Schedule approved by the City, the City may, at its option and without Contractor receiving any additional compensation therefore, require Contractor to increase the number of qualified supervisory personnel and/or workers and the amount of equipment employed in the performance of the Work to such extent as City may deem necessary or desirable. In addition, City, at its option, may supplement Contractor's manpower by entering into contracts with other contractors to perform the Work. All costs that are incurred by City, in this regard, including reasonable attorney's fees, shall be deducted from any sums due Contractor or City may make demand on Contractor for reimbursement of such costs.

11. PAYMENT PROCEDURE

- 11.1 Based upon Applications for Payment submitted to the Project Manager by the Contractor and Certificates for Payment issued by the Project Manager, the City shall make progress payments on account of the contract sum to the Contractor as provided below and elsewhere in the Contract Documents.
- 11.2 The period covered by each Application for Payment shall be one calendar month ending on the last day of the month or on a mutually agreed date by City and Contractor.
- 11.3 The Contractor warrants that title to all Work covered by an Application for Payment will pass to the City no later than the time of payment. The Contractor further warrants that upon submittal on the first day of each month of an Application for Payment, all Work for which payments have been received from the City shall be free and clear of liens, claims,

- security interest or other encumbrances in favor of the Contractor or any other person or entity whatsoever.
- 11.4 Each application for payment must be submitted with Contractor's waiver for period of construction covered by application. Each Application for Payment will be submitted with executed waivers from the subcontractors or sub-contractors and suppliers for the previous period of construction covered by the previous application. The final payment application must be submitted together with or preceded by final or complete waivers from every entity involved with performance of the Work covered by the payment request.
- 11.5 The Contractor will submit waivers on forms, and executed in a manner, acceptable to City.
- 11.6 The Contractor shall promptly pay each Subcontractor out of the amount paid to the Contractor because of such Subcontractor's Work the amount to which such Subcontractor is entitled. In the event the City becomes informed that the Contractor has not paid a Subcontractor as herein provided, the City shall have the right, but not the duty, to issue future checks in payment to the Contractor of amounts otherwise due hereunder naming the Contractor and such Subcontractor as joint payees. Such joint check procedure, if employed by the City, shall be deemed payment to the Contractor but shall create no rights in favor of any person or entity beyond the right of the named payees to payment of the check and shall not be deemed to commit the City to repeat the procedure in the future.
- 11.7 The Project Manager will, upon receipt of a written Application for Payment from the Contractor, review the amount of Work performed during the preceding period and the value thereof at the unit prices contracted. From the amounts so ascertained, there shall be deducted ten percent (10%) to be retained until after final completion of the entire Work to the satisfaction of the City. The Project Manager will submit an estimate each month to the City for payment to the Contractor, except that no amount less than \$500.00 will be submitted unless the total amount of the Contract remaining unpaid is less than \$500.00.
- 11.8 Deductions will be made from progress payments if the Contract includes a provision for a lump sum or a percentage deduction. Lump sum deductions will be that portion of the stated lump sum computed as the ratio that the amount earned bears to the Contract Price. Percentage deductions will be computed at the stated percentage of the amount earned.
- 11.9 No progress payment, nor any use or occupancy of the Work by the City, shall be interpreted to constitute an acceptance of any Work not in strict accordance with this Contract.
- 11.10 The City may decline to make payment, may withhold funds, and, if necessary, may demand the return of some or all of the amounts previously paid to the Contractor, to protect the City from loss because of:
- Defective Work not remedied by the Contractor;
 - Claims of third parties against the City or the City's property;
 - Failure by the Contractor to pay Subcontractors or others in a prompt and proper fashion;
 - Evidence that the balance of the Work cannot be completed in accordance with the Contract for the unpaid balance of the Contract Price;

- Evidence that the Work will not be completed in the time required for substantial or final completion;
- Persistent failure to carry out the Work in accordance with the Contract;
- Damage to the City or a third party to whom the City is, or may be, liable;
- Evidence that the Work is not progressing according to agreed upon schedule by both parties.

11.11 In the event that the City makes written demand upon the Contractor for amounts previously paid by the City as contemplated in this subparagraph, the Contractor shall promptly comply with such demand and refund such monies to the City.

11.12 Neither the observation by the City or any of the City's officials, employees, or agents, nor any order by the City for payment of money, nor any payment for, or acceptance of, the whole or any part of the Work by the City or Project Manager, nor any extension of time, nor any possession taken by the City or its employees, shall operate as a waiver of any provision of this Contract, or of any power herein reserved to the City, or any right to damages herein provided, nor shall any waiver of any breach in this Contract be held to be a waiver of any other or subsequent breach.

12. COMPLETION AND FINAL PAYMENT

12.1 Upon Total Completion, when the Contractor is ready for a final inspection of the Total Project Work, it shall notify the City and the Project Manager thereof in writing. Thereupon, the Project Manager will make final inspection of the Work and, if the Work is complete in accordance with this Contract, the Project Manager will promptly issue a final Certificate for Payment certifying to the City that the Work is complete and the Contractor is entitled to the remainder of the unpaid Contract Price, less any amount withheld pursuant to this Contract. If the Project Manager is unable to issue its final Certificate for Payment and is required to repeat its final inspection of the Work, the Contractor shall bear the cost of such repeat final inspection(s), which cost may be deducted by the City from the Contractor's full payment.

12.2 The Contractor shall not be entitled to any payment unless and until it submits to the Project Manager its affidavit that all payrolls, invoices for materials and equipment, and other liabilities connected with the Work for which the City, or the City's property might be responsible, have been fully paid or otherwise satisfied; releases and waivers of lien from all Subcontractors and Suppliers of the Contractor and of any and all other parties required by the City; and consent of Surety, if any, to final payment. If any third party fails or refuses to provide a release of claim or waiver of lien as required by the City, the Contractor shall furnish a bond satisfactory to the City to discharge any such lien or indemnify the City from liability.

12.3 The City shall make final payment of all sums due the Contractor within thirty days of the Project Manager's execution of a final Certificate for Payment.

12.4 Acceptance of final payment shall constitute a waiver of all claims against the City by the Contractor except for those claims previously made in writing against the City by the Contractor, pending at the time of final payment, and identified in writing by the Contractor as unsettled at the time of its request for final inspection.

13. CLAIMS BY THE CONTRACTOR

- 13.1 All Contractor claims shall be initiated by written notice and claim to the Project Manager. Such written notice and claim must be furnished within seven calendar days after occurrence of the event, or the first appearance of the condition, giving rise to the claim.
- 13.2 The Contractor shall diligently proceed with performance of this Contract whether or not there be such a claim pending and the City shall continue to make payments to the Contractor in accordance with this Contract. The resolution of any claim shall be reflected by a Change Order executed by the City, the Project Manager and the Contractor.
- 13.3 Should concealed and unknown conditions which could not, with reasonable diligence, have been discovered in the performance of the Work (a) below the surface of the ground or (b) in an existing structure differ materially with the conditions indicated by this Contract, or should unknown conditions of an unusual nature differing materially from those ordinarily encountered in the area and generally recognized as inherent in Work of the character provided by this Contract, be encountered, the Contract Price shall be equitably adjusted by the Change Order upon the written notice and claim by either party made within seven (7) days after the first observance of the condition. As a condition precedent to the City having any liability to the Contractor for concealed or unknown conditions, the Contractor must give the City written notice of, and an opportunity to observe, the condition prior to disturbing it. The failure by the Contractor to make the written notice and claim as provided in this Subparagraph shall constitute a waiver by the Contractor of any claim arising out of or relating to such concealed or unknown condition.
- 13.4 If the Contractor wishes to make a claim for an increase in the Contract Price, as a condition precedent to any liability of the City therefore, the Contractor shall give the City written notice of such claim within seven (7) days after the occurrence of the event, or the first appearance of the condition, giving rise to such claim. Such notice shall be given by the Contractor before proceeding to execute any additional or changed Work. The failure by the Contractor to give such notice and to give such notice prior to executing the Work shall constitute a waiver of any claim for additional compensation.
- 13.5 The City reserves the right to increase or decrease quantities, and alter the details of construction including grade and alignment as the Project Manager may consider necessary or desirable, by approved Change Order. Such modifications shall not invalidate the Contract nor release the surety. Unless such alterations and increases or decreases change the total cost of the Work, based on the originally estimated quantities and the unit prices bid, by more than 25 percent, or change the total cost of any major item, based on the originally estimated quantities and the unit price bid, by more than 25 percent, the Contractor shall perform the work altered, increased or decreased, at a negotiated price or prices. (A major item shall mean any bid item, the total cost of which exceeds 12-1/2 percent of the total Contract Price based on the proposed quantity and the contract unit price).
- 13.6 When the alterations cause an increase or decrease in excess of the 25 percent indicated above, either the Contractor or the Project Manager may request an adjustment of the unit price to be paid for the item or items.
- 13.7 If a mutually agreeable adjustment cannot be obtained, the City reserves the right to terminate the Contract as it applies to the items in question and make such arrangements as may be deemed necessary to complete the Work.

- 13.8 In connection with any claim by the Contractor against the City for compensation in excess of the Contract Price, any liability of the City for the Contractor's costs shall be strictly limited to direct costs incurred by the Contractor and shall not include standby costs, indirect costs or consequential damages of the Contractor. The City shall not be liable to the Contractor for claims of third parties.
- 13.9 If the Contractor is delayed in progressing any task which at the time of the delay is then critical or which during the delay becomes critical, as the sole result of any act or neglect to act by the City or someone acting in the City's behalf, or by changes ordered in the Work, unusual delay in transportation, unusually adverse weather conditions not reasonably anticipated, fire or any causes beyond the Contractor's control, then the date for achieving Final Acceptance of the Work shall be extended upon the written notice and claim of the Contractor to the City, for such reasonable time as the City may determine. Any notice and claim for an extension of time by the Contractor shall be made not more than seven calendar days after the occurrence of the event or the first appearance of the condition-giving rise to the claim and shall set forth in detail the Contractor's basis for requiring additional time in which to complete the Work. In the event the delay to the Contractor is a continuing one, only one notice and claim for additional time shall be necessary. If the Contractor fails to make such claim as required in this subparagraph, any claim for an extension of time shall be waived.
- 13.10 The Contractor shall delay or suspend the progress of the work or any part thereof, whenever so required by written order of the City, and for such periods of time as required; provided, that in the event of such delay or delays or of such suspension or suspensions of the progress of the work, or any part thereof, the time for completion of work so suspended or of work so delayed by such suspension or suspensions shall be extended for a period equivalent to the time lost by reason of such suspension or suspensions; but such order of the City or Project Manager shall not otherwise modify or invalidate in any way, any of the provisions of this Contract. In the event that the work shall be stopped by written order of the City, any expense, which, in the sole opinion and judgment of the City, is caused by the City, shall be paid by the City to the Contractor.
- 13.11 In executing the Contract Documents, the Contractor expressly covenants and agrees that, in undertaking to complete the Work within the time herein fixed, it has taken into consideration and made allowances for all hindrances and delays incident to such work, whether growing out of delays in securing materials or workers or otherwise. No charge shall be made by the Contractor for hindrances or delays from any cause during the progress of the work, or any portion thereof, included in this Contract, except as provided herein.
- 13.12 In addition to the Project Manual particular to Mobilization found elsewhere in this document, additional mobilization shall not be compensable for work outside of the designated areas for work deemed essential by the City. A quantity of work equal to as much as 10% of the total Contract may be required to be performed beyond the boundaries of the designated work areas

14. CHANGES IN THE WORK

- 14.1 Changes in the Work within the general scope of this Contract, consisting of additions, deletions, revisions, or any combination thereof, may be ordered without invalidating this Contract, by Change Order or by Field Order.

- 14.2 The Project Manager shall have authority to order minor changes in the Work not involving a change in the Contract Price or in Contract Time and consistent with the intent of the Contract. Such changes shall be effected by verbal direction and then recorded on a Field Order and shall be binding upon the Contractor. The Contractor shall carry out such Field Orders promptly.
- 14.3 Any change in the Contract Price resulting from a Change Order shall be by mutual agreement between the City and the Contractor as evidenced by the change in the Contract Price being set forth in the Change Order, and, together with any conditions or requirements related thereto, being initialed by both parties.
- 14.4 If no mutual agreement occurs between the City and the Contractor relative to a change in the Work, the Contractor shall proceed with the Work that is the subject of the Change Order, and the change in the Contract Price, if any, shall then be determined by the Project Manager on the basis of the reasonable expenditures or savings of those performing, deleting or revising the Work attributable to the change, including, in the case of an increase or decrease in the Contract Price, a reasonable allowance for direct job site overhead and profit. In such case, the Contractor shall present, in such form and with such content to the City, as the Project Manager requires, an itemized accounting of such expenditures or savings, plus appropriate supporting data for inclusion in a Change Order. Reasonable expenditures or savings shall be limited to the following: reasonable costs of materials, supplies or equipment, including delivery costs, reasonable costs of labor, including social security, old age and unemployment insurance, fringe benefits required by agreement or custom, and worker's compensation insurance, reasonable rental costs of machinery and equipment exclusive of hand tools, whether rented from the Contractor or others, permit fees, and sales, use or other taxes related to the Work, and reasonable cost of direct supervision and job site field office overhead directly attributable to the change. In no event shall any standby time or any expenditure or savings associated with the Contractor's home office or other non-job site overhead expense be included in any change in the Contract Price. Further, in no event shall the Contractor's overhead expense exceed ten (10%) percent of the reasonable expenditures. Pending final determination of reasonable expenditures or savings to the City, payments on account shall be made to the Contractor on the Project Manager's Certificate for Payment.
- 14.5 If unit prices are provided in the Contract, and if the quantities contemplated are so changed in a proposed Change Order that the application of such unit prices to the quantities of Work proposed would cause substantial inequity to the City or to the Contractor, the applicable unit prices shall be equitably adjusted.
- 14.6 The execution of a Change Order by the Contractor shall constitute conclusive evidence of the Contractor's agreement to the ordered changes in the Work, this Contract as thus amended, the Contract Price and the Contract Time. The Contractor, by executing the Change Order, waives and forever releases any claim including impact against the City for additional time or compensation for matters relating to or arising out of or resulting from the Work included within or affected by the executed Change Order.
- 15. INSURANCE AND BONDS.**
- 15.1 The Contractor shall secure and maintain, throughout the duration of the agreement, insurance (on an occurrence basis unless otherwise agreed to) of such types and in at least such amounts as required herein. Contractor shall provide certificates of insurance and

renewals thereof on forms acceptable to the City. The City shall be notified by receipt of written notice from the insurer or the Contractor at least thirty (30) days prior to material modification or cancellation of any policy listed on the Certificate.

15.2 The Contractor, upon receipt of notice of any claim in connection with this Agreement, shall promptly notify the City, providing full details thereof, including an estimate of the amount of loss or liability. The Contractor shall monitor and promptly notify the City of any reduction in limits of protection afforded under any policy listed in the Certificate (or otherwise required by the Contract Documents) if the Contractor’s limits of protection shall have been impaired or reduced to such extent that the limits fall below the minimum amounts required herein. The Contractor shall promptly reinstate the original limits of liability required hereunder and shall furnish evidence thereof to the City.

15.3 Minimum Requirements Commercial General Liability Policy Limits -

General Aggregate:	\$2,000,000
Products / Completed Operations Aggregate:	\$2,000,000
Personal & Advertising Injury:	\$1,000,000
Each Occurrence:	\$1,000,000

Policy MUST include the following conditions:

- A. Pollution Liability (Applicable only to contracts involving pollutants such as asbestos & lead abatement, sludge or other waste abatement, etc.)
- B. NAME CITY OF PRAIRIE VILLAGE AS “ADDITIONAL INSURED”

15.4 Automobile Liability Policy shall protect the Contractor against claims for bodily injury and/or property damage arising from the ownership or use of any owned, hired and/or non-owned vehicle.

Limits (Same as Commercial General Liability) -
 Combined Single Limits, Bodily Injury and Property Damage - Each Accident:

Policy MUST include the following condition:
 NAME CITY OF PRAIRIE VILLAGE AS “ADDITIONAL INSURED”

15.5 Umbrella Liability. The Umbrella / Excess Liability must be at least as broad as the underlying general liability and automobile liability policies.

Limits -

Each Occurrence	\$1,000,000
General Aggregate	\$1,000,000

15.6 Workers' Compensation. This insurance shall protect the Contractor against all claims under applicable state workers' compensation laws. The Contractor shall also be protected against claims for injury, disease or death of employees which, for any reason, may not fall within the provisions of workers' compensation law. The policy limits shall not be less than the following:

Workers' Compensation:	Statutory
------------------------	-----------

Employer's Liability:	
Bodily Injury by Accident	\$100,000 each accident
Bodily Injury by Disease	\$500,000 policy limit
Bodily Injury by Disease	\$100,000 each employee

15.7 The City will only accept coverage from an insurance carrier who offers proof that it:

Is authorized to do business in the State of Kansas;
 Carries a Best's policy holder rating of A- or better; and
 Carries at least a Class VIII financial rating, or
 Is a company mutually agreed upon by the City and Contractor.

15.8 Subcontractor's Insurance. If a part of the Agreement is to be sublet, the Contractor shall either:

- A. Cover all subcontractor's in its insurance policies, or
- B. Require each subcontractor not so covered to secure insurance which will protect subcontractor against all applicable hazards or risks of loss as and in the minimum amounts designated.

Whichever option is chosen, Contractor shall indemnify and hold harmless the City as to any and all damages, claims or losses, including attorney's fees, arising out of the acts or omissions of its Subcontractors.

15.9 Prior to commencing any work, Contractor shall provide City with certificates evidencing that (1) all Contractor's insurance obligations required by the contract documents are in full force and in effect and will remain in effect until Contractor has completed all of the work and has received final payment from City and (2) no insurance coverage will be canceled, renewal refused, or materially changed unless at least thirty (30) days prior written notice is given to City. Contractor's property insurance shall not lapse or be canceled if City occupies a portion of the work. Contractor shall provide City with the necessary endorsements from the insurance company prior to occupying a portion of the work.

15.10 Waiver of Subrogation. All insurance coverage required herein shall contain a waiver of subrogation in favor of the City. Contractor's insurance policies shall be endorsed to indicate that Contractor's insurance coverage is primary and any other insurance maintained by City is non-contributing as respects the work of Contractor.

15.11 Additional Insurance. Excess Liability coverage or additional insurance covering special hazards may be required on certain projects. Such additional insurance requirements shall be as specified in Special Conditions.

15.12 Bonds and Other Performance Security. Contractor shall provide a Performance Bond, Maintenance Bond and a Statutory Bond in the amount of one hundred percent (100%) of the Contract Price to cover the entire scope of Work and any other specific performance security that may be indicated in this Contract. With each bond there shall be filed with the City one copy of "Power of Attorney" certified to include the date of the bonds.

16. INDEMNITY

16.1 For purposes of indemnification requirements as set forth throughout the Contract, the following terms shall have the meaning set forth below:

“The Contractor” means and includes Contractor, all of his/her affiliates and subsidiaries, his/her Subcontractors and material men and their respective servants, agents and employees; and **“Loss”** means any and all loss, damage, liability or expense, of any nature whatsoever, whether incurred as a judgment, settlement, penalty, fine or otherwise (including attorney’s fees and the cost of defense), in connection with any action, proceeding, demand or claim, whether real or spurious, for injury, including death, to any person or persons or damages to or loss of, or loss of the use of, property of any person, firm or corporation, including the parties hereto, which arise out of or are connected with, or are claimed to arise out of or be connected with, the performance of this Contract whether arising before or after the completion of the work required hereunder.

- 16.2 For purposes of this Contract, and without in any way limiting indemnification obligations that may be set forth elsewhere in the Contract, the Contractor hereby agrees to indemnify, defend and hold harmless the City from any and all Loss where Loss is caused or incurred or alleged to be caused or incurred in whole or in part as a result of the negligence or other actionable fault of the Contractor, his/her employees, agents, Subcontractors and suppliers.
- 16.3 It is agreed as a specific element of consideration of this Contract that this indemnity shall apply notwithstanding the joint, concurring or contributory or comparative fault or negligence of the City or any third party and, further, notwithstanding any theory of law including, but not limited to, a characterization of the City’s or any third party’s joint, concurring or contributory or comparative fault or negligence as either passive or active in nature.
- 16.4 Nothing in this section shall be deemed to impose liability on the Contractor to indemnify the City for Loss when the negligence or other actionable fault the City is the sole cause of Loss.
- 16.5 With respect to the City’s rights as set forth herein, the Contractor expressly waives all statutory defenses, including, but not limited to, those under workers compensation, contribution, comparative fault or similar statutes to the extent said defenses are inconsistent with or would defeat the purpose of this section.

17. SUCCESSORS AND ASSIGNS

- 17.1 The City and Contractor bind themselves, their successors, assigns and legal representatives to the other party hereto and to successors, assigns and legal representatives of such other party in respect to covenants, agreements and obligations contained in this Contract.
- 17.2 The Contractor shall not assign or sublet the work, or any part thereof, without the previous written consent of the City, nor shall it assign, by power of attorney or otherwise, any of the money payable under this Contract unless by and with the like written consent of the City. In case the Contractor assigns all, or any part of any moneys due or to become due under this Contract, the instrument of assignment shall contain a clause substantially to the affect that it is agreed that the right of the assignee in and to any moneys due or to become due to the Contractor shall be subject to all prior liens of all persons, firms and corporations for services rendered or materials supplied for the performance of the Work called for in this Contract.
- 17.3 Should any Subcontractor fail to perform in a satisfactory manner, the work undertaken, its subcontract shall be immediately terminated by the Contractor upon notice from the City.

Performing in an unsatisfactory manner is defined as consistently having more than 10% of work unacceptable. The Contractor shall be as fully responsible to the City for the acts and omissions of the subcontractors, and of persons either directly or indirectly employed by them, as Contractor is for the acts and omissions of persons directly employed. Nothing contained in this Contract shall create any contractual relations between any Subcontractor and the City, nor shall anything contained in the Contract Documents create any obligation on the part of the City to pay or to see to the payment of any sums due any Subcontractor.

- 17.4 The Contractor shall not award subcontracts which total more than forty-five (45%) of the Contract Price and shall perform within its own organization work amounting to not less than fifty-five percent (55%) of the total Contract Price. Approval by the City of any Subcontractor shall not constitute a waiver of any right of the City to reject Defective Work, material or equipment not in compliance with the requirements of the Contract Documents. The Contractor shall not make any substitution for any Subcontractor accepted by the City unless the City so agrees in writing.
- 17.5 The Contractor shall not subcontract, sell, transfer, assign or otherwise dispose of the Contract or any portion thereof without previous written consent from the City. In case such consent is given, the Contractor, shall be permitted to subcontract a portion thereof, but shall perform with his/her own organization work amounting to not less than fifty five (55%) of the total Contract Price. No subcontracts, or other transfer of Contract, shall release the Contractor of its liability under the Contract and bonds applicable thereto.
- 17.6 The Contractor shall cause appropriate provisions to be inserted in all subcontracts relative to the Work to bind Subcontractors to the Contractor by the terms of the Contract Documents insofar as applicable to the work of the Subcontractor and to give the Contractor the same power to terminate any Subcontract as the City has to terminate the Contractor under any provisions of the Contract Documents.
- 17.7 Prior to the City's approval of the Contract bid, the successful bidder shall submit to the City for acceptance, a list of names of all Subcontractors proposed for portions of the work and shall designate which work each is to perform.
- 17.8 The City shall, prior to the City's approval of the Contract bid, notify the successful bidder, in writing, if the City, after due investigation, has reasonable objection to any Subcontractor on such list, and the Contractor shall substitute a Subcontractor acceptable to the City at no additional cost to the City or shall be allowed to withdraw his/her Bid, and the City shall either re-bid the Work or accept the next best lowest and responsible bidder. The failure of the City to make objection to a Subcontractor shall constitute an acceptance of such Subcontractor but shall not constitute a waiver of any right of the City to reject Defective Work, material or equipment not in conformance with the requirements of the Project Manual.

18. NON-DISCRIMINATION LAWS

- 18.1 The Contractor agrees that:
- A. The Contractor shall observe the provisions of the Kansas Act Against Discrimination (K.S.A. 44-1001 et seq.) and shall not discriminate against any person in the performance of Work under the present contract because of race, religion, color, sex, disability, national origin, ancestry or age;

- B. In all solicitations or advertisements for employees, the Contractor shall include the phrase, "equal opportunity employer," or a similar phrase to be approved by the Kansas Human Rights Commission (Commission);
 - C. If the Contractor fails to comply with the manner in which the Contractor reports to the commission in accordance with the provisions of K.S.A. 44-1031 and amendments thereto, the Contractor shall be deemed to have breached the present contract and it may be cancelled, terminated or suspended, in whole or in part, by the contracting agency;
 - D. If the Contractor is found guilty of a violation of the Kansas Act Against Discrimination under a decision or order of the Commission which has become final, the Contractor shall be deemed to have breached the present contract and it may be cancelled, terminated or suspended, in whole or in part, by the contracting agency; and
 - E. The Contractor shall include the provisions of Subsections A through D in every subcontract or purchase order so that such provisions will be binding upon such Subcontractor or vendor.
 - F. The provisions of this Section shall not apply to a contract entered into by a Contractor: (1) Who employs fewer than four employees during the term of such contract; or (2) Whose contracts with the City cumulatively total \$5,000 or less during the fiscal year of the City.
- 18.2 The Contractor further agrees that it shall abide by the Kansas Age Discrimination In Employment Act (K.S.A. 44-1111 et seq.) and the applicable provision of the Americans With Disabilities Act (42 U.S.C. 12101 et seq.) as well as all other federal, state and local laws.
- 19. FEDERAL LOBBYING ACTIVITIES [THIS PROVISION ONLY APPLIES IF THE CITY IS RECEIVING FEDERAL FUNDS]**
- 19.1 31 USCS Section 1352 requires all subgrantees, Contractors, Subcontractors, and consultants/Architects who receive federal funds via the City to certify that they will not use federal funds to pay any person for influencing or attempting to influence a federal agency or Congress in connection with the award of any federal contract, grant, loan, or cooperative agreements.
- 19.2 In addition, contract applicants, recipients, and subrecipients must file a form disclosing any expenditure they make for lobbying out of non-federal funds during the contract period.
- 19.3 Necessary forms are available from the City and must be returned to the City with other Contract Documents. It is the responsibility of the general contractor to obtain executed forms from any Subcontractors who fall within the provisions of the Code and to provide the City with the same.
- 20. RELATIONS WITH OTHER CONTRACTORS:**
- 20.1 The Contractor shall cooperate with all other contractors who may be performing work on behalf of the City, and workers who may be employed by the City, or any other entity on any work in the vicinity of the Work to be done under this Contract, and the Contractor shall so

conduct his/her operations as to interfere to the least possible extent with the work of such contractors or workers. The Contractor shall be responsible for any injury or damage, that may be sustained by other contractors, workers, their work or employees of the City, because of any fault or negligence on the Contractor's part, and shall, at his/her own expense, repair or pay for such injury or damage. If the work of the Contractor is delayed because of any acts or omissions of any other Contractor or Contractors, the Contractor shall have no claim against the City on that account other than for an extension of time.

- 20.2 When two or more Contracts are being executed at one time in such manner that work on one Contract may interfere with that on another, the City shall decide which Contractor shall progress at which time.
- 20.3 Other projects the Contractor may have to coordinate shall be listed in the Special Conditions.
- 20.4 When the territory of one Contract is the necessary or convenient means of access for the transportation or movement of workers, materials, or appliances required for the execution of another Contract, such privileges of access or any other responsible privilege may be granted by the City to the Contractor so desiring, to the extent such may be reasonably necessary.
- 20.5 Upon execution of the Contract, the Contractor shall furnish the City, in writing, the names of persons or entities proposed by the Contractor to act as a Subcontractor on the Work. The City shall promptly reply to the Contractor, in writing, stating any objections the City may have to such proposed Subcontractor. The Contractor shall not enter into a Subcontract with a proposed Subcontractor with reference to whom the City has made timely objection. The Contractor shall not be required to Subcontract with any party to whom the Contractor has objection.

21. RIGHT OF CITY TO TERMINATE

- 21.1 If the Contractor persistently or repeatedly refuses or fails to prosecute the Work in a timely manner, or supply enough properly skilled workers, supervisory personnel or proper equipment or materials, or if it fails to make prompt payment to Subcontractors or for materials or labor, or persistently disregards laws, ordinances, rules, regulations or orders of any public authority having jurisdiction, or if this Contract is assigned by Contractor without authorization or if Contractor is adjudged as bankrupt, or if a general assignment of assets be made for the benefit of creditors; or if a receiver is appointed, or otherwise is guilty of a substantial violation of a provision of this Contract, then the City may by written notice to the Contractor, without prejudice to any right or remedy, terminate the employment of the Contractor and take possession of the site and of all materials, equipment, tools, construction equipment and machinery thereon owned by the Contractor and may finish the Work by whatever methods it may deem expedient. In such case, the Contractor and its surety shall be liable to the City for all excess cost sustained by the City because of such prosecution and completion including any additional legal, Project Manager or bid-letting costs therefore. In such case, the Contractor shall not be entitled to receive further payment. In the event the Contractor is found in a court of law to have been wrongfully terminated for cause, then such termination shall be deemed a termination for convenience and the Contractor shall be compensated as provided herein. Any termination of the Agreement for alleged default by Contractor that is ultimately determined to be unjustified shall automatically be deemed a termination for convenience of the City.

21.2 The City, within its sole discretion, may elect to terminate the Contract with the Contractor for convenience upon three (3) days written Notice to Contractor. In the event of such termination, Contractor shall cease immediately all operations and shall be compensated for all work performed as of the date of termination in accordance with the terms of payment in this contract. Contractor shall not be entitled to any anticipatory profits, consequential damages or other costs other than direct costs of demobilization.

22. MISCELLANEOUS:

22.1 The Contractor warrants to the City that all labor furnished to progress the Work under the Contract will be competent to perform the tasks undertaken, that the product of such labor will yield only first-class results, that materials and equipment furnished will be of good quality and new unless otherwise permitted by this Contract, and that the Work will be of good quality, free from faults and defects and in strict conformance with the Project Manual. All Work not conforming to these requirements may be considered defective.

22.2 The Contractor shall obtain and pay for all permits, fees and licenses necessary or ordinary for the Work. The Contractor shall comply with all lawful requirements, including federal and state laws, City and County laws and ordinances and building codes, applicable to the Work and shall give and maintain copies of all notices required by applicable law pertaining to the Work.

22.3 Provision for Emergencies. Whenever, in the opinion of the City, the Contractor has not taken sufficient precaution for the safety of the public or the protection of the Work to be constructed under this Contract, or of adjacent structures or property which may be injured by process of construction, and whenever, in the opinion of the City, an emergency shall arise and immediate action shall be considered necessary in order to protect property interests and to avoid personal injury and/or death, then the City, with or without notice to the Contractor, shall provide suitable protection to the said interests by causing such Work to be done and materials to be furnished at places as the City may consider necessary and adequate. The cost and expense of such Work and material so furnished shall be borne by the Contractor and, if the same shall not be paid on presentation of the bills therefore, such costs shall be deducted from any amounts due or to become due the Contractor. The performance of such emergency Work shall in no way relieve the Contractor of responsibility for damages which may occur during or after such precaution has been duly taken.

22.4 Both the business address of the Contractor given in the Bid or proposal upon which this Contract is founded, and the Contractor's Office near the Work, is hereby designated as the places to which all notices, letters, and other communications to the Contractor may be mailed or delivered. The delivering at either of the above named addresses, or depositing in any mailbox regularly maintained by the Post Office, of any notice, letter or other communication so addressed to the Contractor, and the date of said service shall be the date of such delivery or mailing. Such addresses may be changed at any time by an instrument in writing, executed by the Contractor, presented, and delivered to the Project Manager and to the City. Nothing herein contained shall be deemed to preclude or render inoperative the service of any notice, letter, or communication upon the Contractor personally.

22.5 It is mutually agreed by and between the parties to this Contract that all royalties and fees for and in connection with patents, or patent infringement, claims for materials, articles,

- apparatus, devices or equipment (as distinguished from processes) used in or furnished for the work shall be included in the Contract Price and the Contractor shall satisfy all demands that may be made at any time for such, and the Contractor shall at its cost and expense, defend any and all suits or proceedings that may be instituted at any time against the City for infringement or alleged infringement of any such patents involved in the work, and Contractor shall pay any award of damages.
- 22.6 The right of general administration of the City shall not make the Contractor an agent of the City, and the liability of the Contractor for all damages to persons, firms, and corporations, arising from the Contractor's execution of the Work, shall not be lessened because of such general administration, but as to all such persons, firms, and corporations, and the damages, if any, to them or their property. The Contractor herein is an independent Contractor in respect to the work.
- 22.7 For a period of time, from the inception of the Contract to three (3) years from the date of final payment under the Contract, the Contractor and subcontractors shall maintain books, accounts, ledgers, invoices, drafts, pages and other records pertaining to the performance of this Contract. At all reasonable times during this period these records shall be available within the State of Kansas at a field or permanent business office for inspection by authorized representatives of the City or of any other agency, which has contributed funds in connection with the Contract or to which the City is obligated to make such inspections available. In addition, this requirement shall be included in all subcontracts entered into in connection with this Contract.
- 22.8 Titles, subheadings used herein, and other Contract Documents are provided only as a matter of convenience and shall have no legal bearing on the interpretation of any provision of the Contract Documents.
- 22.9 No waiver of any breach of this Contract shall be construed to be a waiver of any other subsequent breach.
- 22.10 Should any provision of this Agreement or other Contract Documents be determined to be void, invalid, unenforceable or illegal for whatever reason, such provision(s) shall be null and void; provided, however, that the remaining provisions of this Agreement and/or the other Contract Documents shall be unaffected thereby and shall continue to be valid and enforceable.
- 22.11 Without in any manner limiting Contractor's responsibilities as provided elsewhere in the Contract Documents, the Contractor shall assume full responsibility for the protection of all public and private property, structures, sewers, and utilities, for both above ground and underground facilities, along, beneath, above, across or near the site or sites of the Work being performed under this Agreement, or which are in any manner affected by the prosecution of the Work or the transportation of men/women or materials in connection therewith. Barriers shall be kept in place at all times to protect persons other than those engaged on or about the Work from accident, and the Contractor will be held responsible for all accidents to persons or property resulting from the acts of Contractor or its employees.
- 22.12 The Contractor shall keep fully informed of all existing and current regulations of the City, county, state, and federal laws, which in any way limit or control the actions or operations of those engaged upon the work, or affecting materials supplied, to or by them. The Contractor shall at all times observe and comply with all ordinances, laws, and regulations,

- and shall protect and indemnify the City and the City's officers and agents against any claims or liability arising from or based on any violation of the same.
- 22.13 Nothing contained in the Contract Documents shall create, or be interpreted to create, privity or any other contractual agreement between the City and any person or entity other than the Contractor.
- 22.14 Duties and obligations imposed by the Contract Documents, rights, and remedies available hereunder shall be in addition to and not a limitation of duties, obligations, rights and remedies otherwise imposed or available by law.
- 22.15 No action or failure to act by the City, Project Manager or Contractor shall constitute a waiver of a right or duty afforded them under the Contract, nor shall such action or failure to act constitute approval or acquiescence in a breach hereunder, except as may be specifically agreed in writing.
- 22.16 Contractor specifically acknowledges and confirms that: (i) it has visited the site, made all inspections it deems appropriate and has read and fully understands the Contract Documents, including all obligations and responsibilities undertaken by it as specified herein and in other Contract Documents and knowingly accepts the same; (ii) it has furnished copies of all Contract Documents to its insurance carrier(s) and its surety(ies); and (iii) its insurance carrier(s) and surety(ies) agree to be bound as specified herein, in the Contract Documents and in the insurance policy(ies) and bonds as to liability and surety coverage.
- 22.17 It is specifically agreed between the parties executing this Agreement that the Contract Documents are not intended to create any third party beneficiary relationship nor authorize anyone not a party to this Agreement to maintain a suit for personal injuries or property damage pursuant to the terms or provisions of this Agreement. The duties, obligations and responsibilities of the parties to this Agreement with respect to third parties shall remain as imposed by law.
- 22.18 This Agreement is entered into, under and pursuant to, and is to be construed and enforceable in accordance with the laws of the State of Kansas. Venue of any litigation arising in connection with this Agreement shall be the State courts of Johnson County, Kansas.

IN WITNESS WHEREOF, the City has caused this Agreement to be executed in its behalf, thereunto duly authorized, and the said Contractor has executed five (5) counterparts of this Contract in the prescribed form and manner, the day and year first above written.

**CITY COUNCIL
CITY OF PRAIRIE VILLAGE
AUGUST 1, 2016**

The City Council of Prairie Village, Kansas, met in regular session on Monday, August 1, 2016 at 7:30 p.m. in the Council Chambers at the Municipal Building, 7700 Mission Road, Prairie Village, Kansas.

ROLL CALL

Mayor Laura Wassmer called the meeting to order and roll call was taken with the following Council members present: Ashley Weaver, Jori Nelson, Serena Schermoly, Steve Noll, Eric Mikkelson, Andrew Wang, Sheila Myers, Dan Runion, Courtney McFadden, Ted Odell and Terrence Gallagher.

Staff present was: Captain Wes Lovett; Melissa Prenger, Public Works Project Manager; Katie Logan, City Attorney; Wes Jordan, Assistant City Administrator; Lisa Santa Maria, Finance Director; Alley Williams, Assistant to the City Administrator and Joyce Hagen Mundy, City Clerk.

INTRODUCTION OF STUDENTS & SCOUTS

No scouts or students were in attendance.

PUBLIC HEARING - 2017 Budget

Adoption of the 2017 Budget for the City of Prairie Village

Finance Director Lisa Santa Maria reviewed the process followed in the preparation of the City's 2017 budget. The proposed budget of \$34,464,177 reflects the following goals: 1) maintain high quality services and programs, 2) maintain quality

streets, parks and infrastructure, 3) continue strong financial condition, 4) maintain AAA bond rating, 5) increase financial transparency and 6) Increase citizen participation in budget issues.

The 2017 budget is balanced with the existing mill levy rate of 19.500 and maintains the same level of services with enhancements to 1) Capital Infrastructure Program to \$4.1 million; 2) Increased Police Pension Plan funding by \$100,000, a 22% increase; 3) Included a salary/compensation study, budgeted at \$20,000; and 4) Includes additional Full Time Building Inspector. There is an overall increase in the 2017 General Fund department expenditure budgets of 3.28%.

The stormwater utility fee rate remains at the current rate of \$0.040/square foot of impervious area and the annual household assessment for Solid Waste Management services remains the same at \$174.00. A 2.3% increase for property & casualty Insurance and a 21.4% increase for worker's compensation insurance. Fuel costs decreased from \$3.25 per gallon to \$3.00 per gallon. The employee merit pool decreased from 3.5% to 3.25%. KPERS increased by 11.7% and Health Insurance costs increased by 10%. The 2017 budget includes an increase of 12.6% for utilities - street lights and traffic signals (174,000). The anticipated ending fund balance is 25% with a general contingency fund of \$500,000.

The 2017 budget includes a transfer of \$4.1 million from the General Fund to the Capital Improvement Program (CIP). The total CIP budget for 2017 is \$7,535,000.

Ms. Santa Maria reviewed a chart reflecting the taxes paid by the average Prairie Village household in 2016 of \$550 on an assessed valuation of \$245,098 (11.5%).

A comparison of the city's mil levy with other Johnson County cities was also presented. The 2017 budget needs to be approved and submitted to the County Clerk by August 25th.

Lisa Santa Maria noted that the budget will probably need to be amended later in the year for the increased solid waste costs pending the action taken by the council and subsequent negotiation.

Mayor Wassmer opened the public hearing for questions from Council members and comments from the public.

Eric Mikkelson asked where the additional funds for the increased solid waste services costs would come from. Mrs. Santa Maria replied these costs would be reflected in a special assessment increase for residents. The mill levy would not be impacted.

Dan Runion questioned the breakdown per month for the solid waste costs per resident. Mrs. Santa Maria advised the solid waste account included other costs such as staff costs as well as the service contract amount. She noted the budgeted amount proposed is the maximum amount with \$1.4M or \$1.5M being a more realistic value.

Mayor Wassmer opened the public hearing to comments from those present. With no one wishing to speak on the proposed budget, the public hearing was closed at 7:45 p.m.

Steve Noll moved the City Council adopt the 2017 budget as certified in the amount of \$32,464,177 with ad valorem tax in the amount of \$6,331,169. The motion was seconded by Eric Mikkelson and passed unanimously.

Steve Noll moved the City Council approve Resolution 2016-04 regarding the financing of the annual budget for 2017. The motion was seconded by Eric Mikkelson and passed unanimously.

PUBLIC PARTICIPATION

No one addressed the City Council.

