2017 Budget

The Star of Kansas

GOVERNMENT FINANCE OFFICERS ASSOCIATION

*Distinguished
Budget Presentation
Award*

PRESENTED TO

**City of Prairie Village
Kansas**

For the Fiscal Year Beginning

January 1, 2016

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to the City of Prairie Village, Kansas for its annual budget for the fiscal year beginning January 1, 2016. In order to receive this award, a government unit must publish a budget that meets program criteria as a policy document, as an operational guide, as a financial plan, and as a communication device. This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements and we are submitting it to the GFOA to determine its eligibility for another award.

COMMUNITY VISION STATEMENT

City of Prairie Village, Kansas

The City of Prairie Village preserves the ambiance of a village with the livability of a neighborhood. The “village” lifestyle is enhanced by quality education, a variety of housing, recreation and local commerce in pedestrian friendly centers.

Executive Summary

The Honorable Mayor and City Council of the City of Prairie Village, Kansas:

The City of Prairie Village staff is pleased to present the 2017 Budget. The Governing Body and City staff conducted budget work sessions during the spring of 2015 and had a public hearing in August. The City's finances are healthy and stable, thanks to difficult decisions made and past actions of City Council and Department Directors.

The total 2017 Budget equals \$28,659,801, a 6% increase over the 2016 adopted Budget. The increase is in large part attributable to budgeting for contingency in funds that did not have contingency funds prior to this year, and an increase in spending in Capital Outlay, which includes heavy machinery used in the Public Works. The total 2017 General Fund expenditure budget was 3.3% more than the 2016 General Fund expenditure budget. The annual budget is one of the most important documents prepared by the Governing Body. The primary purpose of the budget and budget process is to develop, adopt, and implement a plan for accomplishing goals for the upcoming year within given constraints. It serves as a financial plan, provides guidance to Department Managers and communicates the City's financial condition. Most importantly, it presents the Governing Body's vision for the community by describing how public funds will be spent in order to achieve policy objectives.

Development of the 2017 Budget has been a lengthy, challenging process requiring careful study, asking tough questions, and making difficult decisions about both current and future issues facing the community. The continued slow recovery of the economy has resulted in a conservative revenue forecast. Several revenues remain sensitive to consumer confidence and therefore give way to a guarded projection approach. While continuing to address the core needs of the community, the 2017 Budget remains basically the same, but includes the addition of a full-time Building Inspector position and an increase of \$100,000 to the Police Pension Plan funding. The 2017 Budget has been designed to be consistent with the long-term vision of the City and the overriding goals and objectives of the City.

The 2017 Budget is only one part of the City's planning process. The City's four-year Capital Infrastructure Program (CIP) and The Village Vision Strategic Investment Plan are the other parts of the planning process. The CIP is included in this budget document and includes the City's infrastructure plans through 2020. The Village Vision was adopted by the Governing Body in June 2007 and is both a comprehensive plan and a strategic investment plan. In June 2009, the Council adopted the Parks Master Plan. This plan will guide the development and improvement of parks, trails and recreation programs for the next 10-15 years and is the culmination of a public input process that lasted several months. All three of these plans played a significant role in developing the 2017 Budget. In addition to these strategic plans, there were many factors influencing the development of the 2017 Budget. Each of these factors is discussed on the following pages.

Goals and Objectives – 2017 Budget Process

The Governing Body established the following goals and objectives to guide the preparation of the 2016 Budget:

- Maintain high quality services and programs;
- Maintain quality streets, parks and infrastructure;
- Continue strong financial condition;
- Maintain AAA bond rating;
- Increase financial transparency;
- Increase citizen participation in budget issues, and
- Be mindful of the tax burden.

To meet these goals and objectives, the Governing Body and City staff employed the following strategies:

- Conduct a thorough review of all budget items at the staff level;
- Review new revenue opportunities;
- Plan for future needs by utilizing the reserve funds, and
- Assess and plan for technology needs.

Village Vision

The Village Vision provides the framework for the City to move forward and continue to be a highly desired community. As part of the budget process, department heads linked their programs to the goals of The Village Vision.

Budget Challenges

When developing the budget, the Governing Body and the staff faced several challenges in meeting the goals and objectives set forth at the beginning of the process.

- Current economic conditions – The 2017 Budget was developed during uncertain fiscal circumstances as the national, state and regional economies continue a slow recovery. These factors resulted in an adoption of a conservative budget with no additional tax burden passed onto residents.
- Infrastructure – The adopted 2017 – 2020 Capital Improvement Program allocates the equivalent of 19.5% of current General Fund resources to capital infrastructure construction in 2017 to help with infrastructure demands. The Capital Infrastructure budget accounts for 27% of the 2017 budget.
- Maintain adequate financial reserves – The City works to maintain an adequate General Fund reserve to address emergencies, changes in economic conditions, and large capital needs. The December 31, 2017 fund balance is projected to be \$4,693,072, which is thought to be sufficient to maintain fiscal flexibility.
- Costs of employee benefits – benefit costs continue to rise. The contribution requirements for pension plans increased significantly in the last couple of years and the 2017 Budget reflects a continuation of this trend due to the condition of the financial markets.
- Technology – The City continues to maintain its technology infrastructure with funding provided in the 2017 budget.

Responses to Budget Challenges

At the beginning of the 2017 Budget development, the City's projected expenditures exceeded projected revenues. To address the gap and balance the budget, savings from the 2015 budget will be used to offset the difference. The Governing Body and staff looked closely at ongoing expenditures versus one-time expenditures as a way to address current budget needs. The Governing Body also examined other budget reduction strategies presented to them by City staff. In order to maintain reductions while preserving city services, expenditure cuts and reallocation of resources continue. In addition, employee compensation and benefits were examined. Maintenance of quality infrastructure continues to be a challenge. Maintenance costs continue to grow and deferment would result in increased future replacement costs. Therefore, the City anticipates increasing general funding to infrastructure maintenance in order to maintain a level that adequately addresses the City's infrastructure maintenance needs.

Revenues

The City's revenues continue to be relatively stable. Total revenues for all funds increased 3.8% from the 2016 Budget. The bulk of the increase is due to an increase in Intergovernmental funds and Fines and Fee collections.

General fund revenues are projected to increase 4.9% from the 2016 Budget. The increase is due to a continued upward trend in property values and increased investment income.

The following chart shows the composition of the City's revenues for 2017.

Property Taxes – The City's assessed valuation for 2016 increased 6% over the assessed valuation for 2015. The average home sales price increased 4.57% from 2014 to 2015, while the mean appraised value rose 5.31% during the same time period. There is no mill levy rate increase in the 2017 Budget.

Sales & Use Taxes – The City's sales and use tax revenues are budgeted to be 3.5% above the 2015 budgeted revenues. This was based on 2015 actual, estimated 2016 revenues and current projections. The City began collecting an additional 1% sales tax in 2011 from two Community Improvement Districts that were established in 2011. Due to the volatile nature of sales tax as a revenue source, sales tax collections are reviewed on a quarterly basis.

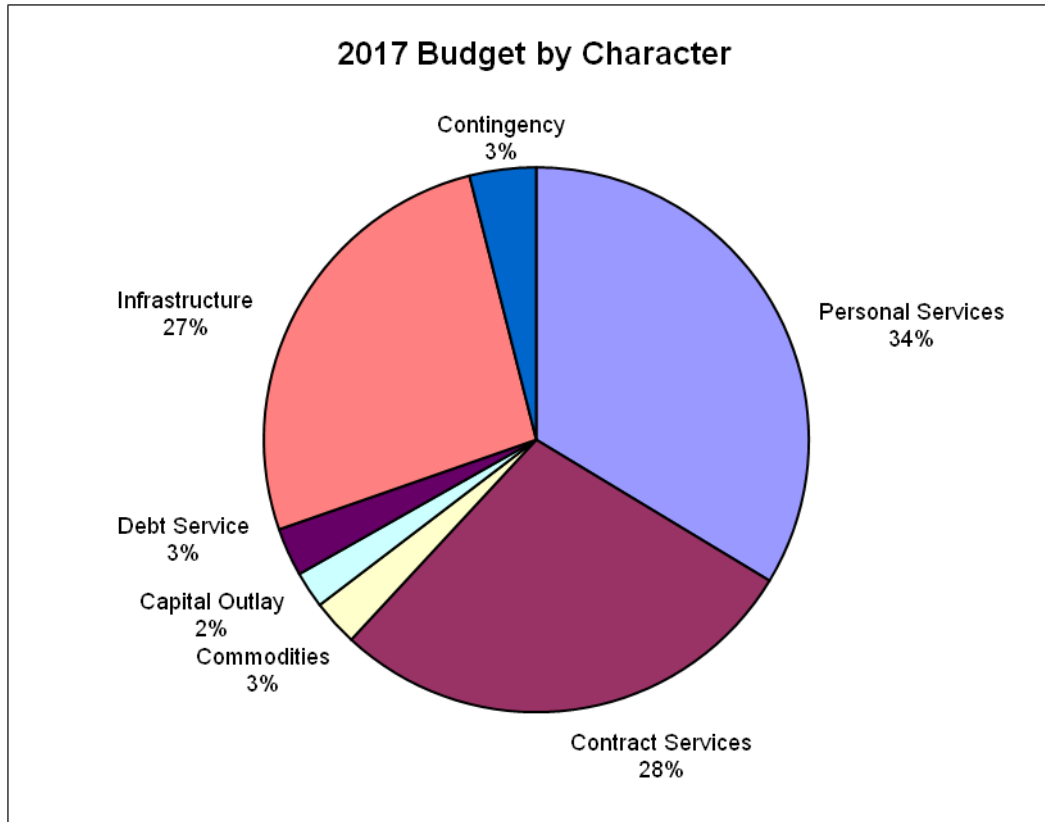

Franchise Fees – The 2017 Budget forecasts a 5.7% increase from the 2016 Budget reflecting an increase in Kansas City Power and Light franchise fees, and Google services which are new to Prairie Village.

Stormwater Utility Fee – The City established this fee in 2009 to provide a dedicated funding source for the stormwater management program. The fee is calculated based on a parcel's square feet of impervious area. The fee for 2016 remains at 4.0¢ per square foot.

Additional information about the City's revenues can be found in the Revenue Section of this document.

Expenditures

The chart below shows the composition of the City's 2017 expenditures by character.

Personal Services – Increased 3.5% over the 2016 Budget. This increase is due to increase in employee benefit costs, the annual employee merit pool and the addition of a full-time Building Inspector position.

Contract Services – Increased 1.3% over the 2016 Budget. Included in this category are software maintenance licenses, consultant and legal fees, janitorial services and numerous other business areas the City contracts out assistance for. Expenditures for contracted services are based on flat fee based contracts and hourly use.

Commodities – Increased 0.3% from the 2016 Budget. There was essentially no change from the 2016 to 2017 Commodities budget.

Capital Outlay – Increased 50% over the 2016 Budget. This category fluctuates from year to year depending on what equipment is scheduled for replacement. The 2017 Budget includes funding for a Public Works large pickup truck, two small pickup trucks, shop equipment and technology upgrades to City wide equipment.

Debt Service – The City's outstanding debt service increased 0.6% from the 2016 Budget. \$11,300,000 in new debt was issued in 2016 for a Tax Increment Financing (TIF) project. The debt will be paid off in 2036, provided that the City does not issue any new debt or restructure current debt.

Infrastructure – Increased 6% from the 2016 Budget. The infrastructure budget is determined by the City’s financial plan and four-year CIP. The budget will fluctuate from year to year depending on the projects scheduled and funding available from both the City and outside agencies.

Capital Infrastructure Program

The chart below shows the composition of the City’s Capital Infrastructure program revenues for 2017.

The Capital Infrastructure Program is made up of the following sections:

Parks – Includes plans for redevelopment and replacement of existing park structures and materials.

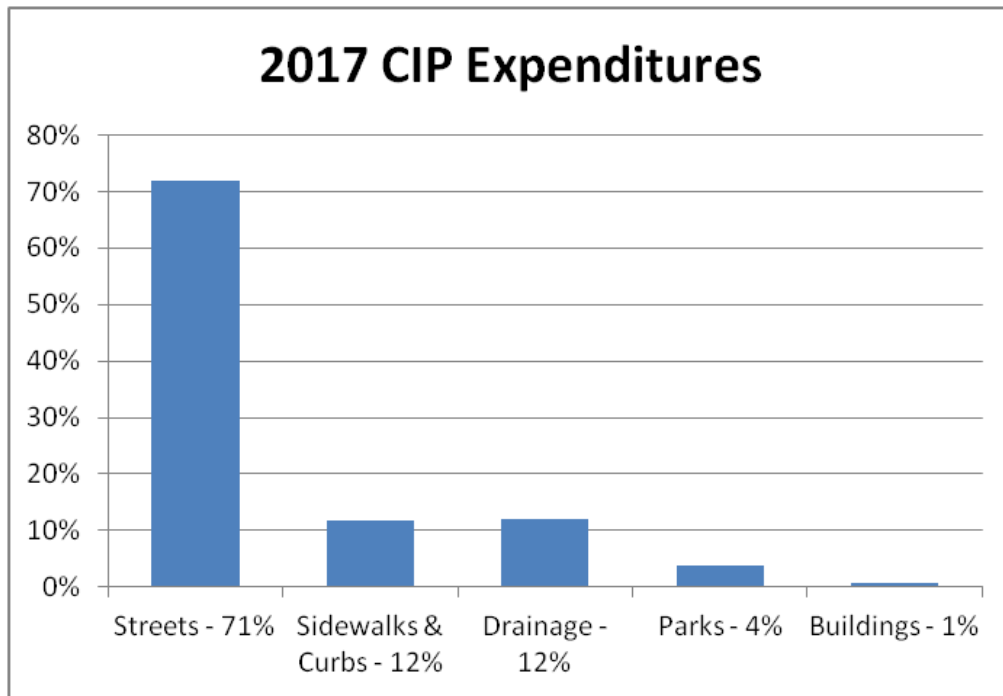

Drainage– Includes plans for the replacement of components of the City’s storm drainage system.

Streets – Includes plans for replacement or major improvements that will extend the life of the City’s street system

Buildings – Includes plans for replacement or major improvements that will extend the life of the City’s buildings.

Sidewalks & Curbs – Includes plans for replacement or major improvements that will extend the life of the City’s sidewalk and curb system. Also includes plans for additions to the system to comply with the City’s sidewalk policy or ADA regulations.

The following chart shows the composition of the City's Capital Infrastructure program expenditures for 2017.

Reserves

The 2017 Budget contains several reserves which position the City to deal with unexpected events and save for large purchases.

General Fund – The General Fund contains a contingency reserve which is an appropriated amount to cover unforeseen expenditures during the year. The Governing Body established a minimum reserve for the General Fund of 25% of revenues in addition to the contingency reserve. The fund balance in the General Fund at the end of 2017 is projected to be 25% of 2017 revenues.

Solid Waste Management Fund – It is the City's policy to maintain two months worth of expenditures as a reserve. The fund balance at the end of 2017 is within this range.

Stormwater Utility Fund –The reserve in this fund was established to cover uncollectible special assessments. The City estimates the uncollectible amount to be approximately 1% of revenue.

Capital Projects Fund – The City does not have a policy regarding the amount of reserves to maintain in this fund. However, the Public Works director reviews the reserves in this fund each year to ensure they are appropriate. The goal of the City's CIP is to forecast future public improvements needed in the City. In the CIP process, the City uses both physical and financial planning elements in order to utilize resources to the greatest benefit. The impact of the capital improvements on operating was considered in the development of the 2017 operating budget and the 2017 – 2020 CIP budgets.

Risk Management Reserve Fund – The balance in this fund is used to cover uninsured losses such as insurance deductibles. Staff reviews the fund balance each year to determine if it is adequate, and makes funding recommendations to the Governing Body.

Economic Development Fund – The balance in this fund is to be used for economic development activities. The County School Sales Tax, that sunset on December 31, 2008, was the primary funding source for these activities. The Governing Body has the option of providing additional funding from other City sources.

Equipment Reserve Fund – The balance in this fund reflects amounts set aside for major equipment purchases.

Conclusion

This spending plan seeks to maintain our Prairie Village's status as a desirable community in which to live, work and play while maintaining a stable economic foundation on behalf of our Citizens. We are committed to careful and thoughtful fiscal management, a conservative spending philosophy, efficient service delivery under the best possible terms, and providing our Citizens with the highest quality of life possible.

This budget builds on our priorities and community values.

The first step for 2017 has been accomplished by the Governing Body through development and adoption of the annual budget. This document will act as a guide for staff in providing services to the citizens of Prairie Village, as well as a tool for monitoring revenues and expenditures in 2017.

We would like to thank the department directors and their staff for their efforts in developing the 2017 Budget. Their efforts will ensure that Prairie Village remains a premier community in the metropolitan area.

Respectfully submitted,

Quinn Bennion
City Administrator

Lisa Santa Maria
Finance Director

Budget Overview

The schedule on the next page gives an overview of the City's results for the last two years, the current year budget and the 2017 budget.

Revenues

The City's main revenue sources are gradually increasing as can be seen in the fluctuations between the four years presented. The most significant changes have been in the positive Sales and Use Taxes, Property Tax collections, and Fines and Fees collections. Liquor Tax is allocated per Kansas Statute and is allocated to 1/3 General Fund, 1/3 Parks and Recreation and 1/3 Special Alcohol. The 2017 budget is balanced without a mill levy increase. The City increased the mill levy in 2012 by 0.614 mills. The last increase before that was in 2008.

Expenditures

Expenditures increased 6% over the 2016 budget and is predominately due to planned budgeting for contingency in funds that did not have contingency funds prior to this year, and an increase in Capital Outlay. The 2017 Budget for Capital Outlay includes items to be repaired or replaced such as field and shop equipment, along with Police vehicles and a Public Works dump trucks. The City maintains an Equipment Replacement list and budgets based on items scheduled to be replaced.

Fund Balance

The fund balance shown on this schedule includes the fund balance for all of the funds, except the pension funds and the grant fund. The policy for the target fund balance amount will vary from fund to fund. The focus for operational reserves is on the fund balance in the General Fund. During the budget process, the Governing Body directed staff to present a budget that maintains a minimum fund balance in the General Fund equal to 25% of General Fund revenues. The 2017 Budget complies with this directive.

In 2017, the Governing Body determined that infrastructure needs were a priority and funded the CIP at the higher amount using reserves in excess of the 25% minimum General Fund balance. Declines in fund balance also reflect a tighter actual budget ratio (96% estimated) that is used during the budget review process and the addition of contingency reserves.

2017 Budget Overview - All Funds Combined

Long Range Financial Planning

The City of Prairie Village has established goals and objectives to maintain high quality services and programs, continue to maintain the City's triple "A" bond rating and be mindful of the tax burden on citizens.

Strategic Planning

The City of Prairie Village employs a strategic budgeting model that allows policies to be formulated and tested in a budgetary context spanning a period of five years. The strategic model demonstrates the City's ability to accomplish long-rang goals by showing consequences of any given budget decision. Virtually all new General Government services are "tested" within the framework of the strategic budget model prior to implementation. In this manner, policy makers can examine the probable long-term outcome of many possible decisions and select the one that serves the interests of Prairie Village's citizens most effectively.