CONSENT AGENDA

Ted Odell noted a correction to the City Council minutes of July 18th noting that on the vote on the Charter Ordinance he had abstained. The City Clerk noted the correction would be made.

Ted Odell moved the approval of the Consent Agenda items for August 1, 2016 with the correction to item #1:

1. Approve the regular City Council meeting minutes of July 18, 2016 as corrected
2. Approve Claims Ordinance 2944

A roll call vote was taken with the following members voting “aye”: Weaver, Nelson, Schermoly, Noll, Mikkelson, Wang, Myers, Runion, McFadden, Odell and Gallagher.

COMMITTEE REPORTS

There were no Committee Reports.

MAYOR'S REPORT

Mayor Wassmer urged everyone to vote in tomorrow's primary election and introduced and welcomed Alley Williams. Alley, a Kansas City area native and KU graduate, is the new Assistant to the City Administrator.

STAFF REPORTS

Public Safety

- Captain Lovett announced the upcoming Fro-Yo with a Cop on Saturday, August 13th from 7 pm to 9 pm at Peachwave at 9424 Mission Road.

Public Works

- Melissa Prenger reviewed the proposed Tomahawk Trail site map. The proposed trail will be bid at the end of the year with construction in March/April of 2017. The plans have been reviewed by First Washington and no parking spaces will be lost. Public Information meetings will be held and the tenants are also encouraged to attend.

Ashley Weaver asked how long construction would take and if it could be done earlier. Ms. Prenger replied she estimated construction to take six to eight weeks. She noted the timing of the project was set to minimize the impact to holiday shopping at the PV Shops.

Steve Noll asked if the bridges would be prefabricated. Ms. Prenger responded they would be similar to those in city parks.

- Public Works field crews have been working on pothole repair with the new “hot box patches” and are injecting ash trees for EAB treatment.
- Mission Road north of 75th Street has been paved and will be stripped this week. Sod will be placed in September. There will be a few daytime closures after school has started for the placement of benches along the roadway.
- Work has begun on 82nd Terrace and Street. 82nd Terrace will be closed during the day.

Eric Mikkelson stated that he had received several positive comments on the recent improvements to Windsor Park with the installation of the new nature play area. Melissa Prenger noted that new playground equipment will also be installed this fall.

Administration

- Lisa Santa Maria distributed the second quarter financial statement to the Council and noted that at mid-year revenues are at 57.9% of projections with expenditures at 53.1% of appropriations.
- Wes Jordan noted the new building standards (Phase I) went into place July 12th. There have not been any comments from the community. Council had discussed considering design standards as Phase II. Mr. Jordan recommended the City wait to see the impact of the building standards before beginning work on design standards which will be a major undertaking for staff. The Council agreed.

OLD BUSINESS

Teen Council

Serena Schermoly reported that area schools have been e-mailed regarding the City's 2016-2017 Teen Council Program. She and Jori Nelson met with the Shawnee

Mission East principal. Mrs. Schermoly also met with Overland Park's Teen Council Coordinator. One of the ideas discussed was having a joint leadership conference with teen councils from Prairie Village, Olathe and Overland Park. She has also contacted UMKC regarding participation in the program.

Breed Specific Legislation

Eric Mikkelson noted that this would be discussed at the next meeting and that if action were to be taken it would only address Section 2-106 "Pit Bull Dog - Keeping Prohibited". He noted at previous meetings references were made to hybrid wolves and they are not included in the Pit Bull Section.

NEW BUSINESS

Live Streaming of Council Meetings

Serena Schermoly asked that live streaming of City Council meetings be discussed at a future meeting. She noted that this process is relatively inexpensive and easy to implement with the record being stored in the Cloud. It would be available immediately after the meeting and provide more transparency to residents.

Ted Odell stated that he would like to have clear cost figures and the impact on staff time. Terrence Gallagher noted that this had been considered previously by the Communications Committee and he would be glad to share that information. Wes Jordan advised that Johnson County IT be involved in this process.

Mayor Wassmer asked Mrs. Schermoly and Mr. Gallagher to get their information to staff to review and prepare it for future discussion at a committee meeting. Dan Runion asked for the link to view what was recorded this evening.

ANNOUNCEMENTS

Committee meetings scheduled for the next two weeks:

Planning Commission	08/02/2016	7:00 p.m.
Tree Board	08/02/2016	6:00 p.m.
JazzFest Committee	08/11/2016	5:30 p.m.
Council Committee of the Whole	08/15/2016	6:00 p.m.
City Council	08/15/2016	7:30 p.m.

=====

The Prairie Village Arts Council is pleased to present the works of Mary Ann Coonrod and Cookie Cave in the R.G. Endres Gallery during the month of August. The artist reception will be at 6:30 p.m. on Friday, August 12, 2016.

The pool will begin reduced hours on Monday, August 8th opening at 4:30 p.m. on weekdays.

ADJOURNMENT

With no further business to come before the City Council the meeting was adjourned at 8:12 p.m.

Joyce Hagen Mundy
City Clerk

MAYOR

**Council Meeting Date: August 15, 2016
Consent Agenda**

Consent Agenda: Consider appointment of new committee member

RECOMMENDATION

Mayor Wassmer requests Council ratification of the appointment of Elizabeth Johnson to the Parks and Recreation Committee to fill a term ending April 2018.

BACKGROUND

Elizabeth Johnson has expressed interest in serving on the Park and Recreation Committee. Committee Chairs Terrence Gallagher and Sheila Myers have interviewed the applicant and desire to have her appointed to the committee with the Mayor's approval. Her volunteer applications are attached.

Background

Please tell us about yourself, listing any special skills or experiences you have.

I have lived in the Prairie Village area for 9 years and have enjoyed being part of such a wonderful community. I am a residential interior designer and have an eye for design and blue prints. I enjoy spending time with my husband and our 9 month old daughter. We are big fans of the pool, windsor park and the village shops. I would like to be a part of Prairie Village's growth and look forward to serving in whatever way I can.

PRAIRIE VILLAGE JAZZ FEST COMMITTEE
Meeting Date: August 18, 2016
CONSENT AGENDA

Consider request for Alcoholic Beverage Waiver for Harmon Park for the Prairie Village Jazz Festival

RECOMMENDATION

Recommend the City Council approve a waiver to allow the serving of alcoholic beverages at Harmon Park on Saturday, September 10, 2016 in conjunction with the Prairie Village Jazz Festival.

BACKGROUND

The Prairie Village JazzFest Committee is sponsoring a Jazz Festival on Saturday, September 10, 2016 on the Municipal Campus and Harmon Park. Food and alcohol will be sold during the hours of the event. The area will be secured. Police will be on the grounds during the event. All persons drinking alcohol will be required to wear a wrist bracelet that they will receive after they have shown the necessary documentation showing they are of age to drink. BRGR will once again secure the necessary alcohol permit from the state.

City Council Date: August 18, 2016
CONSENT AGENDA

Consider an Ordinance approving the Prairie Village Jazz Festival as a Special Event and Authorizing the Sale, Consumption and Possession of Alcoholic Liquor and Cereal Malt Beverages within the Boundaries of a Barricaded Public Areas of the Event.

RECOMMENDATION:

Staff recommends that the City Council approve an Ordinance approving the Prairie Village Jazz Festival as a special event and authorizing the sale, consumption and possession of alcoholic liquor and cereal malt beverages within the boundaries of a barricaded public areas of the event.

SUGGESTED MOTION:

I move the City Council authorize the Mayor to execute Ordinance No. 2352 approving the Prairie Village Jazz Festival as a special event and authorizing the sale, consumption and possession of alcoholic liquor and cereal malt beverages within the boundaries of a barricaded public areas of the event.

DISCUSSION:

Pursuant to KSA 41-719(a)(2) and KSA 41-2645, the Governing Body may approve special events and exempt public streets and sidewalks from the prohibition concerning drinking or consuming alcoholic liquor and cereal malt beverages on public streets and sidewalks.

The JazzFest Committee requests that the City approve an ordinance identifying the Prairie Village Jazz Festival on Saturday, September 10, 2016 as a special event and authorizing the sale, consumption and possession of alcoholic liquor and cereal malt beverages within the boundaries of barricaded public areas at the event.

Joyce Hagen Mundy
City Clerk

Date: August 4, 2016

ORDINANCE NO. 2352

AN ORDINANCE APPROVING THE PRAIRIE VILLAGE JAZZ FEST AS A SPECIAL EVENT AND AUTHORIZING THE SALE, CONSUMPTION AND POSSESSION OF ALCOHOLIC LIQUOR AND CEREAL MALT BEVERAGES WITHIN THE BOUNDARIES OF BARRICADED PUBLIC AREAS AT SUCH EVENT

BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF PRAIRIE VILLAGE, KANSAS, THAT:

Section 1. Pursuant to KSA 41-719(a)(2) and KSA 41-2645, the Governing Body may approve special events and exempt public streets and sidewalks from the prohibitions concerning drinking or consuming alcoholic liquor and cereal malt beverages on public streets and sidewalks.

Section 2. In accordance with such authority, the City approves the Prairie Village Jazz Fest as a special event to be held at Harmon Park on September 10, 2016.

Section 3. Authorization is given to barricade the area outlined on the attached Exhibit A during such event. A smaller area may be selected based on the size of the event, but the event boundary may not be expanded

Section 4. Vendors holding the appropriate license from the State of Kansas to sell alcoholic liquor and cereal malt beverages may, in accordance with all applicable state laws and municipal ordinances, sell alcoholic liquor and cereal malt beverages in the area designated by the Division of Alcoholic Beverage Control within the barricaded area during the event.

Section 5. Event attendees may buy, possess and consume alcoholic liquor and cereal malt beverages within barricaded area on September 10, 2016.

Section 6. This Ordinance shall take effect and be in force from and after its passage, approval, and publication in the official newspaper of the City of Prairie Village, Kansas as provided by law.

PASSED AND ADOPTED BY THE GOVERNING BODY THIS 18th DAY OF AUGUST, 2016.

PUBLIC WORKS DEPARTMENT

Council Committee Meeting Date: August 15, 2016

Council Meeting Date: August 15, 2016

**CONSIDER APPROVAL OF A CONTRACT WITH NATIONAL STREETScape, INC.
FOR THE CITY HALL COURTYARD.**

RECOMMENDATION

Move to authorize the Mayor to sign the Construction Contract with National Streetscape, Inc. for Project BG50 0003, City Hall Courtyard for \$414,300.00.

BACKGROUND

On August 5, 2016, the City Clerk opened bids for Project BG50 0003, City Hall Courtyard. Three bids were received:

National Streetscape	\$414,300.00
John Rohrer Contracting	\$481,993.00
Gunter Construction	\$493,226.00
Engineers Estimate	\$479,090.00

The consultant has reviewed the bids for accuracy and corrected minor errors on one bid.

This project will reconstruct the City Hall Courtyard, providing unified access to the both the police and municipal offices and will correct the structural deficiencies of the existing infrastructure.

FUNDING SOURCE

Funding is available in the 2016 Capital Infrastructure Program BG50 0003 budget for construction at \$430,000.

1. Construction Agreement with National Streetscape Inc.

PREPARED BY

Melissa Prenger, Senior Project Manager

August 11, 2016

**CONSTRUCTION CONTRACT
FOR
CITY OF PRAIRIE VILLAGE - COURTYARD**

BETWEEN
THE CITY OF PRAIRIE VILLAGE, KANSAS
AND
NATIONAL STREETSCAPE, INC.

THIS AGREEMENT, is made and entered into this ____ day of _____, 20__, by and between the City of Prairie Village, Kansas, hereinafter termed the “**City**”, and National Streetscape, Inc., hereinafter termed in this agreement, “**Contractor**”, for the construction and completion of “City of Prairie Village - Courtyard”, (the “**Project**”) designated, described and required by the Project Manual and Bid Proposal, to wit:

WITNESSETH:

WHEREAS, the City has caused to be prepared, approved and adopted a Project Manual describing construction materials, labor, equipment and transportation necessary for, and in connection with, the construction of a public improvement, and has caused to be published an advertisement inviting sealed bid, in the manner and for the time required by law;

WHEREAS, the Contractor, in response to the advertisement, has submitted to the City in the manner and at the time specified, a sealed Bid Proposal in accordance with the Bid Documents;

WHEREAS, the City, in the manner prescribed by law, has publicly opened, examined and canvassed the Bid Proposals submitted, and as a result of such canvass has determined and declared the Contractor to be the lowest and best responsible bidder for the construction of said public improvements, and has duly awarded to the said Contractor a contract therefore upon the terms and conditions set forth in this Agreement for the sum or sums set forth herein;

WHEREAS, the Contractor has agreed to furnish at its own cost and expense all labor, tools, equipment, materials and transportation required to construct and complete in good, first class and workmanlike manner, the Work in accordance with the Contract Documents; and

WHEREAS, this Agreement, and other Contract Documents on file with the City Clerk of Prairie Village, Kansas, all of which Contract Documents form the Contract, and are as fully a part thereof as if repeated verbatim herein; all work to be to the entire satisfaction of the City or City’s agents, and in accordance with the laws of the City, the State of Kansas and the United States of America;

NOW, THEREFORE, in consideration of the compensation to be paid the Contractor, and of the mutual agreements herein contained, the parties hereto have agreed and hereby agree, the City for itself and its successors, and the Contractor for itself, himself, herself or themselves, its, his/her, hers or their successors and assigns, or its, his/her, hers or their executors and administrators, as follows:

1. **DEFINITIONS:** Capitalized terms not defined herein shall have the meanings set forth in the General Conditions.

1.1 Following words are given these definitions:

ADVERSE WEATHER shall have the meaning set forth in Section 9.3 hereof.

APPLICATION FOR PAYMENT shall mean a written request for compensation for Work performed on forms approved by the City.

BID shall mean a complete and properly signed proposal to do the Work or designated portion thereof, for the price stipulated therein, submitted in accordance with the Bid Documents.

BID DOCUMENTS shall mean all documents related to submitting a Bid, including, but not limited to, the Advertisement for Bids, Instruction to Bidders, Bid Form, Bid Bond, and the proposed Project Manual, including any Addenda issued prior to receipt of Bids.

BID PROPOSAL shall mean the offer or proposal of the Bidder submitted on the prescribed form set forth the prices for the Work to be performed.

BIDDER shall mean any individual: partnership, corporation, association or other entity submitting a bid for the Work.

BONDS shall mean the bid, maintenance, performance, and statutory or labor and materials payment bonds, together with such other instruments of security as may be required by the Contract Documents.

CERTIFICATE FOR PAYMENT shall mean written certification from the Project Manager stating that to the best of the project manager's knowledge, information and belief, and on the basis of the Project Manager's on-site visits and inspections, the Work described in an Application for Payment has been completed in accordance with the terms and conditions of the Contract Documents and that the amount requested in the Application for Payment is due and payable.

CHANGE ORDER is a written order issued after the Agreement is executed by which the City and the Contractor agree to construct additional items of Work, to adjust the quantities of Work, to modify the Contract Time, or, in lump sum contracts, to change the character and scope of Work shown on the Project Manual.

CITY shall mean the City of Prairie Village, Kansas, acting through a duly appointed representative.

CONTRACT or **CONTRACT DOCUMENTS** shall consist of (but not necessarily be limited to) the Plans, the Specifications, all addenda issued prior to and all modifications issued after execution of this Agreement, (modifications consisting of written amendments to the Agreement signed by both parties, Change Orders, written orders for minor changes in the Work issued by the Project Manager) this Construction Contract between the City and Contractor (sometimes referred to herein as the "**Agreement**"), the accepted Bid Proposal, Contractor's Performance Bond, Contractor's Maintenance Bond, Statutory Bond, the Project Manual, the General Conditions, the Special Conditions and any other documents that have bearing the Work prescribed in the Project. It is understood that the Work shall be

carried out and the Project shall be constructed fully in accordance with the Contract Documents.

CONTRACT PRICE shall be the amount identified in the Construction Agreement between the City and the Contractor as the total amount due the Contractor for Total Completion of the Work as per the Contract Documents.

CONTRACT TIME shall be the number of calendar days stated in the Contract Documents for the completion of the Work or shall be a specific date as designated in the Construction Agreement.

CONTRACTOR shall mean the entity entering into the Contract for the performance of the Work covered by this Contract, together with his/her duly authorized agents or legal representatives.

DEFECTIVE WORK shall mean Work, which is unsatisfactorily, faulty or deficient, or not in conformity with the Project Manual.

FIELD ORDER shall mean a written order issued by the Project Manager that orders minor changes in the Work, but which does not involve a change in the Contract Price or Contract Time.

FINAL ACCEPTANCE shall mean the date when the City accepts in writing that the construction of the Work is complete in accordance with the Contract Documents such that the entire Work can be utilized for the purposes for which it is intended and Contractor is entitled to final payment.

GENERAL CONDITIONS shall mean the provisions in the document titled "General Conditions - General Construction Provisions" attached hereto and incorporation herein by reference.

INSPECTOR shall mean the engineering, technical inspector or inspectors duly authorized by the City to monitor the work and compliance tests under the direct supervision of the Project Manager.

NOTICE TO PROCEED shall mean the written notice by the City to the Contractor fixing the date on which the Contract Time is to commence and on which the Contractor shall start to perform its obligations under the Contract Documents. Without the prior express written consent of the City, the Contractor shall do no work until the date set forth in the Notice to Proceed.

PAY ESTIMATE NO. ____ or FINAL PAY ESTIMATE shall mean the form to be used by the Contractor in requesting progress and final payments, including supporting documentation required by the Contract Documents.

PLANS shall mean and include all Shop Drawings which may have been prepared by or for the City as included in the Project Manual or submitted by the Contractor to the City during the progress of the Work, all of which show the character and scope of the work to be performed.

PROJECT shall mean the Project identified in the first paragraph hereof.

PROJECT MANAGER shall mean the person appointed by the Public Works Director for this Contract.

PROJECT MANUAL shall contain the General Conditions, Special Conditions, Specifications, Shop Drawings and Plans for accomplishing the work.

PROJECT SEGMENTS shall have the meaning set forth in Section 7.1 hereof.

PUBLIC WORKS DIRECTOR shall mean the duly appointed Director of Public Works for the City of Prairie Village or designee.

SHOP DRAWINGS shall mean all drawings, diagrams, illustrations, schedules and other data which are specifically prepared by the Contractor, a Subcontractor, manufacturer, fabricator, supplier or distributor to illustrate some portion of the Work, and all illustrations, brochures, standard schedules, performance charts, instructions, diagrams and other information prepared by a manufacturer, fabricator, supplier or distribution and submitted by the Contractor to illustrate material or equipment for some portion of the Work.

SPECIFICATIONS shall mean those portions of the Project Manual consisting of written technical descriptions of materials, equipment, construction methods, standards and workmanship as applied to the Work and certain administrative details applicable thereto. They may include, but not necessarily be limited to: design specifications, e.g. measurements, tolerances, materials, inspection requirements and other information relative to the work; performance specifications, e.g., performance characteristics required, if any; purchase description specifications, e.g. products or equipment required by manufacturer, trade name and/or type; provided, however, equivalent alternatives (including aesthetics, warranty and manufacturer reputation) may be substituted upon written request and written approval thereof by the City.

SPECIAL CONDITIONS shall mean the provisions in the document titled "Special Conditions" attached hereto and incorporation herein by reference.

SUBCONTRACTOR shall mean an individual, firm or corporation having a direct contract with the Contractor or with another subcontractor for the performance of a part of the Work.

SUBSTANTIAL COMPLETION shall be defined as being less than 100 percent of the Work required that will be completed by a specified date as agreed to in writing by both parties.

TOTAL COMPLETION shall mean all elements of a Project Segment or the Total Project Work is complete including all subsidiary items and "punch-list" items.

TOTAL PROJECT WORK shall have the meaning set forth in Section 7.1 hereof.

UNIT PRICE WORK shall mean Work quantities to be paid for based on unit prices. Each unit price shall be deemed to include the Contractor's overhead and profit for each separately identified item. It is understood and agreed that estimated quantities of times for unit price work are not guaranteed and are solely for the purpose of comparison of bids and determining an initial Contract Price. Determinations of actual quantities and classifications of unit price work shall be made by the City.

UNUSUALLY SEVERE WEATHER shall have the meaning set forth in Section 9.4 hereof.

WORK shall mean the work to be done to complete the construction required of the Contractor by the Contract Documents, and includes all construction, labor, materials, tools, equipment and transportation necessary to produce such construction in accordance with the Contract Documents.

WORK SCHEDULE shall have the meaning set forth in Section 7.2 hereof.

- 1.2 Whenever any word or expression defined herein, or pronoun used instead, occurs in these Contract Documents; it shall have and is mutually understood to have the meaning commonly given. Work described in words, which so applied have a well-known technical or trade meaning shall be held to refer to such, recognized standards.
- 1.3 Whenever in these Contract Documents the words “as ordered,” “as directed”, “as required”, “as permitted”, “as allowed”, or words or phrases of like import are used, it is understood that the order, direction, requirement, permission or allowance of the Project Manager is intended.
- 1.4 Whenever any statement is made in the Contract Documents containing the expression “it is understood and agreed”, or an expression of like import, such expression means the mutual understanding and agreement of the parties hereto.
- 1.5 The words “approved”, “reasonable”, “suitable”, “acceptable”, “properly”, “satisfactorily”, or words of like effect in import, unless otherwise particularly specified herein, shall mean approved, reasonable, suitable, acceptable, proper or satisfactory in the judgment of the Project Manager.
- 1.6 When a word, term or phrase is used in the Contract, it shall be interpreted or construed, first, as defined herein; second, if not defined, according to its generally accepted meaning in the construction industry; and, third, if there is no generally accepted meaning in the construction industry, according to its common and customary usage.
- 1.7 All terms used herein shall have the meanings ascribed to them herein unless otherwise specified.

2. ENTIRE AGREEMENT:

The Contract Documents, together with the Contractor's Performance, Maintenance and Statutory bonds for the Work, constitute the entire and exclusive agreement between the City and the Contractor with reference to the Work. Specifically, but without limitation, this Contract supersedes all prior written or oral communications, representations and negotiations, if any, between the City and the Contractor. The Contract may not be amended or modified except by a modification as hereinabove defined. These Contract Documents do not, nor shall they be construed to, create any contractual relationship of any kind between the City and any Subcontractor or remote tier Subcontractor.

3. INTENT AND INTERPRETATION

- 3.1 The intent of the Contract is to require complete, correct and timely execution of the Work. Any Work that may be required, including construction, labor, materials, tools, equipment and transportation, implied or inferred by the Contract Documents, or any one or more of them, as necessary to produce the intended result, shall be provided by the Contractor for the Contract Price.

- 3.2 All time limits stated in the Contract Documents are of the essence of the Contract.
- 3.3 The Contract is intended to be an integral whole and shall be interpreted as internally consistent. What is required by any one Contract Document shall be considered as required by the Contract.
- 3.4 The specification herein of any act, failure, refusal, omission, event, occurrence or condition as constituting a material breach of this Contract shall not imply that any other, non-specified act, failure, refusal, omission, event, occurrence or condition shall be deemed not to constitute a material breach of this Contract.
- 3.5 The Contractor shall have a continuing duty to read, carefully study and compare each of the Contract Documents and shall give written notice to the Project Manager of any inconsistency, ambiguity, error or omission, which the Contractor may discover, or should have discovered, with respect to these documents before proceeding with the affected Work. The review, issuance, or the express or implied approval by the City or the Project Manager of the Contract Documents shall not relieve the Contractor of the continuing duties imposed hereby, nor shall any such review be evidence of the Contractor's compliance with this Contract.
- 3.6 The City has prepared or caused to have prepared the Project Manual. **HOWEVER, THE CITY MAKES NO REPRESENTATION OR WARRANTY AS TO ACCURACY OR FITNESS FOR PARTICULAR PURPOSE INTENDED OR ANY OTHER WARRANTY OF ANY NATURE WHATSOEVER TO THE CONTRACTOR CONCERNING SUCH DOCUMENTS.** By the execution hereof, the Contractor acknowledges and represents that it has received, reviewed and carefully examined such documents, has found them to be complete, accurate, adequate, consistent, coordinated and sufficient for construction, and that the Contractor has not, does not, and will not rely upon any representation or warranties by the City concerning such documents as no such representation or warranties have been made or are hereby made.
- 3.7 As between numbers and scaled measurements in the Project Manual, the numbers shall govern; as between larger scale and smaller scale drawings, (e.g. 10:1 is larger than 100:1) the larger scale shall govern.
- 3.8 The organization of the Project Manual into divisions, sections, paragraphs, articles (or other categories), shall not control the Contractor in dividing the Work or in establishing the extent or scope of the Work to be performed by Subcontractors.
- 3.9 The Contract Documents supersedes all previous agreements and understandings between the parties, and renders all previous agreements and understandings void relative to these Contract Documents.
- 3.10 Should anything be omitted from the Project Manual, which is necessary to a clear understanding of the Work, or should it appear various instructions are in conflict, the Contractor shall secure written instructions from the Project Manager before proceeding with the construction affected by such omissions or discrepancies.
- 3.11 It is understood and agreed that the Work shall be performed and completed according to the true spirit, meaning, and intent of the Contract Documents.

- 3.12 The Contractor's responsibility for construction covered by conflicting requirements, not provided for by addendum prior to the time of opening Bids for the Work represented thereby, shall not extend beyond the construction in conformity with the less expensive of the said conflicting requirements. Any increase in cost of Work required to be done in excess of the less expensive work of the conflicting requirements will be paid for as extra work as provided for herein.
- 3.13 The apparent silence of the Project Manual as to any detail, or the apparent omission from them of a detailed description concerning any point, shall be regarded as meaning that only the best general practice is to be used. All interpretations of the Project Manual shall be made on the basis above stated.
- 3.14 The conditions set forth herein are general in scope and are intended to contain requirements and conditions generally required in the Work, but may contain conditions or requirements which will not be required in the performance of the Work under contract and which therefore are not applicable thereto. Where any stipulation or requirement set forth herein applies to any such non-existing condition, and is not applicable to the Work under contract, such stipulation or requirement will have no meaning relative to the performance of said Work.
- 3.15 KSA 16-113 requires that non-resident contractors appoint an agent for the service of process in Kansas. The executed appointment must then be filed with the Secretary of State, Topeka, Kansas. Failure to comply with this requirement shall disqualify the Contractor for the awarding of this Contract.

4. CONTRACT COST

The City shall pay the Contractor for the performance of the Work embraced in this Contract, and the Contractor will accept in full compensation therefore the sum (subject to adjustment as provided by the Contract) of ^{Four hundred-fourteen thousand -three hundred} ~~and no/100~~ **DOLLARS** (\$ 414,300.00) for all Work covered by and included in the Contract; payment thereof to be made in cash or its equivalent and in a manner provided in the Contract Documents.

5. WORK SUPERINTENDENT

- 5.1 The Contractor shall provide and maintain, continually on the site of Work during its progress, an adequate and competent superintendent of all operations for and in connection with the Work being performed under this Contract, either personally or by a duly authorized superintendent or other representative. This representative shall be designated in writing at the preconstruction meeting.
- 5.2 The superintendent, or other representative of the Contractor on the Work, who has charge thereof, shall be fully authorized to act for the Contractor, and to receive whatever orders as may be given for the proper prosecution of the Work, or notices in connection therewith. Use of Subcontractors on portions of the Work shall not relieve the Contractor of the obligation to have a competent superintendent on the Work at all times.
- 5.3 The City shall have the right to approve the person who will be the Superintendent based on skill, knowledge, experience and work performance. The City shall also have the right to request replacement of any superintendent.

5.4 The duly authorized representative shall be official liaison between the City and the Contractor regarding the signing of pay estimates, change orders, workday reports and other forms necessary for communication and Work status inquiries. Upon Work commencement, the City shall be notified, in writing, within five (5) working days of any changes in the Contractor's representative. In the absence of the Contractor or representative, suitable communication equipment, which will assure receipt of messages within one (1) hour during the course of the workday, will also be required.

5.5 The Contractor will be required to contact the Project Manager daily to advise whether and/or where the Contractor and/or the Subcontractor's crews will be working that day, in order that the Project Manager's representative is able to monitor properly the Work.

6. PROJECT MANAGER

6.1 It is mutually agreed by and between the parties to this Agreement that the Project Manager shall act as the representative of the City and shall observe and inspect, as required, the Work included herein.

6.2 In order to prevent delays and disputes and to discourage litigation, it is further agreed by and between the parties to this Agreement that the Project Manager shall, in good faith and to the best of its ability, determine the amount and quantities of the several kinds of work which are to be paid for under this Contract; that the Project Manager shall determine, where applicable, questions in relation to said Work and the construction thereof; that Project Manager shall, where applicable decide questions which may arise relative to the execution of this Contract on the part of said Contractor; that the Project Manager's decisions and findings shall be the conditions precedent to the rights of the parties hereto, to any action on the Contract, and to any rights of the Contractor to receive any money under this Contract provided, however, that should the Project Manager render any decision or give any direction which, in the opinion of either party hereto, is not in accordance with the meaning and intent of this Contract, either party may file with the Project Manager and with the other party, within thirty (30) days a written objection to the decision or direction so rendered and, by such action, may reserve the right to submit the question to determination in the future.

6.3 The Project Manager, unless otherwise directed or agreed to by the City in writing, will perform those duties and discharge those responsibilities allocated to the Project Manager as set forth in this Contract. The Project Manager shall be the City's representative from the effective date of this Contract until final payment has been made. The Project Manager shall be authorized to act on behalf of the City only to the extent provided in this Contract. The City and Project Manager may, from time to time, designate Inspectors to perform such functions.

6.4 The City and the Contractor shall communicate with each other in the first instance through the Project Manager.

6.5 The Project Manager shall be the initial interpreter of the requirements of the Project Manual and the judge of the performance by the Contractor. The Project Manager shall render written graphic interpretations necessary for the proper execution or progress of the Work with reasonable promptness on request of the Contractor.

6.6 The Project Manager will review the Contractor's Applications for Payment and will certify to the City for payment to the Contractor those amounts then due the Contractor as provided

in this Contract. The Project Manager's recommendation of any payment requested in an Application for Payment will constitute a representation by Project Manager to City, based on Project Manager's on-site observations of the Work in progress as an experienced and qualified design professional and on Project Manager's review of the Application for Payment and the accompanying data and schedules that the Work has progressed to the point indicated; that, to the best of the Project Manager's knowledge, information and belief, the quality of the Work is in accordance with the Project Manual (subject to an evaluation of the Work as a functioning whole prior to or upon Substantial Completion, to the results of any subsequent tests called for in the Project Manual, to a final determination of quantities and classifications for Unit Price Work if such is called for herein, and to any other qualifications stated in the recommendation); and that Contractor is entitled to payment of the amount recommended. However, by recommending any such payment Project Manager will not thereby be deemed to have represented that exhaustive or continuous on-site inspections have been made to check the quality or the quantity of the Work beyond the responsibilities specifically assigned to Project Manager in the Project Manual or that there may not be other matters or issues between the parties that might entitle Contractor to be paid additionally by the City or the City to withhold payment to Contractor.

- 6.7 The Project Manager may refuse to recommend the whole or any part of any payment if, in Project Manager's opinion, it would be incorrect to make such representations to City. Project Manager may also refuse to recommend any such payment, or, because of subsequently discovered evidence or the results of subsequent inspections or tests, nullify any such payment previously recommended, to such extent as may be necessary in the Project Manager's opinion to protect the City from loss because:
- The Work is defective, or completed Work has been damaged requiring correction or replacement,
 - The Contract Price has been reduced by Written Amendment or Change Order,
 - The City has been required to correct Defective Work or complete Work in accordance with the Project Manual.
- 6.8 The City may refuse to make payment of the full amount recommended by the Project Manager because claims have been made against City on account of Contractor's performance or furnishing of the Work or liens have been filed in connection with the Work or there are other items entitling City to a set-off against the amount recommended, but City must give Contractor written notice (with a copy to Project Manager) stating the reasons for such action.
- 6.9 The Project Manager will have the authority to reject Work which is defective or does not conform to the requirements of this Contract. If the Project Manager deems it necessary or advisable, the Project Manager shall have authority to require additional inspection or testing of the Work for compliance with Contract requirements.
- 6.10 The Project Manager will review, or take other appropriate action as necessary, concerning the Contractor's submittals, including Shop Drawings, Product Data and Samples. Such review, or other action, shall be for the sole purpose of determining general conformance with the design concept and information given through the Project Manual.
- 6.11 The Project Manager shall have authority to order minor changes in the Work not involving a change in the Contract Price or in Contract Time and consistent with the intent of the

- Contract. Such changes shall be effected by verbal direction and then recorded on a Field Order and shall be binding upon the Contractor. The Contractor shall carry out such Field Orders promptly.
- 6.12 The Project Manager, upon written request from the Contractor shall conduct observations to determine the dates of Substantial Completion, Total Completion and the date of Final Acceptance. The Project Manager will receive and forward to the City for the City's review and records, written warranties and related documents from the Contractor required by this Contract and will issue a final Certificate for Payment to the City upon compliance with the requirements of this Contract.
- 6.13 The Project Manager's decisions in matters relating to aesthetic effect shall be final if consistent with the intent of this Contract.
- 6.14 The Project Manager will **NOT** be responsible for Contractor's means, methods, techniques, sequences, or procedures or construction, or the safety precautions and programs incident thereto and will not be responsible for Contractor's failure to perform the Work in accordance with the Project Manual. The Project Manager will not be responsible for the acts or omissions of the Contractor or any Subcontractor or any of its or their agents or employees, or any other person at the site or otherwise performing any of the Work except as may otherwise be provided.
- 6.15 Any plan or method of work suggested by the Project Manager, or other representatives of the City, to the Contractor, but not specified or required, if adopted or followed by the Contractor in whole or in part, shall be used at the risk and responsibility of the Contractor, and the Project Manager and the City will assume no responsibility therefore.
- 6.16 It is agreed by the Contractor that the City shall be and is hereby authorized to appoint or employ, either directly or through the Project Manager, such City representatives or observers as the City may deem proper, to observe the materials furnished and the work performed under the Project Manual, and to see that the said materials are furnished, and the said work performed, in accordance with the Project Manual therefore. The Contractor shall furnish all reasonable aid and assistance required by the Project Manager, or by the resident representatives for proper observation and examination of the Work and all parts thereof.
- 6.17 The Contractor shall comply with any interpretation of the Project Manual by the Project Manager, or any resident representative or observer so appointed, when the same are consistent with the obligations of the Project Manual. However, should the Contractor object to any interpretation given by any subordinate Project Manager, resident representative or observer, the Contractor may appeal in writing to the City Director of Public Works for a decision.
- 6.18 Resident representatives, observers, and other properly authorized representatives of the City or Project Manager shall be free at all times to perform their duties, and intimidation or attempted intimidation of any one of them by the Contractor or by any of its employees, shall be sufficient reason, if the City so decides, to annul the Contract.
- 6.19 Such observation shall not relieve the Contractor from any obligation to perform said Work strictly in accordance with the Project Manual.

7. WORK SCHEDULE:

- 7.1 The Work is comprised of one large project (sometimes referred to as “**Total Project Work**”) and, in some cases, is partitioned into smaller subprojects referred to in this Agreement as “**Project Segments**.” A Contract Time shall be stated in the Contract Documents for both the Total Project Work and, when applicable, the Project Segments.
- 7.2 At the time of execution of this Contract, the Contractor shall furnish the Project Manager with a schedule (“**Work Schedule**”) setting forth in detail (in the critical path method) the sequences proposed to be followed, and giving the dates on which it is expected that Project Segments will be started and completed within the Contract Time. The Work Schedule is subject to approval by the City.
- 7.3 Monthly Work Schedule reports shall accompany the Contractor's pay request for Work completed. Where the Contractor is shown to be behind schedule, it shall provide an accompanying written summary, cause, and explanation of planned remedial action. Payments or portions of payments may be withheld by the City upon failure to maintain scheduled progress of the Work as shown on the approved Work Schedule.
- 7.4 At a minimum the Contractor shall update and submit the Work Schedule for review weekly, unless otherwise agreed upon by the City.
- 7.5 The Contractor, within ten (10) calendar days after being instructed to do so in a written notice from the City, shall commence the Work to be done under this Contract.
- 7.6 If at any time, in the opinion of the Project Manager or City, proper progress is not being maintained; changes shall be proposed in the Work Schedule and resubmitted for consideration and approval.
- 7.7 If the Contractor has not completed Project Segments and is within a non-performance penalty period, it shall not be allowed to undertake a new Project Segment until the Project Segment in dispute is completed, unless expressly permitted by the City.
- 7.8 The operation of any tool, equipment, vehicle, instrument, or other noise-producing device is prohibited to start before or continue after the hours of 7 AM and 10 PM, Monday through Friday (except Fridays which shall be until Midnight) and 8 AM and midnight on Weekends (except Sunday which shall be 10 PM). Violation of this requirement is Prima Facie Violation of City Municipal Code 11-202.
- 7.9 No work shall be undertaken on Saturdays, Sundays and Holidays (Christmas, New Years, Martin Luther King’s Birthday, President’s Day, Memorial Day, Independence Day, Labor Day and Thanksgiving) without the express written approval of the City Project Manager. If it is necessary to perform proper care, maintenance, or protection of work already completed or of equipment used, or in the case of an emergency verbal permission may be obtained through the Project Manager.
- 7.10 Night work may be established by the Contractor, as a regular procedure, with the written permission of the City; such permission, however, may be revoked at any time by the City if the Contractor fails to maintain adequate equipment for the proper prosecution and control of all operations performed as part of the Work.

7.11 The Contractor shall provide 24 hours notice prior to commencing any work to the City Project Manager. The Contractor shall communicate immediately any changes in the Work Schedule to the Project Manager for approval by the City.

8. DELAYS AND EXTENSIONS OF TIME

8.1 In executing the Contract, the Contractor expressly covenants and agrees that, in undertaking the completion of the Work within the Contract Time, it has taken into consideration and made allowances for all of the ordinary delays and hindrances incident to such Work, whether growing out of delays in securing materials, workers, weather conditions or otherwise. No charge shall be made by the Contractor for hindrances or delays from any cause during the progress of the Work, or any portion thereof, included in this Contract.

8.2 Should the Contractor, however, be delayed in the prosecution and completion of the Work by reason of delayed shipment orders, or by any changes, additions, or omissions therein ordered in writing by the City, or by strikes or the abandonment of the Work by the persons engaged thereon through no fault of the Contractor, or by any act taken by the U.S. Government such as the commandeering of labor or materials, embargoes, etc., which would affect the fabrication or delivery of materials and/or equipment to the Work; or by neglect, delay or default of any other contractor of the City, or delays caused by court proceedings; the Contractor shall have no claims for damages or additional compensation or costs for any such cause or delay; but it shall in such cases be entitled to such extension of the time specified for the completion of the Work as the City and the Project Manager shall award in writing on account of such delays, provided, however, that claim for such extension of time is made by the Contractor to the City and the Project Manager in writing within one (1) week from the time when any such alleged cause for delay shall occur.

9. ADVERSE WEATHER:

9.1 Extensions of time for Adverse Weather shall be granted only under the conditions as hereinafter provided.

9.2 For conditions of weather or conditions at the site, so unusual as not to be reasonably anticipated, as determined by the Project Manager, an average or usual number of inclement days when work cannot proceed are to be anticipated during the construction period and are not to be considered as warranting extension of time.

9.3 “**Adverse Weather**” is defined as atmospheric conditions or the impact thereof at a definite time and place, which are unfavorable to construction activities such that they prevent work on critical activities for 50 percent or more of the Contractor’s scheduled workday.

9.4 “**Unusually Severe Weather**” is defined as weather, which is more severe than the adverse weather anticipated for the season, location, or activity involved.

9.5 Time Extensions for Unusually Severe Weather: In order for any request for time extension due to Unusually Severe Weather to be valid, the Contractor must document all of the following conditions:

- The weather experienced at the Work site during the Contract period is more severe than the Adverse Weather anticipated for the Work location during any given month.

- The Unusually Severe Weather actually caused a delay to the completion of the Work.
- The delay must be beyond the control and without fault or negligence by the Contractor.