Fiscal Goals

The City's fiscal philosophy enables the members of the Governing Body to make sound fiscal management decisions. The City adheres to the fiscal principals listed below:

1. The City works to preserve the quality of services at an acceptable tax rate.
2. The City provides a budget which is dependable and responsive to economic conditions.
3. The City shall maintain an adequate level of reserves.
4. The City shall maintain financial accounting and budgetary practices which provide full and open disclosure of the City's financial affairs.
5. The City shall minimize the use of long-term debt to avoid placing an excessive burden on future City taxpayers.
6. The City will continually evaluate existing services to determine the need and efficiency of these services.

Financial Trend Analysis

The City uses Financial Trend Analysis over a period of 5 or more years, and the Capital Infrastructure Program in tandem as Prairie Villages' strategic planning tools providing the framework for subsequent annual operating and capital budgets. The focus is achieving financial sustainability, with goals of flexibility, efficiency, risk management, sufficiency and credibility. This provides for long-term visioning and multi-year financial performance. Without this context, the annual budget becomes a snapshot of isolated objectives without benefit of future anticipation of community improvement.

Long Range Financial Planning

The forecast is based on quarterly data, and is reviewed in comparison with historical data and other factors and considerations. These factors include:

- The economic condition of the City and surrounding area;
- Types and amounts of revenues and whether they are sufficient and the right mix to support City services;
- Expenditure levels and whether these expenditures are sufficient to provide the desired level of services currently and in the future;
- Fund balances and debt levels and their impact on current City financial resources.

Long Range Financial Planning

Capital Improvement Program (CIP)

The goal of the City's CIP is to forecast future public improvements needed in the City. In the CIP process, the City uses both physical and financial planning elements in order to utilize resources to the greatest benefit.

The impact of the capital improvements on operating was considered in the development of the 2017 operating budget and the 2017 – 2020 CIP budgets. The General Fund has allocated 19.5% of its resources to Capital Infrastructure construction to help with infrastructure needs.

Capital Improvement Projects in the 2017 Budget include:

Parks	\$ 277,000
Drainage	\$ 900,000
Streets	\$ 5,513,100
Building	\$ 50,000
Sidewalk / Curb	<u>\$ 895,000</u>
	\$ 7,635,100

Prairie Village 2017 Budget at a Glance

Property Tax Mill Levy Rate		19.500

Annual City Tax Liability - Avg. Home	\$	550.00
Monthly City Tax Liability - Avg. Home	\$	46.00
Outstanding Debt at Dec. 31, 2017	\$	17,444,145

Financial Policies

Financial Structure

City Funds

The City accounts for its activities using funds. A fund is a separate entity with a set of self-balancing accounts for the purpose of carrying on specific activities or attaining certain objectives in accordance with regulations, restrictions or limitations. The City's budget is legally adopted at the fund level. The City further divides activity in the funds into departments and programs in addition to showing expenditures by character (personal services, contract services, etc.).

There are three fund classifications – governmental, proprietary and fiduciary. The City has governmental funds and fiduciary funds. The fund classifications are further broken down into fund type. The charts on the next two pages list all of the City's funds and includes information such as a description of the fund, the fund type and whether the fund is appropriated or not and the department to fund relationship.

Governmental Funds - All of the City's basic services are reported in governmental funds, which are prepared using the modified accrual basis of accounting.

Fiduciary Funds - Resources held by the City for the benefit of a third party are reported in fiduciary funds. Although these resources are not available for operations, the City is responsible for ensuring the assets reported in these funds are used for their intended purposes.

Basis of Presentation

The budget is presented on the modified accrual basis of accounting. Under the modified basis, revenues are recognized when they become measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are generally recorded when a liability is incurred. However, amounts expended to acquire capital assets are recorded as expenditures in the year that resources are expended. Also, amounts paid to reduce long-term indebtedness are reported as expenditures.

Kansas Budget Law

The Kansas Legislature issued a cash basis law in 1933 (K.S.A. 10-1101 to 10-1122) to prohibit municipalities from spending more than they receive annually in operating revenues and to prevent issuance of short-term debt to cover operating expenditures. The City's budget is submitted to the Kansas Division of Accounts and Reports for review for compliance with the cash basis law and other statutes governing the City's budget. Kansas statutes also require that the City be audited each year. A copy of the City's Comprehensive Annual Financial Report (CAFR) is filed with the Division of Accounts and Reports each year. A portion of the City's CAFR contains schedules comparing actual revenues and expenditures with the budget adopted for that year. A copy of the City's CAFR is available on the City website, or by contacting the City's Finance Director.

List of Funds

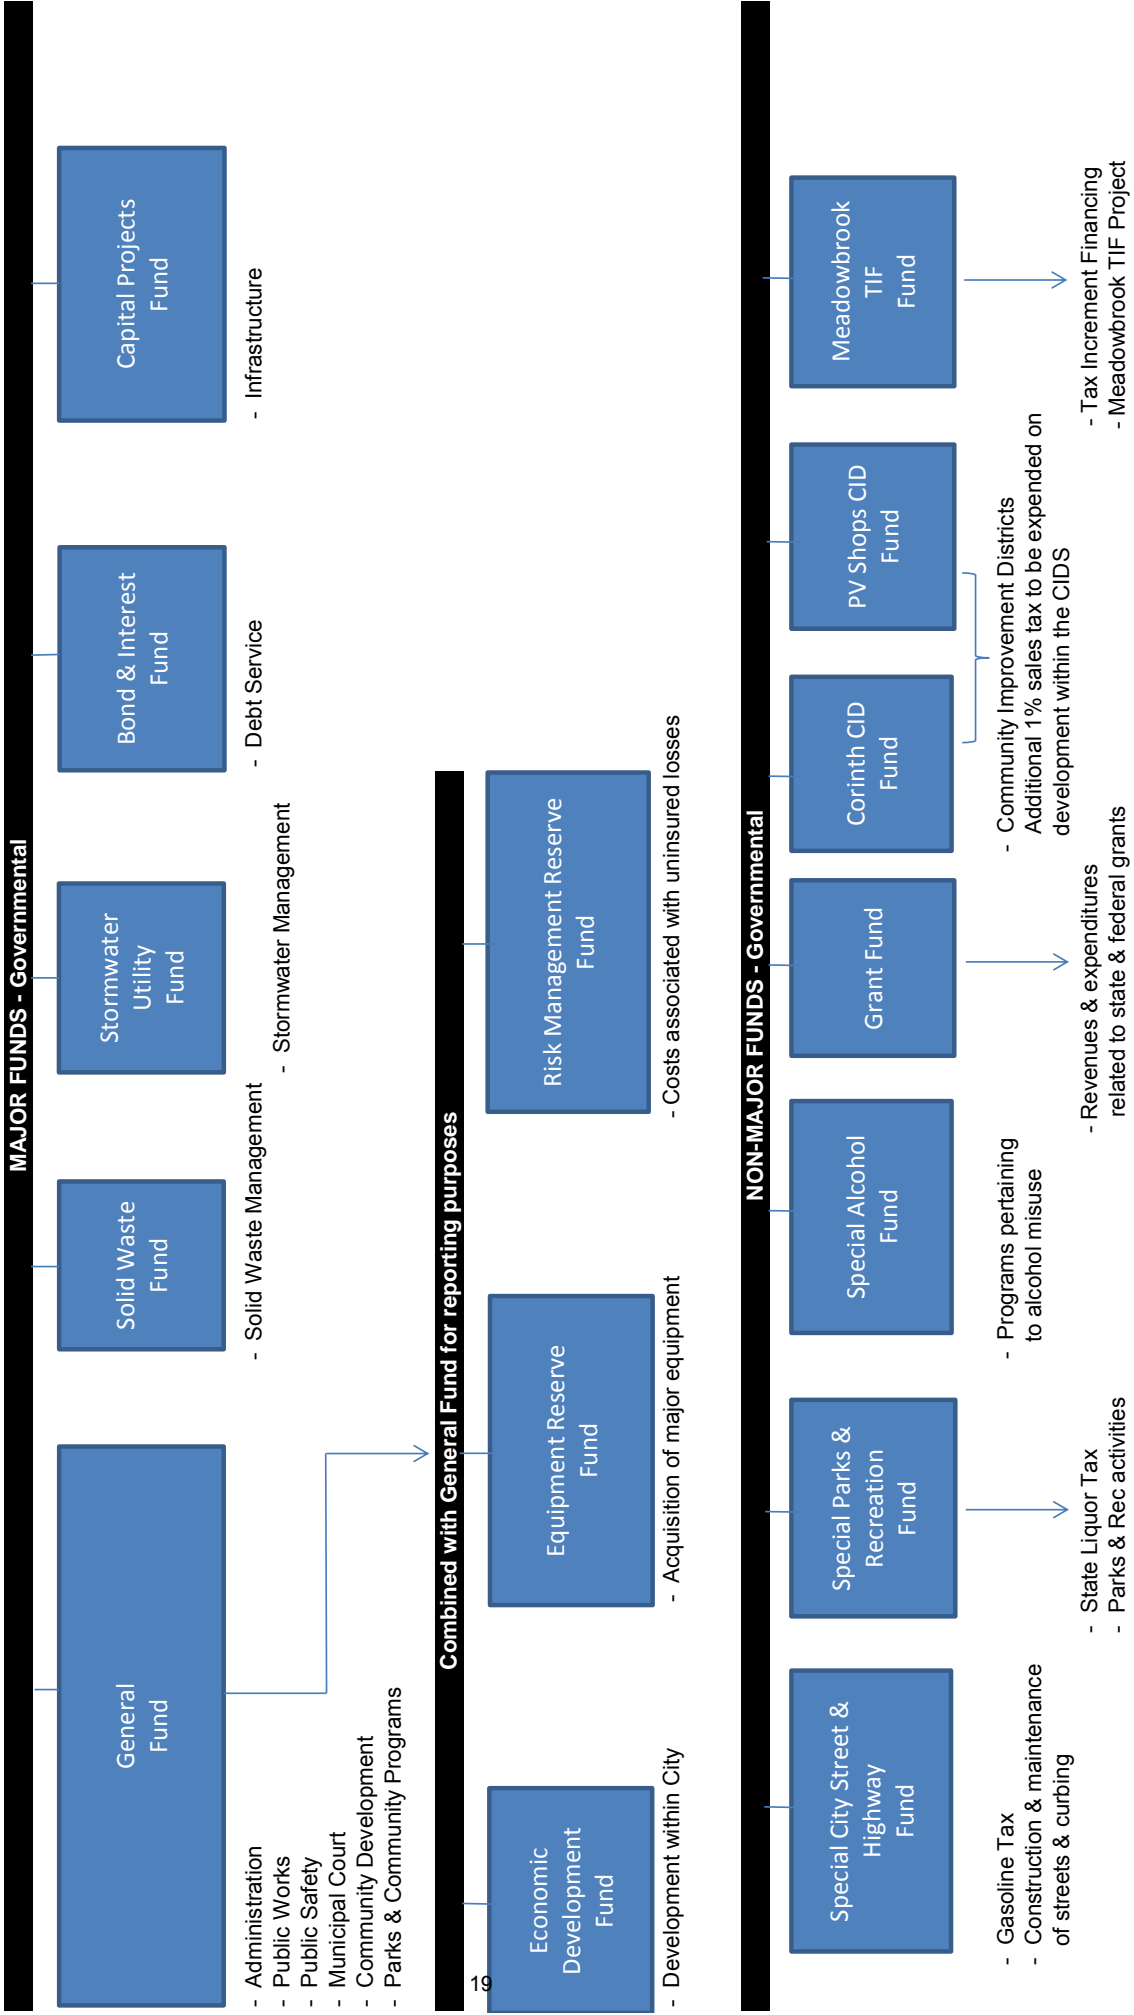

Fund	Fund Type	Description	Appropriated in Budget in CAFR		Included in Budget in CAFR	
			Yes	No	Yes	Yes*
General	General	Accounts for activities related to the general operations of the City.	Yes		Yes	Yes*
Economic Development	General	Accounts for activities that foster and promote economic development within the City and is funded by transfers from the General Fund.	No		Yes	Yes*
Equipment Reserve	General	Accounts for the acquisition of major equipment.	No		Yes	Yes*
Risk Management Reserve	General	Accounts for the costs associated with uninsured losses and is funded by transfers from the General Fund.	No		Yes	Yes*
Capital Projects	Capital Projects	Accounts for activities related to the City's Capital Infrastructure Program.	No		Yes	Yes*
Bond & Interest	Debt Service	Accounts for resources required to service long-term debt.	Yes		Yes	Yes*
Solid Waste	Solid Waste	Accounts for the operation of the City's solid waste management system, which provides for the collection, storage and transportation of solid waste in a manner which ensures protection of the health, safety and welfare of City residents.	Yes		Yes	Yes*
Stormwater Utility	Stormwater Utility	Accounts for the activities related to the City's stormwater management program including compliance with NPDES regulations.	Yes		Yes	Yes*
Special Alcohol	Special Revenue	Accounts for the operation of services and programs pertaining to alcohol misuse and is funded by the state liquor tax.	Yes		Yes	Yes
Special Highway	Special Revenue	Accounts for gasoline taxes designated for construction and maintenance of City streets and curbing and related expenditures.	Yes		Yes	Yes
Special Parks & Rec	Special Revenue	Accounts for various City-sponsored park and recreation activities and is funded by the state liquor tax.	Yes		Yes	Yes
Corinth CID	Special Revenue	Accounts for revenues and expenditures related to Corinth Community Improvement District (CID). An additional 1.00% sales tax applies to purchases made at Corinth due to the CID.	Yes		Yes	Yes
PV Shops CID	Special Revenue	Accounts for revenues and expenditures related to PV Shops Community Improvement District (CID). An additional 1.00% sales tax applies to purchases made at PV Shops due to the CID.	Yes		Yes	Yes
Meadowbrook TIF	Special Revenue	A method of financing established in accordance with K.S.A. 12-1770 that allows the city to help redevelop property through private investment. Revenues for this method are derived from increased property tax payments (increment) caused by higher assessments on the redeveloped property.	No		No	Yes
Grants	Special Revenue	Accounts for revenues and expenditures related to Federal and State grants received by the City.	No		No	Yes
Police Pension	Pension Trust	Accounts for the activities of the Prairie Village Police Department Retirement Trust, which accumulates resources for pension benefit payments to qualified public safety officers.	No		No	Yes

* Considered a major fund for financial reporting purposes.

Department to Fund Relationship

Major funds are funds whose revenues, expenditures, assets, or liabilities (excluding extraordinary items) are at least 10 percent of corresponding totals for all governmental or enterprise funds and at least 5 percent of the aggregate for all governmental *and* enterprise funds for the same item. The City of Prairie Village has no enterprise funds at this time.

The graph below shows the relationship between the City's functional units (departments) and its major and non-major funds.

Financial Policies

The City's Financial Management Policy forms the framework for overall fiscal management of the City. This policy is reviewed each year during budget development. The policy contains several sections which are described below.

Operating Budget Polices

The objective of the operating budget policies is to maintain adequate service levels at reasonable costs by following sound financial management practices.

- A. Balanced Budget - The operating budget shall be balanced. For each fund, ongoing costs shall not exceed ongoing revenues plus available fund balances used in accordance with Reserve Policies.
- B. Borrowing for Operating Expenditures - The City will not use debt or bond financing to fund current expenditures.
- C. Planning - The budget process will be coordinated so as to identify policy issues for Governing Body consideration prior to the budget approval date so proper decision analysis can be made. The City Administrator shall have responsibility for: supervising the preparation and coordination of the budget, advising Department Managers of budget formats, timing and constraints; as well as the preparation of such cost/benefit studies and revenue/expenditure projections as necessary to fulfill such budgetary responsibilities.
- D. Performance Evaluation - Where appropriate, performance measurement and productivity indicators shall be integrated into the annual budgeting process. All departments will be reviewed regularly for such performance criteria as program initiatives, compliance with policy direction, program effectiveness and cost efficiency. The information will be reported to the Governing Body annually.
- E. Budgetary Controls - The City will maintain a budgetary control system to ensure adherence to the adopted budget and associated appropriations.
 - 1. The Governing Body shall review proposed expenditures in the form of appropriation/claims ordinances presented at each Council meeting, as well as through quarterly financial reports.
 - 2. Prior to Council review, the City Treasurer shall review disbursements for the purpose of determining adherence to the approved accounting procedures.
 - 3. The City Administrator and Finance Director will review monthly and quarterly expenditure reports to determine adherence to the approved budget. Department Managers shall have primary responsibility for insuring compliance with their approved departmental budget. If the City Administrator or Finance Director find an expenditure which constitutes a significant deviation (an unbudgeted impact of more than \$5,000 on a particular budget category) from the approved expenditure plan or approved budget, the department head will be asked to prepare an amended departmental budget and/or expenditure plan to accompany the appropriations ordinance for review by the Governing Body.

Financial Policies

4. City Department Managers shall have primary responsibility for insuring compliance to approved departmental budget and expenditure plans.
- F. Financial Reports - Monthly expenditure reports will be prepared for Department Managers at the end of each month to enable them to meet their budget goals and to enable the City Administrator and Finance Director to monitor and control the budget. Summary financial reports will be presented to the Governing Body quarterly.
- G. Service Levels - The City will attempt to maintain essential service levels. Changes in service levels will be governed by the following policies.
1. Budget process - The annual budget process is intended to weigh all competing requests for City resources within expected fiscal constraints. Requests for new ongoing programs made outside the annual process must substantiate the need for the new program.
 2. Personnel expenses - Requests for additional personnel should meet program initiatives and policy directives after service needs have been thoroughly documented or it is substantiated that the new employee will result in increased revenue or enhanced operating efficiencies.

Revenue Policies

The objective of the revenue policies is to ensure that funding for public programs is derived from a fair, equitable and adequate resource base, while minimizing tax differential burdens. The City will keep the revenue system as simple as possible by avoiding nuisance taxes, fees or charges only as a revenue source.

- A. Revenue Structure - The City will maintain a diversified and stable revenue system to shelter programs from short-term fluctuations in any single revenue source.
- B. Sources of Services Financing - Services which have a citywide benefit will be financed with revenue sources which are generated from a broad base, such as property taxes and state aids. Services where the customer determines the use shall be financed with user fees, charges and assessments directly related to the level of service provided.
- C. User Fees - The City will maximize the utilization of user charges in lieu of general revenue sources for services that can be individually identified and where the costs are directly related to the level of service:
1. Cost of Service - The City will establish user charges and fees at a level which reflects the costs of providing the service, to the extent legally allowable. Operating, direct, indirect (where practical and available) and capital costs shall be considered in the charges. Full cost charges shall be imposed unless it is determined that policy and market factors require different fees.