9.6 The following schedule of monthly-anticipated Adverse Weather delays will constitute the baseline for monthly weather time evaluations. The Contractor's Work Schedule must reflect these anticipated adverse weather delays in all weather affected activities:

MONTHLY ANTICIPATED ADVERSE WEATHER DELAY
WORK DAYS BASED ON FIVE (5) DAY WORK WEEK

JAN	FEB	MAR	APR	MAY	JUN	JUL	AUG	SEP	OCT	NOV	DEC
10	8	7	6	7	7	5	5	5	4	5	9

- 9.7 Upon receipt of the Notice to Proceed, and continuing throughout the Contract, the Contractor shall record on its daily construction report, the occurrence of Adverse Weather and resultant impact to the Work Schedule.
- 9.8 The number of actual Adverse Weather delay days shall include days affected by actual Adverse Weather (even if Adverse Weather occurred in the previous month), and shall be calculated chronologically from the first to the last day of each month, and be recorded as full workdays.
- 9.9 If the number of actual Adverse Weather delay days in a given month exceeds the number of days anticipated above, the difference shall be multiplied by 7/5 to convert any qualifying workday delays to calendar days. The resulting number of qualifying lost days shall be added to the Contract Time.
- 9.10 The determination that Unusually Severe Weather occurred does not automatically mean an extension of time will be granted. The Contractor must substantiate the Unusually Severe Weather delayed work activities on the critical path of the Work Schedule.
- 9.11 Full consideration for equivalent fair weather workdays shall be given. If the number of actual Adverse Weather delays in a given month is less than the number of days anticipated as indicated above, the difference shall be multiplied by 7/5 to convert any workday increases to calendar days. The resulting number of qualifying extra days will be accumulated and subtracted from any future month's days lost due to unusually severe weather.
- 9.12 The net cumulative total of extra days/lost days shall not result in a reduction of Contract Time and the date of Substantial Completion shall not be changed because of unusually favorable weather.
- 9.13 In converting workdays to calendar days, fractions 0.5 and greater shall be rounded up to the next whole number. Fractions less than 0.5 shall be dropped.
- 9.14 The Contractor shall summarize and report all actual Adverse Weather delay days for each month to the Project Manager by the tenth (10th) day of the following month. A narrative indicating the impact of Adverse Weather conditions on the Work Schedule shall be included.

- 9.15 Any claim for extension of time due to Unusually Severe Weather shall be submitted to the Project Manager within 7 days of the last day of the commencement of the event giving rise to the delay occurred. Resolution of any claim shall follow the procedures described above.
- 9.16 The Contractor shall include and indicate the monthly-anticipated Adverse Weather days, listed above, in the Work Schedule. (Reference Section 7.1 for Work Schedule requirements)
- 9.17 The Contractor shall indicate the approved Adverse Weather days (whether less or more than the anticipated days) in its Work Schedule updates.

10. LIQUIDATED DAMAGES

- 10.1 Contractor agrees that time is of the essence and any term pertaining to Contractor timely performing so as to achieve Total Completion within the Contract Time is a material provision of this Contract. Further, the parties acknowledge that City's damages in the event of delay are difficult to ascertain and consequently agree that, in the event and to the extent that actual date of Total Completion is delayed beyond the Contract Time for the Total Project Work or Project Segments attributable solely or concurrently to (i) an act or omission of Contractor or any of its subcontractors or suppliers, or (ii) in whole or in part, to any other event or condition within the Contractor's reasonable control (and not for reasons solely attributable to City), the Contractor shall be assessed a liquidated damage, and not as a penalty, in the amount set forth in the Special Conditions for each calendar day beyond the applicable Contract Time. Such amount shall be deducted from any amounts due Contractor under this Agreement.
- 10.2 Further, the Contractor agrees that, in the event Contractor does not carry out such Work at such rates of progress as required by the Work Schedule approved by the City, the City may, at its option and without Contractor receiving any additional compensation therefore, require Contractor to increase the number of qualified supervisory personnel and/or workers and the amount of equipment employed in the performance of the Work to such extent as City may deem necessary or desirable. In addition, City, at its option, may supplement Contractor's manpower by entering into contracts with other contractors to perform the Work. All costs that are incurred by City, in this regard, including reasonable attorney's fees, shall be deducted from any sums due Contractor or City may make demand on Contractor for reimbursement of such costs.

11. PAYMENT PROCEDURE

- 11.1 Based upon Applications for Payment submitted to the Project Manager by the Contractor and Certificates for Payment issued by the Project Manager, the City shall make progress payments on account of the contract sum to the Contractor as provided below and elsewhere in the Contract Documents.
- 11.2 The period covered by each Application for Payment shall be one calendar month ending on the last day of the month or on a mutually agreed date by City and Contractor.
- 11.3 The Contractor warrants that title to all Work covered by an Application for Payment will pass to the City no later than the time of payment. The Contractor further warrants that upon submittal on the first day of each month of an Application for Payment, all Work for which payments have been received from the City shall be free and clear of liens, claims,

- security interest or other encumbrances in favor of the Contractor or any other person or entity whatsoever.
- 11.4 Each application for payment must be submitted with Contractor's waiver for period of construction covered by application. Each Application for Payment will be submitted with executed waivers from the subcontractors or sub-contractors and suppliers for the previous period of construction covered by the previous application. The final payment application must be submitted together with or preceded by final or complete waivers from every entity involved with performance of the Work covered by the payment request.
- 11.5 The Contractor will submit waivers on forms, and executed in a manner, acceptable to City.
- 11.6 The Contractor shall promptly pay each Subcontractor out of the amount paid to the Contractor because of such Subcontractor's Work the amount to which such Subcontractor is entitled. In the event the City becomes informed that the Contractor has not paid a Subcontractor as herein provided, the City shall have the right, but not the duty, to issue future checks in payment to the Contractor of amounts otherwise due hereunder naming the Contractor and such Subcontractor as joint payees. Such joint check procedure, if employed by the City, shall be deemed payment to the Contractor but shall create no rights in favor of any person or entity beyond the right of the named payees to payment of the check and shall not be deemed to commit the City to repeat the procedure in the future.
- 11.7 The Project Manager will, upon receipt of a written Application for Payment from the Contractor, review the amount of Work performed during the preceding period and the value thereof at the unit prices contracted. From the amounts so ascertained, there shall be deducted ten percent (10%) to be retained until after final completion of the entire Work to the satisfaction of the City. The Project Manager will submit an estimate each month to the City for payment to the Contractor, except that no amount less than \$500.00 will be submitted unless the total amount of the Contract remaining unpaid is less than \$500.00.
- 11.8 Deductions will be made from progress payments if the Contract includes a provision for a lump sum or a percentage deduction. Lump sum deductions will be that portion of the stated lump sum computed as the ratio that the amount earned bears to the Contract Price. Percentage deductions will be computed at the stated percentage of the amount earned.
- 11.9 No progress payment, nor any use or occupancy of the Work by the City, shall be interpreted to constitute an acceptance of any Work not in strict accordance with this Contract.
- 11.10 The City may decline to make payment, may withhold funds, and, if necessary, may demand the return of some or all of the amounts previously paid to the Contractor, to protect the City from loss because of:
- Defective Work not remedied by the Contractor;
 - Claims of third parties against the City or the City's property;
 - Failure by the Contractor to pay Subcontractors or others in a prompt and proper fashion;
 - Evidence that the balance of the Work cannot be completed in accordance with the Contract for the unpaid balance of the Contract Price;

- Evidence that the Work will not be completed in the time required for substantial or final completion;
 - Persistent failure to carry out the Work in accordance with the Contract;
 - Damage to the City or a third party to whom the City is, or may be, liable;
 - Evidence that the Work is not progressing according to agreed upon schedule by both parties.
- 11.11 In the event that the City makes written demand upon the Contractor for amounts previously paid by the City as contemplated in this subparagraph, the Contractor shall promptly comply with such demand and refund such monies to the City.
- 11.12 Neither the observation by the City or any of the City's officials, employees, or agents, nor any order by the City for payment of money, nor any payment for, or acceptance of, the whole or any part of the Work by the City or Project Manager, nor any extension of time, nor any possession taken by the City or its employees, shall operate as a waiver of any provision of this Contract, or of any power herein reserved to the City, or any right to damages herein provided, nor shall any waiver of any breach in this Contract be held to be a waiver of any other or subsequent breach.

12. COMPLETION AND FINAL PAYMENT

- 12.1 Upon Total Completion, when the Contractor is ready for a final inspection of the Total Project Work, it shall notify the City and the Project Manager thereof in writing. Thereupon, the Project Manager will make final inspection of the Work and, if the Work is complete in accordance with this Contract, the Project Manager will promptly issue a final Certificate for Payment certifying to the City that the Work is complete and the Contractor is entitled to the remainder of the unpaid Contract Price, less any amount withheld pursuant to this Contract. If the Project Manager is unable to issue its final Certificate for Payment and is required to repeat its final inspection of the Work, the Contractor shall bear the cost of such repeat final inspection(s), which cost may be deducted by the City from the Contractor's full payment.
- 12.2 The Contractor shall not be entitled to any payment unless and until it submits to the Project Manager its affidavit that all payrolls, invoices for materials and equipment, and other liabilities connected with the Work for which the City, or the City's property might be responsible, have been fully paid or otherwise satisfied; releases and waivers of lien from all Subcontractors and Suppliers of the Contractor and of any and all other parties required by the City; and consent of Surety, if any, to final payment. If any third party fails or refuses to provide a release of claim or waiver of lien as required by the City, the Contractor shall furnish a bond satisfactory to the City to discharge any such lien or indemnify the City from liability.
- 12.3 The City shall make final payment of all sums due the Contractor within thirty days of the Project Manager's execution of a final Certificate for Payment.
- 12.4 Acceptance of final payment shall constitute a waiver of all claims against the City by the Contractor except for those claims previously made in writing against the City by the Contractor, pending at the time of final payment, and identified in writing by the Contractor as unsettled at the time of its request for final inspection.

13. CLAIMS BY THE CONTRACTOR

- 13.1 All Contractor claims shall be initiated by written notice and claim to the Project Manager. Such written notice and claim must be furnished within seven calendar days after occurrence of the event, or the first appearance of the condition, giving rise to the claim.
- 13.2 The Contractor shall diligently proceed with performance of this Contract whether or not there be such a claim pending and the City shall continue to make payments to the Contractor in accordance with this Contract. The resolution of any claim shall be reflected by a Change Order executed by the City, the Project Manager and the Contractor.
- 13.3 Should concealed and unknown conditions which could not, with reasonable diligence, have been discovered in the performance of the Work (a) below the surface of the ground or (b) in an existing structure differ materially with the conditions indicated by this Contract, or should unknown conditions of an unusual nature differing materially from those ordinarily encountered in the area and generally recognized as inherent in Work of the character provided by this Contract, be encountered, the Contract Price shall be equitably adjusted by the Change Order upon the written notice and claim by either party made within seven (7) days after the first observance of the condition. As a condition precedent to the City having any liability to the Contractor for concealed or unknown conditions, the Contractor must give the City written notice of, and an opportunity to observe, the condition prior to disturbing it. The failure by the Contractor to make the written notice and claim as provided in this Subparagraph shall constitute a waiver by the Contractor of any claim arising out of or relating to such concealed or unknown condition.
- 13.4 If the Contractor wishes to make a claim for an increase in the Contract Price, as a condition precedent to any liability of the City therefore, the Contractor shall give the City written notice of such claim within seven (7) days after the occurrence of the event, or the first appearance of the condition, giving rise to such claim. Such notice shall be given by the Contractor before proceeding to execute any additional or changed Work. The failure by the Contractor to give such notice and to give such notice prior to executing the Work shall constitute a waiver of any claim for additional compensation.
- 13.5 The City reserves the right to increase or decrease quantities, and alter the details of construction including grade and alignment as the Project Manager may consider necessary or desirable, by approved Change Order. Such modifications shall not invalidate the Contract nor release the surety. Unless such alterations and increases or decreases change the total cost of the Work, based on the originally estimated quantities and the unit prices bid, by more than 25 percent, or change the total cost of any major item, based on the originally estimated quantities and the unit price bid, by more than 25 percent, the Contractor shall perform the work altered, increased or decreased, at a negotiated price or prices. (A major item shall mean any bid item, the total cost of which exceeds 12-1/2 percent of the total Contract Price based on the proposed quantity and the contract unit price).
- 13.6 When the alterations cause an increase or decrease in excess of the 25 percent indicated above, either the Contractor or the Project Manager may request an adjustment of the unit price to be paid for the item or items.
- 13.7 If a mutually agreeable adjustment cannot be obtained, the City reserves the right to terminate the Contract as it applies to the items in question and make such arrangements as may be deemed necessary to complete the Work.

- 13.8 In connection with any claim by the Contractor against the City for compensation in excess of the Contract Price, any liability of the City for the Contractor's costs shall be strictly limited to direct costs incurred by the Contractor and shall not include standby costs, indirect costs or consequential damages of the Contractor. The City shall not be liable to the Contractor for claims of third parties.
- 13.9 If the Contractor is delayed in progressing any task which at the time of the delay is then critical or which during the delay becomes critical, as the sole result of any act or neglect to act by the City or someone acting in the City's behalf, or by changes ordered in the Work, unusual delay in transportation, unusually adverse weather conditions not reasonably anticipated, fire or any causes beyond the Contractor's control, then the date for achieving Final Acceptance of the Work shall be extended upon the written notice and claim of the Contractor to the City, for such reasonable time as the City may determine. Any notice and claim for an extension of time by the Contractor shall be made not more than seven calendar days after the occurrence of the event or the first appearance of the condition-giving rise to the claim and shall set forth in detail the Contractor's basis for requiring additional time in which to complete the Work. In the event the delay to the Contractor is a continuing one, only one notice and claim for additional time shall be necessary. If the Contractor fails to make such claim as required in this subparagraph, any claim for an extension of time shall be waived.
- 13.10 The Contractor shall delay or suspend the progress of the work or any part thereof, whenever so required by written order of the City, and for such periods of time as required; provided, that in the event of such delay or delays or of such suspension or suspensions of the progress of the work, or any part thereof, the time for completion of work so suspended or of work so delayed by such suspension or suspensions shall be extended for a period equivalent to the time lost by reason of such suspension or suspensions; but such order of the City or Project Manager shall not otherwise modify or invalidate in any way, any of the provisions of this Contract. In the event that the work shall be stopped by written order of the City, any expense, which, in the sole opinion and judgment of the City, is caused by the City, shall be paid by the City to the Contractor.
- 13.11 In executing the Contract Documents, the Contractor expressly covenants and agrees that, in undertaking to complete the Work within the time herein fixed, it has taken into consideration and made allowances for all hindrances and delays incident to such work, whether growing out of delays in securing materials or workers or otherwise. No charge shall be made by the Contractor for hindrances or delays from any cause during the progress of the work, or any portion thereof, included in this Contract, except as provided herein.
- 13.12 In addition to the Project Manual particular to Mobilization found elsewhere in this document, additional mobilization shall not be compensable for work outside of the designated areas for work deemed essential by the City. A quantity of work equal to as much as 10% of the total Contract may be required to be performed beyond the boundaries of the designated work areas

14. CHANGES IN THE WORK

- 14.1 Changes in the Work within the general scope of this Contract, consisting of additions, deletions, revisions, or any combination thereof, may be ordered without invalidating this Contract, by Change Order or by Field Order.

- 14.2 The Project Manager shall have authority to order minor changes in the Work not involving a change in the Contract Price or in Contract Time and consistent with the intent of the Contract. Such changes shall be effected by verbal direction and then recorded on a Field Order and shall be binding upon the Contractor. The Contractor shall carry out such Field Orders promptly.
- 14.3 Any change in the Contract Price resulting from a Change Order shall be by mutual agreement between the City and the Contractor as evidenced by the change in the Contract Price being set forth in the Change Order, and, together with any conditions or requirements related thereto, being initialed by both parties.
- 14.4 If no mutual agreement occurs between the City and the Contractor relative to a change in the Work, the Contractor shall proceed with the Work that is the subject of the Change Order, and the change in the Contract Price, if any, shall then be determined by the Project Manager on the basis of the reasonable expenditures or savings of those performing, deleting or revising the Work attributable to the change, including, in the case of an increase or decrease in the Contract Price, a reasonable allowance for direct job site overhead and profit. In such case, the Contractor shall present, in such form and with such content to the City, as the Project Manager requires, an itemized accounting of such expenditures or savings, plus appropriate supporting data for inclusion in a Change Order. Reasonable expenditures or savings shall be limited to the following: reasonable costs of materials, supplies or equipment, including delivery costs, reasonable costs of labor, including social security, old age and unemployment insurance, fringe benefits required by agreement or custom, and worker's compensation insurance, reasonable rental costs of machinery and equipment exclusive of hand tools, whether rented from the Contractor or others, permit fees, and sales, use or other taxes related to the Work, and reasonable cost of direct supervision and job site field office overhead directly attributable to the change. In no event shall any standby time or any expenditure or savings associated with the Contractor's home office or other non-job site overhead expense be included in any change in the Contract Price. Further, in no event shall the Contractor's overhead expense exceed ten (10%) percent of the reasonable expenditures. Pending final determination of reasonable expenditures or savings to the City, payments on account shall be made to the Contractor on the Project Manager's Certificate for Payment.
- 14.5 If unit prices are provided in the Contract, and if the quantities contemplated are so changed in a proposed Change Order that the application of such unit prices to the quantities of Work proposed would cause substantial inequity to the City or to the Contractor, the applicable unit prices shall be equitably adjusted.
- 14.6 The execution of a Change Order by the Contractor shall constitute conclusive evidence of the Contractor's agreement to the ordered changes in the Work, this Contract as thus amended, the Contract Price and the Contract Time. The Contractor, by executing the Change Order, waives and forever releases any claim including impact against the City for additional time or compensation for matters relating to or arising out of or resulting from the Work included within or affected by the executed Change Order.

15. INSURANCE AND BONDS.

- 15.1 The Contractor shall secure and maintain, throughout the duration of the agreement, insurance (on an occurrence basis unless otherwise agreed to) of such types and in at least such amounts as required herein. Contractor shall provide certificates of insurance and

renewals thereof on forms acceptable to the City. The City shall be notified by receipt of written notice from the insurer or the Contractor at least thirty (30) days prior to material modification or cancellation of any policy listed on the Certificate.

- 15.2 The Contractor, upon receipt of notice of any claim in connection with this Agreement, shall promptly notify the City, providing full details thereof, including an estimate of the amount of loss or liability. The Contractor shall monitor and promptly notify the City of any reduction in limits of protection afforded under any policy listed in the Certificate (or otherwise required by the Contract Documents) if the Contractor's limits of protection shall have been impaired or reduced to such extent that the limits fall below the minimum amounts required herein. The Contractor shall promptly reinstate the original limits of liability required hereunder and shall furnish evidence thereof to the City.

- 15.3 Minimum Requirements Commercial General Liability Policy Limits -

General Aggregate:	\$2,000,000
Products / Completed Operations Aggregate:	\$2,000,000
Personal & Advertising Injury:	\$1,000,000
Each Occurrence:	\$1,000,000

Policy MUST include the following conditions:

- A. Pollution Liability (Applicable only to contracts involving pollutants such as asbestos & lead abatement, sludge or other waste abatement, etc.)
- B. NAME CITY OF PRAIRIE VILLAGE AS "ADDITIONAL INSURED"

- 15.4 Automobile Liability Policy shall protect the Contractor against claims for bodily injury and/or property damage arising from the ownership or use of any owned, hired and/or non-owned vehicle.

Limits (Same as Commercial General Liability) -

Combined Single Limits, Bodily Injury and Property Damage - Each Accident:

Policy MUST include the following condition:

NAME CITY OF PRAIRIE VILLAGE AS "ADDITIONAL INSURED"

- 15.5 Umbrella Liability. The Umbrella / Excess Liability must be at least as broad as the underlying general liability and automobile liability policies.

Limits -

Each Occurrence	\$1,000,000
General Aggregate	\$1,000,000

- 15.6 Workers' Compensation. This insurance shall protect the Contractor against all claims under applicable state workers' compensation laws. The Contractor shall also be protected against claims for injury, disease or death of employees which, for any reason, may not fall within the provisions of workers' compensation law. The policy limits shall not be less than the following:

Workers' Compensation:	Statutory
------------------------	-----------

Employer's Liability:

Bodily Injury by Accident	\$100,000 each accident
Bodily Injury by Disease	\$500,000 policy limit
Bodily Injury by Disease	\$100,000 each employee

15.7 The City will only accept coverage from an insurance carrier who offers proof that it:

Is authorized to do business in the State of Kansas;
 Carries a Best's policy holder rating of A- or better; and
 Carries at least a Class VIII financial rating, **or**
 Is a company mutually agreed upon by the City and Contractor.

15.8 Subcontractor's Insurance. If a part of the Agreement is to be sublet, the Contractor shall either:

- A. Cover all subcontractor's in its insurance policies, or
- B. Require each subcontractor not so covered to secure insurance which will protect subcontractor against all applicable hazards or risks of loss as and in the minimum amounts designated.

Whichever option is chosen, Contractor shall indemnify and hold harmless the City as to any and all damages, claims or losses, including attorney's fees, arising out of the acts or omissions of its Subcontractors.

15.9 Prior to commencing any work, Contractor shall provide City with certificates evidencing that (1) all Contractor's insurance obligations required by the contract documents are in full force and in effect and will remain in effect until Contractor has completed all of the work and has received final payment from City and (2) no insurance coverage will be canceled, renewal refused, or materially changed unless at least thirty (30) days prior written notice is given to City. Contractor's property insurance shall not lapse or be canceled if City occupies a portion of the work. Contractor shall provide City with the necessary endorsements from the insurance company prior to occupying a portion of the work.

15.10 Waiver of Subrogation. All insurance coverage required herein shall contain a waiver of subrogation in favor of the City. Contractor's insurance policies shall be endorsed to indicate that Contractor's insurance coverage is primary and any other insurance maintained by City is non-contributing as respects the work of Contractor.

15.11 Additional Insurance. Excess Liability coverage or additional insurance covering special hazards may be required on certain projects. Such additional insurance requirements shall be as specified in Special Conditions.

15.12 Bonds and Other Performance Security. Contractor shall provide a Performance Bond, Maintenance Bond and a Statutory Bond in the amount of one hundred percent (100%) of the Contract Price to cover the entire scope of Work and any other specific performance security that may be indicated in this Contract. With each bond there shall be filed with the City one copy of "Power of Attorney" certified to include the date of the bonds.

16. INDEMNITY

16.1 For purposes of indemnification requirements as set forth throughout the Contract, the following terms shall have the meaning set forth below:

“The Contractor” means and includes Contractor, all of his/her affiliates and subsidiaries, his/her Subcontractors and material men and their respective servants, agents and employees; and **“Loss”** means any and all loss, damage, liability or expense, of any nature whatsoever, whether incurred as a judgment, settlement, penalty, fine or otherwise (including attorney’s fees and the cost of defense), in connection with any action, proceeding, demand or claim, whether real or spurious, for injury, including death, to any person or persons or damages to or loss of, or loss of the use of, property of any person, firm or corporation, including the parties hereto, which arise out of or are connected with, or are claimed to arise out of or be connected with, the performance of this Contract whether arising before or after the completion of the work required hereunder.

- 16.2 For purposes of this Contract, and without in any way limiting indemnification obligations that may be set forth elsewhere in the Contract, the Contractor hereby agrees to indemnify, defend and hold harmless the City from any and all Loss where Loss is caused or incurred or alleged to be caused or incurred in whole or in part as a result of the negligence or other actionable fault of the Contractor, his/her employees, agents, Subcontractors and suppliers.
- 16.3 It is agreed as a specific element of consideration of this Contract that this indemnity shall apply notwithstanding the joint, concurring or contributory or comparative fault or negligence of the City or any third party and, further, notwithstanding any theory of law including, but not limited to, a characterization of the City’s or any third party’s joint, concurring or contributory or comparative fault or negligence as either passive or active in nature.
- 16.4 Nothing in this section shall be deemed to impose liability on the Contractor to indemnify the City for Loss when the negligence or other actionable fault the City is the sole cause of Loss.
- 16.5 With respect to the City’s rights as set forth herein, the Contractor expressly waives all statutory defenses, including, but not limited to, those under workers compensation, contribution, comparative fault or similar statutes to the extent said defenses are inconsistent with or would defeat the purpose of this section.

17. SUCCESSORS AND ASSIGNS

- 17.1 The City and Contractor bind themselves, their successors, assigns and legal representatives to the other party hereto and to successors, assigns and legal representatives of such other party in respect to covenants, agreements and obligations contained in this Contract.
- 17.2 The Contractor shall not assign or sublet the work, or any part thereof, without the previous written consent of the City, nor shall it assign, by power of attorney or otherwise, any of the money payable under this Contract unless by and with the like written consent of the City. In case the Contractor assigns all, or any part of any moneys due or to become due under this Contract, the instrument of assignment shall contain a clause substantially to the affect that it is agreed that the right of the assignee in and to any moneys due or to become due to the Contractor shall be subject to all prior liens of all persons, firms and corporations for services rendered or materials supplied for the performance of the Work called for in this Contract.
- 17.3 Should any Subcontractor fail to perform in a satisfactory manner, the work undertaken, its subcontract shall be immediately terminated by the Contractor upon notice from the City.

Performing in an unsatisfactory manner is defined as consistently having more than 10% of work unacceptable. The Contractor shall be as fully responsible to the City for the acts and omissions of the subcontractors, and of persons either directly or indirectly employed by them, as Contractor is for the acts and omissions of persons directly employed. Nothing contained in this Contract shall create any contractual relations between any Subcontractor and the City, nor shall anything contained in the Contract Documents create any obligation on the part of the City to pay or to see to the payment of any sums due any Subcontractor.

- 17.4 The Contractor shall not award subcontracts which total more than forty-five (45%) of the Contract Price and shall perform within its own organization work amounting to not less than fifty-five percent (55%) of the total Contract Price. Approval by the City of any Subcontractor shall not constitute a waiver of any right of the City to reject Defective Work, material or equipment not in compliance with the requirements of the Contract Documents. The Contractor shall not make any substitution for any Subcontractor accepted by the City unless the City so agrees in writing.
- 17.5 The Contractor shall not subcontract, sell, transfer, assign or otherwise dispose of the Contract or any portion thereof without previous written consent from the City. In case such consent is given, the Contractor, shall be permitted to subcontract a portion thereof, but shall perform with his/her own organization work amounting to not less than fifty five (55%) of the total Contract Price. No subcontracts, or other transfer of Contract, shall release the Contractor of its liability under the Contract and bonds applicable thereto.
- 17.6 The Contractor shall cause appropriate provisions to be inserted in all subcontracts relative to the Work to bind Subcontractors to the Contractor by the terms of the Contract Documents insofar as applicable to the work of the Subcontractor and to give the Contractor the same power to terminate any Subcontract as the City has to terminate the Contractor under any provisions of the Contract Documents.
- 17.7 Prior to the City's approval of the Contract bid, the successful bidder shall submit to the City for acceptance, a list of names of all Subcontractors proposed for portions of the work and shall designate which work each is to perform.
- 17.8 The City shall, prior to the City's approval of the Contract bid, notify the successful bidder, in writing, if the City, after due investigation, has reasonable objection to any Subcontractor on such list, and the Contractor shall substitute a Subcontractor acceptable to the City at no additional cost to the City or shall be allowed to withdraw his/her Bid, and the City shall either re-bid the Work or accept the next best lowest and responsible bidder. The failure of the City to make objection to a Subcontractor shall constitute an acceptance of such Subcontractor but shall not constitute a waiver of any right of the City to reject Defective Work, material or equipment not in conformance with the requirements of the Project Manual.

18. NON-DISCRIMINATION LAWS

- 18.1 The Contractor agrees that:
- A. The Contractor shall observe the provisions of the Kansas Act Against Discrimination (K.S.A. 44-1001 et seq.) and shall not discriminate against any person in the performance of Work under the present contract because of race, religion, color, sex, disability, national origin, ancestry or age;

- B. In all solicitations or advertisements for employees, the Contractor shall include the phrase, "equal opportunity employer," or a similar phrase to be approved by the Kansas Human Rights Commission (Commission);
 - C. If the Contractor fails to comply with the manner in which the Contractor reports to the commission in accordance with the provisions of K.S.A. 44-1031 and amendments thereto, the Contractor shall be deemed to have breached the present contract and it may be cancelled, terminated or suspended, in whole or in part, by the contracting agency;
 - D. If the Contractor is found guilty of a violation of the Kansas Act Against Discrimination under a decision or order of the Commission which has become final, the Contractor shall be deemed to have breached the present contract and it may be cancelled, terminated or suspended, in whole or in part, by the contracting agency; and
 - E. The Contractor shall include the provisions of Subsections A through D in every subcontract or purchase order so that such provisions will be binding upon such Subcontractor or vendor.
 - F. The provisions of this Section shall not apply to a contract entered into by a Contractor: (1) Who employs fewer than four employees during the term of such contract; or (2) Whose contracts with the City cumulatively total \$5,000 or less during the fiscal year of the City.
- 18.2 The Contractor further agrees that it shall abide by the Kansas Age Discrimination In Employment Act (K.S.A. 44-1111 et seq.) and the applicable provision of the Americans With Disabilities Act (42 U.S.C. 12101 et seq.) as well as all other federal, state and local laws.
- 19. FEDERAL LOBBYING ACTIVITIES [THIS PROVISION ONLY APPLIES IF THE CITY IS RECEIVING FEDERAL FUNDS]**
- 19.1 31 USCS Section 1352 requires all subgrantees, Contractors, Subcontractors, and consultants/Architects who receive federal funds via the City to certify that they will not use federal funds to pay any person for influencing or attempting to influence a federal agency or Congress in connection with the award of any federal contract, grant, loan, or cooperative agreements.
- 19.2 In addition, contract applicants, recipients, and subrecipients must file a form disclosing any expenditure they make for lobbying out of non-federal funds during the contract period.
- 19.3 Necessary forms are available from the City and must be returned to the City with other Contract Documents. It is the responsibility of the general contractor to obtain executed forms from any Subcontractors who fall within the provisions of the Code and to provide the City with the same.
- 20. RELATIONS WITH OTHER CONTRACTORS:**
- 20.1 The Contractor shall cooperate with all other contractors who may be performing work on behalf of the City, and workers who may be employed by the City, or any other entity on any work in the vicinity of the Work to be done under this Contract, and the Contractor shall so

- conduct his/her operations as to interfere to the least possible extent with the work of such contractors or workers. The Contractor shall be responsible for any injury or damage, that may be sustained by other contractors, workers, their work or employees of the City, because of any fault or negligence on the Contractor's part, and shall, at his/her own expense, repair or pay for such injury or damage. If the work of the Contractor is delayed because of any acts or omissions of any other Contractor or Contractors, the Contractor shall have no claim against the City on that account other than for an extension of time.
- 20.2 When two or more Contracts are being executed at one time in such manner that work on one Contract may interfere with that on another, the City shall decide which Contractor shall progress at which time.
- 20.3 Other projects the Contractor may have to coordinate shall be listed in the Special Conditions.
- 20.4 When the territory of one Contract is the necessary or convenient means of access for the transportation or movement of workers, materials, or appliances required for the execution of another Contract, such privileges of access or any other responsible privilege may be granted by the City to the Contractor so desiring, to the extent such may be reasonably necessary.
- 20.5 Upon execution of the Contract, the Contractor shall furnish the City, in writing, the names of persons or entities proposed by the Contractor to act as a Subcontractor on the Work. The City shall promptly reply to the Contractor, in writing, stating any objections the City may have to such proposed Subcontractor. The Contractor shall not enter into a Subcontract with a proposed Subcontractor with reference to whom the City has made timely objection. The Contractor shall not be required to Subcontract with any party to whom the Contractor has objection.

21. RIGHT OF CITY TO TERMINATE

- 21.1 If the Contractor persistently or repeatedly refuses or fails to prosecute the Work in a timely manner, or supply enough properly skilled workers, supervisory personnel or proper equipment or materials, or if it fails to make prompt payment to Subcontractors or for materials or labor, or persistently disregards laws, ordinances, rules, regulations or orders of any public authority having jurisdiction, or if this Contract is assigned by Contractor without authorization or if Contractor is adjudged as bankrupt, or if a general assignment of assets be made for the benefit of creditors; or if a receiver is appointed, or otherwise is guilty of a substantial violation of a provision of this Contract, then the City may by written notice to the Contractor, without prejudice to any right or remedy, terminate the employment of the Contractor and take possession of the site and of all materials, equipment, tools, construction equipment and machinery thereon owned by the Contractor and may finish the Work by whatever methods it may deem expedient. In such case, the Contractor and its surety shall be liable to the City for all excess cost sustained by the City because of such prosecution and completion including any additional legal, Project Manager or bid-letting costs therefore. In such case, the Contractor shall not be entitled to receive further payment. In the event the Contractor is found in a court of law to have been wrongfully terminated for cause, then such termination shall be deemed a termination for convenience and the Contractor shall be compensated as provided herein. Any termination of the Agreement for alleged default by Contractor that is ultimately determined to be unjustified shall automatically be deemed a termination for convenience of the City.

21.2 The City, within its sole discretion, may elect to terminate the Contract with the Contractor for convenience upon three (3) days written Notice to Contractor. In the event of such termination, Contractor shall cease immediately all operations and shall be compensated for all work performed as of the date of termination in accordance with the terms of payment in this contract. Contractor shall not be entitled to any anticipatory profits, consequential damages or other costs other than direct costs of demobilization.

22. MISCELLANEOUS:

22.1 The Contractor warrants to the City that all labor furnished to progress the Work under the Contract will be competent to perform the tasks undertaken, that the product of such labor will yield only first-class results, that materials and equipment furnished will be of good quality and new unless otherwise permitted by this Contract, and that the Work will be of good quality, free from faults and defects and in strict conformance with the Project Manual. All Work not conforming to these requirements may be considered defective.

22.2 The Contractor shall obtain and pay for all permits, fees and licenses necessary or ordinary for the Work. The Contractor shall comply with all lawful requirements, including federal and state laws, City and County laws and ordinances and building codes, applicable to the Work and shall give and maintain copies of all notices required by applicable law pertaining to the Work.

22.3 Provision for Emergencies. Whenever, in the opinion of the City, the Contractor has not taken sufficient precaution for the safety of the public or the protection of the Work to be constructed under this Contract, or of adjacent structures or property which may be injured by process of construction, and whenever, in the opinion of the City, an emergency shall arise and immediate action shall be considered necessary in order to protect property interests and to avoid personal injury and/or death, then the City, with or without notice to the Contractor, shall provide suitable protection to the said interests by causing such Work to be done and materials to be furnished at places as the City may consider necessary and adequate. The cost and expense of such Work and material so furnished shall be borne by the Contractor and, if the same shall not be paid on presentation of the bills therefore, such costs shall be deducted from any amounts due or to become due the Contractor. The performance of such emergency Work shall in no way relieve the Contractor of responsibility for damages which may occur during or after such precaution has been duly taken.

22.4 Both the business address of the Contractor given in the Bid or proposal upon which this Contract is founded, and the Contractor's Office near the Work, is hereby designated as the places to which all notices, letters, and other communications to the Contractor may be mailed or delivered. The delivering at either of the above named addresses, or depositing in any mailbox regularly maintained by the Post Office, of any notice, letter or other communication so addressed to the Contractor, and the date of said service shall be the date of such delivery or mailing. Such addresses may be changed at any time by an instrument in writing, executed by the Contractor, presented, and delivered to the Project Manager and to the City. Nothing herein contained shall be deemed to preclude or render inoperative the service of any notice, letter, or communication upon the Contractor personally.

22.5 It is mutually agreed by and between the parties to this Contract that all royalties and fees for and in connection with patents, or patent infringement, claims for materials, articles,

- apparatus, devices or equipment (as distinguished from processes) used in or furnished for the work shall be included in the Contract Price and the Contractor shall satisfy all demands that may be made at any time for such, and the Contractor shall at its cost and expense, defend any and all suits or proceedings that may be instituted at any time against the City for infringement or alleged infringement of any such patents involved in the work, and Contractor shall pay any award of damages.
- 22.6 The right of general administration of the City shall not make the Contractor an agent of the City, and the liability of the Contractor for all damages to persons, firms, and corporations, arising from the Contractor's execution of the Work, shall not be lessened because of such general administration, but as to all such persons, firms, and corporations, and the damages, if any, to them or their property. The Contractor herein is an independent Contractor in respect to the work.
- 22.7 For a period of time, from the inception of the Contract to three (3) years from the date of final payment under the Contract, the Contractor and subcontractors shall maintain books, accounts, ledgers, invoices, drafts, pages and other records pertaining to the performance of this Contract. At all reasonable times during this period these records shall be available within the State of Kansas at a field or permanent business office for inspection by authorized representatives of the City or of any other agency, which has contributed funds in connection with the Contract or to which the City is obligated to make such inspections available. In addition, this requirement shall be included in all subcontracts entered into in connection with this Contract.
- 22.8 Titles, subheadings used herein, and other Contract Documents are provided only as a matter of convenience and shall have no legal bearing on the interpretation of any provision of the Contract Documents.
- 22.9 No waiver of any breach of this Contract shall be construed to be a waiver of any other subsequent breach.
- 22.10 Should any provision of this Agreement or other Contract Documents be determined to be void, invalid, unenforceable or illegal for whatever reason, such provision(s) shall be null and void; provided, however, that the remaining provisions of this Agreement and/or the other Contract Documents shall be unaffected thereby and shall continue to be valid and enforceable.
- 22.11 Without in any manner limiting Contractor's responsibilities as provided elsewhere in the Contract Documents, the Contractor shall assume full responsibility for the protection of all public and private property, structures, sewers, and utilities, for both above ground and underground facilities, along, beneath, above, across or near the site or sites of the Work being performed under this Agreement, or which are in any manner affected by the prosecution of the Work or the transportation of men/women or materials in connection therewith. Barriers shall be kept in place at all times to protect persons other than those engaged on or about the Work from accident, and the Contractor will be held responsible for all accidents to persons or property resulting from the acts of Contractor or its employees.
- 22.12 The Contractor shall keep fully informed of all existing and current regulations of the City, county, state, and federal laws, which in any way limit or control the actions or operations of those engaged upon the work, or affecting materials supplied, to or by them. The Contractor shall at all times observe and comply with all ordinances, laws, and regulations,

- and shall protect and indemnify the City and the City's officers and agents against any claims or liability arising from or based on any violation of the same.
- 22.13 Nothing contained in the Contract Documents shall create, or be interpreted to create, privity or any other contractual agreement between the City and any person or entity other than the Contractor.
- 22.14 Duties and obligations imposed by the Contract Documents, rights, and remedies available hereunder shall be in addition to and not a limitation of duties, obligations, rights and remedies otherwise imposed or available by law.
- 22.15 No action or failure to act by the City, Project Manager or Contractor shall constitute a waiver of a right or duty afforded them under the Contract, nor shall such action or failure to act constitute approval or acquiescence in a breach hereunder, except as may be specifically agreed in writing.
- 22.16 Contractor specifically acknowledges and confirms that: (i) it has visited the site, made all inspections it deems appropriate and has read and fully understands the Contract Documents, including all obligations and responsibilities undertaken by it as specified herein and in other Contract Documents and knowingly accepts the same; (ii) it has furnished copies of all Contract Documents to its insurance carrier(s) and its surety(ies); and (iii) its insurance carrier(s) and surety(ies) agree to be bound as specified herein, in the Contract Documents and in the insurance policy(ies) and bonds as to liability and surety coverage.
- 22.17 It is specifically agreed between the parties executing this Agreement that the Contract Documents are not intended to create any third party beneficiary relationship nor authorize anyone not a party to this Agreement to maintain a suit for personal injuries or property damage pursuant to the terms or provisions of this Agreement. The duties, obligations and responsibilities of the parties to this Agreement with respect to third parties shall remain as imposed by law.
- 22.18 This Agreement is entered into, under and pursuant to, and is to be construed and enforceable in accordance with the laws of the State of Kansas. Venue of any litigation arising in connection with this Agreement shall be the State courts of Johnson County, Kansas.

IN WITNESS WHEREOF, the City has caused this Agreement to be executed in its behalf, thereunto duly authorized, and the said Contractor has executed five (5) counterparts of this Contract in the prescribed form and manner, the day and year first above written.

APPROVED BY:

City Clerk, Joyce Hagen-Mundy

City Attorney, Catherine Logan

(If the Contract is not executed by the President of the Corporation, general partner of the Partnership, or manager of a limited liability company, please provide documentation, which authorizes the signatory to bind the corporation, partnership or limited liability company. If a corporation, the Contractor shall furnish the City a current certificate of good standing, dated within ten (10) days of the date of this Contract.)

PUBLIC WORKS DEPARTMENT

Council Committee Meeting Date: August 15, 2016

Council Meeting Date: August 15, 2016

CONSIDER APPROVAL OF A CONTRACT WITH PAVEMENT MANAGEMENT, INC. FOR THE 2016 CRACK SEAL/MICRO SURFACING PROGRAM.

RECOMMENDATION

Move to authorize the Mayor to sign the Construction Contract with Pavement Management, Inc. for Project P5000/P5038, 2016 Crack Seal/Micro Surfacing Program for \$312,000.

BACKGROUND

On August 5, 2016 the City Clerk opened bids for Project P5000/P5038, 2016 Crack Seal/Micro Surfacing Program. Two bids were received:

Pavement Management	\$309,910
Vance Brothers, Inc.	\$315,320
Engineer's Estimate	\$311,104

This contract consists of two separate maintenance programs at various locations throughout the City. A Micro Surfacing program which is a maintenance tool to assist in preserving the existing asphalt pavement, thus extending the pavements life cycle and a Crack Seal program which seals existing cracks in the asphalt pavement. Sealing cracks and joints helps to prevent water from entering the base of the pavement.