Financial Policies

2. Policy and Market Considerations - The City will also consider policy objectives and market rates and charges levied by other public and private organizations for similar services when fees and charges are established.
 3. Annual Review - The City will review fees and charges annually, and will make appropriate modifications to ensure that charges grow at a rate which keeps pace with the cost of efficiently providing the service.
 4. Nonresident Charges - Where practical or legally allowable, user fees and other appropriate charges shall be levied for activities or facilities in which nonresidents participate in order to relieve the burden on City residents. Nonresident fees shall be structured at market levels.
 5. Internal Service Fees - When interdepartmental charges are used to finance internal functions, charges shall reflect full costs; indirect expenses shall be included where practical.
- D. License Fees - The City will establish license fees at levels which reflect full administrative costs, to the extent legally allowable.
- E. Fines - Levels of fines shall be requested according to various considerations, including legal guidelines, deterrent effect, and administrative costs. Because the purpose of monetary penalties against those violating City ordinances is to deter continuing or future offenses, the City will not request any increase in fine amounts with the singular purpose of revenue enhancement.
- F. Dedicated Revenues - Except where required by law or generally accepted accounting practices (GAAP), no revenues shall be dedicated for specific purposes. All non-restricted revenues shall be deposited in the General Fund and appropriated by the annual budget process.
- G. Surplus Property - Surplus and seized property will be disposed of in the most cost effective manner. Council approval shall be required for the disposal of fixed assets listed on the City's balance sheet.
- H. Reimbursements - The City will seek all possible Federal, State and County reimbursement for City programs and/or services.
- I. Monitoring System - Major revenue sources will be tracked on a routine basis. Five year trends will be developed and monitored for major revenue sources.

Reserve Policies

The objective of the reserve policies is not to hold resources solely as a source of interest revenue, but rather to provide adequate resources for cash flow and contingency purposes, while maintaining reasonable tax rates.

- A. Cash Flow and Contingency – All Funds - The City will maintain a minimum “base” unallocated fund balance of five percent of all operating fund budgets to be used for cash flow purposes, unanticipated expenditures of a nonrecurring nature, or to meet unexpected increases in service delivery costs. The funds will be used to

Financial Policies

avoid cash flow interruptions, generate interest income, avoid the need for short-term borrowing and assist in maintaining the City's bond rating. To the extent that unusual contingencies exist as a result of state and federal aid uncertainties, or other unknown, a balance larger than this "base" amount may be maintained.

- B. Use of fund balances - Available fund balances will not be used for ongoing operating expenditures, unless a determination has been made that available balances are in excess of required guidelines and that plans have been established to address future operating budget shortfalls. Emphasis will be placed on onetime uses which achieve future operating cost reductions. Use of fund balances must be authorized by the City Council.
- C. Annual review - An annual review of cash flow requirements and appropriate fund balances will be undertaken to determine whether modifications are appropriate for the reserve policies.

Debt Policies

Please see the Debt Service section of this document for information about the City's debt policies and schedules of outstanding debt.

Capital Budget Policies

The objective of the capital budget policies is to ensure the City of Prairie Village maintains its public infrastructure and equipment in the most cost efficient manner.

- A. Capital Infrastructure Program - The City will prepare and adopt a four-year Capital Infrastructure Program, which will detail each capital project, the estimated cost and funding source. A priority system will be used to rank recommended projects.
- B. Operating Budget Impacts - Operating expenditures will be programmed to include the cost of implementing the Capital Infrastructure Program and will reflect estimates of all associated personnel expenses and operating costs attributable to the implementation and/or ongoing operations of capital outlays. All single items purchased by the City, which have a cost of \$5,000 or more, and a useful life of more than one year, will be considered a Fixed Asset and will be added to the fixed asset inventory.
- C. Repair and Replacement - The City recognizes deferred maintenance increases future capital costs by an estimated five to ten times. Therefore, the City will endeavor to maintain its physical assets at a level adequate to protect the City's capital investments and minimize future maintenance and replacement costs. The capital budget will provide for the adequate maintenance, repair and orderly replacement of the capital plant and equipment from current revenues where possible.

Accounting Policies

The objective of the City's accounting policies is to ensure all financial transactions of the City of Prairie Village are carried out according to the dictates of the City Charter,

Financial Policies

State Statutes, federal grant guidelines and the principles of sound financial management.

- A. Accounting Standards - The City will establish and maintain accounting systems according to the generally accepted accounting principles and standards (GAAP) of the Government Finance Officers Association (GFOA) and the Governmental Accounting Standards Board (GASB). A centralized system shall be used for financial transactions of all City departments.
- B. Annual Audit - An annual audit will be performed by a firm selected by the City Council and will issue an official opinion on the annual financial statements, with a management letter detailing areas that need improvement, if required.
- C. Disclosure - Full disclosure will be provided in all financial statements and bond representatives.
- D. Monitoring - Financial systems will be maintained to monitor expenditures and revenues on a monthly basis, with a thorough analysis and adjustment, if required, at midyear.
- E. GFOA Award - The City will annually submit necessary documentation to obtain the Certificate of Achievement for Excellence in Financial Reporting.

Investment Policies

The objective of the investment policies is to ensure that all non-pension related revenues received by the City are promptly recorded and deposited in designated depositories, and if not immediately required for payments of obligations, are placed in authorized investments earning interest income for the City according to the following criteria.

- A. Objectives - The following objectives shall govern Prairie Village investments, as listed in order of importance.
 - 1. Safety - Safety of principal is the foremost objective of the City of Prairie Village. Each investment transaction will be made in a manner which ensures that capital losses are avoided, whether from securities defaults or erosion of market value. All investments of funds of the City of Prairie Village will be collateralized to at least 100% of market value by instruments which are backed by the full faith and credit of the federal government or instruments issued by agencies of the federal government. If any mortgage is involved in the underlying value of the instruments pledged as security by an institution, City funds should be collateralized at market to 120% of total investment.
 - 2. Liquidity - The cash position of the City of Prairie Village has peaks and valleys during the year which require that a portion of the investment portfolio emphasize liquidity. The City of Prairie Village will consider liquidity as a priority, while still recognizing the need to maximize yield.
 - 3. Yield - The investment portfolio of the City of Prairie Village will be designed to attain a market average rate of return through budgetary and economic

Financial Policies

cycles, taking into account the City's investment risk constraints, cash flow characteristics of the portfolio and prudent investment principles.

4. Local Considerations - Subject to requirements of the above priority objectives and regulations of the State of Kansas, it is the policy of the City of Prairie Village to offer financial institutions within the City and the Kansas Municipal Investment Pool the opportunity to bid on investments. Financial institutions outside the City limits may also bid on investments in accordance with state statutory provisions. When the highest yield rate offered is the same or higher than the weighted yield rate of current investments, the offer may be accepted. When the yield rate offered is lower than the weighted yield rate of current investments, the money will be invested in a short-term account until yield rates increase above the weighted yield rate of current investments.
 5. Maintaining the Public Trust - Because the investment portfolio is subject to public review and evaluation, the overall investment program will be designed and managed with a degree of professionalism that is worthy of the public trust. Investment officials will avoid any transaction that might impair public confidence in the City of Prairie Village's ability to govern effectively.
- B. Types of Investments - The City of Prairie Village shall invest only United States Treasury bills/notes, certificates of deposit and U.S. Agency Securities with maturities not longer than two years, as authorized by Kansas statute.
- C. Diversification - It is the policy of the City of Prairie Village to diversify its investment portfolio. Assets held in the general fund and other funds shall be diversified to eliminate the risk of loss resulting from over concentration of assets in a specific maturity, a specific issuer or a specific class of securities. Diversification strategies shall be established, with periodic review and revision, as appropriate. Before a significant change in type of investments is made, staff will consult with the Council Committee of the Whole. In establishing specific diversification strategies, the following general policies and constraints will apply:
1. Portfolio Maturities - Maturities will be staggered in a way that avoids undue concentration of assets in a specific maturity sector. Maturities will be selected which provide for income stability and reasonable liquidity.
 2. Liquidity - For short-term cash management fund liquidity, investment practices will be followed which ensure that funds required for the next disbursement date and payroll date are covered through maturing investments or marketable U.S. Treasury securities.

Treasury Policies

The objectives of the Treasury Policies are to provide an effective way for the preparation and distribution of employee salaries and vendor accounts payable checks.

- A. Payroll Procedure - The Accounting Department is authorized by the Governing Body to release funds for City payroll costs without prior claims ordinance approval. The City Administrator and/or Finance Director shall approve the transfer

Financial Policies

of funds between City checking accounts necessary to fund those costs, which shall be placed on a Claims Ordinance for approval of the Governing Body at their next regular meeting.

- B. Accounts Payable Procedure - The Accounting Department is authorized by the Governing Body to prepare and distribute checks for payment to the City's accounts payable vendors after a claims ordinance and check register have been approved by the Governing Body.
1. The Accounting Department is authorized to prepare and distribute payments without prior approval of the Governing Body on utility bills, insurance policies or other annual agreements that incur late payment fees if held for the next approved claims ordinance. These disbursements shall be placed on a Claims Ordinance for approval of the Governing Body at their next meeting.
 2. All other emergency disbursement requests shall require approval of the City Treasurer or, in their absence, the City Administrator or their designee. If authorized and disbursement is made, a record of the disbursement shall be placed on a claims ordinance for approval of the Governing Body at their next meeting.

Debt Service

The objective of the Prairie Village debt management policy is to maintain the City's ability to incur present and future debt at minimal interest rates in amounts needed without endangering the City's ability to finance essential City services. Recognizing that debt is usually a more expensive financing method, alternative financing sources will be explored before debt is issued.

Bond Rating - The City will manage financial affairs to ensure Aa or better bond rating.

General Obligation Bonds, Property Tax Supported - The City will utilize general obligation, property tax supported bonding to finance only those capital improvements and long term assets which have been determined by the City Council to be essential to the maintenance or development of the City and which cannot be financed with current revenue. Debt will be used to acquire major assets with expected lives which equal or exceed the average life of the debt issue.

Special Obligation Revenue Bonds - Special obligation revenue bonds, those bonds for which the City incurs no financial or moral obligation, shall only be issued if the associated development projects can be shown to be financially feasible and will contribute substantially to the welfare and/or economic development of the City and its citizens.

Short Term Debt and Leases - Because the City recognizes the inherent risk in short term borrowing, this type of financing will not be used without careful investigation of financing options, cost of the financing and terms available. Lease/purchase will be used as a financing tool only when, through investigation, the City determines this is the most prudent and cost effective way to finance the project or equipment.