There is \$312,000.00 budgeted for these projects and the contract will be awarded for that amount. Locations of work will be adjusted (increased) to utilize the \$312,000 budget.

City staff has reviewed the bids for accuracy and found no errors.

FUNDING SOURCE

Funding is available in the 2016 Capital Infrastructure Program Project P5000/P5038.

August 11, 2016

**CONSTRUCTION CONTRACT
FOR
PROJECT
P5000/P5038 2016 CRACK SEAL & MICRO SURFACING PROGRAM
BETWEEN
THE CITY OF PRAIRIE VILLAGE, KANSAS
AND
PAVEMENT MANAGEMENT, INC.**

THIS AGREEMENT, is made and entered into this ____ day of _____, 20__, by and between the City of Prairie Village, Kansas, hereinafter termed the "**City**", and PAVEMENT MANAGEMENT, INC. hereinafter termed in this agreement, "**Contractor**", for the construction and completion of Project *P5000 / P5038 2016 CRACK SEAL & MICRO SURFACING PROGRAM*, the "**Project**" designated, described and required by the Project Manual and Bid Proposal, to wit:

WITNESSETH:

WHEREAS, the City has caused to be prepared, approved and adopted a Project Manual describing construction materials, labor, equipment and transportation necessary for, and in connection with, the construction of a public improvement, and has caused to be published an advertisement inviting sealed bid, in the manner and for the time required by law;

WHEREAS, the Contractor, in response to the advertisement, has submitted to the City in the manner and at the time specified, a sealed Bid Proposal in accordance with the Bid Documents;

WHEREAS, the City, in the manner prescribed by law, has publicly opened, examined and canvassed the Bid Proposals submitted, and as a result of such canvass has determined and declared the Contractor to be the lowest and best responsible bidder for the construction of said public improvements, and has duly awarded to the said Contractor a contract therefore upon the terms and conditions set forth in this Agreement for the sum or sums set forth herein;

WHEREAS, the Contractor has agreed to furnish at its own cost and expense all labor, tools, equipment, materials and transportation required to construct and complete in good, first class and workmanlike manner, the Work in accordance with the Contract Documents; and

WHEREAS, this Agreement, and other Contract Documents on file with the City Clerk of Prairie Village, Kansas, all of which Contract Documents form the Contract, and are as fully a part thereof as if repeated verbatim herein; all work to be to the entire satisfaction of the City or City's agents, and in accordance with the laws of the City, the State of Kansas and the United States of America;

NOW, THEREFORE, in consideration of the compensation to be paid the Contractor, and of the mutual agreements herein contained, the parties hereto have agreed and hereby agree, the City for itself and its successors, and the Contractor for itself, himself, herself or themselves, its, his/her,

hers or their successors and assigns, or its, his/her, hers or their executors and administrators, as follows:

1. **DEFINITIONS:** Capitalized terms not defined herein shall have the meanings set forth in the General Conditions.

1.1 Following words are given these definitions:

ADVERSE WEATHER shall have the meaning set forth in Section 9.3 hereof.

APPLICATION FOR PAYMENT shall mean a written request for compensation for Work performed on forms approved by the City.

BID shall mean a complete and properly signed proposal to do the Work or designated portion thereof, for the price stipulated therein, submitted in accordance with the Bid Documents.

BID DOCUMENTS shall mean all documents related to submitting a Bid, including, but not limited to, the Advertisement for Bids, Instruction to Bidders, Bid Form, Bid Bond, and the proposed Project Manual, including any Addenda issued prior to receipt of Bids.

BID PROPOSAL shall mean the offer or proposal of the Bidder submitted on the prescribed form set forth the prices for the Work to be performed.

BIDDER shall mean any individual: partnership, corporation, association or other entity submitting a bid for the Work.

BONDS shall mean the bid, maintenance, performance, and statutory or labor and materials payment bonds, together with such other instruments of security as may be required by the Contract Documents.

CERTIFICATE FOR PAYMENT shall mean written certification from the Project Manager stating that to the best of the project manager's knowledge, information and belief, and on the basis of the Project Manager's on-site visits and inspections, the Work described in an Application for Payment has been completed in accordance with the terms and conditions of the Contract Documents and that the amount requested in the Application for Payment is due and payable.

CHANGE ORDER is a written order issued after the Agreement is executed by which the City and the Contractor agree to construct additional items of Work, to adjust the quantities of Work, to modify the Contract Time, or, in lump sum contracts, to change the character and scope of Work shown on the Project Manual.

CITY shall mean the City of Prairie Village, Kansas, acting through a duly appointed representative.

CONTRACT or **CONTRACT DOCUMENTS** shall consist of (but not necessarily be limited to) the Plans, the Specifications, all addenda issued prior to and all modifications issued after execution of this Agreement, (modifications consisting of written amendments to the Agreement signed by both parties, Change Orders, written orders for minor changes in the Work issued by the Project Manager) this Construction Contract between the City and Contractor (sometimes referred to herein as the "**Agreement**"), the accepted Bid Proposal, Contractor's Performance Bond, Contractor's Maintenance Bond, Statutory Bond, the

Project Manual, the General Conditions, the Special Conditions and any other documents that have bearing the Work prescribed in the Project. It is understood that the Work shall be carried out and the Project shall be constructed fully in accordance with the Contract Documents.

CONTRACT PRICE shall be the amount identified in the Construction Agreement between the City and the Contractor as the total amount due the Contractor for Total Completion of the Work as per the Contract Documents.

CONTRACT TIME shall be the number of calendar days stated in the Contract Documents for the completion of the Work or shall be a specific date as designated in the Construction Agreement.

CONTRACTOR shall mean the entity entering into the Contract for the performance of the Work covered by this Contract, together with his/her duly authorized agents or legal representatives.

DEFECTIVE WORK shall mean Work, which is unsatisfactorily, faulty or deficient, or not in conformity with the Project Manual.

FIELD ORDER shall mean a written order issued by the Project Manager that orders minor changes in the Work, but which does not involve a change in the Contract Price or Contract Time.

FINAL ACCEPTANCE shall mean the date when the City accepts in writing that the construction of the Work is complete in accordance with the Contract Documents such that the entire Work can be utilized for the purposes for which it is intended and Contractor is entitled to final payment.

GENERAL CONDITIONS shall mean the provisions in the document titled "General Conditions - General Construction Provisions" attached hereto and incorporation herein by reference.

INSPECTOR shall mean the engineering, technical inspector or inspectors duly authorized by the City to monitor the work and compliance tests under the direct supervision of the Project Manager.

NOTICE TO PROCEED shall mean the written notice by the City to the Contractor fixing the date on which the Contract Time is to commence and on which the Contractor shall start to perform its obligations under the Contract Documents. Without the prior express written consent of the City, the Contractor shall do no work until the date set forth in the Notice to Proceed.

PAY ESTIMATE NO. ____ or **FINAL PAY ESTIMATE** shall mean the form to be used by the Contractor in requesting progress and final payments, including supporting documentation required by the Contract Documents.

PLANS shall mean and include all Shop Drawings which may have been prepared by or for the City as included in the Project Manual or submitted by the Contractor to the City during the progress of the Work, all of which show the character and scope of the work to be performed.

PROJECT shall mean the Project identified in the first paragraph hereof.

PROJECT MANAGER shall mean the person appointed by the Public Works Director for this Contract.

PROJECT MANUAL shall contain the General Conditions, Special Conditions, Specifications, Shop Drawings and Plans for accomplishing the work.

PROJECT SEGMENTS shall have the meaning set forth in Section 7.1 hereof.

PUBLIC WORKS DIRECTOR shall mean the duly appointed Director of Public Works for the City of Prairie Village or designee.

SHOP DRAWINGS shall mean all drawings, diagrams, illustrations, schedules and other data which are specifically prepared by the Contractor, a Subcontractor, manufacturer, fabricator, supplier or distributor to illustrate some portion of the Work, and all illustrations, brochures, standard schedules, performance charts, instructions, diagrams and other information prepared by a manufacturer, fabricator, supplier or distributor and submitted by the Contractor to illustrate material or equipment for some portion of the Work.

SPECIFICATIONS shall mean those portions of the Project Manual consisting of written technical descriptions of materials, equipment, construction methods, standards and workmanship as applied to the Work and certain administrative details applicable thereto. They may include, but not necessarily be limited to: design specifications, e.g. measurements, tolerances, materials, inspection requirements and other information relative to the work; performance specifications, e.g., performance characteristics required, if any; purchase description specifications, e.g. products or equipment required by manufacturer, trade name and/or type; provided, however, equivalent alternatives (including aesthetics, warranty and manufacturer reputation) may be substituted upon written request and written approval thereof by the City.

SPECIAL CONDITIONS shall mean the provisions in the document titled "Special Conditions" attached hereto and incorporation herein by reference.

SUBCONTRACTOR shall mean an individual, firm or corporation having a direct contract with the Contractor or with another subcontractor for the performance of a part of the Work.

SUBSTANTIAL COMPLETION shall be defined as being less than 100 percent of the Work required that will be completed by a specified date as agreed to in writing by both parties.

TOTAL COMPLETION shall mean all elements of a Project Segment or the Total Project Work is complete including all subsidiary items and "punch-list" items.

TOTAL PROJECT WORK shall have the meaning set forth in Section 7.1 hereof.

UNIT PRICE WORK shall mean Work quantities to be paid for based on unit prices. Each unit price shall be deemed to include the Contractor's overhead and profit for each separately identified item. It is understood and agreed that estimated quantities of times for unit price work are not guaranteed and are solely for the purpose of comparison of bids and determining an initial Contract Price. Determinations of actual quantities and classifications of unit price work shall be made by the City.

UNUSUALLY SEVERE WEATHER shall have the meaning set forth in Section 9.4 hereof.

WORK shall mean the work to be done to complete the construction required of the Contractor by the Contract Documents, and includes all construction, labor, materials, tools, equipment and transportation necessary to produce such construction in accordance with the Contract Documents.

WORK SCHEDULE shall have the meaning set forth in Section 7.2 hereof.

- 1.2 Whenever any word or expression defined herein, or pronoun used instead, occurs in these Contract Documents; it shall have and is mutually understood to have the meaning commonly given. Work described in words, which so applied have a well-known technical or trade meaning shall be held to refer to such, recognized standards.
- 1.3 Whenever in these Contract Documents the words “as ordered,” “as directed”, “as required”, “as permitted”, “as allowed”, or words or phrases of like import are used, it is understood that the order, direction, requirement, permission or allowance of the Project Manager is intended.
- 1.4 Whenever any statement is made in the Contract Documents containing the expression “it is understood and agreed”, or an expression of like import, such expression means the mutual understanding and agreement of the parties hereto.
- 1.5 The words “approved”, “reasonable”, “suitable”, “acceptable”, “properly”, “satisfactorily”, or words of like effect in import, unless otherwise particularly specified herein, shall mean approved, reasonable, suitable, acceptable, proper or satisfactory in the judgment of the Project Manager.
- 1.6 When a word, term or phrase is used in the Contract, it shall be interpreted or construed, first, as defined herein; second, if not defined, according to its generally accepted meaning in the construction industry; and, third, if there is no generally accepted meaning in the construction industry, according to its common and customary usage.
- 1.7 All terms used herein shall have the meanings ascribed to them herein unless otherwise specified.

2. ENTIRE AGREEMENT:

The Contract Documents, together with the Contractor's Performance, Maintenance and Statutory bonds for the Work, constitute the entire and exclusive agreement between the City and the Contractor with reference to the Work. Specifically, but without limitation, this Contract supersedes all prior written or oral communications, representations and negotiations, if any, between the City and the Contractor. The Contract may not be amended or modified except by a modification as hereinabove defined. These Contract Documents do not, nor shall they be construed to, create any contractual relationship of any kind between the City and any Subcontractor or remote tier Subcontractor.

3. INTENT AND INTERPRETATION

- 3.1 The intent of the Contract is to require complete, correct and timely execution of the Work. Any Work that may be required, including construction, labor, materials, tools, equipment and transportation, implied or inferred by the Contract Documents, or any one or more of them, as necessary to produce the intended result, shall be provided by the Contractor for the Contract Price.

- 3.2 All time limits stated in the Contract Documents are of the essence of the Contract.
- 3.3 The Contract is intended to be an integral whole and shall be interpreted as internally consistent. What is required by any one Contract Document shall be considered as required by the Contract.
- 3.4 The specification herein of any act, failure, refusal, omission, event, occurrence or condition as constituting a material breach of this Contract shall not imply that any other, non-specified act, failure, refusal, omission, event, occurrence or condition shall be deemed not to constitute a material breach of this Contract.
- 3.5 The Contractor shall have a continuing duty to read, carefully study and compare each of the Contract Documents and shall give written notice to the Project Manager of any inconsistency, ambiguity, error or omission, which the Contractor may discover, or should have discovered, with respect to these documents before proceeding with the affected Work. The review, issuance, or the express or implied approval by the City or the Project Manager of the Contract Documents shall not relieve the Contractor of the continuing duties imposed hereby, nor shall any such review be evidence of the Contractor's compliance with this Contract.
- 3.6 The City has prepared or caused to have prepared the Project Manual. **HOWEVER, THE CITY MAKES NO REPRESENTATION OR WARRANTY AS TO ACCURACY OR FITNESS FOR PARTICULAR PURPOSE INTENDED OR ANY OTHER WARRANTY OF ANY NATURE WHATSOEVER TO THE CONTRACTOR CONCERNING SUCH DOCUMENTS.** By the execution hereof, the Contractor acknowledges and represents that it has received, reviewed and carefully examined such documents, has found them to be complete, accurate, adequate, consistent, coordinated and sufficient for construction, and that the Contractor has not, does not, and will not rely upon any representation or warranties by the City concerning such documents as no such representation or warranties have been made or are hereby made.
- 3.7 As between numbers and scaled measurements in the Project Manual, the numbers shall govern; as between larger scale and smaller scale drawings, (e.g. 10:1 is larger than 100:1) the larger scale shall govern.
- 3.8 The organization of the Project Manual into divisions, sections, paragraphs, articles (or other categories), shall not control the Contractor in dividing the Work or in establishing the extent or scope of the Work to be performed by Subcontractors.
- 3.9 The Contract Documents supersedes all previous agreements and understandings between the parties, and renders all previous agreements and understandings void relative to these Contract Documents.
- 3.10 Should anything be omitted from the Project Manual, which is necessary to a clear understanding of the Work, or should it appear various instructions are in conflict, the Contractor shall secure written instructions from the Project Manager before proceeding with the construction affected by such omissions or discrepancies.
- 3.11 It is understood and agreed that the Work shall be performed and completed according to the true spirit, meaning, and intent of the Contract Documents.
- 3.12 The Contractor's responsibility for construction covered by conflicting requirements, not provided for by addendum prior to the time of opening Bids for the Work represented

thereby, shall not extend beyond the construction in conformity with the less expensive of the said conflicting requirements. Any increase in cost of Work required to be done in excess of the less expensive work of the conflicting requirements will be paid for as extra work as provided for herein.

- 3.13 The apparent silence of the Project Manual as to any detail, or the apparent omission from them of a detailed description concerning any point, shall be regarded as meaning that only the best general practice is to be used. All interpretations of the Project Manual shall be made on the basis above stated.
- 3.14 The conditions set forth herein are general in scope and are intended to contain requirements and conditions generally required in the Work, but may contain conditions or requirements which will not be required in the performance of the Work under contract and which therefore are not applicable thereto. Where any stipulation or requirement set forth herein applies to any such non-existing condition, and is not applicable to the Work under contract, such stipulation or requirement will have no meaning relative to the performance of said Work.
- 3.15 KSA 16-113 requires that non-resident contractors appoint an agent for the service of process in Kansas. The executed appointment must then be filed with the Secretary of State, Topeka, Kansas. Failure to comply with this requirement shall disqualify the Contractor for the awarding of this Contract.

4. CONTRACT COST

The City shall pay the Contractor for the performance of the Work embraced in this Contract, and the Contractor will accept in full compensation therefore the sum (subject to adjustment as provided by the Contract) of Three Hundred Twelve Thousand and Zero Cents DOLLARS (\$312,000.00) for all Work covered by and included in the Contract; payment thereof to be made in cash or its equivalent and in a manner provided in the Contract Documents.

5. WORK SUPERINTENDENT

- 5.1 The Contractor shall provide and maintain, continually on the site of Work during its progress, an adequate and competent superintendent of all operations for and in connection with the Work being performed under this Contract, either personally or by a duly authorized superintendent or other representative. This representative shall be designated in writing at the preconstruction meeting.
- 5.2 The superintendent, or other representative of the Contractor on the Work, who has charge thereof, shall be fully authorized to act for the Contractor, and to receive whatever orders as may be given for the proper prosecution of the Work, or notices in connection therewith. Use of Subcontractors on portions of the Work shall not relieve the Contractor of the obligation to have a competent superintendent on the Work at all times.
- 5.3 The City shall have the right to approve the person who will be the Superintendent based on skill, knowledge, experience and work performance. The City shall also have the right to request replacement of any superintendent.
- 5.4 The duly authorized representative shall be official liaison between the City and the Contractor regarding the signing of pay estimates, change orders, workday reports and other forms necessary for communication and Work status inquiries. Upon Work

commencement, the City shall be notified, in writing, within five (5) working days of any changes in the Contractor's representative. In the absence of the Contractor or representative, suitable communication equipment, which will assure receipt of messages within one (1) hour during the course of the workday, will also be required.

- 5.5 The Contractor will be required to contact the Project Manager daily to advise whether and/or where the Contractor and/or the Subcontractor's crews will be working that day, in order that the Project Manager's representative is able to monitor properly the Work.

6. PROJECT MANAGER

- 6.1 It is mutually agreed by and between the parties to this Agreement that the Project Manager shall act as the representative of the City and shall observe and inspect, as required, the Work included herein.

- 6.2 In order to prevent delays and disputes and to discourage litigation, it is further agreed by and between the parties to this Agreement that the Project Manager shall, in good faith and to the best of its ability, determine the amount and quantities of the several kinds of work which are to be paid for under this Contract; that the Project Manager shall determine, where applicable, questions in relation to said Work and the construction thereof; that Project Manager shall, where applicable decide questions which may arise relative to the execution of this Contract on the part of said Contractor; that the Project Manager's decisions and findings shall be the conditions precedent to the rights of the parties hereto, to any action on the Contract, and to any rights of the Contractor to receive any money under this Contract provided, however, that should the Project Manager render any decision or give any direction which, in the opinion of either party hereto, is not in accordance with the meaning and intent of this Contract, either party may file with the Project Manager and with the other party, within thirty (30) days a written objection to the decision or direction so rendered and, by such action, may reserve the right to submit the question to determination in the future.

- 6.3 The Project Manager, unless otherwise directed or agreed to by the City in writing, will perform those duties and discharge those responsibilities allocated to the Project Manager as set forth in this Contract. The Project Manager shall be the City's representative from the effective date of this Contract until final payment has been made. The Project Manager shall be authorized to act on behalf of the City only to the extent provided in this Contract. The City and Project Manager may, from time to time, designate Inspectors to perform such functions.

- 6.4 The City and the Contractor shall communicate with each other in the first instance through the Project Manager.

- 6.5 The Project Manager shall be the initial interpreter of the requirements of the Project Manual and the judge of the performance by the Contractor. The Project Manager shall render written graphic interpretations necessary for the proper execution or progress of the Work with reasonable promptness on request of the Contractor.

- 6.6 The Project Manager will review the Contractor's Applications for Payment and will certify to the City for payment to the Contractor those amounts then due the Contractor as provided in this Contract. The Project Manager's recommendation of any payment requested in an Application for Payment will constitute a representation by Project Manager to City, based on Project Manager's on-site observations of the Work in progress as an experienced and

qualified design professional and on Project Manager's review of the Application for Payment and the accompanying data and schedules that the Work has progressed to the point indicated; that, to the best of the Project Manager's knowledge, information and belief, the quality of the Work is in accordance with the Project Manual (subject to an evaluation of the Work as a functioning whole prior to or upon Substantial Completion, to the results of any subsequent tests called for in the Project Manual, to a final determination of quantities and classifications for Unit Price Work if such is called for herein, and to any other qualifications stated in the recommendation); and that Contractor is entitled to payment of the amount recommended. However, by recommending any such payment Project Manager will not thereby be deemed to have represented that exhaustive or continuous on-site inspections have been made to check the quality or the quantity of the Work beyond the responsibilities specifically assigned to Project Manager in the Project Manual or that there may not be other matters or issues between the parties that might entitle Contractor to be paid additionally by the City or the City to withhold payment to Contractor.

- 6.7 The Project Manager may refuse to recommend the whole or any part of any payment if, in Project Manager's opinion, it would be incorrect to make such representations to City. Project Manager may also refuse to recommend any such payment, or, because of subsequently discovered evidence or the results of subsequent inspections or tests, nullify any such payment previously recommended, to such extent as may be necessary in the Project Manager's opinion to protect the City from loss because:
- The Work is defective, or completed Work has been damaged requiring correction or replacement,
 - The Contract Price has been reduced by Written Amendment or Change Order,
 - The City has been required to correct Defective Work or complete Work in accordance with the Project Manual.
- 6.8 The City may refuse to make payment of the full amount recommended by the Project Manager because claims have been made against City on account of Contractor's performance or furnishing of the Work or liens have been filed in connection with the Work or there are other items entitling City to a set-off against the amount recommended, but City must give Contractor written notice (with a copy to Project Manager) stating the reasons for such action.
- 6.9 The Project Manager will have the authority to reject Work which is defective or does not conform to the requirements of this Contract. If the Project Manager deems it necessary or advisable, the Project Manager shall have authority to require additional inspection or testing of the Work for compliance with Contract requirements.
- 6.10 The Project Manager will review, or take other appropriate action as necessary, concerning the Contractor's submittals, including Shop Drawings, Product Data and Samples. Such review, or other action, shall be for the sole purpose of determining general conformance with the design concept and information given through the Project Manual.
- 6.11 The Project Manager shall have authority to order minor changes in the Work not involving a change in the Contract Price or in Contract Time and consistent with the intent of the Contract. Such changes shall be effected by verbal direction and then recorded on a Field Order and shall be binding upon the Contractor. The Contractor shall carry out such Field Orders promptly.

- 6.12 The Project Manager, upon written request from the Contractor shall conduct observations to determine the dates of Substantial Completion, Total Completion and the date of Final Acceptance. The Project Manager will receive and forward to the City for the City's review and records, written warranties and related documents from the Contractor required by this Contract and will issue a final Certificate for Payment to the City upon compliance with the requirements of this Contract.
- 6.13 The Project Manager's decisions in matters relating to aesthetic effect shall be final if consistent with the intent of this Contract.
- 6.14 The Project Manager will **NOT** be responsible for Contractor's means, methods, techniques, sequences, or procedures or construction, or the safety precautions and programs incident thereto and will not be responsible for Contractor's failure to perform the Work in accordance with the Project Manual. The Project Manager will not be responsible for the acts or omissions of the Contractor or any Subcontractor or any of its or their agents or employees, or any other person at the site or otherwise performing any of the Work except as may otherwise be provided.
- 6.15 Any plan or method of work suggested by the Project Manager, or other representatives of the City, to the Contractor, but not specified or required, if adopted or followed by the Contractor in whole or in part, shall be used at the risk and responsibility of the Contractor, and the Project Manager and the City will assume no responsibility therefore.
- 6.16 It is agreed by the Contractor that the City shall be and is hereby authorized to appoint or employ, either directly or through the Project Manager, such City representatives or observers as the City may deem proper, to observe the materials furnished and the work performed under the Project Manual, and to see that the said materials are furnished, and the said work performed, in accordance with the Project Manual therefore. The Contractor shall furnish all reasonable aid and assistance required by the Project Manager, or by the resident representatives for proper observation and examination of the Work and all parts thereof.
- 6.17 The Contractor shall comply with any interpretation of the Project Manual by the Project Manager, or any resident representative or observer so appointed, when the same are consistent with the obligations of the Project Manual. However, should the Contractor object to any interpretation given by any subordinate Project Manager, resident representative or observer, the Contractor may appeal in writing to the City Director of Public Works for a decision.
- 6.18 Resident representatives, observers, and other properly authorized representatives of the City or Project Manager shall be free at all times to perform their duties, and intimidation or attempted intimidation of any one of them by the Contractor or by any of its employees, shall be sufficient reason, if the City so decides, to annul the Contract.
- 6.19 Such observation shall not relieve the Contractor from any obligation to perform said Work strictly in accordance with the Project Manual.
- 7. WORK SCHEDULE:**
- 7.1 The Work is comprised of one large project (sometimes referred to as "**Total Project Work**") and, in some cases, is partitioned into smaller subprojects referred to in this Agreement as

- “Project Segments.”** A Contract Time shall be stated in the Contract Documents for both the Total Project Work and, when applicable, the Project Segments.
- 7.2 At the time of execution of this Contract, the Contractor shall furnish the Project Manager with a schedule (“**Work Schedule**”) setting forth in detail (in the critical path method) the sequences proposed to be followed, and giving the dates on which it is expected that Project Segments will be started and completed within the Contract Time. The Work Schedule is subject to approval by the City.
- 7.3 Monthly Work Schedule reports shall accompany the Contractor's pay request for Work completed. Where the Contractor is shown to be behind schedule, it shall provide an accompanying written summary, cause, and explanation of planned remedial action. Payments or portions of payments may be withheld by the City upon failure to maintain scheduled progress of the Work as shown on the approved Work Schedule.
- 7.4 At a minimum the Contractor shall update and submit the Work Schedule for review weekly, unless otherwise agreed upon by the City.
- 7.5 The Contractor, within ten (10) calendar days after being instructed to do so in a written notice from the City, shall commence the Work to be done under this Contract.
- 7.6 If at any time, in the opinion of the Project Manager or City, proper progress is not being maintained; changes shall be proposed in the Work Schedule and resubmitted for consideration and approval.
- 7.7 If the Contractor has not completed Project Segments and is within a non-performance penalty period, it shall not be allowed to undertake a new Project Segment until the Project Segment in dispute is completed, unless expressly permitted by the City.
- 7.8 The operation of any tool, equipment, vehicle, instrument, or other noise-producing device is prohibited to start before or continue after the hours of 7 AM and 10 PM, Monday through Friday (except Fridays which shall be until Midnight) and 8 AM and midnight on Weekends (except Sunday which shall be 10 PM). Violation of this requirement is Prima Facia Violation of City Municipal Code 11-202.
- 7.9 No work shall be undertaken on Saturdays, Sundays and Holidays (Christmas, New Years, Martin Luther King’s Birthday, President’s Day, Memorial Day, Independence Day, Labor Day and Thanksgiving) without the express written approval of the City Project Manager. If it is necessary to perform proper care, maintenance, or protection of work already completed or of equipment used, or in the case of an emergency verbal permission may be obtained through the Project Manager.
- 7.10 Night work may be established by the Contractor, as a regular procedure, with the written permission of the City; such permission, however, may be revoked at any time by the City if the Contractor fails to maintain adequate equipment for the proper prosecution and control of all operations performed as part of the Work.
- 7.11 The Contractor shall provide 24 hours notice prior to commencing any work to the City Project Manager. The Contractor shall communicate immediately any changes in the Work Schedule to the Project Manager for approval by the City.

8. DELAYS AND EXTENSIONS OF TIME

- 8.1 In executing the Contract, the Contractor expressly covenants and agrees that, in undertaking the completion of the Work within the Contract Time, it has taken into consideration and made allowances for all of the ordinary delays and hindrances incident to such Work, whether growing out of delays in securing materials, workers, weather conditions or otherwise. No charge shall be made by the Contractor for hindrances or delays from any cause during the progress of the Work, or any portion thereof, included in this Contract.
- 8.2 Should the Contractor, however, be delayed in the prosecution and completion of the Work by reason of delayed shipment orders, or by any changes, additions, or omissions therein ordered in writing by the City, or by strikes or the abandonment of the Work by the persons engaged thereon through no fault of the Contractor, or by any act taken by the U.S. Government such as the commandeering of labor or materials, embargoes, etc., which would affect the fabrication or delivery of materials and/or equipment to the Work; or by neglect, delay or default of any other contractor of the City, or delays caused by court proceedings; the Contractor shall have no claims for damages or additional compensation or costs for any such cause or delay; but it shall in such cases be entitled to such extension of the time specified for the completion of the Work as the City and the Project Manager shall award in writing on account of such delays, provided, however, that claim for such extension of time is made by the Contractor to the City and the Project Manager in writing within one (1) week from the time when any such alleged cause for delay shall occur.

9. ADVERSE WEATHER:

- 9.1 Extensions of time for Adverse Weather shall be granted only under the conditions as hereinafter provided.
- 9.2 For conditions of weather or conditions at the site, so unusual as not to be reasonably anticipated, as determined by the Project Manager, an average or usual number of inclement days when work cannot proceed are to be anticipated during the construction period and are not to be considered as warranting extension of time.
- 9.3 “**Adverse Weather**” is defined as atmospheric conditions or the impact thereof at a definite time and place, which are unfavorable to construction activities such that they prevent work on critical activities for 50 percent or more of the Contractor’s scheduled workday.
- 9.4 “**Unusually Severe Weather**” is defined as weather, which is more severe than the adverse weather anticipated for the season, location, or activity involved.
- 9.5 Time Extensions for Unusually Severe Weather: In order for any request for time extension due to Unusually Severe Weather to be valid, the Contractor must document all of the following conditions:
- The weather experienced at the Work site during the Contract period is more severe than the Adverse Weather anticipated for the Work location during any given month.
 - The Unusually Severe Weather actually caused a delay to the completion of the Work.
 - The delay must be beyond the control and without fault or negligence by the Contractor.

- 9.6 The following schedule of monthly-anticipated Adverse Weather delays will constitute the baseline for monthly weather time evaluations. The Contractor's Work Schedule must reflect these anticipated adverse weather delays in all weather affected activities:

MONTHLY ANTICIPATED ADVERSE WEATHER DELAY
WORK DAYS BASED ON FIVE (5) DAY WORK WEEK

JAN	FEB	MAR	APR	MAY	JUN	JUL	AUG	SEP	OCT	NOV	DEC
10	8	7	6	7	7	5	5	5	4	5	9

- 9.7 Upon receipt of the Notice to Proceed, and continuing throughout the Contract, the Contractor shall record on its daily construction report, the occurrence of Adverse Weather and resultant impact to the Work Schedule.
- 9.8 The number of actual Adverse Weather delay days shall include days affected by actual Adverse Weather (even if Adverse Weather occurred in the previous month), and shall be calculated chronologically from the first to the last day of each month, and be recorded as full workdays.
- 9.9 If the number of actual Adverse Weather delay days in a given month exceeds the number of days anticipated above, the difference shall be multiplied by 7/5 to convert any qualifying workday delays to calendar days. The resulting number of qualifying lost days shall be added to the Contract Time.
- 9.10 The determination that Unusually Severe Weather occurred does not automatically mean an extension of time will be granted. The Contractor must substantiate the Unusually Severe Weather delayed work activities on the critical path of the Work Schedule.
- 9.11 Full consideration for equivalent fair weather workdays shall be given. If the number of actual Adverse Weather delays in a given month is less than the number of days anticipated as indicated above, the difference shall be multiplied by 7/5 to convert any workday increases to calendar days. The resulting number of qualifying extra days will be accumulated and subtracted from any future month's days lost due to unusually severe weather.
- 9.12 The net cumulative total of extra days/lost days shall not result in a reduction of Contract Time and the date of Substantial Completion shall not be changed because of unusually favorable weather.
- 9.13 In converting workdays to calendar days, fractions 0.5 and greater shall be rounded up to the next whole number. Fractions less than 0.5 shall be dropped.
- 9.14 The Contractor shall summarize and report all actual Adverse Weather delay days for each month to the Project Manager by the tenth (10th) day of the following month. A narrative indicating the impact of Adverse Weather conditions on the Work Schedule shall be included.
- 9.15 Any claim for extension of time due to Unusually Severe Weather shall be submitted to the Project Manager within 7 days of the last day of the commencement of the event giving rise to the delay occurred. Resolution of any claim shall follow the procedures described above.

- 9.16 The Contractor shall include and indicate the monthly-anticipated Adverse Weather days, listed above, in the Work Schedule. (Reference Section 7.1 for Work Schedule requirements)
- 9.17 The Contractor shall indicate the approved Adverse Weather days (whether less or more than the anticipated days) in its Work Schedule updates.

10. LIQUIDATED DAMAGES

- 10.1 Contractor agrees that time is of the essence and any term pertaining to Contractor timely performing so as to achieve Total Completion within the Contract Time is a material provision of this Contract. Further, the parties acknowledge that City's damages in the event of delay are difficult to ascertain and consequently agree that, in the event and to the extent that actual date of Total Completion is delayed beyond the Contract Time for the Total Project Work or Project Segments attributable solely or concurrently to (i) an act or omission of Contractor or any of its subcontractors or suppliers, or (ii) in whole or in part, to any other event or condition within the Contractor's reasonable control (and not for reasons solely attributable to City), the Contractor shall be assessed a liquidated damage, and not as a penalty, in the amount set forth in the Special Conditions for each calendar day beyond the applicable Contract Time. Such amount shall be deducted from any amounts due Contractor under this Agreement.
- 10.2 Further, the Contractor agrees that, in the event Contractor does not carry out such Work at such rates of progress as required by the Work Schedule approved by the City, the City may, at its option and without Contractor receiving any additional compensation therefore, require Contractor to increase the number of qualified supervisory personnel and/or workers and the amount of equipment employed in the performance of the Work to such extent as City may deem necessary or desirable. In addition, City, at its option, may supplement Contractor's manpower by entering into contracts with other contractors to perform the Work. All costs that are incurred by City, in this regard, including reasonable attorney's fees, shall be deducted from any sums due Contractor or City may make demand on Contractor for reimbursement of such costs.

11. PAYMENT PROCEDURE

- 11.1 Based upon Applications for Payment submitted to the Project Manager by the Contractor and Certificates for Payment issued by the Project Manager, the City shall make progress payments on account of the contract sum to the Contractor as provided below and elsewhere in the Contract Documents.
- 11.2 The period covered by each Application for Payment shall be one calendar month ending on the last day of the month or on a mutually agreed date by City and Contractor.
- 11.3 The Contractor warrants that title to all Work covered by an Application for Payment will pass to the City no later than the time of payment. The Contractor further warrants that upon submittal on the first day of each month of an Application for Payment, all Work for which payments have been received from the City shall be free and clear of liens, claims, security interest or other encumbrances in favor of the Contractor or any other person or entity whatsoever.
- 11.4 Each application for payment must be submitted with Contractor's waiver for period of construction covered by application. Each Application for Payment will be submitted with

executed waivers from the subcontractors or sub-contractors and suppliers for the previous period of construction covered by the previous application. The final payment application must be submitted together with or preceded by final or complete waivers from every entity involved with performance of the Work covered by the payment request.

- 11.5 The Contractor will submit waivers on forms, and executed in a manner, acceptable to City.
- 11.6 The Contractor shall promptly pay each Subcontractor out of the amount paid to the Contractor because of such Subcontractor's Work the amount to which such Subcontractor is entitled. In the event the City becomes informed that the Contractor has not paid a Subcontractor as herein provided, the City shall have the right, but not the duty, to issue future checks in payment to the Contractor of amounts otherwise due hereunder naming the Contractor and such Subcontractor as joint payees. Such joint check procedure, if employed by the City, shall be deemed payment to the Contractor but shall create no rights in favor of any person or entity beyond the right of the named payees to payment of the check and shall not be deemed to commit the City to repeat the procedure in the future.
- 11.7 The Project Manager will, upon receipt of a written Application for Payment from the Contractor, review the amount of Work performed during the preceding period and the value thereof at the unit prices contracted. From the amounts so ascertained, there shall be deducted ten percent (10%) to be retained until after final completion of the entire Work to the satisfaction of the City. The Project Manager will submit an estimate each month to the City for payment to the Contractor, except that no amount less than \$500.00 will be submitted unless the total amount of the Contract remaining unpaid is less than \$500.00.
- 11.8 Deductions will be made from progress payments if the Contract includes a provision for a lump sum or a percentage deduction. Lump sum deductions will be that portion of the stated lump sum computed as the ratio that the amount earned bears to the Contract Price. Percentage deductions will be computed at the stated percentage of the amount earned.
- 11.9 No progress payment, nor any use or occupancy of the Work by the City, shall be interpreted to constitute an acceptance of any Work not in strict accordance with this Contract.
- 11.10 The City may decline to make payment, may withhold funds, and, if necessary, may demand the return of some or all of the amounts previously paid to the Contractor, to protect the City from loss because of:
- Defective Work not remedied by the Contractor;
 - Claims of third parties against the City or the City's property;
 - Failure by the Contractor to pay Subcontractors or others in a prompt and proper fashion;
 - Evidence that the balance of the Work cannot be completed in accordance with the Contract for the unpaid balance of the Contract Price;
 - Evidence that the Work will not be completed in the time required for substantial or final completion;
 - Persistent failure to carry out the Work in accordance with the Contract;

- Damage to the City or a third party to whom the City is, or may be, liable;
- Evidence that the Work is not progressing according to agreed upon schedule by both parties.

11.11 In the event that the City makes written demand upon the Contractor for amounts previously paid by the City as contemplated in this subparagraph, the Contractor shall promptly comply with such demand and refund such monies to the City.

11.12 Neither the observation by the City or any of the City's officials, employees, or agents, nor any order by the City for payment of money, nor any payment for, or acceptance of, the whole or any part of the Work by the City or Project Manager, nor any extension of time, nor any possession taken by the City or its employees, shall operate as a waiver of any provision of this Contract, or of any power herein reserved to the City, or any right to damages herein provided, nor shall any waiver of any breach in this Contract be held to be a waiver of any other or subsequent breach.

12. COMPLETION AND FINAL PAYMENT

12.1 Upon Total Completion, when the Contractor is ready for a final inspection of the Total Project Work, it shall notify the City and the Project Manager thereof in writing. Thereupon, the Project Manager will make final inspection of the Work and, if the Work is complete in accordance with this Contract, the Project Manager will promptly issue a final Certificate for Payment certifying to the City that the Work is complete and the Contractor is entitled to the remainder of the unpaid Contract Price, less any amount withheld pursuant to this Contract. If the Project Manager is unable to issue its final Certificate for Payment and is required to repeat its final inspection of the Work, the Contractor shall bear the cost of such repeat final inspection(s), which cost may be deducted by the City from the Contractor's full payment.

12.2 The Contractor shall not be entitled to any payment unless and until it submits to the Project Manager its affidavit that all payrolls, invoices for materials and equipment, and other liabilities connected with the Work for which the City, or the City's property might be responsible, have been fully paid or otherwise satisfied; releases and waivers of lien from all Subcontractors and Suppliers of the Contractor and of any and all other parties required by the City; and consent of Surety, if any, to final payment. If any third party fails or refuses to provide a release of claim or waiver of lien as required by the City, the Contractor shall furnish a bond satisfactory to the City to discharge any such lien or indemnify the City from liability.

12.3 The City shall make final payment of all sums due the Contractor within thirty days of the Project Manager's execution of a final Certificate for Payment.

12.4 Acceptance of final payment shall constitute a waiver of all claims against the City by the Contractor except for those claims previously made in writing against the City by the Contractor, pending at the time of final payment, and identified in writing by the Contractor as unsettled at the time of its request for final inspection.

13. CLAIMS BY THE CONTRACTOR

13.1 All Contractor claims shall be initiated by written notice and claim to the Project Manager. Such written notice and claim must be furnished within seven calendar days after occurrence of the event, or the first appearance of the condition, giving rise to the claim.

- 13.2 The Contractor shall diligently proceed with performance of this Contract whether or not there be such a claim pending and the City shall continue to make payments to the Contractor in accordance with this Contract. The resolution of any claim shall be reflected by a Change Order executed by the City, the Project Manager and the Contractor.
- 13.3 Should concealed and unknown conditions which could not, with reasonable diligence, have been discovered in the performance of the Work (a) below the surface of the ground or (b) in an existing structure differ materially with the conditions indicated by this Contract, or should unknown conditions of an unusual nature differing materially from those ordinarily encountered in the area and generally recognized as inherent in Work of the character provided by this Contract, be encountered, the Contract Price shall be equitably adjusted by the Change Order upon the written notice and claim by either party made within seven (7) days after the first observance of the condition. As a condition precedent to the City having any liability to the Contractor for concealed or unknown conditions, the Contractor must give the City written notice of, and an opportunity to observe, the condition prior to disturbing it. The failure by the Contractor to make the written notice and claim as provided in this Subparagraph shall constitute a waiver by the Contractor of any claim arising out of or relating to such concealed or unknown condition.
- 13.4 If the Contractor wishes to make a claim for an increase in the Contract Price, as a condition precedent to any liability of the City therefore, the Contractor shall give the City written notice of such claim within seven (7) days after the occurrence of the event, or the first appearance of the condition, giving rise to such claim. Such notice shall be given by the Contractor before proceeding to execute any additional or changed Work. The failure by the Contractor to give such notice and to give such notice prior to executing the Work shall constitute a waiver of any claim for additional compensation.
- 13.5 The City reserves the right to increase or decrease quantities, and alter the details of construction including grade and alignment as the Project Manager may consider necessary or desirable, by approved Change Order. Such modifications shall not invalidate the Contract nor release the surety. Unless such alterations and increases or decreases change the total cost of the Work, based on the originally estimated quantities and the unit prices bid, by more than 25 percent, or change the total cost of any major item, based on the originally estimated quantities and the unit price bid, by more than 25 percent, the Contractor shall perform the work altered, increased or decreased, at a negotiated price or prices. (A major item shall mean any bid item, the total cost of which exceeds 12-1/2 percent of the total Contract Price based on the proposed quantity and the contract unit price).
- 13.6 When the alterations cause an increase or decrease in excess of the 25 percent indicated above, either the Contractor or the Project Manager may request an adjustment of the unit price to be paid for the item or items.
- 13.7 If a mutually agreeable adjustment cannot be obtained, the City reserves the right to terminate the Contract as it applies to the items in question and make such arrangements as may be deemed necessary to complete the Work.
- 13.8 In connection with any claim by the Contractor against the City for compensation in excess of the Contract Price, any liability of the City for the Contractor's costs shall be strictly limited to direct costs incurred by the Contractor and shall not include standby costs, indirect costs or consequential damages of the Contractor. The City shall not be liable to the Contractor for claims of third parties.

- 13.9 If the Contractor is delayed in progressing any task which at the time of the delay is then critical or which during the delay becomes critical, as the sole result of any act or neglect to act by the City or someone acting in the City's behalf, or by changes ordered in the Work, unusual delay in transportation, unusually adverse weather conditions not reasonably anticipated, fire or any causes beyond the Contractor's control, then the date for achieving Final Acceptance of the Work shall be extended upon the written notice and claim of the Contractor to the City, for such reasonable time as the City may determine. Any notice and claim for an extension of time by the Contractor shall be made not more than seven calendar days after the occurrence of the event or the first appearance of the condition-giving rise to the claim and shall set forth in detail the Contractor's basis for requiring additional time in which to complete the Work. In the event the delay to the Contractor is a continuing one, only one notice and claim for additional time shall be necessary. If the Contractor fails to make such claim as required in this subparagraph, any claim for an extension of time shall be waived.
- 13.10 The Contractor shall delay or suspend the progress of the work or any part thereof, whenever so required by written order of the City, and for such periods of time as required; provided, that in the event of such delay or delays or of such suspension or suspensions of the progress of the work, or any part thereof, the time for completion of work so suspended or of work so delayed by such suspension or suspensions shall be extended for a period equivalent to the time lost by reason of such suspension or suspensions; but such order of the City or Project Manager shall not otherwise modify or invalidate in any way, any of the provisions of this Contract. In the event that the work shall be stopped by written order of the City, any expense, which, in the sole opinion and judgment of the City, is caused by the City, shall be paid by the City to the Contractor.
- 13.11 In executing the Contract Documents, the Contractor expressly covenants and agrees that, in undertaking to complete the Work within the time herein fixed, it has taken into consideration and made allowances for all hindrances and delays incident to such work, whether growing out of delays in securing materials or workers or otherwise. No charge shall be made by the Contractor for hindrances or delays from any cause during the progress of the work, or any portion thereof, included in this Contract, except as provided herein.
- 13.12 In addition to the Project Manual particular to Mobilization found elsewhere in this document, additional mobilization shall not be compensable for work outside of the designated areas for work deemed essential by the City. A quantity of work equal to as much as 10% of the total Contract may be required to be performed beyond the boundaries of the designated work areas

14. CHANGES IN THE WORK

- 14.1 Changes in the Work within the general scope of this Contract, consisting of additions, deletions, revisions, or any combination thereof, may be ordered without invalidating this Contract, by Change Order or by Field Order.
- 14.2 The Project Manager shall have authority to order minor changes in the Work not involving a change in the Contract Price or in Contract Time and consistent with the intent of the Contract. Such changes shall be effected by verbal direction and then recorded on a Field Order and shall be binding upon the Contractor. The Contractor shall carry out such Field Orders promptly.

- 14.3 Any change in the Contract Price resulting from a Change Order shall be by mutual agreement between the City and the Contractor as evidenced by the change in the Contract Price being set forth in the Change Order, and, together with any conditions or requirements related thereto, being initialed by both parties.
- 14.4 If no mutual agreement occurs between the City and the Contractor relative to a change in the Work, the Contractor shall proceed with the Work that is the subject of the Change Order, and the change in the Contract Price, if any, shall then be determined by the Project Manager on the basis of the reasonable expenditures or savings of those performing, deleting or revising the Work attributable to the change, including, in the case of an increase or decrease in the Contract Price, a reasonable allowance for direct job site overhead and profit. In such case, the Contractor shall present, in such form and with such content to the City, as the Project Manager requires, an itemized accounting of such expenditures or savings, plus appropriate supporting data for inclusion in a Change Order. Reasonable expenditures or savings shall be limited to the following: reasonable costs of materials, supplies or equipment, including delivery costs, reasonable costs of labor, including social security, old age and unemployment insurance, fringe benefits required by agreement or custom, and worker's compensation insurance, reasonable rental costs of machinery and equipment exclusive of hand tools, whether rented from the Contractor or others, permit fees, and sales, use or other taxes related to the Work, and reasonable cost of direct supervision and job site field office overhead directly attributable to the change. In no event shall any standby time or any expenditure or savings associated with the Contractor's home office or other non-job site overhead expense be included in any change in the Contract Price. Further, in no event shall the Contractor's overhead expense exceed ten (10%) percent of the reasonable expenditures. Pending final determination of reasonable expenditures or savings to the City, payments on account shall be made to the Contractor on the Project Manager's Certificate for Payment.
- 14.5 If unit prices are provided in the Contract, and if the quantities contemplated are so changed in a proposed Change Order that the application of such unit prices to the quantities of Work proposed would cause substantial inequity to the City or to the Contractor, the applicable unit prices shall be equitably adjusted.
- 14.6 The execution of a Change Order by the Contractor shall constitute conclusive evidence of the Contractor's agreement to the ordered changes in the Work, this Contract as thus amended, the Contract Price and the Contract Time. The Contractor, by executing the Change Order, waives and forever releases any claim including impact against the City for additional time or compensation for matters relating to or arising out of or resulting from the Work included within or affected by the executed Change Order.
- 15. INSURANCE AND BONDS.**
- 15.1 The Contractor shall secure and maintain, throughout the duration of the agreement, insurance (on an occurrence basis unless otherwise agreed to) of such types and in at least such amounts as required herein. Contractor shall provide certificates of insurance and renewals thereof on forms acceptable to the City. The City shall be notified by receipt of written notice from the insurer or the Contractor at least thirty (30) days prior to material modification or cancellation of any policy listed on the Certificate.
- 15.2 The Contractor, upon receipt of notice of any claim in connection with this Agreement, shall promptly notify the City, providing full details thereof, including an estimate of the amount of loss or liability. The Contractor shall monitor and promptly notify the City of any reduction in

limits of protection afforded under any policy listed in the Certificate (or otherwise required by the Contract Documents) if the Contractor's limits of protection shall have been impaired or reduced to such extent that the limits fall below the minimum amounts required herein. The Contractor shall promptly reinstate the original limits of liability required hereunder and shall furnish evidence thereof to the City.

15.3 Minimum Requirements Commercial General Liability Policy Limits -

General Aggregate:	\$2,000,000
Products / Completed Operations Aggregate:	\$2,000,000
Personal & Advertising Injury:	\$1,000,000
Each Occurrence:	\$1,000,000

Policy MUST include the following conditions:

- A. Pollution Liability (Applicable only to contracts involving pollutants such as asbestos & lead abatement, sludge or other waste abatement, etc.)
- B. NAME CITY OF PRAIRIE VILLAGE AS "ADDITIONAL INSURED"

15.4 Automobile Liability Policy shall protect the Contractor against claims for bodily injury and/or property damage arising from the ownership or use of any owned, hired and/or non-owned vehicle.

Limits (Same as Commercial General Liability) -
 Combined Single Limits, Bodily Injury and Property Damage - Each Accident:

Policy MUST include the following condition:
 NAME CITY OF PRAIRIE VILLAGE AS "ADDITIONAL INSURED"

15.5 Umbrella Liability. The Umbrella / Excess Liability must be at least as broad as the underlying general liability and automobile liability policies.

Limits -

Each Occurrence	\$1,000,000
General Aggregate	\$1,000,000

15.6 Workers' Compensation. This insurance shall protect the Contractor against all claims under applicable state workers' compensation laws. The Contractor shall also be protected against claims for injury, disease or death of employees which, for any reason, may not fall within the provisions of workers' compensation law. The policy limits shall not be less than the following:

Workers' Compensation:	Statutory
Employer's Liability:	
Bodily Injury by Accident	\$100,000 each accident
Bodily Injury by Disease	\$500,000 policy limit
Bodily Injury by Disease	\$100,000 each employee

15.7 The City will only accept coverage from an insurance carrier who offers proof that it:

Is authorized to do business in the State of Kansas;
Carries a Best's policy holder rating of A- or better; and
Carries at least a Class VIII financial rating, **or**
Is a company mutually agreed upon by the City and Contractor.

- 15.8 Subcontractor's Insurance. If a part of the Agreement is to be sublet, the Contractor shall either:
- A. Cover all subcontractor's in its insurance policies, or
 - B. Require each subcontractor not so covered to secure insurance which will protect subcontractor against all applicable hazards or risks of loss as and in the minimum amounts designated.

Whichever option is chosen, Contractor shall indemnify and hold harmless the City as to any and all damages, claims or losses, including attorney's fees, arising out of the acts or omissions of its Subcontractors.

- 15.9 Prior to commencing any work, Contractor shall provide City with certificates evidencing that (1) all Contractor's insurance obligations required by the contract documents are in full force and in effect and will remain in effect until Contractor has completed all of the work and has received final payment from City and (2) no insurance coverage will be canceled, renewal refused, or materially changed unless at least thirty (30) days prior written notice is given to City. Contractor's property insurance shall not lapse or be canceled if City occupies a portion of the work. Contractor shall provide City with the necessary endorsements from the insurance company prior to occupying a portion of the work.
- 15.10 Waiver of Subrogation. All insurance coverage required herein shall contain a waiver of subrogation in favor of the City. Contractor's insurance policies shall be endorsed to indicate that Contractor's insurance coverage is primary and any other insurance maintained by City is non-contributing as respects the work of Contractor.
- 15.11 Additional Insurance. Excess Liability coverage or additional insurance covering special hazards may be required on certain projects. Such additional insurance requirements shall be as specified in Special Conditions.
- 15.12 Bonds and Other Performance Security. Contractor shall provide a Performance Bond, Maintenance Bond and a Statutory Bond in the amount of one hundred percent (100%) of the Contract Price to cover the entire scope of Work and any other specific performance security that may be indicated in this Contract. With each bond there shall be filed with the City one copy of "Power of Attorney" certified to include the date of the bonds.

16. INDEMNITY

- 16.1 For purposes of indemnification requirements as set forth throughout the Contract, the following terms shall have the meaning set forth below:

"**The Contractor**" means and includes Contractor, all of his/her affiliates and subsidiaries, his/her Subcontractors and material men and their respective servants, agents and employees; and "**Loss**" means any and all loss, damage, liability or expense, of any nature whatsoever, whether incurred as a judgment, settlement, penalty, fine or otherwise (including attorney's fees and the cost of defense), in connection with any action, proceeding, demand or claim, whether real or spurious, for injury, including death, to any

person or persons or damages to or loss of, or loss of the use of, property of any person, firm or corporation, including the parties hereto, which arise out of or are connected with, or are claimed to arise out of or be connected with, the performance of this Contract whether arising before or after the completion of the work required hereunder.

- 16.2 For purposes of this Contract, and without in any way limiting indemnification obligations that may be set forth elsewhere in the Contract, the Contractor hereby agrees to indemnify, defend and hold harmless the City from any and all Loss where Loss is caused or incurred or alleged to be caused or incurred in whole or in part as a result of the negligence or other actionable fault of the Contractor, his/her employees, agents, Subcontractors and suppliers.
- 16.3 It is agreed as a specific element of consideration of this Contract that this indemnity shall apply notwithstanding the joint, concurring or contributory or comparative fault or negligence of the City or any third party and, further, notwithstanding any theory of law including, but not limited to, a characterization of the City's or any third party's joint, concurring or contributory or comparative fault or negligence as either passive or active in nature.
- 16.4 Nothing in this section shall be deemed to impose liability on the Contractor to indemnify the City for Loss when the negligence or other actionable fault the City is the sole cause of Loss.
- 16.5 With respect to the City's rights as set forth herein, the Contractor expressly waives all statutory defenses, including, but not limited to, those under workers compensation, contribution, comparative fault or similar statutes to the extent said defenses are inconsistent with or would defeat the purpose of this section.

17. SUCCESSORS AND ASSIGNS

- 17.1 The City and Contractor bind themselves, their successors, assigns and legal representatives to the other party hereto and to successors, assigns and legal representatives of such other party in respect to covenants, agreements and obligations contained in this Contract.
- 17.2 The Contractor shall not assign or sublet the work, or any part thereof, without the previous written consent of the City, nor shall it assign, by power of attorney or otherwise, any of the money payable under this Contract unless by and with the like written consent of the City. In case the Contractor assigns all, or any part of any moneys due or to become due under this Contract, the instrument of assignment shall contain a clause substantially to the effect that it is agreed that the right of the assignee in and to any moneys due or to become due to the Contractor shall be subject to all prior liens of all persons, firms and corporations for services rendered or materials supplied for the performance of the Work called for in this Contract.
- 17.3 Should any Subcontractor fail to perform in a satisfactory manner, the work undertaken, its subcontract shall be immediately terminated by the Contractor upon notice from the City. Performing in an unsatisfactory manner is defined as consistently having more than 10% of work unacceptable. The Contractor shall be as fully responsible to the City for the acts and omissions of the subcontractors, and of persons either directly or indirectly employed by them, as Contractor is for the acts and omissions of persons directly employed. Nothing contained in this Contract shall create any contractual relations between any Subcontractor

and the City, nor shall anything contained in the Contract Documents create any obligation on the part of the City to pay or to see to the payment of any sums due any Subcontractor.

- 17.4 The Contractor shall not award subcontracts which total more than forty-five (45%) of the Contract Price and shall perform within its own organization work amounting to not less than fifty-five percent (55%) of the total Contract Price. Approval by the City of any Subcontractor shall not constitute a waiver of any right of the City to reject Defective Work, material or equipment not in compliance with the requirements of the Contract Documents. The Contractor shall not make any substitution for any Subcontractor accepted by the City unless the City so agrees in writing.
- 17.5 The Contractor shall not subcontract, sell, transfer, assign or otherwise dispose of the Contract or any portion thereof without previous written consent from the City. In case such consent is given, the Contractor, shall be permitted to subcontract a portion thereof, but shall perform with his/her own organization work amounting to not less than fifty five (55%) of the total Contract Price. No subcontracts, or other transfer of Contract, shall release the Contractor of its liability under the Contract and bonds applicable thereto.
- 17.6 The Contractor shall cause appropriate provisions to be inserted in all subcontracts relative to the Work to bind Subcontractors to the Contractor by the terms of the Contract Documents insofar as applicable to the work of the Subcontractor and to give the Contractor the same power to terminate any Subcontract as the City has to terminate the Contractor under any provisions of the Contract Documents.
- 17.7 Prior to the City's approval of the Contract bid, the successful bidder shall submit to the City for acceptance, a list of names of all Subcontractors proposed for portions of the work and shall designate which work each is to perform.
- 17.8 The City shall, prior to the City's approval of the Contract bid, notify the successful bidder, in writing, if the City, after due investigation, has reasonable objection to any Subcontractor on such list, and the Contractor shall substitute a Subcontractor acceptable to the City at no additional cost to the City or shall be allowed to withdraw his/her Bid, and the City shall either re-bid the Work or accept the next best lowest and responsible bidder. The failure of the City to make objection to a Subcontractor shall constitute an acceptance of such Subcontractor but shall not constitute a waiver of any right of the City to reject Defective Work, material or equipment not in conformance with the requirements of the Project Manual.

18. NON-DISCRIMINATION LAWS

- 18.1 The Contractor agrees that:
- A. The Contractor shall observe the provisions of the Kansas Act Against Discrimination (K.S.A. 44-1001 et seq.) and shall not discriminate against any person in the performance of Work under the present contract because of race, religion, color, sex, disability, national origin, ancestry or age;
 - B. In all solicitations or advertisements for employees, the Contractor shall include the phrase, "equal opportunity employer," or a similar phrase to be approved by the Kansas Human Rights Commission (Commission);
 - C. If the Contractor fails to comply with the manner in which the Contractor reports to the commission in accordance with the provisions of K.S.A. 44-1031 and

amendments thereto, the Contractor shall be deemed to have breached the present contract and it may be cancelled, terminated or suspended, in whole or in part, by the contracting agency;

- D. If the Contractor is found guilty of a violation of the Kansas Act Against Discrimination under a decision or order of the Commission which has become final, the Contractor shall be deemed to have breached the present contract and it may be cancelled, terminated or suspended, in whole or in part, by the contracting agency; and
 - E. The Contractor shall include the provisions of Subsections A through D in every subcontract or purchase order so that such provisions will be binding upon such Subcontractor or vendor.
 - F. The provisions of this Section shall not apply to a contract entered into by a Contractor: (1) Who employs fewer than four employees during the term of such contract; or (2) Whose contracts with the City cumulatively total \$5,000 or less during the fiscal year of the City.
- 18.2 The Contractor further agrees that it shall abide by the Kansas Age Discrimination In Employment Act (K.S.A. 44-1111 et seq.) and the applicable provision of the Americans With Disabilities Act (42 U.S.C. 12101 et seq.) as well as all other federal, state and local laws.
- 19. FEDERAL LOBBYING ACTIVITIES [THIS PROVISION ONLY APPLIES IF THE CITY IS RECEIVING FEDERAL FUNDS]**
- 19.1 31 USCS Section 1352 requires all subgrantees, Contractors, Subcontractors, and consultants/Architects who receive federal funds via the City to certify that they will not use federal funds to pay any person for influencing or attempting to influence a federal agency or Congress in connection with the award of any federal contract, grant, loan, or cooperative agreements.
- 19.2 In addition, contract applicants, recipients, and subrecipients must file a form disclosing any expenditure they make for lobbying out of non-federal funds during the contract period.
- 19.3 Necessary forms are available from the City and must be returned to the City with other Contract Documents. It is the responsibility of the general contractor to obtain executed forms from any Subcontractors who fall within the provisions of the Code and to provide the City with the same.
- 20. RELATIONS WITH OTHER CONTRACTORS:**
- 20.1 The Contractor shall cooperate with all other contractors who may be performing work on behalf of the City, and workers who may be employed by the City, or any other entity on any work in the vicinity of the Work to be done under this Contract, and the Contractor shall so conduct his/her operations as to interfere to the least possible extent with the work of such contractors or workers. The Contractor shall be responsible for any injury or damage, that may be sustained by other contractors, workers, their work or employees of the City, because of any fault or negligence on the Contractor's part, and shall, at his/her own expense, repair or pay for such injury or damage. If the work of the Contractor is delayed because of any acts or omissions of any other Contractor or Contractors, the Contractor shall have no claim against the City on that account other than for an extension of time.

- 20.2 When two or more Contracts are being executed at one time in such manner that work on one Contract may interfere with that on another, the City shall decide which Contractor shall progress at which time.
- 20.3 Other projects the Contractor may have to coordinate shall be listed in the Special Conditions.
- 20.4 When the territory of one Contract is the necessary or convenient means of access for the transportation or movement of workers, materials, or appliances required for the execution of another Contract, such privileges of access or any other responsible privilege may be granted by the City to the Contractor so desiring, to the extent such may be reasonably necessary.
- 20.5 Upon execution of the Contract, the Contractor shall furnish the City, in writing, the names of persons or entities proposed by the Contractor to act as a Subcontractor on the Work. The City shall promptly reply to the Contractor, in writing, stating any objections the City may have to such proposed Subcontractor. The Contractor shall not enter into a Subcontract with a proposed Subcontractor with reference to whom the City has made timely objection. The Contractor shall not be required to Subcontract with any party to whom the Contractor has objection.

21. RIGHT OF CITY TO TERMINATE

- 21.1 If the Contractor persistently or repeatedly refuses or fails to prosecute the Work in a timely manner, or supply enough properly skilled workers, supervisory personnel or proper equipment or materials, or if it fails to make prompt payment to Subcontractors or for materials or labor, or persistently disregards laws, ordinances, rules, regulations or orders of any public authority having jurisdiction, or if this Contract is assigned by Contractor without authorization or if Contractor is adjudged as bankrupt, or if a general assignment of assets be made for the benefit of creditors; or if a receiver is appointed, or otherwise is guilty of a substantial violation of a provision of this Contract, then the City may by written notice to the Contractor, without prejudice to any right or remedy, terminate the employment of the Contractor and take possession of the site and of all materials, equipment, tools, construction equipment and machinery thereon owned by the Contractor and may finish the Work by whatever methods it may deem expedient. In such case, the Contractor and its surety shall be liable to the City for all excess cost sustained by the City because of such prosecution and completion including any additional legal, Project Manager or bid-letting costs therefore. In such case, the Contractor shall not be entitled to receive further payment. In the event the Contractor is found in a court of law to have been wrongfully terminated for cause, then such termination shall be deemed a termination for convenience and the Contractor shall be compensated as provided herein. Any termination of the Agreement for alleged default by Contractor that is ultimately determined to be unjustified shall automatically be deemed a termination for convenience of the City.
- 21.2 The City, within its sole discretion, may elect to terminate the Contract with the Contractor for convenience upon three (3) days written Notice to Contractor. In the event of such termination, Contractor shall cease immediately all operations and shall be compensated for all work performed as of the date of termination in accordance with the terms of payment in this contract. Contractor shall not be entitled to any anticipatory profits, consequential damages or other costs other than direct costs of demobilization.

22. MISCELLANEOUS:

- 22.1 The Contractor warrants to the City that all labor furnished to progress the Work under the Contract will be competent to perform the tasks undertaken, that the product of such labor will yield only first-class results, that materials and equipment furnished will be of good quality and new unless otherwise permitted by this Contract, and that the Work will be of good quality, free from faults and defects and in strict conformance with the Project Manual. All Work not conforming to these requirements may be considered defective.
- 22.2 The Contractor shall obtain and pay for all permits, fees and licenses necessary or ordinary for the Work. The Contractor shall comply with all lawful requirements, including federal and state laws, City and County laws and ordinances and building codes, applicable to the Work and shall give and maintain copies of all notices required by applicable law pertaining to the Work.
- 22.3 Provision for Emergencies. Whenever, in the opinion of the City, the Contractor has not taken sufficient precaution for the safety of the public or the protection of the Work to be constructed under this Contract, or of adjacent structures or property which may be injured by process of construction, and whenever, in the opinion of the City, an emergency shall arise and immediate action shall be considered necessary in order to protect property interests and to avoid personal injury and/or death, then the City, with or without notice to the Contractor, shall provide suitable protection to the said interests by causing such Work to be done and materials to be furnished at places as the City may consider necessary and adequate. The cost and expense of such Work and material so furnished shall be borne by the Contractor and, if the same shall not be paid on presentation of the bills therefore, such costs shall be deducted from any amounts due or to become due the Contractor. The performance of such emergency Work shall in no way relieve the Contractor of responsibility for damages which may occur during or after such precaution has been duly taken.
- 22.4 Both the business address of the Contractor given in the Bid or proposal upon which this Contract is founded, and the Contractor's Office near the Work, is hereby designated as the places to which all notices, letters, and other communications to the Contractor may be mailed or delivered. The delivering at either of the above named addresses, or depositing in any mailbox regularly maintained by the Post Office, of any notice, letter or other communication so addressed to the Contractor, and the date of said service shall be the date of such delivery or mailing. Such addresses may be changed at any time by an instrument in writing, executed by the Contractor, presented, and delivered to the Project Manager and to the City. Nothing herein contained shall be deemed to preclude or render inoperative the service of any notice, letter, or communication upon the Contractor personally.
- 22.5 It is mutually agreed by and between the parties to this Contract that all royalties and fees for and in connection with patents, or patent infringement, claims for materials, articles, apparatus, devices or equipment (as distinguished from processes) used in or furnished for the work shall be included in the Contract Price and the Contractor shall satisfy all demands that may be made at any time for such, and the Contractor shall at its cost and expense, defend any and all suits or proceedings that may be instituted at any time against the City for infringement or alleged infringement of any such patents involved in the work, and Contractor shall pay any award of damages.

- 22.6 The right of general administration of the City shall not make the Contractor an agent of the City, and the liability of the Contractor for all damages to persons, firms, and corporations, arising from the Contractor's execution of the Work, shall not be lessened because of such general administration, but as to all such persons, firms, and corporations, and the damages, if any, to them or their property. The Contractor herein is an independent Contractor in respect to the work.
- 22.7 For a period of time, from the inception of the Contract to three (3) years from the date of final payment under the Contract, the Contractor and subcontractors shall maintain books, accounts, ledgers, invoices, drafts, pages and other records pertaining to the performance of this Contract. At all reasonable times during this period these records shall be available within the State of Kansas at a field or permanent business office for inspection by authorized representatives of the City or of any other agency, which has contributed funds in connection with the Contract or to which the City is obligated to make such inspections available. In addition, this requirement shall be included in all subcontracts entered into in connection with this Contract.
- 22.8 Titles, subheadings used herein, and other Contract Documents are provided only as a matter of convenience and shall have no legal bearing on the interpretation of any provision of the Contract Documents.
- 22.9 No waiver of any breach of this Contract shall be construed to be a waiver of any other subsequent breach.
- 22.10 Should any provision of this Agreement or other Contract Documents be determined to be void, invalid, unenforceable or illegal for whatever reason, such provision(s) shall be null and void; provided, however, that the remaining provisions of this Agreement and/or the other Contract Documents shall be unaffected thereby and shall continue to be valid and enforceable.
- 22.11 Without in any manner limiting Contractor's responsibilities as provided elsewhere in the Contract Documents, the Contractor shall assume full responsibility for the protection of all public and private property, structures, sewers, and utilities, for both above ground and underground facilities, along, beneath, above, across or near the site or sites of the Work being performed under this Agreement, or which are in any manner affected by the prosecution of the Work or the transportation of men/women or materials in connection therewith. Barriers shall be kept in place at all times to protect persons other than those engaged on or about the Work from accident, and the Contractor will be held responsible for all accidents to persons or property resulting from the acts of Contractor or its employees.
- 22.12 The Contractor shall keep fully informed of all existing and current regulations of the City, county, state, and federal laws, which in any way limit or control the actions or operations of those engaged upon the work, or affecting materials supplied, to or by them. The Contractor shall at all times observe and comply with all ordinances, laws, and regulations, and shall protect and indemnify the City and the City's officers and agents against any claims or liability arising from or based on any violation of the same.
- 22.13 Nothing contained in the Contract Documents shall create, or be interpreted to create, privity or any other contractual agreement between the City and any person or entity other than the Contractor.

- 22.14 Duties and obligations imposed by the Contract Documents, rights, and remedies available hereunder shall be in addition to and not a limitation of duties, obligations, rights and remedies otherwise imposed or available by law.
- 22.15 No action or failure to act by the City, Project Manager or Contractor shall constitute a waiver of a right or duty afforded them under the Contract, nor shall such action or failure to act constitute approval or acquiescence in a breach hereunder, except as may be specifically agreed in writing.
- 22.16 Contractor specifically acknowledges and confirms that: (i) it has visited the site, made all inspections it deems appropriate and has read and fully understands the Contract Documents, including all obligations and responsibilities undertaken by it as specified herein and in other Contract Documents and knowingly accepts the same; (ii) it has furnished copies of all Contract Documents to its insurance carrier(s) and its surety(ies); and (iii) its insurance carrier(s) and surety(ies) agree to be bound as specified herein, in the Contract Documents and in the insurance policy(ies) and bonds as to liability and surety coverage.
- 22.17 It is specifically agreed between the parties executing this Agreement that the Contract Documents are not intended to create any third party beneficiary relationship nor authorize anyone not a party to this Agreement to maintain a suit for personal injuries or property damage pursuant to the terms or provisions of this Agreement. The duties, obligations and responsibilities of the parties to this Agreement with respect to third parties shall remain as imposed by law.
- 22.18 This Agreement is entered into, under and pursuant to, and is to be construed and enforceable in accordance with the laws of the State of Kansas. Venue of any litigation arising in connection with this Agreement shall be the State courts of Johnson County, Kansas.

IN WITNESS WHEREOF, the City has caused this Agreement to be executed in its behalf, thereunto duly authorized, and the said Contractor has executed five (5) counterparts of this Contract in the prescribed form and manner, the day and year first above written.

(If the Contract is not executed by the President of the Corporation, general partner of the Partnership, or manager of a limited liability company, please provide documentation, which authorizes the signatory to bind the corporation, partnership or limited liability company. If a corporation, the Contractor shall furnish the City a current certificate of good standing, dated within ten (10) days of the date of this Contract.)

PUBLIC WORKS DEPARTMENT

Council Committee Meeting Date: August 15, 2016

Council Meeting Date: August 15, 2016

CONSIDER APPROVAL OF A CONTRACT WITH MUSSELMAN & HALL CONTRACTORS FOR THE 2016 STREET REPAIR PROGRAM.

RECOMMENDATION

Move to authorize the Mayor to sign the Construction Contract with Musselman & Hall Contractors, LLC for Project P5001, 2015 Street Repair Program for \$150,000.00.

BACKGROUND

On August 5, 2016, the City Clerk opened bids for Project P5001, 2016 Street Repair Program. Five bids were received:

Musselman & Hall	\$99,880.00
McConnell & Associates	\$117,160.00
Metro Asphalt, Inc.	\$129,850.00
Little Joe's Asphalt, Inc.	\$158,025.00
McAnany Construction, Inc.	\$185,500.00
Engineers Estimate	\$146,497.50

This program consists of asphalt street repairs at various locations throughout the City. The program allows us to address areas where settlement or deterioration has occurred, and make repairs to those areas.

There is \$150,000 budgeted for this project and the contract will be awarded for that amount. Locations of repairs will be adjusted (increased) to utilize the \$150,000 budget.

City staff has reviewed the bids for accuracy and found no errors.

FUNDING SOURCE

Funding is available in the 2016 Capital Infrastructure Program Project P5001.

1. Construction Agreement with Musselman & Hall Contractors, LLC

PREPARED BY

Melissa Prenger, Senior Project Manager

August 11, 2016

**CONSTRUCTION CONTRACT
FOR
PROJECT
P5001 STREET REPAIR PROGRAM
BETWEEN
THE CITY OF PRAIRIE VILLAGE, KANSAS
AND
MUSSELMAN & HALL CONTRACTORS, LLC**

THIS AGREEMENT, is made and entered into this ____ day of _____, 20__, by and between the City of Prairie Village, Kansas, hereinafter termed the "**City**", and MUSSELMAN & HALL CONTRACTORS, LLC hereinafter termed in this agreement, "**Contractor**", for the construction and completion of Project *P5001 2016 STREET REPAIR PROGRAM*, the "**Project**" designated, described and required by the Project Manual and Bid Proposal, to wit:

WITNESSETH:

WHEREAS, the City has caused to be prepared, approved and adopted a Project Manual describing construction materials, labor, equipment and transportation necessary for, and in connection with, the construction of a public improvement, and has caused to be published an advertisement inviting sealed bid, in the manner and for the time required by law;

WHEREAS, the Contractor, in response to the advertisement, has submitted to the City in the manner and at the time specified, a sealed Bid Proposal in accordance with the Bid Documents;

WHEREAS, the City, in the manner prescribed by law, has publicly opened, examined and canvassed the Bid Proposals submitted, and as a result of such canvass has determined and declared the Contractor to be the lowest and best responsible bidder for the construction of said public improvements, and has duly awarded to the said Contractor a contract therefore upon the terms and conditions set forth in this Agreement for the sum or sums set forth herein;

WHEREAS, the Contractor has agreed to furnish at its own cost and expense all labor, tools, equipment, materials and transportation required to construct and complete in good, first class and workmanlike manner, the Work in accordance with the Contract Documents; and

WHEREAS, this Agreement, and other Contract Documents on file with the City Clerk of Prairie Village, Kansas, all of which Contract Documents form the Contract, and are as fully a part thereof as if repeated verbatim herein; all work to be to the entire satisfaction of the City or City's agents, and in accordance with the laws of the City, the State of Kansas and the United States of America;

NOW, THEREFORE, in consideration of the compensation to be paid the Contractor, and of the mutual agreements herein contained, the parties hereto have agreed and hereby agree, the City for itself and its successors, and the Contractor for itself, himself, herself or themselves, its, his/her, hers or their successors and assigns, or its, his/her, hers or their executors and administrators, as follows:

1. **DEFINITIONS:** Capitalized terms not defined herein shall have the meanings set forth in the General Conditions.

1.1 Following words are given these definitions:

ADVERSE WEATHER shall have the meaning set forth in Section 9.3 hereof.

APPLICATION FOR PAYMENT shall mean a written request for compensation for Work performed on forms approved by the City.

BID shall mean a complete and properly signed proposal to do the Work or designated portion thereof, for the price stipulated therein, submitted in accordance with the Bid Documents.

BID DOCUMENTS shall mean all documents related to submitting a Bid, including, but not limited to, the Advertisement for Bids, Instruction to Bidders, Bid Form, Bid Bond, and the proposed Project Manual, including any Addenda issued prior to receipt of Bids.

BID PROPOSAL shall mean the offer or proposal of the Bidder submitted on the prescribed form set forth the prices for the Work to be performed.

BIDDER shall mean any individual: partnership, corporation, association or other entity submitting a bid for the Work.

BONDS shall mean the bid, maintenance, performance, and statutory or labor and materials payment bonds, together with such other instruments of security as may be required by the Contract Documents.

CERTIFICATE FOR PAYMENT shall mean written certification from the Project Manager stating that to the best of the project manager's knowledge, information and belief, and on the basis of the Project Manager's on-site visits and inspections, the Work described in an Application for Payment has been completed in accordance with the terms and conditions of the Contract Documents and that the amount requested in the Application for Payment is due and payable.

CHANGE ORDER is a written order issued after the Agreement is executed by which the City and the Contractor agree to construct additional items of Work, to adjust the quantities of Work, to modify the Contract Time, or, in lump sum contracts, to change the character and scope of Work shown on the Project Manual.

CITY shall mean the City of Prairie Village, Kansas, acting through a duly appointed representative.

CONTRACT or **CONTRACT DOCUMENTS** shall consist of (but not necessarily be limited to) the Plans, the Specifications, all addenda issued prior to and all modifications issued after execution of this Agreement, (modifications consisting of written amendments to the Agreement signed by both parties, Change Orders, written orders for minor changes in the Work issued by the Project Manager) this Construction Contract between the City and Contractor (sometimes referred to herein as the "**Agreement**"), the accepted Bid Proposal, Contractor's Performance Bond, Contractor's Maintenance Bond, Statutory Bond, the Project Manual, the General Conditions, the Special Conditions and any other documents that have bearing the Work prescribed in the Project. It is understood that the Work shall be

carried out and the Project shall be constructed fully in accordance with the Contract Documents.

CONTRACT PRICE shall be the amount identified in the Construction Agreement between the City and the Contractor as the total amount due the Contractor for Total Completion of the Work as per the Contract Documents.

CONTRACT TIME shall be the number of calendar days stated in the Contract Documents for the completion of the Work or shall be a specific date as designated in the Construction Agreement.

CONTRACTOR shall mean the entity entering into the Contract for the performance of the Work covered by this Contract, together with his/her duly authorized agents or legal representatives.

DEFECTIVE WORK shall mean Work, which is unsatisfactorily, faulty or deficient, or not in conformity with the Project Manual.

FIELD ORDER shall mean a written order issued by the Project Manager that orders minor changes in the Work, but which does not involve a change in the Contract Price or Contract Time.

FINAL ACCEPTANCE shall mean the date when the City accepts in writing that the construction of the Work is complete in accordance with the Contract Documents such that the entire Work can be utilized for the purposes for which it is intended and Contractor is entitled to final payment.

GENERAL CONDITIONS shall mean the provisions in the document titled "General Conditions - General Construction Provisions" attached hereto and incorporation herein by reference.

INSPECTOR shall mean the engineering, technical inspector or inspectors duly authorized by the City to monitor the work and compliance tests under the direct supervision of the Project Manager.

NOTICE TO PROCEED shall mean the written notice by the City to the Contractor fixing the date on which the Contract Time is to commence and on which the Contractor shall start to perform its obligations under the Contract Documents. Without the prior express written consent of the City, the Contractor shall do no work until the date set forth in the Notice to Proceed.

PAY ESTIMATE NO. ____ or FINAL PAY ESTIMATE shall mean the form to be used by the Contractor in requesting progress and final payments, including supporting documentation required by the Contract Documents.

PLANS shall mean and include all Shop Drawings which may have been prepared by or for the City as included in the Project Manual or submitted by the Contractor to the City during the progress of the Work, all of which show the character and scope of the work to be performed.

PROJECT shall mean the Project identified in the first paragraph hereof.

PROJECT MANAGER shall mean the person appointed by the Public Works Director for this Contract.

PROJECT MANUAL shall contain the General Conditions, Special Conditions, Specifications, Shop Drawings and Plans for accomplishing the work.

PROJECT SEGMENTS shall have the meaning set forth in Section 7.1 hereof.

PUBLIC WORKS DIRECTOR shall mean the duly appointed Director of Public Works for the City of Prairie Village or designee.

SHOP DRAWINGS shall mean all drawings, diagrams, illustrations, schedules and other data which are specifically prepared by the Contractor, a Subcontractor, manufacturer, fabricator, supplier or distributor to illustrate some portion of the Work, and all illustrations, brochures, standard schedules, performance charts, instructions, diagrams and other information prepared by a manufacturer, fabricator, supplier or distribution and submitted by the Contractor to illustrate material or equipment for some portion of the Work.

SPECIFICATIONS shall mean those portions of the Project Manual consisting of written technical descriptions of materials, equipment, construction methods, standards and workmanship as applied to the Work and certain administrative details applicable thereto. They may include, but not necessarily be limited to: design specifications, e.g. measurements, tolerances, materials, inspection requirements and other information relative to the work; performance specifications, e.g., performance characteristics required, if any; purchase description specifications, e.g. products or equipment required by manufacturer, trade name and/or type; provided, however, equivalent alternatives (including aesthetics, warranty and manufacturer reputation) may be substituted upon written request and written approval thereof by the City.

SPECIAL CONDITIONS shall mean the provisions in the document titled "Special Conditions" attached hereto and incorporation herein by reference.

SUBCONTRACTOR shall mean an individual, firm or corporation having a direct contract with the Contractor or with another subcontractor for the performance of a part of the Work.

SUBSTANTIAL COMPLETION shall be defined as being less than 100 percent of the Work required that will be completed by a specified date as agreed to in writing by both parties.

TOTAL COMPLETION shall mean all elements of a Project Segment or the Total Project Work is complete including all subsidiary items and "punch-list" items.

TOTAL PROJECT WORK shall have the meaning set forth in Section 7.1 hereof.

UNIT PRICE WORK shall mean Work quantities to be paid for based on unit prices. Each unit price shall be deemed to include the Contractor's overhead and profit for each separately identified item. It is understood and agreed that estimated quantities of times for unit price work are not guaranteed and are solely for the purpose of comparison of bids and determining an initial Contract Price. Determinations of actual quantities and classifications of unit price work shall be made by the City.

UNUSUALLY SEVERE WEATHER shall have the meaning set forth in Section 9.4 hereof.

WORK shall mean the work to be done to complete the construction required of the Contractor by the Contract Documents, and includes all construction, labor, materials, tools, equipment and transportation necessary to produce such construction in accordance with the Contract Documents.

WORK SCHEDULE shall have the meaning set forth in Section 7.2 hereof.