Limitations on Issuance of New Debt - The City will establish and maintain limitations on the issuance of new property tax base supported bonded indebtedness. These limitations will promote a balanced relationship between expenditures for debt service and current municipal costs, and assist in minimizing the overall property tax burden. The City will limit the issuance of new bonded debt so as to maintain or make improvements in key financial ratios, including;

- Direct City debt should not exceed 3% of the estimated market value of property within the City.
- The percentage of direct City debt scheduled for retirement in the next 10 years should exceed 50% of the total outstanding debt.
- General obligation maturities should not exceed the life of the project or asset financed with bonds.

Debt Service - Bond issues should be scheduled to equalize annual debt service requirements to the degree that borrowing costs can also be minimized.

Measure	Result
Outstanding Debt as a % of Assessed Value	5.6%
Debt Service Expenditures as a % of Operating Expenditures	4.2%
% of Debt Scheduled for Retirement in the Next 10 Years	57%

State statutes limit the City's outstanding debt to 30% of assessed valuation. The City will be in compliance with this statute in 2017.

Annual Budget Adoption

Policy

According to Kansas statutes, the City must adopt the budget by August 25 of the year preceding the budgeted year. The 2017 Budget was adopted on August 1, 2016, in compliance with this requirement.

Responsibilities

The Governing Body is the ultimate authority for adoption of the budget. The City Administrator has overall responsibility for development of the budget. Development of the budget is a team effort by the City Administrator, Department Heads and all levels of staff within the City.

Budget Development Process

First Quarter

- The Governing Body discusses and establishes the goals that will guide development of the budget.
- The City Administrator meets with Department Heads to discuss plans for the year being budgeted.
- The City Administrator and the Finance Director develop the budget calendar.
- The Finance Director finalizes the year end financial statements and prepares a preliminary revenue forecast.
- The City Administrator and the Human Resources Specialist develop the personal services budget assumptions with input from the Department Heads.
- In mid-March, the Finance Director distributes budget instructions and historical budget information to the Department Heads.

Second Quarter

- Mid-April – Budget requests due from Department Heads.
- May – Draft budget overview with the Governing Body; direction on items if needed. Department Heads refine budget requests based on City Administrator review and Governing Body direction.
- June – Recommended Operating and CIP Budgets presented to the Governing Body.

Third Quarter

- July – City Administrator requests the Budget Public Hearing date and permission to publish the budget in accordance with Kansas statutes.
- August – Budget Public Hearing held and budget adopted by August 25.

Budget Amendments

Kansas statutes allow the City to amend its budget after adoption. The process for notification and public hearings is the same as for adoption of the budget. Budget reductions do not require a formal budget amendment.

City of Prairie Village 2017 Budget Calendar

Month	Date	Action Item
March	3/1-3/15	Finalize 2015 Actuals (auditors onsite 3/21 - 3/25)
April	4/4	Present Preliminary 2017 CIP Budget
	4/5	General Election
	4/6	Finance Committee Meeting
	4/8	Department budget requests due
	4/11-4/14	Budget review process with individual departments
	4/18	Council Meeting - 1st Council meeting after General Election and Council Members sworn in
May	5/2	Council Committee Meeting - Significant Budget Considerations and trends and forecast
	5/16	Council Committee Meeting - Significant Budget Considerations and Proposed Budget to Council for 1st time - Overview only (hand out binders) Police Department Budget Presentation Only
	5/30	HOLIDAY
June	6/6	Council Committee Meeting - Present the recommended budget - Operating Fund Public Works and Administration Budget Presentations
	6/13	**Special** Council Committee Meeting - if needed to wrap up budget
	6/20	Council Committee Meeting - Present the final recommended budget for the Capital Infrastructure Program (CIP) and Economic Development Fund
July	7/4	HOLIDAY
	7/5	Council Meeting - Permission to Publish 2017 Budget
	7/12	Budget Published in the Legal Record
	7/18	Council Meeting - Permission to Publish 2017 Budget (if needed)
	7/19	Budget Published in the Legal Record (if needed)
August	8/1	Council Meeting - Budget Hearing/Adopt Budget
	8/2	Submit budget forms to County Clerk (due August 25th)
September	9/1-9/30	Prepare budget book/Submit to GFOA award program

PRAIRIE BOY

A life-size bronze located on the grounds of the Prairie Village Municipal Campus.

Revenues

Revenue Sources

Introduction

Prairie Village's revenue stream is stable and experiences nominal growth in normal economic times. Because the City is a land-locked, fully built-out community, sources of new revenue are limited to reappraisal of real estate, the inflation related increases in retail sales, additional taxes or fees, etc. In 2007, the City Council adopted The Village Vision, the City's comprehensive plan. One of the goals of The Village Vision is to increase economic development in the City which would in turn increase revenues for the City.

In 2011 the City approved two Community Improvement Districts (CIDs), where an additional 1.00% is applied to purchases. These funds are intended for improvements within the CID boundaries. This is a long-term goal, the effects of which may not be seen for several years.

In 2016 a Tax Increment Financing (TIF) district was approved by Council as a method of financing. The Tax Increment Financing Act (K.S.A 12-1770) authorizes cities to develop blighted property and potentially blighted property through private investment which may be aided by the issuance of special obligation city bonds or other "pay as you go" reimbursements. Such obligations are retired by the increased property tax payments (increment) caused by the higher assessments on the redeveloped property. TIF is based on the concept of a partnership between the city and the private sector by providing capital for private economic ventures which serve a public purpose (i.e. redevelopment of blighted or potentially blighted areas which are known in the TIF law as conservation area).

The City has one TIF district. The Meadowbrook TIF project will transform the former 82 acre golf course and country club into a park and mixed-use development. The project will blend residential, commercial, and cultural uses, whose functions are physically and functionally integrated, and provide pedestrian connections.

In 2009 the City established a stormwater utility and a fee to fund the City's stormwater management program. This remains a key component of the 2017 budget. For the 2017 Budget, the City continued its practice of reviewing its user fees.

The chart on the next page gives an overview of the City's revenue sources, excluding transfers between funds. The sections that follow discuss these sources in greater detail.

Revenue Sources

Revenue Source	2017 Budget All Funds	% of 2017 Budget
Property Taxes	\$ 6,331,169	25%
Sales Taxes:		
Local	2,472,000	10%
County	1,588,000	6%
County Public Safety 1	397,200	2%
County Public Safety 2	397,200	2%
CID - Corinth	535,000	2%

Miscellaneous	182,600	1%
Total Other Revenues	4,478,623	18%
Grand Total Revenues	\$ 25,133,297	

Revenue Sources

Ad Valorem Property Tax

This is a tax on real estate and personal property. It is computed by applying the City's mill rate to the City's assessed valuation. Each year in March, the County Appraiser provides an estimated taxable market value which is used to estimate property tax revenues in the early stages of budget development. In July, the County Clerk provides the estimated assessed valuation after valuation appeals have been processed. This is the assessed value on which the adopted budget is based. The County Clerk finalizes the assessed valuation in November and adjusts the City's mill rate as needed to result in the dollar amount of property taxes indicated in the City's adopted budget. The state provides the County the assessed valuation for utilities.

Fast Facts

Assessed Value as a Percentage of Market Value:

- Commercial Property = 25%
- Residential Property = 11.5%

Composition of City's Tax Base:

- Commercial Tax Base = 13%
- Residential Tax Base = 87%

Below is a history of the City's assessed valuation. The City's assessed valuation for 2017 increased 5.9% over the assessed valuation for 2016. The average home sales price increased 4.57% from 2014 to 2015, while the mean appraised value rose 5.31% during the same time period. Growth in assessed valuation primarily comes from reappraisal increases.

Assessed Value (in millions)

	2011	2012	2013	2014	2015	2016	2017
Real Estate	\$273	\$275	\$276	\$279	\$286	\$301	\$319
Personal Property	2	2	2	2	1	1	1
State Assessed Utilities	5	4	4	4	4	4	4
Total	\$280	\$281	\$282	\$285	\$291	\$306	\$324
Percent Change	-2.8%	0.4%	0.4%	1.1%	2.1%	5.2%	5.9%

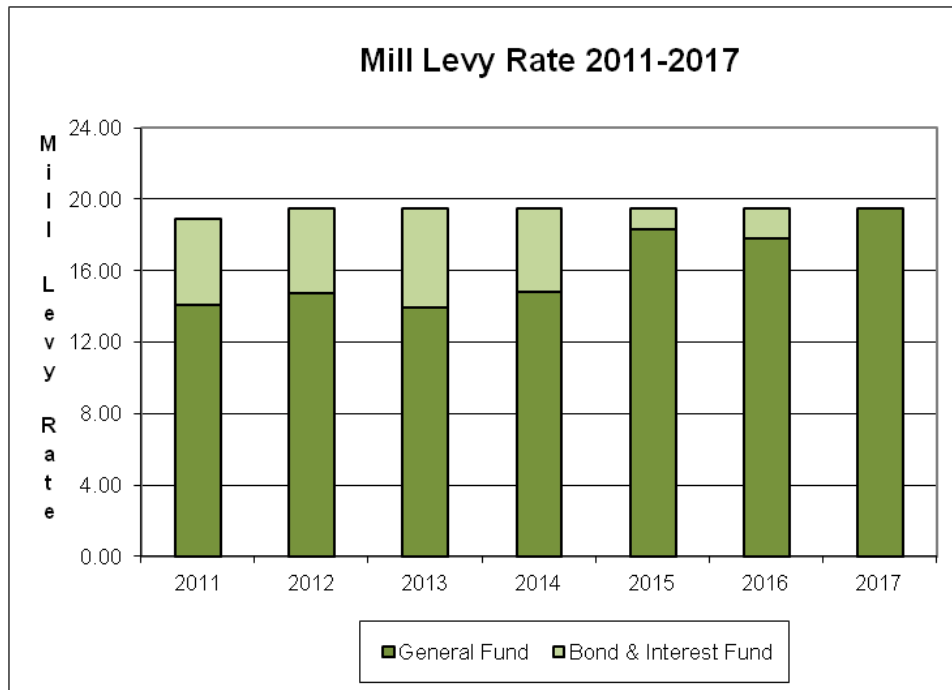

The gradual increase after 2012 reflects positive growth in assessed valuation.