- 1.2 Whenever any word or expression defined herein, or pronoun used instead, occurs in these Contract Documents; it shall have and is mutually understood to have the meaning commonly given. Work described in words, which so applied have a well-known technical or trade meaning shall be held to refer to such, recognized standards.
- 1.3 Whenever in these Contract Documents the words "as ordered," "as directed", "as required", "as permitted", "as allowed", or words or phrases of like import are used, it is understood that the order, direction, requirement, permission or allowance of the Project Manager is intended.
- 1.4 Whenever any statement is made in the Contract Documents containing the expression "it is understood and agreed", or an expression of like import, such expression means the mutual understanding and agreement of the parties hereto.
- 1.5 The words "approved", "reasonable", "suitable", "acceptable", "properly", "satisfactorily", or words of like effect in import, unless otherwise particularly specified herein, shall mean approved, reasonable, suitable, acceptable, proper or satisfactory in the judgment of the Project Manager.
- 1.6 When a word, term or phrase is used in the Contract, it shall be interpreted or construed, first, as defined herein; second, if not defined, according to its generally accepted meaning in the construction industry; and, third, if there is no generally accepted meaning in the construction industry, according to its common and customary usage.
- 1.7 All terms used herein shall have the meanings ascribed to them herein unless otherwise specified.

2. ENTIRE AGREEMENT:

The Contract Documents, together with the Contractor's Performance, Maintenance and Statutory bonds for the Work, constitute the entire and exclusive agreement between the City and the Contractor with reference to the Work. Specifically, but without limitation, this Contract supersedes all prior written or oral communications, representations and negotiations, if any, between the City and the Contractor. The Contract may not be amended or modified except by a modification as hereinabove defined. These Contract Documents do not, nor shall they be construed to, create any contractual relationship of any kind between the City and any Subcontractor or remote tier Subcontractor.

3. INTENT AND INTERPRETATION

- 3.1 The intent of the Contract is to require complete, correct and timely execution of the Work. Any Work that may be required, including construction, labor, materials, tools, equipment and transportation, implied or inferred by the Contract Documents, or any one or more of them, as necessary to produce the intended result, shall be provided by the Contractor for the Contract Price.

- 3.2 All time limits stated in the Contract Documents are of the essence of the Contract.
- 3.3 The Contract is intended to be an integral whole and shall be interpreted as internally consistent. What is required by any one Contract Document shall be considered as required by the Contract.
- 3.4 The specification herein of any act, failure, refusal, omission, event, occurrence or condition as constituting a material breach of this Contract shall not imply that any other, non-specified act, failure, refusal, omission, event, occurrence or condition shall be deemed not to constitute a material breach of this Contract.
- 3.5 The Contractor shall have a continuing duty to read, carefully study and compare each of the Contract Documents and shall give written notice to the Project Manager of any inconsistency, ambiguity, error or omission, which the Contractor may discover, or should have discovered, with respect to these documents before proceeding with the affected Work. The review, issuance, or the express or implied approval by the City or the Project Manager of the Contract Documents shall not relieve the Contractor of the continuing duties imposed hereby, nor shall any such review be evidence of the Contractor's compliance with this Contract.
- 3.6 The City has prepared or caused to have prepared the Project Manual. **HOWEVER, THE CITY MAKES NO REPRESENTATION OR WARRANTY AS TO ACCURACY OR FITNESS FOR PARTICULAR PURPOSE INTENDED OR ANY OTHER WARRANTY OF ANY NATURE WHATSOEVER TO THE CONTRACTOR CONCERNING SUCH DOCUMENTS.** By the execution hereof, the Contractor acknowledges and represents that it has received, reviewed and carefully examined such documents, has found them to be complete, accurate, adequate, consistent, coordinated and sufficient for construction, and that the Contractor has not, does not, and will not rely upon any representation or warranties by the City concerning such documents as no such representation or warranties have been made or are hereby made.
- 3.7 As between numbers and scaled measurements in the Project Manual, the numbers shall govern; as between larger scale and smaller scale drawings, (e.g. 10:1 is larger than 100:1) the larger scale shall govern.
- 3.8 The organization of the Project Manual into divisions, sections, paragraphs, articles (or other categories), shall not control the Contractor in dividing the Work or in establishing the extent or scope of the Work to be performed by Subcontractors.
- 3.9 The Contract Documents supersedes all previous agreements and understandings between the parties, and renders all previous agreements and understandings void relative to these Contract Documents.
- 3.10 Should anything be omitted from the Project Manual, which is necessary to a clear understanding of the Work, or should it appear various instructions are in conflict, the Contractor shall secure written instructions from the Project Manager before proceeding with the construction affected by such omissions or discrepancies.
- 3.11 It is understood and agreed that the Work shall be performed and completed according to the true spirit, meaning, and intent of the Contract Documents.

- 3.12 The Contractor's responsibility for construction covered by conflicting requirements, not provided for by addendum prior to the time of opening Bids for the Work represented thereby, shall not extend beyond the construction in conformity with the less expensive of the said conflicting requirements. Any increase in cost of Work required to be done in excess of the less expensive work of the conflicting requirements will be paid for as extra work as provided for herein.
- 3.13 The apparent silence of the Project Manual as to any detail, or the apparent omission from them of a detailed description concerning any point, shall be regarded as meaning that only the best general practice is to be used. All interpretations of the Project Manual shall be made on the basis above stated.
- 3.14 The conditions set forth herein are general in scope and are intended to contain requirements and conditions generally required in the Work, but may contain conditions or requirements which will not be required in the performance of the Work under contract and which therefore are not applicable thereto. Where any stipulation or requirement set forth herein applies to any such non-existing condition, and is not applicable to the Work under contract, such stipulation or requirement will have no meaning relative to the performance of said Work.
- 3.15 KSA 16-113 requires that non-resident contractors appoint an agent for the service of process in Kansas. The executed appointment must then be filed with the Secretary of State, Topeka, Kansas. Failure to comply with this requirement shall disqualify the Contractor for the awarding of this Contract.

4. CONTRACT COST

The City shall pay the Contractor for the performance of the Work embraced in this Contract, and the Contractor will accept in full compensation therefore the sum (subject to adjustment as provided by the Contract) of One Hundred Fifty Thousand and Zero Cents DOLLARS (\$150,000) for all Work covered by and included in the Contract; payment thereof to be made in cash or its equivalent and in a manner provided in the Contract Documents.

5. WORK SUPERINTENDENT

- 5.1 The Contractor shall provide and maintain, continually on the site of Work during its progress, an adequate and competent superintendent of all operations for and in connection with the Work being performed under this Contract, either personally or by a duly authorized superintendent or other representative. This representative shall be designated in writing at the preconstruction meeting.
- 5.2 The superintendent, or other representative of the Contractor on the Work, who has charge thereof, shall be fully authorized to act for the Contractor, and to receive whatever orders as may be given for the proper prosecution of the Work, or notices in connection therewith. Use of Subcontractors on portions of the Work shall not relieve the Contractor of the obligation to have a competent superintendent on the Work at all times.
- 5.3 The City shall have the right to approve the person who will be the Superintendent based on skill, knowledge, experience and work performance. The City shall also have the right to request replacement of any superintendent.

- 5.4 The duly authorized representative shall be official liaison between the City and the Contractor regarding the signing of pay estimates, change orders, workday reports and other forms necessary for communication and Work status inquiries. Upon Work commencement, the City shall be notified, in writing, within five (5) working days of any changes in the Contractor's representative. In the absence of the Contractor or representative, suitable communication equipment, which will assure receipt of messages within one (1) hour during the course of the workday, will also be required.
- 5.5 The Contractor will be required to contact the Project Manager daily to advise whether and/or where the Contractor and/or the Subcontractor's crews will be working that day, in order that the Project Manager's representative is able to monitor properly the Work.

6. PROJECT MANAGER

- 6.1 It is mutually agreed by and between the parties to this Agreement that the Project Manager shall act as the representative of the City and shall observe and inspect, as required, the Work included herein.
- 6.2 In order to prevent delays and disputes and to discourage litigation, it is further agreed by and between the parties to this Agreement that the Project Manager shall, in good faith and to the best of its ability, determine the amount and quantities of the several kinds of work which are to be paid for under this Contract; that the Project Manager shall determine, where applicable, questions in relation to said Work and the construction thereof; that Project Manager shall, where applicable decide questions which may arise relative to the execution of this Contract on the part of said Contractor; that the Project Manager's decisions and findings shall be the conditions precedent to the rights of the parties hereto, to any action on the Contract, and to any rights of the Contractor to receive any money under this Contract provided, however, that should the Project Manager render any decision or give any direction which, in the opinion of either party hereto, is not in accordance with the meaning and intent of this Contract, either party may file with the Project Manager and with the other party, within thirty (30) days a written objection to the decision or direction so rendered and, by such action, may reserve the right to submit the question to determination in the future.
- 6.3 The Project Manager, unless otherwise directed or agreed to by the City in writing, will perform those duties and discharge those responsibilities allocated to the Project Manager as set forth in this Contract. The Project Manager shall be the City's representative from the effective date of this Contract until final payment has been made. The Project Manager shall be authorized to act on behalf of the City only to the extent provided in this Contract. The City and Project Manager may, from time to time, designate Inspectors to perform such functions.
- 6.4 The City and the Contractor shall communicate with each other in the first instance through the Project Manager.
- 6.5 The Project Manager shall be the initial interpreter of the requirements of the Project Manual and the judge of the performance by the Contractor. The Project Manager shall render written graphic interpretations necessary for the proper execution or progress of the Work with reasonable promptness on request of the Contractor.
- 6.6 The Project Manager will review the Contractor's Applications for Payment and will certify to the City for payment to the Contractor those amounts then due the Contractor as provided

in this Contract. The Project Manager's recommendation of any payment requested in an Application for Payment will constitute a representation by Project Manager to City, based on Project Manager's on-site observations of the Work in progress as an experienced and qualified design professional and on Project Manager's review of the Application for Payment and the accompanying data and schedules that the Work has progressed to the point indicated; that, to the best of the Project Manager's knowledge, information and belief, the quality of the Work is in accordance with the Project Manual (subject to an evaluation of the Work as a functioning whole prior to or upon Substantial Completion, to the results of any subsequent tests called for in the Project Manual, to a final determination of quantities and classifications for Unit Price Work if such is called for herein, and to any other qualifications stated in the recommendation); and that Contractor is entitled to payment of the amount recommended. However, by recommending any such payment Project Manager will not thereby be deemed to have represented that exhaustive or continuous on-site inspections have been made to check the quality or the quantity of the Work beyond the responsibilities specifically assigned to Project Manager in the Project Manual or that there may not be other matters or issues between the parties that might entitle Contractor to be paid additionally by the City or the City to withhold payment to Contractor.

- 6.7 The Project Manager may refuse to recommend the whole or any part of any payment if, in Project Manager's opinion, it would be incorrect to make such representations to City. Project Manager may also refuse to recommend any such payment, or, because of subsequently discovered evidence or the results of subsequent inspections or tests, nullify any such payment previously recommended, to such extent as may be necessary in the Project Manager's opinion to protect the City from loss because:
- The Work is defective, or completed Work has been damaged requiring correction or replacement,
 - The Contract Price has been reduced by Written Amendment or Change Order,
 - The City has been required to correct Defective Work or complete Work in accordance with the Project Manual.
- 6.8 The City may refuse to make payment of the full amount recommended by the Project Manager because claims have been made against City on account of Contractor's performance or furnishing of the Work or liens have been filed in connection with the Work or there are other items entitling City to a set-off against the amount recommended, but City must give Contractor written notice (with a copy to Project Manager) stating the reasons for such action.
- 6.9 The Project Manager will have the authority to reject Work which is defective or does not conform to the requirements of this Contract. If the Project Manager deems it necessary or advisable, the Project Manager shall have authority to require additional inspection or testing of the Work for compliance with Contract requirements.
- 6.10 The Project Manager will review, or take other appropriate action as necessary, concerning the Contractor's submittals, including Shop Drawings, Product Data and Samples. Such review, or other action, shall be for the sole purpose of determining general conformance with the design concept and information given through the Project Manual.
- 6.11 The Project Manager shall have authority to order minor changes in the Work not involving a change in the Contract Price or in Contract Time and consistent with the intent of the

- Contract. Such changes shall be effected by verbal direction and then recorded on a Field Order and shall be binding upon the Contractor. The Contractor shall carry out such Field Orders promptly.
- 6.12 The Project Manager, upon written request from the Contractor shall conduct observations to determine the dates of Substantial Completion, Total Completion and the date of Final Acceptance. The Project Manager will receive and forward to the City for the City's review and records, written warranties and related documents from the Contractor required by this Contract and will issue a final Certificate for Payment to the City upon compliance with the requirements of this Contract.
- 6.13 The Project Manager's decisions in matters relating to aesthetic effect shall be final if consistent with the intent of this Contract.
- 6.14 The Project Manager will **NOT** be responsible for Contractor's means, methods, techniques, sequences, or procedures or construction, or the safety precautions and programs incident thereto and will not be responsible for Contractor's failure to perform the Work in accordance with the Project Manual. The Project Manager will not be responsible for the acts or omissions of the Contractor or any Subcontractor or any of its or their agents or employees, or any other person at the site or otherwise performing any of the Work except as may otherwise be provided.
- 6.15 Any plan or method of work suggested by the Project Manager, or other representatives of the City, to the Contractor, but not specified or required, if adopted or followed by the Contractor in whole or in part, shall be used at the risk and responsibility of the Contractor, and the Project Manager and the City will assume no responsibility therefore.
- 6.16 It is agreed by the Contractor that the City shall be and is hereby authorized to appoint or employ, either directly or through the Project Manager, such City representatives or observers as the City may deem proper, to observe the materials furnished and the work performed under the Project Manual, and to see that the said materials are furnished, and the said work performed, in accordance with the Project Manual therefore. The Contractor shall furnish all reasonable aid and assistance required by the Project Manager, or by the resident representatives for proper observation and examination of the Work and all parts thereof.
- 6.17 The Contractor shall comply with any interpretation of the Project Manual by the Project Manager, or any resident representative or observer so appointed, when the same are consistent with the obligations of the Project Manual. However, should the Contractor object to any interpretation given by any subordinate Project Manager, resident representative or observer, the Contractor may appeal in writing to the City Director of Public Works for a decision.
- 6.18 Resident representatives, observers, and other properly authorized representatives of the City or Project Manager shall be free at all times to perform their duties, and intimidation or attempted intimidation of any one of them by the Contractor or by any of its employees, shall be sufficient reason, if the City so decides, to annul the Contract.
- 6.19 Such observation shall not relieve the Contractor from any obligation to perform said Work strictly in accordance with the Project Manual.

7. WORK SCHEDULE:

- 7.1 The Work is comprised of one large project (sometimes referred to as “**Total Project Work**”) and, in some cases, is partitioned into smaller subprojects referred to in this Agreement as “**Project Segments.**” A Contract Time shall be stated in the Contract Documents for both the Total Project Work and, when applicable, the Project Segments.
- 7.2 At the time of execution of this Contract, the Contractor shall furnish the Project Manager with a schedule (“**Work Schedule**”) setting forth in detail (in the critical path method) the sequences proposed to be followed, and giving the dates on which it is expected that Project Segments will be started and completed within the Contract Time. The Work Schedule is subject to approval by the City.
- 7.3 Monthly Work Schedule reports shall accompany the Contractor's pay request for Work completed. Where the Contractor is shown to be behind schedule, it shall provide an accompanying written summary, cause, and explanation of planned remedial action. Payments or portions of payments may be withheld by the City upon failure to maintain scheduled progress of the Work as shown on the approved Work Schedule.
- 7.4 At a minimum the Contractor shall update and submit the Work Schedule for review weekly, unless otherwise agreed upon by the City.
- 7.5 The Contractor, within ten (10) calendar days after being instructed to do so in a written notice from the City, shall commence the Work to be done under this Contract.
- 7.6 If at any time, in the opinion of the Project Manager or City, proper progress is not being maintained; changes shall be proposed in the Work Schedule and resubmitted for consideration and approval.
- 7.7 If the Contractor has not completed Project Segments and is within a non-performance penalty period, it shall not be allowed to undertake a new Project Segment until the Project Segment in dispute is completed, unless expressly permitted by the City.
- 7.8 The operation of any tool, equipment, vehicle, instrument, or other noise-producing device is prohibited to start before or continue after the hours of 7 AM and 10 PM, Monday through Friday (except Fridays which shall be until Midnight) and 8 AM and midnight on Weekends (except Sunday which shall be 10 PM). Violation of this requirement is Prima Facia Violation of City Municipal Code 11-202.
- 7.9 No work shall be undertaken on Saturdays, Sundays and Holidays (Christmas, New Years, Martin Luther King’s Birthday, President’s Day, Memorial Day, Independence Day, Labor Day and Thanksgiving) without the express written approval of the City Project Manager. If it is necessary to perform proper care, maintenance, or protection of work already completed or of equipment used, or in the case of an emergency verbal permission may be obtained through the Project Manager.
- 7.10 Night work may be established by the Contractor, as a regular procedure, with the written permission of the City; such permission, however, may be revoked at any time by the City if the Contractor fails to maintain adequate equipment for the proper prosecution and control of all operations performed as part of the Work.

7.11 The Contractor shall provide 24 hours notice prior to commencing any work to the City Project Manager. The Contractor shall communicate immediately any changes in the Work Schedule to the Project Manager for approval by the City.

8. DELAYS AND EXTENSIONS OF TIME

8.1 In executing the Contract, the Contractor expressly covenants and agrees that, in undertaking the completion of the Work within the Contract Time, it has taken into consideration and made allowances for all of the ordinary delays and hindrances incident to such Work, whether growing out of delays in securing materials, workers, weather conditions or otherwise. No charge shall be made by the Contractor for hindrances or delays from any cause during the progress of the Work, or any portion thereof, included in this Contract.

8.2 Should the Contractor, however, be delayed in the prosecution and completion of the Work by reason of delayed shipment orders, or by any changes, additions, or omissions therein ordered in writing by the City, or by strikes or the abandonment of the Work by the persons engaged thereon through no fault of the Contractor, or by any act taken by the U.S. Government such as the commandeering of labor or materials, embargoes, etc., which would affect the fabrication or delivery of materials and/or equipment to the Work; or by neglect, delay or default of any other contractor of the City, or delays caused by court proceedings; the Contractor shall have no claims for damages or additional compensation or costs for any such cause or delay; but it shall in such cases be entitled to such extension of the time specified for the completion of the Work as the City and the Project Manager shall award in writing on account of such delays, provided, however, that claim for such extension of time is made by the Contractor to the City and the Project Manager in writing within one (1) week from the time when any such alleged cause for delay shall occur.

9. ADVERSE WEATHER:

9.1 Extensions of time for Adverse Weather shall be granted only under the conditions as hereinafter provided.

9.2 For conditions of weather or conditions at the site, so unusual as not to be reasonably anticipated, as determined by the Project Manager, an average or usual number of inclement days when work cannot proceed are to be anticipated during the construction period and are not to be considered as warranting extension of time.

9.3 “**Adverse Weather**” is defined as atmospheric conditions or the impact thereof at a definite time and place, which are unfavorable to construction activities such that they prevent work on critical activities for 50 percent or more of the Contractor’s scheduled workday.

9.4 “**Unusually Severe Weather**” is defined as weather, which is more severe than the adverse weather anticipated for the season, location, or activity involved.

9.5 Time Extensions for Unusually Severe Weather: In order for any request for time extension due to Unusually Severe Weather to be valid, the Contractor must document all of the following conditions:

- The weather experienced at the Work site during the Contract period is more severe than the Adverse Weather anticipated for the Work location during any given month.

- The Unusually Severe Weather actually caused a delay to the completion of the Work.
- The delay must be beyond the control and without fault or negligence by the Contractor.

9.6 The following schedule of monthly-anticipated Adverse Weather delays will constitute the baseline for monthly weather time evaluations. The Contractor's Work Schedule must reflect these anticipated adverse weather delays in all weather affected activities:

MONTHLY ANTICIPATED ADVERSE WEATHER DELAY
WORK DAYS BASED ON FIVE (5) DAY WORK WEEK

JAN	FEB	MAR	APR	MAY	JUN	JUL	AUG	SEP	OCT	NOV	DEC
10	8	7	6	7	7	5	5	5	4	5	9

- 9.7 Upon receipt of the Notice to Proceed, and continuing throughout the Contract, the Contractor shall record on its daily construction report, the occurrence of Adverse Weather and resultant impact to the Work Schedule.
- 9.8 The number of actual Adverse Weather delay days shall include days affected by actual Adverse Weather (even if Adverse Weather occurred in the previous month), and shall be calculated chronologically from the first to the last day of each month, and be recorded as full workdays.
- 9.9 If the number of actual Adverse Weather delay days in a given month exceeds the number of days anticipated above, the difference shall be multiplied by 7/5 to convert any qualifying workday delays to calendar days. The resulting number of qualifying lost days shall be added to the Contract Time.
- 9.10 The determination that Unusually Severe Weather occurred does not automatically mean an extension of time will be granted. The Contractor must substantiate the Unusually Severe Weather delayed work activities on the critical path of the Work Schedule.
- 9.11 Full consideration for equivalent fair weather workdays shall be given. If the number of actual Adverse Weather delays in a given month is less than the number of days anticipated as indicated above, the difference shall be multiplied by 7/5 to convert any workday increases to calendar days. The resulting number of qualifying extra days will be accumulated and subtracted from any future month's days lost due to unusually severe weather.
- 9.12 The net cumulative total of extra days/lost days shall not result in a reduction of Contract Time and the date of Substantial Completion shall not be changed because of unusually favorable weather.
- 9.13 In converting workdays to calendar days, fractions 0.5 and greater shall be rounded up to the next whole number. Fractions less than 0.5 shall be dropped.
- 9.14 The Contractor shall summarize and report all actual Adverse Weather delay days for each month to the Project Manager by the tenth (10th) day of the following month. A narrative indicating the impact of Adverse Weather conditions on the Work Schedule shall be included.

- 9.15 Any claim for extension of time due to Unusually Severe Weather shall be submitted to the Project Manager within 7 days of the last day of the commencement of the event giving rise to the delay occurred. Resolution of any claim shall follow the procedures described above.
- 9.16 The Contractor shall include and indicate the monthly-anticipated Adverse Weather days, listed above, in the Work Schedule. (Reference Section 7.1 for Work Schedule requirements)
- 9.17 The Contractor shall indicate the approved Adverse Weather days (whether less or more than the anticipated days) in its Work Schedule updates.

10. LIQUIDATED DAMAGES

- 10.1 Contractor agrees that time is of the essence and any term pertaining to Contractor timely performing so as to achieve Total Completion within the Contract Time is a material provision of this Contract. Further, the parties acknowledge that City's damages in the event of delay are difficult to ascertain and consequently agree that, in the event and to the extent that actual date of Total Completion is delayed beyond the Contract Time for the Total Project Work or Project Segments attributable solely or concurrently to (i) an act or omission of Contractor or any of its subcontractors or suppliers, or (ii) in whole or in part, to any other event or condition within the Contractor's reasonable control (and not for reasons solely attributable to City), the Contractor shall be assessed a liquidated damage, and not as a penalty, in the amount set forth in the Special Conditions for each calendar day beyond the applicable Contract Time. Such amount shall be deducted from any amounts due Contractor under this Agreement.
- 10.2 Further, the Contractor agrees that, in the event Contractor does not carry out such Work at such rates of progress as required by the Work Schedule approved by the City, the City may, at its option and without Contractor receiving any additional compensation therefore, require Contractor to increase the number of qualified supervisory personnel and/or workers and the amount of equipment employed in the performance of the Work to such extent as City may deem necessary or desirable. In addition, City, at its option, may supplement Contractor's manpower by entering into contracts with other contractors to perform the Work. All costs that are incurred by City, in this regard, including reasonable attorney's fees, shall be deducted from any sums due Contractor or City may make demand on Contractor for reimbursement of such costs.

11. PAYMENT PROCEDURE

- 11.1 Based upon Applications for Payment submitted to the Project Manager by the Contractor and Certificates for Payment issued by the Project Manager, the City shall make progress payments on account of the contract sum to the Contractor as provided below and elsewhere in the Contract Documents.
- 11.2 The period covered by each Application for Payment shall be one calendar month ending on the last day of the month or on a mutually agreed date by City and Contractor.
- 11.3 The Contractor warrants that title to all Work covered by an Application for Payment will pass to the City no later than the time of payment. The Contractor further warrants that upon submittal on the first day of each month of an Application for Payment, all Work for which payments have been received from the City shall be free and clear of liens, claims,

- security interest or other encumbrances in favor of the Contractor or any other person or entity whatsoever.
- 11.4 Each application for payment must be submitted with Contractor's waiver for period of construction covered by application. Each Application for Payment will be submitted with executed waivers from the subcontractors or sub-contractors and suppliers for the previous period of construction covered by the previous application. The final payment application must be submitted together with or preceded by final or complete waivers from every entity involved with performance of the Work covered by the payment request.
- 11.5 The Contractor will submit waivers on forms, and executed in a manner, acceptable to City.
- 11.6 The Contractor shall promptly pay each Subcontractor out of the amount paid to the Contractor because of such Subcontractor's Work the amount to which such Subcontractor is entitled. In the event the City becomes informed that the Contractor has not paid a Subcontractor as herein provided, the City shall have the right, but not the duty, to issue future checks in payment to the Contractor of amounts otherwise due hereunder naming the Contractor and such Subcontractor as joint payees. Such joint check procedure, if employed by the City, shall be deemed payment to the Contractor but shall create no rights in favor of any person or entity beyond the right of the named payees to payment of the check and shall not be deemed to commit the City to repeat the procedure in the future.
- 11.7 The Project Manager will, upon receipt of a written Application for Payment from the Contractor, review the amount of Work performed during the preceding period and the value thereof at the unit prices contracted. From the amounts so ascertained, there shall be deducted ten percent (10%) to be retained until after final completion of the entire Work to the satisfaction of the City. The Project Manager will submit an estimate each month to the City for payment to the Contractor, except that no amount less than \$500.00 will be submitted unless the total amount of the Contract remaining unpaid is less than \$500.00.
- 11.8 Deductions will be made from progress payments if the Contract includes a provision for a lump sum or a percentage deduction. Lump sum deductions will be that portion of the stated lump sum computed as the ratio that the amount earned bears to the Contract Price. Percentage deductions will be computed at the stated percentage of the amount earned.
- 11.9 No progress payment, nor any use or occupancy of the Work by the City, shall be interpreted to constitute an acceptance of any Work not in strict accordance with this Contract.
- 11.10 The City may decline to make payment, may withhold funds, and, if necessary, may demand the return of some or all of the amounts previously paid to the Contractor, to protect the City from loss because of:
- Defective Work not remedied by the Contractor;
 - Claims of third parties against the City or the City's property;
 - Failure by the Contractor to pay Subcontractors or others in a prompt and proper fashion;
 - Evidence that the balance of the Work cannot be completed in accordance with the Contract for the unpaid balance of the Contract Price;

- Evidence that the Work will not be completed in the time required for substantial or final completion;
- Persistent failure to carry out the Work in accordance with the Contract;
- Damage to the City or a third party to whom the City is, or may be, liable;
- Evidence that the Work is not progressing according to agreed upon schedule by both parties.

11.11 In the event that the City makes written demand upon the Contractor for amounts previously paid by the City as contemplated in this subparagraph, the Contractor shall promptly comply with such demand and refund such monies to the City.

11.12 Neither the observation by the City or any of the City's officials, employees, or agents, nor any order by the City for payment of money, nor any payment for, or acceptance of, the whole or any part of the Work by the City or Project Manager, nor any extension of time, nor any possession taken by the City or its employees, shall operate as a waiver of any provision of this Contract, or of any power herein reserved to the City, or any right to damages herein provided, nor shall any waiver of any breach in this Contract be held to be a waiver of any other or subsequent breach.

12. COMPLETION AND FINAL PAYMENT

12.1 Upon Total Completion, when the Contractor is ready for a final inspection of the Total Project Work, it shall notify the City and the Project Manager thereof in writing. Thereupon, the Project Manager will make final inspection of the Work and, if the Work is complete in accordance with this Contract, the Project Manager will promptly issue a final Certificate for Payment certifying to the City that the Work is complete and the Contractor is entitled to the remainder of the unpaid Contract Price, less any amount withheld pursuant to this Contract. If the Project Manager is unable to issue its final Certificate for Payment and is required to repeat its final inspection of the Work, the Contractor shall bear the cost of such repeat final inspection(s), which cost may be deducted by the City from the Contractor's full payment.

12.2 The Contractor shall not be entitled to any payment unless and until it submits to the Project Manager its affidavit that all payrolls, invoices for materials and equipment, and other liabilities connected with the Work for which the City, or the City's property might be responsible, have been fully paid or otherwise satisfied; releases and waivers of lien from all Subcontractors and Suppliers of the Contractor and of any and all other parties required by the City; and consent of Surety, if any, to final payment. If any third party fails or refuses to provide a release of claim or waiver of lien as required by the City, the Contractor shall furnish a bond satisfactory to the City to discharge any such lien or indemnify the City from liability.

12.3 The City shall make final payment of all sums due the Contractor within thirty days of the Project Manager's execution of a final Certificate for Payment.

12.4 Acceptance of final payment shall constitute a waiver of all claims against the City by the Contractor except for those claims previously made in writing against the City by the Contractor, pending at the time of final payment, and identified in writing by the Contractor as unsettled at the time of its request for final inspection.

13. CLAIMS BY THE CONTRACTOR

- 13.1 All Contractor claims shall be initiated by written notice and claim to the Project Manager. Such written notice and claim must be furnished within seven calendar days after occurrence of the event, or the first appearance of the condition, giving rise to the claim.
- 13.2 The Contractor shall diligently proceed with performance of this Contract whether or not there be such a claim pending and the City shall continue to make payments to the Contractor in accordance with this Contract. The resolution of any claim shall be reflected by a Change Order executed by the City, the Project Manager and the Contractor.
- 13.3 Should concealed and unknown conditions which could not, with reasonable diligence, have been discovered in the performance of the Work (a) below the surface of the ground or (b) in an existing structure differ materially with the conditions indicated by this Contract, or should unknown conditions of an unusual nature differing materially from those ordinarily encountered in the area and generally recognized as inherent in Work of the character provided by this Contract, be encountered, the Contract Price shall be equitably adjusted by the Change Order upon the written notice and claim by either party made within seven (7) days after the first observance of the condition. As a condition precedent to the City having any liability to the Contractor for concealed or unknown conditions, the Contractor must give the City written notice of, and an opportunity to observe, the condition prior to disturbing it. The failure by the Contractor to make the written notice and claim as provided in this Subparagraph shall constitute a waiver by the Contractor of any claim arising out of or relating to such concealed or unknown condition.
- 13.4 If the Contractor wishes to make a claim for an increase in the Contract Price, as a condition precedent to any liability of the City therefore, the Contractor shall give the City written notice of such claim within seven (7) days after the occurrence of the event, or the first appearance of the condition, giving rise to such claim. Such notice shall be given by the Contractor before proceeding to execute any additional or changed Work. The failure by the Contractor to give such notice and to give such notice prior to executing the Work shall constitute a waiver of any claim for additional compensation.
- 13.5 The City reserves the right to increase or decrease quantities, and alter the details of construction including grade and alignment as the Project Manager may consider necessary or desirable, by approved Change Order. Such modifications shall not invalidate the Contract nor release the surety. Unless such alterations and increases or decreases change the total cost of the Work, based on the originally estimated quantities and the unit prices bid, by more than 25 percent, or change the total cost of any major item, based on the originally estimated quantities and the unit price bid, by more than 25 percent, the Contractor shall perform the work altered, increased or decreased, at a negotiated price or prices. (A major item shall mean any bid item, the total cost of which exceeds 12-1/2 percent of the total Contract Price based on the proposed quantity and the contract unit price).
- 13.6 When the alterations cause an increase or decrease in excess of the 25 percent indicated above, either the Contractor or the Project Manager may request an adjustment of the unit price to be paid for the item or items.
- 13.7 If a mutually agreeable adjustment cannot be obtained, the City reserves the right to terminate the Contract as it applies to the items in question and make such arrangements as may be deemed necessary to complete the Work.

- 13.8 In connection with any claim by the Contractor against the City for compensation in excess of the Contract Price, any liability of the City for the Contractor's costs shall be strictly limited to direct costs incurred by the Contractor and shall not include standby costs, indirect costs or consequential damages of the Contractor. The City shall not be liable to the Contractor for claims of third parties.
- 13.9 If the Contractor is delayed in progressing any task which at the time of the delay is then critical or which during the delay becomes critical, as the sole result of any act or neglect to act by the City or someone acting in the City's behalf, or by changes ordered in the Work, unusual delay in transportation, unusually adverse weather conditions not reasonably anticipated, fire or any causes beyond the Contractor's control, then the date for achieving Final Acceptance of the Work shall be extended upon the written notice and claim of the Contractor to the City, for such reasonable time as the City may determine. Any notice and claim for an extension of time by the Contractor shall be made not more than seven calendar days after the occurrence of the event or the first appearance of the condition-giving rise to the claim and shall set forth in detail the Contractor's basis for requiring additional time in which to complete the Work. In the event the delay to the Contractor is a continuing one, only one notice and claim for additional time shall be necessary. If the Contractor fails to make such claim as required in this subparagraph, any claim for an extension of time shall be waived.
- 13.10 The Contractor shall delay or suspend the progress of the work or any part thereof, whenever so required by written order of the City, and for such periods of time as required; provided, that in the event of such delay or delays or of such suspension or suspensions of the progress of the work, or any part thereof, the time for completion of work so suspended or of work so delayed by such suspension or suspensions shall be extended for a period equivalent to the time lost by reason of such suspension or suspensions; but such order of the City or Project Manager shall not otherwise modify or invalidate in any way, any of the provisions of this Contract. In the event that the work shall be stopped by written order of the City, any expense, which, in the sole opinion and judgment of the City, is caused by the City, shall be paid by the City to the Contractor.
- 13.11 In executing the Contract Documents, the Contractor expressly covenants and agrees that, in undertaking to complete the Work within the time herein fixed, it has taken into consideration and made allowances for all hindrances and delays incident to such work, whether growing out of delays in securing materials or workers or otherwise. No charge shall be made by the Contractor for hindrances or delays from any cause during the progress of the work, or any portion thereof, included in this Contract, except as provided herein.
- 13.12 In addition to the Project Manual particular to Mobilization found elsewhere in this document, additional mobilization shall not be compensable for work outside of the designated areas for work deemed essential by the City. A quantity of work equal to as much as 10% of the total Contract may be required to be performed beyond the boundaries of the designated work areas
- 14. CHANGES IN THE WORK**
- 14.1 Changes in the Work within the general scope of this Contract, consisting of additions, deletions, revisions, or any combination thereof, may be ordered without invalidating this Contract, by Change Order or by Field Order.

- 14.2 The Project Manager shall have authority to order minor changes in the Work not involving a change in the Contract Price or in Contract Time and consistent with the intent of the Contract. Such changes shall be effected by verbal direction and then recorded on a Field Order and shall be binding upon the Contractor. The Contractor shall carry out such Field Orders promptly.
- 14.3 Any change in the Contract Price resulting from a Change Order shall be by mutual agreement between the City and the Contractor as evidenced by the change in the Contract Price being set forth in the Change Order, and, together with any conditions or requirements related thereto, being initialed by both parties.
- 14.4 If no mutual agreement occurs between the City and the Contractor relative to a change in the Work, the Contractor shall proceed with the Work that is the subject of the Change Order, and the change in the Contract Price, if any, shall then be determined by the Project Manager on the basis of the reasonable expenditures or savings of those performing, deleting or revising the Work attributable to the change, including, in the case of an increase or decrease in the Contract Price, a reasonable allowance for direct job site overhead and profit. In such case, the Contractor shall present, in such form and with such content to the City, as the Project Manager requires, an itemized accounting of such expenditures or savings, plus appropriate supporting data for inclusion in a Change Order. Reasonable expenditures or savings shall be limited to the following: reasonable costs of materials, supplies or equipment, including delivery costs, reasonable costs of labor, including social security, old age and unemployment insurance, fringe benefits required by agreement or custom, and worker's compensation insurance, reasonable rental costs of machinery and equipment exclusive of hand tools, whether rented from the Contractor or others, permit fees, and sales, use or other taxes related to the Work, and reasonable cost of direct supervision and job site field office overhead directly attributable to the change. In no event shall any standby time or any expenditure or savings associated with the Contractor's home office or other non-job site overhead expense be included in any change in the Contract Price. Further, in no event shall the Contractor's overhead expense exceed ten (10%) percent of the reasonable expenditures. Pending final determination of reasonable expenditures or savings to the City, payments on account shall be made to the Contractor on the Project Manager's Certificate for Payment.
- 14.5 If unit prices are provided in the Contract, and if the quantities contemplated are so changed in a proposed Change Order that the application of such unit prices to the quantities of Work proposed would cause substantial inequity to the City or to the Contractor, the applicable unit prices shall be equitably adjusted.
- 14.6 The execution of a Change Order by the Contractor shall constitute conclusive evidence of the Contractor's agreement to the ordered changes in the Work, this Contract as thus amended, the Contract Price and the Contract Time. The Contractor, by executing the Change Order, waives and forever releases any claim including impact against the City for additional time or compensation for matters relating to or arising out of or resulting from the Work included within or affected by the executed Change Order.
- 15. INSURANCE AND BONDS.**
- 15.1 The Contractor shall secure and maintain, throughout the duration of the agreement, insurance (on an occurrence basis unless otherwise agreed to) of such types and in at least such amounts as required herein. Contractor shall provide certificates of insurance and

renewals thereof on forms acceptable to the City. The City shall be notified by receipt of written notice from the insurer or the Contractor at least thirty (30) days prior to material modification or cancellation of any policy listed on the Certificate.

15.2 The Contractor, upon receipt of notice of any claim in connection with this Agreement, shall promptly notify the City, providing full details thereof, including an estimate of the amount of loss or liability. The Contractor shall monitor and promptly notify the City of any reduction in limits of protection afforded under any policy listed in the Certificate (or otherwise required by the Contract Documents) if the Contractor’s limits of protection shall have been impaired or reduced to such extent that the limits fall below the minimum amounts required herein. The Contractor shall promptly reinstate the original limits of liability required hereunder and shall furnish evidence thereof to the City.

15.3 Minimum Requirements Commercial General Liability Policy Limits -

General Aggregate:	\$2,000,000
Products / Completed Operations Aggregate:	\$2,000,000
Personal & Advertising Injury:	\$1,000,000
Each Occurrence:	\$1,000,000

Policy MUST include the following conditions:

- A. Pollution Liability (Applicable only to contracts involving pollutants such as asbestos & lead abatement, sludge or other waste abatement, etc.)
- B. NAME CITY OF PRAIRIE VILLAGE AS “ADDITIONAL INSURED”

15.4 Automobile Liability Policy shall protect the Contractor against claims for bodily injury and/or property damage arising from the ownership or use of any owned, hired and/or non-owned vehicle.

Limits (Same as Commercial General Liability) -
 Combined Single Limits, Bodily Injury and Property Damage - Each Accident:

Policy MUST include the following condition:
 NAME CITY OF PRAIRIE VILLAGE AS “ADDITIONAL INSURED”

15.5 Umbrella Liability. The Umbrella / Excess Liability must be at least as broad as the underlying general liability and automobile liability policies.

Limits -

Each Occurrence	\$1,000,000
General Aggregate	\$1,000,000

15.6 Workers' Compensation. This insurance shall protect the Contractor against all claims under applicable state workers' compensation laws. The Contractor shall also be protected against claims for injury, disease or death of employees which, for any reason, may not fall within the provisions of workers' compensation law. The policy limits shall not be less than the following:

Workers' Compensation:	Statutory
------------------------	-----------

Employer's Liability:	
Bodily Injury by Accident	\$100,000 each accident
Bodily Injury by Disease	\$500,000 policy limit
Bodily Injury by Disease	\$100,000 each employee

15.7 The City will only accept coverage from an insurance carrier who offers proof that it:

Is authorized to do business in the State of Kansas;
 Carries a Best's policy holder rating of A- or better; and
 Carries at least a Class VIII financial rating, or
 Is a company mutually agreed upon by the City and Contractor.

15.8 Subcontractor's Insurance. If a part of the Agreement is to be sublet, the Contractor shall either:

- A. Cover all subcontractor's in its insurance policies, or
- B. Require each subcontractor not so covered to secure insurance which will protect subcontractor against all applicable hazards or risks of loss as and in the minimum amounts designated.

Whichever option is chosen, Contractor shall indemnify and hold harmless the City as to any and all damages, claims or losses, including attorney's fees, arising out of the acts or omissions of its Subcontractors.

15.9 Prior to commencing any work, Contractor shall provide City with certificates evidencing that (1) all Contractor's insurance obligations required by the contract documents are in full force and in effect and will remain in effect until Contractor has completed all of the work and has received final payment from City and (2) no insurance coverage will be canceled, renewal refused, or materially changed unless at least thirty (30) days prior written notice is given to City. Contractor's property insurance shall not lapse or be canceled if City occupies a portion of the work. Contractor shall provide City with the necessary endorsements from the insurance company prior to occupying a portion of the work.

15.10 Waiver of Subrogation. All insurance coverage required herein shall contain a waiver of subrogation in favor of the City. Contractor's insurance policies shall be endorsed to indicate that Contractor's insurance coverage is primary and any other insurance maintained by City is non-contributing as respects the work of Contractor.

15.11 Additional Insurance. Excess Liability coverage or additional insurance covering special hazards may be required on certain projects. Such additional insurance requirements shall be as specified in Special Conditions.

15.12 Bonds and Other Performance Security. Contractor shall provide a Performance Bond, Maintenance Bond and a Statutory Bond in the amount of one hundred percent (100%) of the Contract Price to cover the entire scope of Work and any other specific performance security that may be indicated in this Contract. With each bond there shall be filed with the City one copy of "Power of Attorney" certified to include the date of the bonds.

16. INDEMNITY

16.1 For purposes of indemnification requirements as set forth throughout the Contract, the following terms shall have the meaning set forth below:

“The Contractor” means and includes Contractor, all of his/her affiliates and subsidiaries, his/her Subcontractors and material men and their respective servants, agents and employees; and **“Loss”** means any and all loss, damage, liability or expense, of any nature whatsoever, whether incurred as a judgment, settlement, penalty, fine or otherwise (including attorney’s fees and the cost of defense), in connection with any action, proceeding, demand or claim, whether real or spurious, for injury, including death, to any person or persons or damages to or loss of, or loss of the use of, property of any person, firm or corporation, including the parties hereto, which arise out of or are connected with, or are claimed to arise out of or be connected with, the performance of this Contract whether arising before or after the completion of the work required hereunder.

- 16.2 For purposes of this Contract, and without in any way limiting indemnification obligations that may be set forth elsewhere in the Contract, the Contractor hereby agrees to indemnify, defend and hold harmless the City from any and all Loss where Loss is caused or incurred or alleged to be caused or incurred in whole or in part as a result of the negligence or other actionable fault of the Contractor, his/her employees, agents, Subcontractors and suppliers.
- 16.3 It is agreed as a specific element of consideration of this Contract that this indemnity shall apply notwithstanding the joint, concurring or contributory or comparative fault or negligence of the City or any third party and, further, notwithstanding any theory of law including, but not limited to, a characterization of the City’s or any third party’s joint, concurring or contributory or comparative fault or negligence as either passive or active in nature.
- 16.4 Nothing in this section shall be deemed to impose liability on the Contractor to indemnify the City for Loss when the negligence or other actionable fault the City is the sole cause of Loss.
- 16.5 With respect to the City’s rights as set forth herein, the Contractor expressly waives all statutory defenses, including, but not limited to, those under workers compensation, contribution, comparative fault or similar statutes to the extent said defenses are inconsistent with or would defeat the purpose of this section.

17. SUCCESSORS AND ASSIGNS

- 17.1 The City and Contractor bind themselves, their successors, assigns and legal representatives to the other party hereto and to successors, assigns and legal representatives of such other party in respect to covenants, agreements and obligations contained in this Contract.
- 17.2 The Contractor shall not assign or sublet the work, or any part thereof, without the previous written consent of the City, nor shall it assign, by power of attorney or otherwise, any of the money payable under this Contract unless by and with the like written consent of the City. In case the Contractor assigns all, or any part of any moneys due or to become due under this Contract, the instrument of assignment shall contain a clause substantially to the affect that it is agreed that the right of the assignee in and to any moneys due or to become due to the Contractor shall be subject to all prior liens of all persons, firms and corporations for services rendered or materials supplied for the performance of the Work called for in this Contract.
- 17.3 Should any Subcontractor fail to perform in a satisfactory manner, the work undertaken, its subcontract shall be immediately terminated by the Contractor upon notice from the City.

Performing in an unsatisfactory manner is defined as consistently having more than 10% of work unacceptable. The Contractor shall be as fully responsible to the City for the acts and omissions of the subcontractors, and of persons either directly or indirectly employed by them, as Contractor is for the acts and omissions of persons directly employed. Nothing contained in this Contract shall create any contractual relations between any Subcontractor and the City, nor shall anything contained in the Contract Documents create any obligation on the part of the City to pay or to see to the payment of any sums due any Subcontractor.

- 17.4 The Contractor shall not award subcontracts which total more than forty-five (45%) of the Contract Price and shall perform within its own organization work amounting to not less than fifty-five percent (55%) of the total Contract Price. Approval by the City of any Subcontractor shall not constitute a waiver of any right of the City to reject Defective Work, material or equipment not in compliance with the requirements of the Contract Documents. The Contractor shall not make any substitution for any Subcontractor accepted by the City unless the City so agrees in writing.
- 17.5 The Contractor shall not subcontract, sell, transfer, assign or otherwise dispose of the Contract or any portion thereof without previous written consent from the City. In case such consent is given, the Contractor, shall be permitted to subcontract a portion thereof, but shall perform with his/her own organization work amounting to not less than fifty five (55%) of the total Contract Price. No subcontracts, or other transfer of Contract, shall release the Contractor of its liability under the Contract and bonds applicable thereto.
- 17.6 The Contractor shall cause appropriate provisions to be inserted in all subcontracts relative to the Work to bind Subcontractors to the Contractor by the terms of the Contract Documents insofar as applicable to the work of the Subcontractor and to give the Contractor the same power to terminate any Subcontract as the City has to terminate the Contractor under any provisions of the Contract Documents.
- 17.7 Prior to the City's approval of the Contract bid, the successful bidder shall submit to the City for acceptance, a list of names of all Subcontractors proposed for portions of the work and shall designate which work each is to perform.
- 17.8 The City shall, prior to the City's approval of the Contract bid, notify the successful bidder, in writing, if the City, after due investigation, has reasonable objection to any Subcontractor on such list, and the Contractor shall substitute a Subcontractor acceptable to the City at no additional cost to the City or shall be allowed to withdraw his/her Bid, and the City shall either re-bid the Work or accept the next best lowest and responsible bidder. The failure of the City to make objection to a Subcontractor shall constitute an acceptance of such Subcontractor but shall not constitute a waiver of any right of the City to reject Defective Work, material or equipment not in conformance with the requirements of the Project Manual.

18. NON-DISCRIMINATION LAWS

- 18.1 The Contractor agrees that:
- A. The Contractor shall observe the provisions of the Kansas Act Against Discrimination (K.S.A. 44-1001 et seq.) and shall not discriminate against any person in the performance of Work under the present contract because of race, religion, color, sex, disability, national origin, ancestry or age;

- B. In all solicitations or advertisements for employees, the Contractor shall include the phrase, "equal opportunity employer," or a similar phrase to be approved by the Kansas Human Rights Commission (Commission);
 - C. If the Contractor fails to comply with the manner in which the Contractor reports to the commission in accordance with the provisions of K.S.A. 44-1031 and amendments thereto, the Contractor shall be deemed to have breached the present contract and it may be cancelled, terminated or suspended, in whole or in part, by the contracting agency;
 - D. If the Contractor is found guilty of a violation of the Kansas Act Against Discrimination under a decision or order of the Commission which has become final, the Contractor shall be deemed to have breached the present contract and it may be cancelled, terminated or suspended, in whole or in part, by the contracting agency; and
 - E. The Contractor shall include the provisions of Subsections A through D in every subcontract or purchase order so that such provisions will be binding upon such Subcontractor or vendor.
 - F. The provisions of this Section shall not apply to a contract entered into by a Contractor: (1) Who employs fewer than four employees during the term of such contract; or (2) Whose contracts with the City cumulatively total \$5,000 or less during the fiscal year of the City.
- 18.2 The Contractor further agrees that it shall abide by the Kansas Age Discrimination In Employment Act (K.S.A. 44-1111 et seq.) and the applicable provision of the Americans With Disabilities Act (42 U.S.C. 12101 et seq.) as well as all other federal, state and local laws.
- 19. FEDERAL LOBBYING ACTIVITIES [THIS PROVISION ONLY APPLIES IF THE CITY IS RECEIVING FEDERAL FUNDS]**
- 19.1 31 USCS Section 1352 requires all subgrantees, Contractors, Subcontractors, and consultants/Architects who receive federal funds via the City to certify that they will not use federal funds to pay any person for influencing or attempting to influence a federal agency or Congress in connection with the award of any federal contract, grant, loan, or cooperative agreements.
- 19.2 In addition, contract applicants, recipients, and subrecipients must file a form disclosing any expenditure they make for lobbying out of non-federal funds during the contract period.
- 19.3 Necessary forms are available from the City and must be returned to the City with other Contract Documents. It is the responsibility of the general contractor to obtain executed forms from any Subcontractors who fall within the provisions of the Code and to provide the City with the same.
- 20. RELATIONS WITH OTHER CONTRACTORS:**
- 20.1 The Contractor shall cooperate with all other contractors who may be performing work on behalf of the City, and workers who may be employed by the City, or any other entity on any work in the vicinity of the Work to be done under this Contract, and the Contractor shall so

conduct his/her operations as to interfere to the least possible extent with the work of such contractors or workers. The Contractor shall be responsible for any injury or damage, that may be sustained by other contractors, workers, their work or employees of the City, because of any fault or negligence on the Contractor's part, and shall, at his/her own expense, repair or pay for such injury or damage. If the work of the Contractor is delayed because of any acts or omissions of any other Contractor or Contractors, the Contractor shall have no claim against the City on that account other than for an extension of time.

- 20.2 When two or more Contracts are being executed at one time in such manner that work on one Contract may interfere with that on another, the City shall decide which Contractor shall progress at which time.
- 20.3 Other projects the Contractor may have to coordinate shall be listed in the Special Conditions.
- 20.4 When the territory of one Contract is the necessary or convenient means of access for the transportation or movement of workers, materials, or appliances required for the execution of another Contract, such privileges of access or any other responsible privilege may be granted by the City to the Contractor so desiring, to the extent such may be reasonably necessary.
- 20.5 Upon execution of the Contract, the Contractor shall furnish the City, in writing, the names of persons or entities proposed by the Contractor to act as a Subcontractor on the Work. The City shall promptly reply to the Contractor, in writing, stating any objections the City may have to such proposed Subcontractor. The Contractor shall not enter into a Subcontract with a proposed Subcontractor with reference to whom the City has made timely objection. The Contractor shall not be required to Subcontract with any party to whom the Contractor has objection.

21. RIGHT OF CITY TO TERMINATE

- 21.1 If the Contractor persistently or repeatedly refuses or fails to prosecute the Work in a timely manner, or supply enough properly skilled workers, supervisory personnel or proper equipment or materials, or if it fails to make prompt payment to Subcontractors or for materials or labor, or persistently disregards laws, ordinances, rules, regulations or orders of any public authority having jurisdiction, or if this Contract is assigned by Contractor without authorization or if Contractor is adjudged as bankrupt, or if a general assignment of assets be made for the benefit of creditors; or if a receiver is appointed, or otherwise is guilty of a substantial violation of a provision of this Contract, then the City may by written notice to the Contractor, without prejudice to any right or remedy, terminate the employment of the Contractor and take possession of the site and of all materials, equipment, tools, construction equipment and machinery thereon owned by the Contractor and may finish the Work by whatever methods it may deem expedient. In such case, the Contractor and its surety shall be liable to the City for all excess cost sustained by the City because of such prosecution and completion including any additional legal, Project Manager or bid-letting costs therefore. In such case, the Contractor shall not be entitled to receive further payment. In the event the Contractor is found in a court of law to have been wrongfully terminated for cause, then such termination shall be deemed a termination for convenience and the Contractor shall be compensated as provided herein. Any termination of the Agreement for alleged default by Contractor that is ultimately determined to be unjustified shall automatically be deemed a termination for convenience of the City.

21.2 The City, within its sole discretion, may elect to terminate the Contract with the Contractor for convenience upon three (3) days written Notice to Contractor. In the event of such termination, Contractor shall cease immediately all operations and shall be compensated for all work performed as of the date of termination in accordance with the terms of payment in this contract. Contractor shall not be entitled to any anticipatory profits, consequential damages or other costs other than direct costs of demobilization.

22. MISCELLANEOUS:

22.1 The Contractor warrants to the City that all labor furnished to progress the Work under the Contract will be competent to perform the tasks undertaken, that the product of such labor will yield only first-class results, that materials and equipment furnished will be of good quality and new unless otherwise permitted by this Contract, and that the Work will be of good quality, free from faults and defects and in strict conformance with the Project Manual. All Work not conforming to these requirements may be considered defective.

22.2 The Contractor shall obtain and pay for all permits, fees and licenses necessary or ordinary for the Work. The Contractor shall comply with all lawful requirements, including federal and state laws, City and County laws and ordinances and building codes, applicable to the Work and shall give and maintain copies of all notices required by applicable law pertaining to the Work.

22.3 Provision for Emergencies. Whenever, in the opinion of the City, the Contractor has not taken sufficient precaution for the safety of the public or the protection of the Work to be constructed under this Contract, or of adjacent structures or property which may be injured by process of construction, and whenever, in the opinion of the City, an emergency shall arise and immediate action shall be considered necessary in order to protect property interests and to avoid personal injury and/or death, then the City, with or without notice to the Contractor, shall provide suitable protection to the said interests by causing such Work to be done and materials to be furnished at places as the City may consider necessary and adequate. The cost and expense of such Work and material so furnished shall be borne by the Contractor and, if the same shall not be paid on presentation of the bills therefore, such costs shall be deducted from any amounts due or to become due the Contractor. The performance of such emergency Work shall in no way relieve the Contractor of responsibility for damages which may occur during or after such precaution has been duly taken.

22.4 Both the business address of the Contractor given in the Bid or proposal upon which this Contract is founded, and the Contractor's Office near the Work, is hereby designated as the places to which all notices, letters, and other communications to the Contractor may be mailed or delivered. The delivering at either of the above named addresses, or depositing in any mailbox regularly maintained by the Post Office, of any notice, letter or other communication so addressed to the Contractor, and the date of said service shall be the date of such delivery or mailing. Such addresses may be changed at any time by an instrument in writing, executed by the Contractor, presented, and delivered to the Project Manager and to the City. Nothing herein contained shall be deemed to preclude or render inoperative the service of any notice, letter, or communication upon the Contractor personally.

22.5 It is mutually agreed by and between the parties to this Contract that all royalties and fees for and in connection with patents, or patent infringement, claims for materials, articles,

- apparatus, devices or equipment (as distinguished from processes) used in or furnished for the work shall be included in the Contract Price and the Contractor shall satisfy all demands that may be made at any time for such, and the Contractor shall at its cost and expense, defend any and all suits or proceedings that may be instituted at any time against the City for infringement or alleged infringement of any such patents involved in the work, and Contractor shall pay any award of damages.
- 22.6 The right of general administration of the City shall not make the Contractor an agent of the City, and the liability of the Contractor for all damages to persons, firms, and corporations, arising from the Contractor's execution of the Work, shall not be lessened because of such general administration, but as to all such persons, firms, and corporations, and the damages, if any, to them or their property. The Contractor herein is an independent Contractor in respect to the work.
- 22.7 For a period of time, from the inception of the Contract to three (3) years from the date of final payment under the Contract, the Contractor and subcontractors shall maintain books, accounts, ledgers, invoices, drafts, pages and other records pertaining to the performance of this Contract. At all reasonable times during this period these records shall be available within the State of Kansas at a field or permanent business office for inspection by authorized representatives of the City or of any other agency, which has contributed funds in connection with the Contract or to which the City is obligated to make such inspections available. In addition, this requirement shall be included in all subcontracts entered into in connection with this Contract.
- 22.8 Titles, subheadings used herein, and other Contract Documents are provided only as a matter of convenience and shall have no legal bearing on the interpretation of any provision of the Contract Documents.
- 22.9 No waiver of any breach of this Contract shall be construed to be a waiver of any other subsequent breach.
- 22.10 Should any provision of this Agreement or other Contract Documents be determined to be void, invalid, unenforceable or illegal for whatever reason, such provision(s) shall be null and void; provided, however, that the remaining provisions of this Agreement and/or the other Contract Documents shall be unaffected thereby and shall continue to be valid and enforceable.
- 22.11 Without in any manner limiting Contractor's responsibilities as provided elsewhere in the Contract Documents, the Contractor shall assume full responsibility for the protection of all public and private property, structures, sewers, and utilities, for both above ground and underground facilities, along, beneath, above, across or near the site or sites of the Work being performed under this Agreement, or which are in any manner affected by the prosecution of the Work or the transportation of men/women or materials in connection therewith. Barriers shall be kept in place at all times to protect persons other than those engaged on or about the Work from accident, and the Contractor will be held responsible for all accidents to persons or property resulting from the acts of Contractor or its employees.
- 22.12 The Contractor shall keep fully informed of all existing and current regulations of the City, county, state, and federal laws, which in any way limit or control the actions or operations of those engaged upon the work, or affecting materials supplied, to or by them. The Contractor shall at all times observe and comply with all ordinances, laws, and regulations,

- and shall protect and indemnify the City and the City's officers and agents against any claims or liability arising from or based on any violation of the same.
- 22.13 Nothing contained in the Contract Documents shall create, or be interpreted to create, privity or any other contractual agreement between the City and any person or entity other than the Contractor.
- 22.14 Duties and obligations imposed by the Contract Documents, rights, and remedies available hereunder shall be in addition to and not a limitation of duties, obligations, rights and remedies otherwise imposed or available by law.
- 22.15 No action or failure to act by the City, Project Manager or Contractor shall constitute a waiver of a right or duty afforded them under the Contract, nor shall such action or failure to act constitute approval or acquiescence in a breach hereunder, except as may be specifically agreed in writing.
- 22.16 Contractor specifically acknowledges and confirms that: (i) it has visited the site, made all inspections it deems appropriate and has read and fully understands the Contract Documents, including all obligations and responsibilities undertaken by it as specified herein and in other Contract Documents and knowingly accepts the same; (ii) it has furnished copies of all Contract Documents to its insurance carrier(s) and its surety(ies); and (iii) its insurance carrier(s) and surety(ies) agree to be bound as specified herein, in the Contract Documents and in the insurance policy(ies) and bonds as to liability and surety coverage.
- 22.17 It is specifically agreed between the parties executing this Agreement that the Contract Documents are not intended to create any third party beneficiary relationship nor authorize anyone not a party to this Agreement to maintain a suit for personal injuries or property damage pursuant to the terms or provisions of this Agreement. The duties, obligations and responsibilities of the parties to this Agreement with respect to third parties shall remain as imposed by law.
- 22.18 This Agreement is entered into, under and pursuant to, and is to be construed and enforceable in accordance with the laws of the State of Kansas. Venue of any litigation arising in connection with this Agreement shall be the State courts of Johnson County, Kansas.

IN WITNESS WHEREOF, the City has caused this Agreement to be executed in its behalf, thereunto duly authorized, and the said Contractor has executed five (5) counterparts of this Contract in the prescribed form and manner, the day and year first above written.

(If the Contract is not executed by the President of the Corporation, general partner of the Partnership, or manager of a limited liability company, please provide documentation, which authorizes the signatory to bind the corporation, partnership or limited liability company. If a corporation, the Contractor shall furnish the City a current certificate of good standing, dated within ten (10) days of the date of this Contract.)

PUBLIC WORKS DEPARTMENT

Council Committee Meeting Date: July 18, 2016

Council Meeting Date: August 1, 2016

CONSIDER PURCHASE OF STREETLIGHT SYSTEM FROM KCPL AND LED LIGHTING UPGRADES.

RECOMMENDATION

Approve the purchase of the streetlight system from KCPL and LED lighting upgrades.

BACKGROUND

Currently the street light system consists of 2,062 lights and is owned and maintained by KCPL. The City pays \$762,000 per year to KCPL to lease the streetlights. In recent years many cities in Johnson County including Overland Park, Leawood, Lenexa, Fairway, Mission, and Mission Hills have made the decision to purchase the streetlight systems from KCPL. These cities have used the funds budgeted for the lease to pay for the maintenance of the streetlights, the electricity, and to fund repairs and replacements of the system and have shown this to be much more cost effective as compared to continuing the lease.

Prairie Village current yearly cost of leased system- \$762,000

KCPL Proposed Purchase Price- \$2,282,945.00

The KCPL purchase price is based on the number of specific assets in our system and the cost for each item is based on a County wide rate and not based on specific condition or age. This is the same process applied to other cities that have recently purchased streetlights.

It is proposed to sell bonds to purchase the system and to pay the bonds off in 7 years. Attached is a cash flow analysis completed by Columbia Capital which yielded almost a 15% Rate of Return based on the assumptions included with the analysis. The analysis shows the cost advantage of purchasing the system.

This Columbia Capital analysis also includes upgrading all heads to LED immediately after purchase. The streetlight system already has 334 LED lights as a result of staff's effort to obtain a grant from MARC a few years ago. It is proposed to use the bond funds to upgrade the remaining 1736 to LED's after purchase. The LED heads will last longer than the existing heads, require significantly less maintenance, reduce the frequency of outages, and save on electricity costs. The LED upgrades would decrease the yearly electricity costs from \$94,000 to \$53,000 each for an estimated savings of \$41,000 per year. The

added cost for LED upgrades will increase the bond amount by \$750,000.

Total Bond for Streetlight purchase and LED upgrades-

Streetlight Purchase-	\$2,282,945.00
LED Upgrades-	\$750,000.00
Contingency for LED and install-	\$167,055.00
<u>TOTAL-</u>	<u>\$3,200,000</u>

Additional information if streetlights are purchased with LED upgrades-

- The City would pay KCPL for power usage based on the off peak flat rate for the streetlight. This is anticipated to be about \$53,000 per year.
- The City would be responsible for maintenance of the streetlight system. The City would contract for maintenance services as other cities have done and the repair process would be very similar to when KCPL owned. With LED heads it is expected the yearly basis maintenance cost will be about \$34.00 per pole for a total of \$70,108 per year.
- The City would budget for repair and replacement above basic maintenance. Budget for this would be \$200,000 per year but could be more if the City desired to replace the system sooner.
- Insurance will increase by about \$3,000 per year.
- The City will need to hire an underground utility location service to locate underground power lines for the streetlights. This is expected to be about \$7,200 per year.
- The City will need to install KCPL meters for power when streetlights are replaced on an entire street or when new streetlights are added. The cost for electricity, when metered, is expected to be similar to what it was before installing meters.
- No additional City staff is expected since the maintenance work will be contracted. The repair process will be similar to what we do with KCPL. There will be additional staff time in processing payments to contractors and spending time developing repair or replacement projects.

The Finance Committee met and discussed the purchase of the streetlight system and provided feedback on the information to prepare for the packet.

The purchase of the system using bond funds requires separate action on a charter ordinance(See related item).

FUNDING SOURCES

Funds to pay for repayment of bonds and other associated costs will come from the funds budgeted for the KCPL Lease in the City's operations budget.

Streetlight Purchase Analysis by Columbia Capital

PREPARED BY

Keith Bredehoeft, Public Works Director

July 12, 2016

Preliminary / Subject to Change

City of Prairie Village, Kansas

Streetlight Purchase Analysis

Underlying Assumptions

Streetlights Purchased:	2,062
Cost of Streetlights:	\$2,282,945
KCP&L Lease Payments:	Currently \$762,000 annually, projected to grow 3.5%
Electricity Cost:	Currently \$94,000 annually, projected to grow 3.0%, \$53,000 post LED upgrades per KCP&L
Pole Maintenance:	\$45 per pole annually
Locates:	10 per month at \$60 each
Insurance:	\$3,000 annually, projected to grow 3.0%
Repair and Replacement Cost:	\$200,000 per year, projected to grow 3.0%
LED Upgrade Schedule:	Upon purchase of the streetlights
Cost of LED Upgrades:	\$750,000
LED Energy Savings:	Approximately 40% reduction in electricity cost and 25% reduction in maintenance cost
Bond Financing:	Anticipated to be issued in the summer of 2016 with level debt service over 7 years, with total project proceeds consisting of the cost of the streetlights and LED upgrades (\$3,200,000)

City of Prairie Village, Kansas

KCPL Streetlight Sale Agreement

PREPARED BY

Keith Bredehoeft, Public Works Director

July 12, 2016

STREETLIGHT SALE AGREEMENT

This Streetlight Sale Agreement (“Agreement”) is made this _____ day of August, 2016 by and between Kansas City Power & Light Company (“Company”), a Missouri Corporation and the City of Prairie Village, Kansas (“City”), a municipal corporation of the State of Kansas (jointly referred to as “Parties”).

WHEREAS, the City has expressed an interest in purchasing the Company’s streetlight facilities within the corporate limits of the City; and

WHEREAS, the Company has expressed an interest in selling the streetlight facilities to the City; and

WHEREAS, the Parties desire to enter into this Streetlight Sale Agreement to set forth the terms and conditions relative to the City’s purchase of the Company’s streetlight facilities.

NOW, THEREFORE, the Parties hereto agree as follows:

1. DEFINITIONS

For the purpose of this Agreement, the following words and phrases shall have the meaning given in this Section 1. When not inconsistent with the context, words used in the present tense include the future tense, words in the plural number include the singular number, and words in the singular number include the plural number. The words “shall” or “will” are mandatory and “may” is permissive. Words not defined in Section 1 shall be given their common and ordinary meaning.

1.1 “City” means the City of Prairie Village, a municipal corporation of the State of Kansas, and all of the territory within its boundaries as of the effective date of this Agreement.

1.2 “Company” means the Kansas City Power & Light Company, a Missouri corporation, but does not mean its parent company, or any of its affiliates and subsidiaries, or any other entity in which it has an ownership interest.

1.3 “Uncontrollable Forces” means severe weather, storms, acts of God, fire, civil or military authority, strikes or other labor disturbances, orders of courts or regulatory agencies, and other causes reasonably beyond the control of the party claiming to have been precluded from or delayed in performance under the Agreement.

1.4 “Agreement” means this written Streetlight Sale Agreement.

1.5 “Existing Streetlight System” means the luminaires, brackets, standards, and related mounting hardware and the conductor leading to the point of connection to the Company’s secondary distribution system. This point of connection is the streetlight wire connection to Company secondary wire on wooden utility pole-mounted lights, and/or the secondary wire connection for the first controller or first streetlight base for each individual and/or group of underground street lights. Beyond the point of connection, the City would own and be responsible for all maintenance of the lights and facilities. For purposes of this Agreement, the poles listed in **Exhibit A** to this Agreement, which is attached hereto and incorporated herein by reference, are specifically excluded from the Existing Streetlight System.

1.6 “Make-Ready Work” means all materials and labor required to be provided by the City prior to the Company installing energy meters and energizing circuits.

2. REGULATORY APPROVAL

The Company shall seek and pay for all regulatory approvals necessary for the full implementation of this Agreement. The City shall support such action by the Company. Neither the City nor the Company shall initiate any action before any regulatory or judicial body that is inconsistent with any provision of this Agreement.

3. PURCHASE OF COMPANY’S EXISTING STREETLIGHT SYSTEM

3.1 The Company represents and warrants that it has authority to transfer all existing interests in the Existing Streetlight System. The Company agrees to sell to the City, and the City agrees to purchase from the Company, the Company’s Existing Streetlight System within the City, consisting of 2,062 lights, as further described in **Exhibit A** to this Agreement, for the sum of Two Million Two Hundred Ninety Two Thousand Nine Hundred Forty Five dollars (\$2,292,945). Whereas, the City has entered into a preliminary agreement and provided an initial deposit of Ten Thousand dollars (\$10,000), this amount as per the preliminary agreement will be credited toward the purchase of the Existing Streetlight System. This brings the final amount due to Two Million Two Hundred Eighty Two Thousand Nine Hundred Forty Five dollars (\$2,282,945). The ownership of such Existing Streetlight System shall be transferred to the City upon the occurrence of all of the following events: (A) obtaining any and all necessary regulatory approvals; (B) obtaining the approval of the City council; (C) receipt of payment by Company from the City of the purchase price of the Existing Streetlight System; and (D) the transfer of relevant easements required under Section 6 of this Agreement.

3.2 Existing primary distribution poles, secondary distribution poles, electrical conduit and/or conductor on the Company side of the point of connection shall not be conveyed or sold to the City.

3.3 The City agrees to utilize ‘qualified’ overhead distribution line contractor approved by the Company for working on Company property for installation, removal, and maintenance of streetlight facilities that remain attached to Company retained poles (Exhibit A).

3.4 The Company has and maintains the right to place and maintain equipment on City-owned streetlight poles.

4. METERING, INVENTORY, AND ENERGY USE

4.1 The Parties agree that City-owned facilities should be metered for billing accuracy. The City agrees to install meters on any and all unmetered streetlights when such streetlights are replaced by the City after execution of this Agreement. It is understood that it shall be within the City’s sole discretion to determine when a streetlight purchased under this Agreement needs to be replaced and the Company shall have no cause of action against the City for failure to replace a streetlight.

4.2 The Company may request a streetlight inventory verification to be performed once every two years, to be paid for by the City, for the purposes of verifying the status of the Existing Streetlight System. The party performing the verification shall be mutually agreed upon by the Company and the City. The scope of the streetlight inventory verification shall include visual inspection to verify the following attributes: streetlight quantities, attachments to the Company’s poles, potential clearance issues, lamp wattage, and fixture type (HPS, MV, etc.)

4.3 City-owned streetlights will be billed in accordance with the Company’s Tariff Schedule 70, Off-Peak Lighting Service (“Schedule 70”). For all metered streetlights purchased under this Agreement, the City shall be billed based on actual energy use. For all unmetered streetlights, the City shall be billed on estimated energy usage calculated in accordance with Schedule 70. The Company agrees that no monthly service facilities charge as described under the Rate section of Schedule 70 will apply to the facilities sold under this Agreement.

4.4 At any time the City makes any changes to the System that may affect energy consumption, it will provide the Company a report detailing such changes. The Company will adjust its billing as appropriate. Failure to notify the Company promptly in accordance with this Section 4.4 may result in estimated charges to the City for unbilled energy usage.

5. INDEMNIFICATION

5.1 The Company shall indemnify, defend and hold harmless the City from and against all damages, expenses (including, but not limited to reasonable

attorney fees), obligations, costs, liabilities, losses, claims, actions or causes of actions whatsoever sustained by the City arising from or related to the Existing Streetlight System prior to the sale to the City to the extent that such damages, expenses, obligations, costs, liabilities, losses, claims, actions or causes of action are caused by the negligence of the Company, its employees or its agents.

5.2 To the extent permitted by Kansas law, specifically including the Kansas Cash Basis Law (Cash Basis Law - K.S.A. 10-1101 et seq.) and the Kansas Budget Law (Budget Law - K.S.A. 79-2925 et seq.), and subject to the immunity and maximum liability provisions of the Kansas Tort Claims Act (K.S.A. 75-6101, et seq.), The City shall indemnify, defend and hold harmless the Company from and against all damages, expenses (including, but not limited to reasonable attorney fees), obligations, costs, liabilities, losses, claims, actions or causes of actions whatsoever sustained by the Company arising from or related to the Existing Streetlight System after the sale to the City to the extent that such damages, expenses, obligations, costs, liabilities, losses, claims, actions or causes of action are caused by negligence of the City, its employees or its agents.

6. EASEMENTS

6.1 The Company shall transfer through assignment, quitclaim or other device or instrument, as appropriate, to the City, at no cost to the City, easements and rights-of-way used solely for the Existing Streetlight System to be sold hereunder upon the transfer of the Existing Streetlight System to the City. The City shall pay the cost of recording all such related documents.

6.2 The Company shall grant to the City the right to jointly use easements and rights-of-way utilized for both the Existing Streetlight System and the Company's electric facilities, provided however that City shall be responsible for obtaining any and all rights, and any costs thereby incurred, so required with respect to the owner(s) of the fee interest of any such burdened real property.

7. TAXES

The City agrees to waive all taxes by the City on the transactions contemplated in this Agreement. This waiver includes but is not limited to sales, use, and franchise taxes or fees. In the event such taxes or fees are not waived for any reason, the City agrees to reimburse the Company for any such taxes or fees paid. The City agrees to provide to the Company, prior to the commencement of maintenance, an applicable sales/use tax exemption certificate and/or any other documentation necessary to establish the exemption from state and local sales or use taxes.

8. PERMITS AND FEES

Excavation permit fees and street closure fees set forth of the City’s ordinances shall not be assessed against the Company for purposes of this Agreement. However, the Company shall still be required to obtain all relevant permits.

9. NON-WAIVERS

Neither the City nor the Company shall be excused from complying with any of the terms and conditions of this Agreement by any failure of the other, or any of its officers, employees, or agents, upon any one or more occasions, to insist upon or to seek compliance with any such terms and conditions.

10. NOTICES

Unless otherwise specified herein, all notices from the Company to the City and from the City to the Company pursuant to or concerning this Agreement shall be in writing and shall be delivered as follows:

To Company: Kansas City Power & Light Company
 4400 E Front Street
 Kansas City, Missouri 64120
 Attn: Craig Parmeley
 Manager Standards Engineering

To City: City of Prairie Village, KS
 7700 Mission Road
 Prairie Village, Kansas 66208
 Attn: Keith Bredehoeft
 Public Works Director

12. WARRANTY

ALL EQUIPMENT, PARTS AND MATERIAL SOLD UNDER THIS AGREEMENT ARE SOLD “AS IS” AND “WITH ALL FAULTS.” NO WARRANTIES OF ANY TYPE WHETHER EXPRESSED OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE PROVIDED BY THE COMPANY.

13. APPLICABLE LAW

This Agreement is entered into under and pursuant to, and is to be construed and enforceable in accordance with, the laws of the State of Kansas. The parties further agree that if for any reason, any provision hereof is unenforceable, the remainder of this Agreement shall nonetheless remain binding and in effect.

14. NO PRIOR AGREEMENTS

This Agreement constitutes the entire Agreement between the Parties and supersedes all prior agreements, whether oral or written, covering the same subject matter.

15. AUTHORITY TO BIND

The Parties represent and acknowledge that this Agreement is given and executed voluntarily and that the person executing this Agreement below is doing so on their behalf with authority to bind the Party.

16. AGREEMENT CONTINGENT

This Agreement is contingent upon Charter Ordinance #28 being effective, which shall occur after publication once a week for two consecutive weeks in the official City newspaper, and sixty-one (61) days after final publication, unless a petition signed by a number of electors of the City equal to not less than ten percent (10%) of the number of electors who voted at the last preceding regular City election shall be filed in the office of the City Clerk demanding that this Charter Ordinance be submitted to a vote of the electors, in which event this Charter Ordinance shall take effect when approved by a majority of the electors voting at an election held for such purpose.

COU2016-48: Review Revised Bid Proposals for the Solid Waste Contract for services beginning in 2017.

RECOMMENDATION

In accordance with the City Council's decision to accept revised bids at the City Council meeting on August 1, 2016, several revised bids were submitted to the City for consideration. Staff now seeks City Council direction in finalizing the selection of a preferred bidder so Staff can move forward with finalizing a contract for trash services.

SUGGESTED MOTION

I move that Council authorizes staff to close the bidding process and finalize an agreement with _____ for solid waste services beginning January 1, 2017.

REVISED BIDS

The following revised bids for proposed solid waste services were received.

	<u>First Proposal</u>	<u>Revised Proposal</u>	<u>+/- 2016</u>
Waste Management	\$15.95	\$15.35	\$1.88
Jim's Disposal Service	\$19.97	\$16.25	\$2.78
Republic	\$17.44	\$16.45	\$2.98
Honey Creek	\$24.50	\$17.35	\$3.88

Bids are listed in order from lowest to highest when factoring in large item pick up. It should be noted that Republic and Jim's Disposal would basically equate to the same price.

*With the exception of Jim's Disposal, the quotes reflect an extended contract agreement for 10 years with the first two-year rates remaining the same.

*Staff estimates the administrative fee would lower from \$1.00 per month to approximately .31 cents and is not reflected in the above bids.

ADDITIONAL FACTORS OF CONSIDERATION

- Waste Management - 94% of their vehicles run on natural gas
- Waste Management specified a 3.25% rate cap for the remaining contractual years
- Republic has conceptually agreed to a Favored Nations Clause and Waste Management & Honey Creek are open to further discussions
- Republic has agreed to use the Consumer Price Index (CPI) to determine future costs beginning in 2019 with fees capped at 3.25 percent for the remaining 8 years.
- Republic will allocate approximately \$12,500 per year for community events.
- Honey Creek's bid includes single stream glass recycling
- Honey Creek does offer a Hybrid Drive Truck for \$17.85...a 50 cent up charge
- Republic, Honey Creek, and Jim's Disposal would offer the following carts specific to resident choice inclusive of their monthly fee: 35 gallon - 65 gallon - 95 gallon. Waste Management does offer the 95 gallon cart; however there would be a \$3.00 fee per resident.
- One City-wide large item pickup per year: [The current rate of service is \$30,000]
 - Republic \$29,000
 - Waste Management \$30,000
 - Honey Creek \$30,000
 - Jim's Disposal \$40,000

SCOPE OF SERVICES RECAP

The following items highlighted items were key points outlined in the bid proposal:

- Solid Waste
- Recycling
- Yard Waste (only change was slight increase to 12 containers per month all year)
- 1 bulky item per month (no larger than 2' X 2' and less than 45 pounds)
- Large item pick up on an annual basis
- Collection of City solid waste/recycling at PW, PD, and Harmon Park
- Increase Fine Amounts from \$30.00 to \$100>\$250>\$500 for excessive missed collections and customer service standards within a 12 month period
- Customer service standards specified that included correcting missed collections within 24 hours, answering/returning phone calls promptly, supervisory contact to handle complaints, and written reporting requirements.
- "Favored Nations Clause"
- Overflow stickers for extra bags of trash
- Special collection for residents with hardships
- Carts would not be left on sidewalks
- Carts would be collected regardless of "cars parking too close" or other obstructions
- Recycling Rebate paid to City
- Landfill in compliance with applicable laws, permits, and ordinances

EXECUTIVE SUMMARY OF BID SUBMITTALS - AUGUST 1ST COUNCIL MEETING

The following matrix represents the total bid price on all basic services requirements detailed in the Request for Proposal and an administrative fee of \$1.00 per month [note - this fee may be adjusted to a lower amount].

<u>Monthly Total Cost per Residence:</u>		<u>Increase from 2016</u>	<u>Annual +/-</u>
Waste Management (Deffenbaugh)	\$16.95	+\$2.50 (17%)	+\$251,010
Republic	\$18.44	+\$3.94 (27%)	+\$395,591
Jim's Disposal	\$20.97	+\$6.47 (45%)	+\$649,613
Honey Creek	\$25.50	+\$11.00 (76%)	+\$1,104,444
**WCA (Town & County)	\$26.33	+\$11.83 (82%)	+\$1,187,7

Addendum to City Of Prairie Village Request for Solid Waste Proposal

August 10th 2016

Submitted to:

Wes Jordan

Assistant to the City Administrator

Waste Management is excited at the opportunity to provide the below amended points of our proposal for consideration in reference to the ongoing Solid Waste Proposal process.

1. Acceptance of either a 5 or 10 year contract term.
2. A reduced base rate of \$15.35
3. Holding the rate firm for the first two years of the contract.
4. A reduced annual increase cap of 3.25% in years 3-5 or 3-10.
5. Acceptance of the draft contract in principle, with the desire to enter into negotiations with city staff for final draft of contract.

We look forward to further discussion on the continuation of our partnership with the city of Prairie Village.

August 8, 2016

Mr. Wes Jordan
Assistant City Administrator
City of Prairie Village
7700 South Mission
Prairie Village, KS 66208

Dear Wes,

Let me start by thanking you for the opportunity to meet with you and Quinn to discuss our proposal for trash, recycling and yard waste service for the City of Prairie Village. I look forward to putting together a contract, and working through a transition plan to start service on January 2nd.

I will respond to the specific points we talked about item by item to insure clarification:

1. **TRASH CONTAINERS** – we are planning on providing a new 65 gallon cart to each resident for trash, and another 65 gallon cart for recycling. We understand that some residents may need a different size cart depending on the size of the family or even the size of the garage. We will work with those families and provide an alternate size container that may work better at the same cost. The lids of the carts will be different colors to easily differentiate trash and recycling. It is assumed that the current provider will remove their carts on the last week of December (the last pick up day) and we will schedule delivery either the same day, or the following day. The exact details of the delivery dates will be established with staff after the contract is signed.
2. **FINES** – We understand Prairie Village's concern about service, and we echo that concern. We agree that you are paying for the best service possible, and we understand the penalties should our drivers make a mistake. We would ask for an initial 60 day time frame where the fines are overlooked. The reasoning is simple; we are planning to service the residents on the same day that they currently receive service. However where a resident had the trash truck come at say 10 a.m. and the recycling at 2 p.m., we may get there with the recycling at 9:30 a.m. and the resident will think the trash is missed, only to see the truck come in the afternoon. It will take a few weeks for the drivers to get the routing down pat, and then a couple more weeks for the residents to get to the point where they can set their watches around the time the drivers get to their homes.