Revenue Sources

Below is a history of the City's mill levy rate. The 2016 budget does not include a mill levy rate increase. The mill levy rate was increased in 2012 by 0.614 mills.

Mill Levy Rate							
	2010	2011	2012	2013	2014	2015	2016
General Fund	17.277	14.101	14.763	13.898	14.790	18.300	17.789
Bond & Interest Fund	0.902	4.776	4.728	5.580	4.700	1.193	1.704
Total	18.179	18.877	19.491	19.478	19.490	19.493	19.493
	-0.003	0.698	0.614	-0.013	0.012	0.003	0.000

Revenue Sources

Below is a history of the City's total property tax revenue. In 2012 there was a 0.614 mill increase. The gradual increase after 2012 reflects positive growth in assessed valuation.

Sales Tax

Sales tax revenues come from two sources: Local Sales Tax and County Sales Tax. There is an additional 1.00% sales tax applied to purchases made within one of the two Community Improvement Districts (CIDS). Forecasts of these revenue sources are based on trends of past years' revenue and economic conditions.

Local Sales Tax

- Comes from a sales tax on retail sales within the City.
- The rate is 1%.
- Average annual change 2010 – 2015: +3.6%

Prairie Village Total Sales Tax Rate	
6.500%	State of Kansas
1.000%	City Of Prairie Village
1.100%	Johnson County
<u>0.125%</u>	Johnson Co. Research Triangle
8.725%	Total

County Sales Tax

- Comes from a sales tax on retail sales within Johnson County.
- Four rates make up the total County rate:
 - General County Sales Tax = ½%
 - Public Safety Specialty Sales Tax – 1996 (no sunset) = ¼%
 - Public Safety Specialty Sales Tax – 2008 (no sunset) = ¼%
 - Economic Development Sales Tax – 2002 (expired 12/31/2008) = ¼%. Essentially replaced by the second public safety sales tax.
 - Research Triangle Sales Tax – 2008 (no sunset) = 1/8% (cities do not receive any of the revenue from this tax)

Revenue Sources

- Cities within the County share 36% of the total revenue based on a formula established by State statute. The formula uses population and property tax dollars levied to distribute the tax revenue. The City's share of this revenue changes from year to year depending on how its population and property tax dollars levied compare to other cities in the County. For the last several years, the City's share of this revenue has remained relatively constant at 3%.

Community Improvement District (CID) Sales Tax

- Comes from a sales tax on retail sales within the boundaries of the CID.
- The rate is 1%.
- Became effective January 1, 2011

As evidenced by the following chart, the City's sales tax revenues have been gradually increasing or essentially staying the same for 2017, reflecting the state of the economy.

Charges for Services

This source includes revenue which is a charge for contract service and special assessments to recipients of certain services. The three largest sources of this revenue type are the police services contract with Mission Hills, special assessments for solid waste collection and the Stormwater Utility Fee. These three items alone account for 90% of this revenue source.

The chart on the next page shows a history of this revenue source. Increases in 2011 and 2012 reflect the new Solid Waste Management contract which contained higher costs than the previous contract. The contract was renegotiated for a lower rate in 2013. A new contract will be in place for 2017, and the 2017 homeowner annual assessment will go from \$174.00 to \$192.00. Costs fluctuations are caused by solid waste regulation and rate changes at the County level.

Revenue Sources

Intergovernmental

This revenue source includes revenues granted through other jurisdictions, primarily the State and Federal governments. The amount of funds received by the City from these sources can be changed by decision of the controlling jurisdiction. Items included in this source are motor vehicle tax, liquor tax and County road and storm drainage capital project grants.

This source of revenue has significant changes from year to year depending on what capital projects qualify for County grants and what stage of construction the projects are in at the end of the year. The grant revenues are earned as construction expenditures are made. The 2017 Intergovernmental budget includes:

- Special Highway Fund = \$567,810
- County Assistance Road System (CARS) = \$1,259,000
- Funding From Others = \$35,000

Revenue Sources

Franchise Fees

The City charges franchise fees on the major utilities within the City. These utilities include electric, gas, telephone, cable and open source video companies. The fee is 5% of gross receipts as defined and permitted by state statutes.

Cable franchise fees decreased 30% between 2010 and 2015. Electric and gas franchise fees are affected more by weather conditions than inflation or population growth, and consequently, are harder to predict. Between 2010 and 2015 gas franchise fees decreased 16%. Open source video franchise fees were new to Prairie Village in 2007 as AT&T entered the market with their television package. Revenue from the AT&T video franchise grew 56% between 2010 and 2015.

The charts below shows the history of the City's total franchise fees from 2011 – 2017. The spike in 2014 reflects a change in the distribution of the electric franchise fees from semi annually to monthly.

Revenue Sources

Other Revenues

This revenue source type includes use tax, motor vehicle tax, liquor tax, licenses and permits, recreation fees, fines, interest income and miscellaneous revenue. Use tax and fines make up the majority of this source.

Use tax is a sales tax paid on personal property purchased outside the City, but “used, stored or consumed” within the City unless the property has already been subject to such a tax. The City receives a use tax related to its local sales tax as well as a portion of the County use tax related to the County sales taxes. This source fluctuates depending on the level of outside sales to which the tax applies, thus making it difficult to forecast. From 2010 to 2015, the City had a 40% increase in use tax.

Fines and fee revenue are most affected by the enforcement efforts of the Police Department Traffic Unit. In 2009, the Court increased the fine amounts and removed the administration fee as well as charging the defendant the cost of any time spent in jail. From 2010 to 2015 this overall revenue source has decreased 9%. The 2017 projection reflects a increase of 12% over 2015 actual revenues and is due to a change in the fee schedule, and the police department being fully staffed and therefore increased traffic enforcement and traffic tickets being handed out.

Liquor tax has increased 63% from 2010 to 2015. This revenue source is projected to continue to increase in 2017 with the increased liquor sales at restaurants in the two community improvement districts.

Interest revenue will fluctuate from year to year based on the prevailing interest rates. Interest revenue had a significant decline in 2009 and remained low through 2012. The City began a new investment program at the beginning of 2013. . From 2010 to 2015, the City averaged a 62% increase in interest revenue.

Other Revenues	2017 Budget All Funds
Use Tax	\$ 985,000
Motor Vehicle Tax	711,999
Liquor Tax	390,000
Licenses & Permits	603,080
Fines & Fees	1,010,900
Recreational Fees	377,825
Interest on Investments	217,219
Miscellaneous	182,600
Total Other Revenues	<u>\$ 4,478,623</u>

Revenue Forecast Methodology

Annually, The City Council preliminarily evaluates key budget planning components providing overall guidance to staff's budget development. Revenue forecasting continues to indicate future challenges that need to be considered going forward.

GENERAL FUND		
DESCRIPTION	KEY 2017 PROJECTION FACTORS	APPLICABLE LAWS
Local Ad Valorem Property Tax	Levy is based on the amount needed to fund the Ad Valorem Property tax requirement for this fund based on a projected assessed valuation of \$324,958,532 and a mill levy rate of 19.500 mills.	The basis of this tax is the assessed valuation of taxable real & tangible personal property in each county & special taxing district. State law requires that all real & tangible personal property shall be assessed at fair market value. Property is classified into various classes & assessed at different percentages based on classification. Each individual government controls the tax levy set for its jurisdiction.
Delinquent Property Tax	Based on historical receipts.	The County Clerk is responsible for placing on the tax rolls any land or improvements that have previously escaped taxation in the amount equal to that amount that would have been paid had the property been on the tax rolls, plus delinquent taxes paid after the due date.
City Sales Tax	Based on trend of the past 5 years of actual data plus a review of the current year's collections to date.	The City levies a 1% tax on all nonexempt sales within the City.
Countywide Sales Tax	This is the City's share of the countywide .6% sales tax. Based on trend of the past 5 years of actual data plus a review of the current year's collections to date. In addition, the County's forecasted increase or decrease is taken into consideration.	The proceeds of the Countywide sales tax are distributed by the State Department of Revenue based on the following formula: One half of all revenue collected within the County shall be apportioned among the County & cities in the proportion of each entity's total taxing effort in that preceding year relative to the total taxing effort of all cities & the County in the preceding year. The remaining one half of the revenue shall be apportioned to the County & cities in the proportion each entity's population has relative to the total population in the County. The County share shall be calculated by the percentage of people residing in unincorporated areas.
Countywide Sales Tax-Public Safety	This is the City's share of the countywide .50% Public Safety sales tax. Based on trend of the past 5 years of actual data plus a review of the current year's collections to date.	The portion of the Countywide Sales Tax due to the passage of the Public Safety Sales Tax is based on the following formula: One half of all revenue collected from the additional .25% sales tax shall be apportioned to the County. The remaining half shall be apportioned based on the formula used to distribute Countywide Sales Tax as previously stated.
Motor Vehicle Tax	Based on information received from the County plus a review of the last 5 years of data and the current year's collections to date.	The basis of this tax is the levy of a county average mill rate applied against the assessed valuation of registered motor vehicles within the City. The tax is payable in full annually at the time of vehicle registration. Distribution is made as the revenue is collected.
Liquor Tax	Based on estimates received from the County and the trend of the past 5 years of actual data.	The State levies a 10% surtax on the sale of all alcoholic beverages sold by any club, caterer, or drinking establishment. 70% of the taxes paid within City limits are returned to the respective cities & must be allocated 1/3 to each of the following funds: General, Special Parks & Recreation, and Special Alcohol.
Electric Franchise Fees	Based on trend of the past 5 years of actual data plus a review of the current year's collections to date with an increase anticipated from increased electric rates.	The City levies a franchise tax of 5% of gross receipts from the electric utilities operating within the City limits.