3. FAVORED NATIONS – Again, conceptually we agree with where Prairie Village is going with the Favored Nations clause. The difficulty is in the specificity of the proposal. To us pricing is a science, not an average. We take into consideration items like demographics, lot sizes, income levels, volumes of trash, volumes of recycling, types of recycling, house count, distant to disposal areas, distance to city from yard...etc. To find a community of the exact size and exact specification is extremely difficult if not impossible. We are offering the following verbiage for the Favored Nations clause. Should any community within 20 miles of Prairie Village, of the same size of Prairie Village received a price for service that is lower than the service price for Prairie Village then the representatives from Republic will be required to meet with the staff and explain what drove the pricing and why the difference exists.
4. FUTURE INCREASES – We will hold the first two years pricing flat as outlined in the specifications. The first increase would be due on January 1, 2019. We will take the Consumer Price Index report from June of 2018 and take the “Water, Sewer, Trash” line item year over year percentage. However, that increase will be capped at 3.25% per year. This way if the “Water, Sewer, Trash” Line item goes below 3.25% you will receive the lower increase, if it is above the 3.25% the increase will be capped.
5. TERM and PRICING – I recalculated our pricing based on a 10 year service contract, and the initial pricing would be \$16.45 per home per month.

Again, we appreciate the opportunity to work with the City of Prairie Village.

Sincerely

Hank Potts
Municipal Services Manager

City of Prairie Village, Kansas

Honey Creek Disposal/Hamm Inc. Response to Request for Proposal

Proposal Addendum

03 August 2016

26195 Linwood Rd
Lawrence, KS 66044
(913) 369-8999

03 August 2016

City of Prairie Village
Wes Jordan, Assistant City Administrator
7700 Mission Road
Prairie Village, KS 66208

City of Prairie Village:

Honey Creek Disposal, Inc. (HCD) is pleased to provide this addendum to our 7.21.16 Proposal for solid waste services to City of Prairie Village. HCD is a quality oriented firm that has and can readily perform the requested service. The amended price includes the following:

Single Stream + Glass Recycling: Single stream recycling including glass recycling. The addition of glass can increase total recycling by 20% recycling increase over competing single stream recycling systems without glass.

Dedicated Manager: As requested HCD will supply one "ambassador" equipped and empowered to resolve complaints in a timely manner.

Quality and Service Level: HCD provides the highest quality waste service in the marketplace and has a long history of providing high quality, high level service to clients. The service model for HCD is based upon the outstanding logistics example set by United Parcel Service and Federal Express. It is our goal to have best in class reliability and safe personnel and to operate the best waste and recycling collection service in Prairie Village.

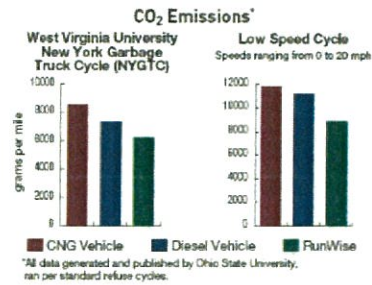

Green Waste: Green waste collection is to be provided by subcontractor Compost Connections. HCD's original bid included new equipment and compost facilities and did not provide for any subcontracting. The use of Compost Connections allows for utilization of their existing equipment and facilities. Thus, a substantial price reduction is reflected by this change. This addendum is based upon green waste collection and composting by Compost Connections.

Smartphone App: HCD has a smartphone service app in development to make and track service calls. It will launch in Fall 2016 and will be ready for Prairie Village residents to use.

RFID Tags - Service Verification for each Household: HCD will provide route verification collection systems to all residential customers in order to provide high quality customer friendly services. Carts will be equipped with Radio Frequency Identity tags (RFID) to record when carts are serviced.

Hybrid Drive Trucks: Hybrid drive trucks are quieter in neighborhoods and reduce greenhouse gases by 30% over diesel or CNG trucks (over 240 metric tons of CO₂). The environmental impact of these trucks is equivalent to permanently eliminating 50 cars or planting 6500 trees and allowing 10 years of growth.

Pricing:

Base level: \$17.35 per household
 Hybrid Drive Option: \$17.85 per household

We sincerely appreciate your consideration of HCD to provide collection services and would like to emphasize our strong desire to work with The City of Prairie Village. We look forward to the opportunity to present and discuss our unique approach and craft a solution that is acceptable to City of Prairie Village.

Sincerely,

Randy Weldon,
 General Manager

August 11, 2016

Jim's Disposal Service, LLC resubmit the proposal for the RFP for the solid waste.

Our changes that we would like to submit for the RFP monthly cost per resident, would be \$16.25 per eligible dwelling unit. We would subcontract to Compost Connection for leaf & brush, the annual large item pickup would be \$40,000.00 yearly. We have in place a 5yr landfill contract with a rate locked in. Our transfer station will be up & operating by the beginning of the 4th quarter of this year. All other items in the RFP would remain the same. Should you have any questions in regards to this resubmittal, please contact me.

Sincerely,

Chuck Byrd

COUNCIL COMMITTEE OF THE WHOLE
August 1, 2016

The Council Committee of the Whole met on Monday, August 1, 2016 at 6:00 p.m. in the Council Chambers. The meeting was called to order by Council President Ted Odell with the following members present: Mayor Laura Wassmer, Ashley Weaver, Jori Nelson, Serena Schermoly, Steve Noll, Eric Mikkelson, Andrew Wang, Sheila Myers, Dan Runion, Courtney McFadden and Terrence Gallagher.

Staff Members present: Captain Wes Lovett; Melissa Prenger, Public Works Project Manager; Katie Logan, City Attorney; Wes Jordan, Assistant City Administrator; Lisa Santa Maria, Finance Director; Alley Williams, Assistant to the City Administrator and Joyce Hagen Mundy, City Clerk.

Northeast Johnson County Chamber Update

Deb Settle, Executive Director of the Northeast Johnson County Chamber of Commerce, commended the city on recent special events including the groundbreaking for the Meadowbrook Park development, the Mission Chateau Project and the recent 20th Anniversary Villagefest celebration. She highlighted 2016 Northeast Leadership Program class which included Councilman Terrence Gallagher, and City employees - Wes Jordan and Meghan Boom, for their excellent work and service. The class in addition to doing a service project at Ronald McDonald's House has begun the process for scholarships for others to participate in the leadership program. She invited interested persons to attend an after-hours gathering on August 9th at Blue Moose to recruit 2017 class members and a ribbon cutting at 89th/Roe Shops on August 10th for another new Prairie Village business.

Ms. Settle was pleased to report that 50 Prairie Village businesses participate in the Chamber. She encouraged council members to attend the annual Gala on November 19th where four business awards will be awarded. The Chamber's recent and upcoming focus is on increasing voter participation in the upcoming primary and elections. This is a joint effort of all area chambers with election candidate information available at VoteJoCo.com website.

COU2016-48 Discussion and Review of Solid Waste Bids

The Governing Body directed City Staff to seek competitive bids for solid waste services for trash, recycling, yard waste, and large item pickup for nearly 8,400 residential addresses. The contract with Waste Management (formerly Deffenbaugh) is set to expire December 31, 2016. The last time the contract was formally bid was in 2002 with subsequent negotiated extensions.

Staff worked with Shockey Consultant Services, LLC, to prepare a Scope of Services and Solid Waste Request for Proposal that detailed expectations, specific services, fines for substandard service, and consideration of optional items. The following items were key points outlined in the bid proposal:

- Solid Waste

- Recycling
- Yard Waste (only change was slight increase to 12 containers per month all year)
- 1 bulky item per month (no larger than 2' X 2' and less than 45 pounds)
- Large item pick up on an annual basis
- Collection of City solid waste/recycling at PW, PD, and Harmon Park
- Increase Fine Amounts from \$30.00 to \$100>\$250>\$500 for excessive missed collections and customer service standards within a 12 month period
- Customer service standards specified that included correcting missed collections within 24 hours, answering/returning phone calls promptly, supervisory contact to handle complaints, and written reporting requirements (It was noted that there is no language in the current agreement to address the customer service call issues the city is experiencing.)
- "Favored Nations Clause"
- Overflow stickers for extra bags of trash
- Special collection for residents with hardships (It was noted that the city currently has 30 households with this service)
- Carts would not be left on sidewalks
- Carts would be collected regardless of "cars parking too close" or other obstructions
- Recycling Rebate paid to City
- Landfill in compliance with applicable laws, permits, and ordinances

Staff also included the following optional service items for consideration:

- 95 gallon containers (Staff recommends inclusion of this option, if it can be done without an increase in fees.)
- unlimited weekly landscape waste
- single stream (glass) curbside recycling material
- radio frequency identification for each cart

Mr. Jordan presented a cost history for solid waste services since 2012 when costs were at \$16.22 per month before renegotiated in 2013 to the current \$14.50 per month fee including administrative costs.

Mr. Jordan stated that staff is seeking direction in finalizing the scope of services and narrowing the selection of a bidder in order for staff to move forward in contract negotiations.

Proposals were received from five firms and are reflected in the matrix below:

It represents the total bid price on all basic services requirements detailed in the Request for Proposal and an administrative fee of \$1.00 per month. The administrative fee is used to pay for additional service items such as large item pickup, emergency collection needs, and partial percentage of salary attributed to oversight of solid waste services.

Monthly Total Cost per Residence:

Increase from 2016

Annual +/-

Waste Management (Deffenbaugh)	\$16.95	+\$2.50 (17%)	+\$ 251,010
Republic	\$18.44	+\$3.94 (27%)	+\$ 395,591
Jim's Disposal	\$20.97	+\$6.47 (45%)	+\$ 649,613
Honey Creek	\$25.50	+\$11.00 (76%)	+\$1,104,444
**WCA (Town & County)	\$26.33	+\$11.83 (82%)	+\$1,187,779

**A .70 cent administrative fee versus \$1.00 added to WCA's proposal since they factored the large item pick up into their monthly fixed rate.

Ted Odell confirmed that the percentage increase was over the existing contract cost. Mr. Jordan pointed out that these numbers reflect the worst case scenario as no further negotiation has been done with the preferred bidder.

Wes Jordan stated the awarding of this contract is not just about dollars. The level of service has to be considered. Staff recommends that the low bid of Waste Management be set aside due to the continued service related complaints that the city has received. He noted that over 300 complaints have been received in 2016 to date. He also noted that Waste Management's proposal rejects items in the RFP, proposed Solid Waste Agreement and items specific to the scope of services. It is staff recommendation that staff be directed to negotiate contractual terms with Republic Services.

Mr. Jordan noted that staff has checked the references provided by Republic and conducted an on-site visit at their facility in Kansas City, Kansas. Favorable references were given by the following cities with solid waste services provided by Republic:

- City of Liberty - 9,374 homes
- City of Excelsior Springs - 3,518 homes
- City of Kearney - 2,635 homes

Staff is seeking Council direction in finalizing the scope of services and narrowing the selection of a bidder in order for Staff to move forward in contract negotiations.

Mayor Wassmer thanked the five firms that submitted proposals for consideration by the city acknowledging the time taken to complete the RFP. She noted that, as in 2002 when the city went out to bid for these services, all the bids received are more than the current service cost. She noted that she has been involved in the resolution of some of the many recent complaints regarding the service provided by the current carrier and agrees with the staff recommendation to move forward with Republic Services based on their proposal and excellent references. However, she is disappointed with the significant increase in cost.

Wes Jordan distributed a listing of the 300 service complaints received to date and reviewed them with the Council. He noted the proposed agreement requires carts to be repaired or replaced within 48 hours. A current resident has been waiting four weeks for his cart to be repaired. Mr. Jordan acknowledged that there are many areas of the city that have been serviced without complaints or problems by Waste Management.

Terrence Gallagher confirmed that the cost for replacement of trash containers by the new providers was included in their bids. Mr. Jordan noted that he anticipated

“administrative” costs to go down in future years. He added that the current administrative fee has built up a substantial reserve over the past several years.

Andrew Wang pointed out that the new agreement has enhanced services in the pick-up of 12 bags of yard waste each month rather than the current six months of the year.

Courtney McFadden asked what impact there would be on the current composting and recycling programs with the new provider. Mr. Jordan replied that Republic subcontracts yard waste service through a separate company which dumps at a different site than they use for their recycling.

Eric Mikkelson stated he felt it has been good for the city to go through this process and that the process thorough and well thought out. He noted the contract was for a five year period and questioned if there was a cap on future year increases. Mr. Jordan replied that the price is flat for the first two years. It is difficult for companies to project fuel costs out several years and the amortization of new equipment over five years. He noted that a longer term agreement would probably lower costs. Mr. Mikkelson stated he would support a longer term contract with a limitation on the percentage of increase allowed in future years.

Sheila Myers asked why the chip technology was important. Mr. Jordan replied that it would provide real time pick-up information. However, Mayor Wassmer noted the chip was on the cart and sometimes when she doesn't have much trash she does not put her cart out. Mrs. Myers asked the life expectancy of Republic's landfill. Mr. Jordan replied 30 years. Mrs. Myers asked what the results were of the glass pilot program. Mr. Jordan responded that Waste Management is just completing that pilot and he does not have the results yet.

Courtney McFadden noted the impressive customer service record of Republic Services. Mr. Jordan stated they had a 25 second response time to pick up a call.

Mr. Odell asked why the city would not open up negotiations to both Waste Management as low bidder and Republic Services. Mr. Mikkelson would like to consider the top three. City Attorney Katie Logan stated the Council is not obligated to accept the lowest bid.

Wes Jordan stated that the bidders were present and could address the Council if desired.

John Blessing with Waste Management pointed out that they have been providing service to the City of Prairie Village for the past 14 years and asked the Council not to focus only on the challenges of the past 6 to 7 months. He noted that they addressed the Council earlier this year in response to issue they were having with staffing that resulted in many of the 300 complaints listed on the sheet distributed. He also pointed out that the city is unable to get similar data from the other bidders for comparison. In response to Mr. Jordan's comments regarding the proposed agreement, their intent was

to identify areas to be discussed further in negotiations. They would welcome the opportunity to come to the negotiation table to work out contract language. In regard to some of the proposed options, Mr. Blessing had these comments:

- 95 gallon cart - the need for this is already addressed with the ability to get overage stickers
- Unlimited trash - is a move in the wrong direction for compliance with Johnson County solid waste regulations. He recently met with the City's Environment/Recycle Committee who were encouraging more recycling and less trash
- Unlimited yard waste - again going against Environment/Recycle Committee's encouragement for more composting.
- Glass recycling is being pulled from contracts by other service providers
- Technology Chips - this is primarily a cart monitoring systems for inventory control and many cities have stopped using it.

Mr. Blessing noted that they have proposed a fixed increase of 3.5% while others are proposing a percentage based on indexes that fluctuate. The fixed increase allows the city to effectively budget. Mr. Mikkelson confirmed the initial two years are at the same cost and then a fixed 3.5% increase in years three through five. He asked if that would change with a longer term contract. Mr. Blessing replied they prepared their bid to be most competitive from the start.

Sheila Myers confirmed that Waste Management does not support single stream glass recycling.

Terrence Gallagher noted that when they appeared before the Council earlier in the year, they were experiencing staff shortages and asked if that had been addressed. Paul Howe reported that their past two hiring events were very successful. They were able to hire 38 new employees with 18 currently out on the streets and the other 25 in training. They have extended their training program and are releasing two to three new employees each week. He feels they can now meet current and future staffing needs.

Hank Potts with Republic Services stated that they are a customer service based company with a 98% success rate. They will have \$3.5M in new trucks on the street. Mayor Wassmer asked if they were experiencing driver shortages. Mr. Potts replied that they are not. Mayor Wassmer asked what normal employee tenure was. Mr. Potts noted that employee tenure is generally at both ends of the spectrum with 15/20 year employees and 2/3 year employees - either you like the work or you don't.

Eric Mikkelson asked what rate increases could be expected in the later years of the contract and if they had any concerns with the contract language. Mr. Potts replied the first two years are flat with subsequent increases capped but based on the CPI for water/sewer/trash. He feels some of the contract language needs to be clarified such as the terminology "favored nation's clause" needs to be better defined. Mr. Mikkelson asked if he would favor a longer term contract. Mr. Potts replied that a longer contract could impact the costs as it would provide an opportunity for depreciation of new equipment and costs over an extended period of time.

Serena Schermoly asked how many new employees were anticipated to cover Prairie Village. Mr. Potts replied 12 to 15 and that they would be hired in October and ready to start the first of the year with 6 to 7 being drivers with more during the months when yard waste was heavier. Mrs. Schermoly asked what their turnover rate was. Mr. Potts replied less than 7%.

Courtney McFadden asked for additional information on "Compost Connection". Mr. Potts replied this is an independent company that would work as a subcontractor responsible for compost services. They have their own trucks, drivers and landfill.

Chuck Byrd with Jim's Disposal stated that they are a local company that has been operating in the Kansas City area for 18 years. Over the past ten years they have provided trash and recycling service to 5200 homes in the most difficult part of Kansas City, Missouri. They are very customer service orientated and have a good relationship with their drivers and employees that work in a close-knit family environment. He thanked the City for the opportunity to bid.

Eric Mikkelson asked how their annual increases are computed. Mr. Byrd replied they use the refuse rate index (RRI) which can fluctuate either up or down. He added the company is committed to making a significant investment in trucks to accommodate this contract. They would have 9 - 10 drivers covering the area and would be ready for a January 1st launch.

Sheila Myers asked about the landfill. Mr. Byrd replied they have a transfer station in eastern Jackson County that will open late September.

Charlie Sedlock with Hamm's Landfill acknowledged that their bid was high; however, he noted their 50 year history of processing at their Lawrence landfill which is used by the Kansas Department of Health and Environment (KDHE) for its training. He also stated they opened a new recycling center two years ago and that they do recycle glass. Honeycreek follows the customer service model used by Federal Express and UPS. Customer service is their only focus. He noted their bid includes the cost of new equipment and carts and stated they have a very low employee turnover ratio.

Mayor Wassmer questioned why their bid was so much higher. Mr. Sedlock stated the RFP is requesting an extremely high level of service. He added that their rate increases are similar to the RRI.

Tom Coffman with WCA (Town & Country) stated he had never seen an RFP like the one requested. In order to cover all the requirements, they included everything in their bid including a dedicated employee on the street and another dedicated employee in the office. Mr. Coffman noted they have worked through transition issues during their recent acquisition.

Eric Mikkelson acknowledged that each of the bidders brought strengths to the table and stated he would like to see what they can do with the bottom line cost figures.

Council President Ted Odell recessed the Committee of the Whole meeting at 7:25 for the scheduled City Council meeting. The meeting will reconvene at the conclusion of the City Council meeting.

Council President Ted Odell reconvened the Council Committee of the Whole meeting at 8:15 p.m.

Sheila Myers expressed concern with the confusion with the RFP. Wes Jordan stated the RFP was uniquely tailored to Prairie Village to address the needs of the city and its expectations. He said bidders were present during a mandatory pre-bid meeting to clarify any issues or questions. The customer service was a major focus of the RFP. The city is not staffed to handle the volume of complaints that it has been receiving regarding trash service. The city needs first response resolution, not the multiple calls for the same unaddressed service issues. He feels the RFP is clearly written, but acknowledged that the "favored nations clause" requested by the council may be somewhat of a grey area.

Dan Runion asked how much staff time was being taken. Mr. Jordan replied that calls are initially handled by the receptionist and if she cannot get resolution the call is given to him. He noted a call could take as long as 10 to 20 minutes.

Mr. Runion confirmed that the bid costs included the cost of replacement carts.

Eric Mikkelson clarified that he is not suggesting rebidding. He feels staff should be directed to precede with negotiations with Republic, but if a company submitted a substantially improved proposal that the council be allowed to consider it. Mr. Jordan stated that firms were directed at the pre-bid meeting to sharpen their pens and put forth their best bid.

Mr. Mikkelson asked how long time it was estimated the negotiations would take. Mr. Jordan replied it depended how far apart the two parties were, but he felt it would be a minimum of two weeks and he would like to have it completed within 30 days to provide ample time for the contractor to prepare.

Steve Noll stated that he felt the "favored nation's clause" was not relevant. Residents want their trash picked up in a consistent and timely manner.

Mayor Wassmer stated that in the negotiation process she would like to see lower increase in costs in the second and subsequent years of service noting the large increase the city's residents are taking in the initial year with the change.

Eric Mikkelson moved the City Council direct staff to negotiate an agreement with Republic to provide solid waste services, however, acknowledging that if a revised substantially improved proposal is received from a provider it can be considered by the City Council. The motion was seconded by Terrence Gallagher.

Jori Nelson confirmed this would only be from a company that had submitted an original bid and not any new providers.

JC Alonzo, consultant with Shockey Consultant Services, stated that they had reviewed several other solid waste services contracts both from within the region and nationally. They looked at cities of similar size as well as larger cities. He noted that all of the language in the RFP could be found elsewhere in another city's document. They placed high value on service expectations. He believes the methodology followed in the staff recommendation is sound. Tracking should be done by the provider and be available to the city. In response to Mr. Runion's earlier question, he has read the cost to respond to customer service calls quoted at \$50 to \$60 per hour.

Jori Nelson confirmed with the City Attorney that if the city entered into a long term agreement and service did not meet expectations that the contract could be terminated.

The motion was voted on and passed by a vote of 10 to 1 with Ted Odell voting in opposition.

ADJOURNMENT

The Council Committee of the Whole meeting was adjourned at 9:15 p.m.

Ted Odell
Council President

MAYOR'S ANNOUNCEMENTS

Monday, August 15, 2016

Committee meetings scheduled for the next two weeks:

Environment/Recycle Committee	08/26/2016	5:30 p.m.
Council Committee of the Whole (Tuesday)	09/06/2016	6:00 p.m.
City Council (Tuesday)	09/06/2016	7:30 p.m.

=====

The Prairie Village Arts Council is pleased to present the works of Mary Ann Coonrod and Cookie Cave during the month of August.

Plan to attend the "Dog Days of Summer" at Franklin Park on Saturday, August 20th from 10 am to 2 pm. A rain date has been set for Sunday, August 21st if needed.

The pool will close for the 2016 season at 6 p.m. on Monday, September 5th. Remember now that school is back in session, the pool hours are 4:30 to 8:30 on weekdays.

The 2nd Annual "Puppy Pool-Ooza" Dog Swim will be held at the Prairie Village Pool on Tuesday, September 6th from 5 p.m. to 7 p.m.

Mark your calendar for the 7th Annual Prairie Village Jazz Festival on Saturday, September 10th from 3 p.m. to 10:30 p.m. If you are interested in volunteering for the event, please contact Joyce or Meghan.

PLANNING COMMISSION MINUTES
July 12, 2016

ROLL CALL

The Planning Commission of the City of Prairie Village met in regular session on Tuesday, July 12, 2016 in the Municipal Building Multi-Purpose Room at 7700 Mission Road. Chairman Nancy Wallerstein called the meeting to order at 7:00 with the following members present: Gregory Wolf, Melissa Brown, James Breneman, Jonathan Birkel, and Jeffrey Valentino.

The following persons were present in their advisory capacity to the Planning Commission: Chris Brewster, City Planning Consultant; Mitch Dringman, Building Official and Joyce Hagen Mundy, Commission Secretary.

APPROVAL OF MINUTES

Jeffrey Valentino moved for the approval of the minutes of the Planning Commission for June 7, 2016 as submitted. The motion was seconded by Gregory Wolf and passed by a vote of 5 to 1 with James Breneman abstaining.

PUBLIC HEARINGS

There were no Public Hearings scheduled before the Planning Commission.

Chairman Nancy Wallerstein asked to reverse the order of applications due to a conflict of interest by a Commissioner on PC2016-119.

NON PUBLIC HEARINGS

**PC2016-120 Request for Preliminary & Final Plat Approval -
For Replat of Prairie Ridge Lots 3, 4, & 5, Block 23
5201 West 77th Street**

Harold Phelps, with Phelps Engineering and Matt Good, property owner, review their application for the replating of three 3 lots on the southwest corner of Rosewood and 77th Street. This property was originally platted in 1953. Each lot includes a single family dwelling and some additional accessory structures. They date from around the original date of the plat with the exception of some minor additions and modifications. This proposal is to replat the 3 lots into 5 lots for redevelopment as single-family structures.

James Breneman noted lot 4 shows a sanitary sewer easement extending from the north to south lot line. Matt Good replied this interrupts the buildable area for this lot and they are working with Johnson County Wastewater. A new easement will be dedicated to Johnson County Wastewater providing a connection to the lot immediately to the south of Lots 4 and 5 by a separate instrument.

Nancy Wallerstein asked if this application falls under the existing regulations or the new regulations. Mr. Brewster responded that the approval of the plat falls under the existing regulations; however, the homes when constructed will fall under the new regulations.

Chris Brewster noted the property is zoned R-1B which has a required minimum lot size of 60' x 100'. In addition the Prairie Village subdivision regulations provide that the Planning Commission consider the average size of all lots within 300' of a proposed subdivision as part of the lot size standards, along with other similar criteria regarding the size, pattern and configuration of lots.

The proposed lots all exceed the minimum standards for the R-1B zoning district. Three lots are approximately 70' x 209, and two are approximately 70' x 109'. The corner location and configuration of adjacent lots on the block result in two of the lots (proposed Lot 5 and Lot 3, respectively) being slightly larger than that due to the shape.

The area has many different configurations of lots due to the street network and pattern of blocks. However, the proposed lots are consistent with the sizes and patterns of lots within 300' of the proposed subdivisions:

- The typical lot pattern to the south and east is 65' - 72' x 125'. Deviations from this pattern are primary due to irregular block shapes or internal corners.
- The typical pattern to the north and west is 75' - 85' x 140'. A few lots are smaller than this, and several are significantly larger (6 lots in the 12,000 to 25,000 square foot range). The larger lots are primarily due to the large block and unusually deep lots immediately to the north across 77th street.

The proposed lots show all applicable setbacks for the R-1B district indicating the buildable area. In addition - and due to some pending considerations for setbacks in the R-1B zoning district at the time of pre-application meetings and discussions, 7' building lines are shown on the side setbacks. However, the City Council ultimately approved amendments that amount to the following for these lots:

- 6' side setbacks;
- Minimum of 20% of frontage between each sides (so 14' minimum total - i.e. it could be 6' on one side and correspondingly 8' on the other); and
- Minimum 12' between adjacent structures
- And 15' on street sides of corner lots, or ½ the depth of any front yard on any adjacent lot which faces the same street.

This affects the proposed lot in two ways:

1. The displayed building lines could be reduced to 6' on any one side, provided the other side is increased to 8';
2. The street side setback is shown as 15' along Rosewood. This meets the corner side setback in either case since the adjacent building facing Rosewood is setback approximately 25' from the street.

Public Works has reviewed this plat and has no issues with respect to utilities, infrastructure or drainage.

Harold Phelps stated that they will remove the 7' side yard designations currently on the plat prior to recording the plat with the county.

Jeffrey Valentino suggested that condition 4 be added to the staff recommendation that “the applicant remove the designated setbacks shown on the plat prior to recording and let the zoning standards control established setbacks”.

Mr. Brewster advised that the proposed replat of Prairie Ridge lots 3, 4 and 5 into 5 lots meets all of the standards of the City’s zoning ordinance for R-1B district and the requirements for a Final Plat in the subdivision regulations.

Gregory Wolf moved the Planning Commission approve PC2016-120, the Prairie Ridge Replat of Lots 2, 3, & 4 and part of 5 (Block 2, Block 22 & Block 23), and recommended the Governing Body for acceptance of easements, subject to the following conditions:

1. The Final Plat be submitted to the Governing Body for acceptance of easements.
2. That the applicant submit the Final Plat to the County (surveying and engineering) after approval by the City.
3. Prior to recording the Final Plat, it will be necessary for the property owner to vacate the existing sanitary sewer easement on proposed lot 4 and grant a new easement to Johnson County Wastewater meeting their requirements to serve any existing or future needs associated with that easement.
4. That the applicant remove the designated 7 foot side setbacks shown on the plat prior to recording and let the applicable zoning standards control.

The motion was seconded by James Breneman and passed unanimously.

**PC2016-119 Request for Preliminary & Final Plat Approval -
Mission Chateau - 2nd Plat
8500 Mission Road**

Melissa Brown recused herself from the meeting due to a professional conflict of interest on this application and left.

Wil Anderson, with BHC Rhodes, presented the proposed Mission Chateau - 2nd Plat which replats Lot 2 on the original plat into 13 individual lots for the villas.

Nancy Wallerstein asked if the plat reflected the change made by the Planning Commission on the driveway for Lot 3. Mr. Breneman noted it was Lot 5. Mr. Brewster responded that change was addressed in the final development plan which the Commission approved. He noted that each of the individual lots will return to the Commission for site plan approval.

Mr. Brewster reviewed the history of this application noting that the Planning Commission approved a preliminary and final plat for Mission Chateau on March 1, 2016. At that time it was understood that Lot 2 would be replatted at a future date to facilitate the construction and sale of the villas, according to the final development plan. The final development plan was also approved by the Planning Commission on March 1, 2016 subject to conditions. Previously, the Planning Commission heard the

application for a special use permit, site plan approval and a preliminary plat at a special meeting on July 29, 2015. The Commission recommended approval of the special use permit and site plan, subject to conditions, and the Council approved both recommendations on August 17, 2015.

Nancy Wallerstein questioned the width of the proposed sidewalk at 5' asking if it would be widened to accommodate connection to the city's trail system. Mr. Anderson replied that they are currently working with Public Works on the details of the sidewalk. Mr. Breneman noted that there is a 40' sidewalk easement designated on the plat. Mrs. Wallerstein expressed hesitation approving a five foot sidewalk and asked if this could be addressed through the landscape plan. Mr. Brewster noted their landscape engineer has been working with the applicant primarily on the trees and plantings. Mrs. Wallerstein stated she would be more comfortable with the wording be changed to read "a minimum of a 5-foot sidewalk". This would allow for potential future expansion to meet trail guidelines.

Rick Jones, with NSP&J, stated that if the city requires an 8-foot wide sidewalk/trail constructed. It will be constructed. Mike Allen with NSP&J noted the width of the sidewalk will impact the proposed bridge on the site.

Jeffrey Valentino supported Mrs. Wallerstein's proposed change to provide flexibility to address possible expansion in width. Mr. Allen noted that they are currently working with Public Works on curb cuts and will do as directed by them.

Chris Brewster stated that since approval of the final plat and final development plan the applicant has advanced on planning and engineering based on those approvals, and is preparing Lot 2 for the construction of the villas. They have submitted a replat of Lot 2, and the following comments relate to the recommended conditions for approval of the preliminary plat from Staff's July 7, 2015 review, and approved final plat from March 1, 2016:

1. **That the applicant provide a 5-foot sidewalk on the west side of Mission Road.**
On the replat, the applicant has indicated that a 40' deep easement along the west side of Mission Road for the location of the minimum 5-foot sidewalk.
2. **That the applicant work with Public Works on the final design of the storm drainage system.**
Public Works has reviewed the previously approved final plat and the proposed drainage system, and the replat is consistent with the approved final plat.
3. **That the 25-foot platted rear setback line be dimensional on the northwest property line of Lot 1.**
[Not affected by the replat.]
4. **That the applicant prepare covenants to guarantee the maintenance of the common areas and utilities and submit it with the Final Plat.**

Draft covenants have been submitted with preliminary review and approvals to address this condition. These covenants may change or be updated prior to final submittals for development plans and construction. Prior to recording the Final Plat or replat, the final proposed covenants shall be submitted demonstrating that this condition is met.

5. **That the applicant dedicate a pedestrian easement on the west side of Lot 2 to provide access to Somerset Drive and construct the sidewalk.**

On the replat, a 10' easement is shown at this location (proposed Lot 13 on the replat); the sidewalk will need to be constructed as proposed through in the final plans and site development permits.

6. **That the applicant protect and preserve as much existing vegetation as possible along the property lines.**

A final landscape plan was approved by staff in May preserving trees along Mission Road and the property boundaries. All construction will need to occur according to the approved landscape plan.

7. **That access control to two locations on Mission Road be indicated on the plat.**

Public Works reviewed the previously approved final plat and the driveways and access controls are in accordance with the final plat.

8. **That the driveways be constructed to City standards.**

Public Works reviewed the previously approved final plat and the driveways and access controls are in accordance with the final plat; construction and specifications for the driveway will occur through subsequent permits to ensure City standards are met.

9. **That access control to two locations on Mission Road be indicated on the plat.**

Public Works reviewed the previously approved final plat and the driveways and access controls are in accordance with the final plat.

10. **That the driveways be constructed to City standards.**

Public Works reviewed the previously approved final plat and the driveways and access controls are in accordance with the final plat; construction and specifications for the driveway will occur through subsequent permits to ensure City standards are met.

Chris Brewster noted that the Subdivision Regulations also require the following additional information to be submitted with the Final Plat:

- A. Covenants - draft covenants submitted; final proposed covenants need to be submitted prior to recording to demonstrate that all conditions of the Special Use Permit, Site Plan and Plat approvals have been met.
- B. Proof of Ownership - submitted
- C. Review by County Surveyor - (The County Engineer will not review the Final Plat until it is approved by the City.)
- D. A Certificate showing all taxes and assessments have been paid - submitted.

- E. Construction Documents for streets, sidewalks and storm drainage - Construction documents will be submitted prior to final permits for site development and construction of improvements.

Staff advised that the proposed Final Plat for Mission Chateau 2nd Plat - Replat of Lot 2 is coordinated with the approved Special Use Permit and Final Development Plan and may be approved with the following exceptions which will need to be conditions of approval of the Final Plat:

1. The approval is conditioned previously approved final development plan and conditions. Specifically as it relates to this plat:
 - a. Future buildings on proposed Lots 3 through 13 require approval of new plans by the Planning Commission demonstrating conformance with the approved Final Development Plan and Special Use Permit. [this is the continuation of condition 5.d. of the Final Development Plan approval, reflected in the March 1, 2016 staff report.]
 - b. All future construction shall be in conformance with the approved landscape plan (L1.00 Bid Set Vol.3 dated 4/29/2016).
 - c. A sidewalk along the west side of mission road correspond to the easement and be constructed in accordance with the approved final development plan.
 - d. A sidewalk connection on the west side of proposed Lot 13 in the replat correspond to the easement and be constructed in accordance with the plan.
 - e. Covenants demonstrating adequate maintenance of all common areas be approved in accordance with the final plans, and the plat shall not be recorded until those covenants are reviewed and endorsed by the City as addressing all conditions of the special use permit and final development plan.
2. That any changes to approved final development plans that do not correspond to the platted lot and easements shown on the proposed final plat shall require the submittal of a new final plat corresponding to those changes and meeting all of the conditions for project approval.
3. That the applicant submit the final plat to the County (surveying and engineering) after approval by the City.
4. The final plat be submitted to the Governing Body for acceptance of easements.
5. Prior to the recording of the final plat, it will be necessary for the property owner to either construct all the proposed improvements or provide a financial guarantee to the City that the proposed improvements will be constructed in accordance with the approved final development plans that were conditions of the special use permit and site plan approval.

James Breneman moved the Planning Commission approve PC2016-119, the preliminary and final plat for Mission Chateau - 2nd Plat subject to the following conditions recommended by staff:

1. The approval is conditioned previously approved final development plan and conditions. Specifically as it relates to this plat:

- a. Future buildings on proposed Lots 3 through 13 require approval of new plans by the Planning Commission demonstrating conformance with the approved Final Development Plan and Special Use Permit. [this is the continuation of condition 5.d. of the Final Development Plan approval, reflected in the March 1, 2016 staff report.]
 - b. All future construction shall be in conformance with the approved landscape plan (L1.00 Bid Set Vol.3 dated 4/29/2016).
 - c. A minimum 5-foot sidewalk along the west side of Mission Road correspond to the easement and be constructed in accordance with the approved final development plan and comply with the Prairie Village Trail Plan or CIP plan for Mission Road.
 - d. A sidewalk connection on the west side of proposed Lot 13 in the replat correspond to the easement and be constructed in accordance with the plan.
 - e. Covenants demonstrating adequate maintenance of all common areas be approved in accordance with the final plans, and the plat shall not be recorded until those covenants are reviewed and endorsed by the City as addressing all conditions of the special use permit and final development plan.
2. That any changes to approved final development plans that do not correspond to the platted lot and easements shown on the proposed final plat shall require the submittal of a new final plat corresponding to those changes and meeting all of the conditions for project approval.
 3. That the applicant submit the final plat to the County (surveying and engineering) after approval by the City.
 4. The final plat be submitted to the Governing Body for acceptance of easements.
 5. Prior to the recording of the final plat, it will be necessary for the property owner to either construct all the proposed improvements or provide a financial guarantee to the City that the proposed improvements will be constructed in accordance with the approved final development plans that were conditions of the special use permit and site plan approval.

The motion was seconded by Gregory Wolf and passed by a vote of 5 to 0.

OTHER BUSINESS

The Planning Commission members were reminded of the joint Planning Commission/City Council presentation on new wireless technology on Monday, August 18th at 6 p.m. in the Council Chambers.

The August Planning Commission meeting, Tuesday, August 2nd, will include two applications for residential building line modifications.

Planning Commission members requested printed copies of the revised code and recommended that the city's website and Village Voice feature information reviewing the new changes adopted.

ADJOURNMENT

With no further business to come before the Commission, Chairman Nancy Wallerstein adjourned the meeting at 7:45 p.m.

Nancy Wallerstein
Chairman

JazzFest Committee Minutes July 7, 2016

Present: JD Kinney, Dan Andersen, Donelea Hesper, Brooke Morehead, John Wilinski, Mike Schermoly, Amanda and Dave Hassett and Joyce Hagen Mundy.

The minutes of the June 15, 2016 meeting were approved.

Volunteers

JD reported that Alex had advised him that he has been able to secure five to ten student volunteers and anticipated more. He also added that he spoke with a member of First Lutheran Church in Mission Hills. They have a jazz service once a month and wanted to promote it at the festival. He told them they could share a table and hand out information if they would provide volunteers for the event.

Sponsorships

JD reported that Claridge Court has an interim director and he has not been able to secure a commitment for a donation/purchase of fans. He will try again, but the committee may need to consider offering the option to another potential sponsor. Brooke Morehead reported that CBRE will not be able to do a \$5000 sponsorship. She advised them that any level sponsorship would be appreciated. Joyce stated that letters were mailed out this week to former sponsors who have not committed to the 2016 festival.

Budget

JD Kinney distributed and reviewed the 2016 proposed Jazz Fest Committee budget. \$105 was made from T-shirt sales at the Art Fair and VillageFest. The current balance in the account is \$40,000. Sponsorships are \$14,000 under budget; however, First Washington has committed to their previous \$5000 sponsorship. He feels comfortable that additional funds will come in and noted that reductions in expenditures could be considered if necessary. Based on historical data, he felt the event would be able to cover the budgeted expenditures incurred with revenue from the festival.

Committee Reports:

Talent

Nothing new to report from John.

Stage/Set-up - Dan reported that he will be meeting with Public Works and Police Department now that VillageFest is over. Dan reported that the Arts Council discussed their participation at JazzFest at their meeting and is looking at increasing spending on the festival. They are investigating hiring vs. using student face painters.

Food & Beverage - Amanda requested that volunteers eating be coordinated with their work schedule for better flow on the demands of the caterer. Dave reported that the food vendor contracts have been sent out. He has contacted the ice supplier. He is still trying to get in touch with the new director at Crawfords.

Dave will be contacting Alan Gaylin regarding the use of their liquor license again. JD reported that the committee has received donated 35 cases of leftover water from Jazz in the Woods and leftover wine and sangria ingredients are available for purchase from

them as well. 10 cases were given to the SME Orchestra to sell at VillageFest in exchange for the use of their chairs and music stands at the festival.

JD noted that he has leftover cups from last year's festival, but noted that the cups provided by Crawford's for beer last year were 10 oz. instead of the 7 oz. used the previous year. He would prefer to have the 7 oz. cups.

Marketing - The deadline for the JAM ad is July 15th. JD will send Michael the pdf of last year's ad as well as the Village Voice insert which is due August 5th. Yard signs will need to be ordered in August. Joyce will get Michael information on previous orders.

Michael distributed sketches of possible designs for the 2016 JazzFest T-Shirt. Joyce will get him past order information. It was noted that additional volunteer T-shirts need to be purchased probably in the medium and large sizes.

The top banner for the stage will be reused; however, two side banners recognizing the sponsors will need to be printed and need to be 7% clear to allow sound through them. JD Kinney noted the large banner over Mission Road for VillageFest and would like to consider it for JazzFest. Their banner cost approximately \$1000 and was hung by KCP&L. Joyce will talk with Dale Warman regarding hanging the banner. No decision was made, it will be reconsidered if budget allows.

Operations

The committee discussed the need for an ATM. Dan Andersen noted the use of phone readers connecting to the city's PayPal account at the Art Fair. It was suggested that these be used at the entrance areas and possibly available elsewhere. Cash was the preferred method of payment. It was confirmed that the vendors allowed for credit purchases. Brian Peters will be asked to look into getting an ATM.

The meeting was adjourned at 6:30 p.m.

Next Meeting

The next meeting will be Thursday, August 11th at 5:30 p.m.