GENERAL FUND (continued)		
DESCRIPTION	KEY 2017 PROJECTION FACTORS	APPLICABLE LAWS
Gas Franchise Fees	Based on trend of the past 5 years of actual data plus a review of the current year's collections to date.	The City levies a franchise tax of 5% of gross receipts from the gas utilities operating within the City limits.
Phone Franchise Fees	Based on trend of the past 5 years of actual data plus a review of the current year's collections to date, with adjustment for gradual loss of land lines in favor of cell phones.	The City levies a franchise tax of 5% of gross receipts from the local exchange telephone companies operating within the City limits.
Cable Franchise Fees	Based on trend of the past 5 years of actual data plus a review of the current year's collections to date.	The City levies a franchise tax of 5% of gross receipts from the cable companies operating within the City limits.
Occupational Licenses	Based on projected number of businesses requiring these licenses.	The governing body sets fees. Fees are analyzed annually.
Liquor Licenses	Based on projected number of businesses requiring these licenses.	Includes liquor licenses, cereal malt beverage licenses and drinking establishment licenses.
Animal Licenses	Based on department estimates and historical trends.	The governing body sets fees. Fees are analyzed annually.
Building Permits	Based on department estimates as well as historical receipts and trends.	The governing body sets fees. Fees are analyzed annually. Fees are linked to the value of the new construction.
Right of Way/Drainage Permits	Based on department estimates.	The governing body sets fees. Fees are analyzed annually.
Planning & Zoning Fees	Based on historical receipts and trends.	The governing body sets fees. Fees are analyzed annually.
Pool Fees	Based on department estimates and historical trends.	Admission fees and Concessions fees are set by the governing body.
Fines	This covers fines and fees related to the Municipal Court. Based on departmental estimates and historical trends. These revenues can fluctuate depending on the enforcement efforts by the Police Department.	Fines are set by a combination of State law, municipal code, and judge's actions.
Mission Hills Contract	Based on allocation formula negotiated with the City of Mission Hills. The formula uses the 2017 budget for the Police Department and the Municipal Court.	The City provides police, dispatch and animal control services for the City of Missions Hills, which borders Prairie Village to the North. The contract is approved annually by the governing bodies of both cities.
School Resource Officer Reimbursement	Based on department estimates and historical trends.	The City provides an officer who divides his time between the high school and the middle school in the City.
Claridge Court	Based on the real estate assessed valuation and the value of personal property.	Payment in lieu of taxes per the development agreement signed when Industrial Revenue Bonds were issued to construct this senior living facility.
Cellular Tower	Based on the contract amounts with each lessee.	The City leases space on its tower to three cell phone companies and receives monthly lease payments.
Off-Duty Contractual	Based on department estimates and historical trends.	Businesses and churches ask the City to provide special police services for directing traffic and providing security. Personnel in the Police Department arrange with officers to provide the service at a fixed rate paid by the organization served. The rate is analyzed annually and is set by the governing body.

Fuel Center/Vehicle Maintenance	Based on department estimates.	Costs for fuel and vehicle maintenance are paid for by Public Works and charged to the programs that use the vehicles. These charges are considered both revenue and an expense.
Interest Income	Based on the percentage return on investments and available cash balances. Due to the variable nature of this revenue source, projections are conservative and are slightly lower than historical trends.	K.S.A. 12-1675 and Council policy restrict the type of investments and where they may be purchased.
Miscellaneous Revenue	Based on historical receipts and trends. Based on the nature of these revenues, it is difficult to make accurate estimates.	Various revenues of a miscellaneous nature including, but not limited to, copy fees, sale of books and maps, and various reimbursements.

SPECIAL HIGHWAY FUND

DESCRIPTION	KEY 2017 PROJECTION FACTORS	APPLICABLE LAWS
Gas Tax	Based on estimates provided by the League of Kansas Municipalities along with an analysis of the 5 year trend.	This is derived from a state tax on motor vehicle fuel and special fuel sales. The tax is apportioned to the County and cities based on statutory formulas. The cities portion is determined on a per capita basis.

STORMWATER UTILITY FUND

DESCRIPTION	KEY 2017 PROJECTION FACTORS	APPLICABLE LAWS
Stormwater Utility Fee	Based on the estimated cost of stormwater management operations, capital projects and stormwater related debt service for 2017.	The stormwater utility is established by City Ordinance. The governing body sets the fee each year. The fee calculated by dividing the estimated cost of stormwater management operations by the total square feet of impervious area in the City. The square footage is based on property data maintained by the Public Works Department.
Interest Income	See General Fund	See General Fund.

SPECIAL PARKS AND RECREATION FUND

DESCRIPTION	KEY 2017 PROJECTION FACTORS	APPLICABLE LAWS
Liquor Tax	Based on estimates received from the County and the trend of the past 5 years of actual data.	The State levies a 10% surtax on the sale of all alcoholic beverages sold by any club, caterer, or drinking establishment. 70% of the taxes paid within City limits are returned to the respective cities & must be allocated 1/3 to each of the following funds: General, Special Parks & Recreation, and Special Alcohol.

SPECIAL ALCOHOL FUND

DESCRIPTION	KEY 2017 PROJECTION FACTORS	APPLICABLE LAWS
Liquor Tax	Based on estimates received from the County and the trend of the past 5 years of actual data.	The State levies a 10% surtax on the sale of all alcoholic beverages sold by any club, caterer, or drinking establishment. 70% of the taxes paid within City limits are returned to the respective cities & must be allocated 1/3 to each of the following funds: General, Special Parks & Recreation, and Special Alcohol.

BOND AND INTEREST FUND		
DESCRIPTION	KEY 2017 PROJECTION FACTORS	APPLICABLE LAWS
Local Ad Valorem Property Tax	Levy is based on the amount needed to fund the Ad Valorem Property tax requirement for this fund based on a projected assessed valuation of \$324,958,532 and a mill levy rate of zero mills.	The basis of this tax is the assessed valuation of taxable real & tangible personal property in each county & special taxing district. State law requires that all real & tangible personal property shall be assessed at fair market value. Property is classified into various classes & assessed at different percentages based on classification. Each individual government controls the tax levy set for its jurisdiction.
Motor Vehicle Tax	Based on information received from the County and a review of the last 5 years' historical trends.	The basis of this tax is the levy of a county average mill rate applied against the assessed valuation of registered motor vehicles within the City. The tax is payable in full annually at the time of vehicle registration. Distribution is made as the revenue is collected.
Interest Income	See General Fund.	See General Fund.

CAPITAL PROJECTS FUND		
DESCRIPTION	KEY 2017 PROJECTION FACTORS	APPLICABLE LAWS
Intergovernmental	Based on estimates from the Public Works Department as to the amount of reimbursement expected from other governmental entities as their share of various capital infrastructure projects scheduled to be completed during the year.	
Interest	See General Fund.	See General Fund
Transfer From General Fund	Based on the amount needed to fund 2017 CIP projects less other funding sources.	KSA 12-1,118
Transfer From Special Highway Fund	Based on the estimated amount of Gas Tax revenue.	KSA 12-1,118
Transfer From Stormwater Utility Fund	Based on CIP projects containing stormwater work.	KSA 12-1,118
Transfer From Special Parks & Recreation Fund	Based on the estimated amount of Liquor Tax revenue received by that fund.	KSA 12-1,118

RISK MANAGEMENT RESERVE FUND		
DESCRIPTION	KEY 2017 PROJECTION FACTORS	APPLICABLE LAWS
Transfer from the General Fund	This is the amount estimated that the General Fund will expend on risk management activities.	Kansas statutes allow for the creation of a Risk Management Reserve Fund to allow for the accumulation of reserves to pay for claims and related costs arising from legal action and settlements not covered by commercial insurance.
Interest Income	See General Fund.	See General Fund.

ECONOMIC DEVELOPMENT FUND		
DESCRIPTION	KEY 2017 PROJECTION FACTORS	APPLICABLE LAWS
Interest	See General Fund.	See General Fund
Transfer From General Fund	Based on amount approved by the City Council.	Ordinance No. 2153

EQUIPMENT RESERVE FUND		
DESCRIPTION	KEY 2017 PROJECTION FACTORS	APPLICABLE LAWS
Transfers from the General Fund	The amount is determined based on projected future capital equipment purchase and technology needs.	Kansas statutes allow for the accumulation of reserves to pay for large equipment purchases.
Interest	See General Fund.	See General Fund.

CORINTH and PV SHOPS COMMUNITY IMPROVEMENT DISTRICT (CID) FUNDS		
DESCRIPTION	KEY 2017 PROJECTION FACTORS	APPLICABLE LAWS
City Sales Tax	Based on trend of the past 4 years of actual data plus a review of the current year's collections to date.	The City levies an additional 1% tax on purchases made at Corinth and PV Shops.

MEADOWBROOK TAX INCREMENT FINANCING (TIF) FUND		
DESCRIPTION	KEY 2017 PROJECTION FACTORS	APPLICABLE LAWS
Meadowbrook TIF	Based on projections of increased property tax (increment) caused by higher assessments on the redeveloped property.	Financing established in accordance with K.S.A 12-1770 that allows the city to help redevelop property through private investment.

Expenditures by Character and Line Item

Personal Services

- Expenditures for base salaries and wages, overtime and employee benefits.
- 3.25% merit increases for employees are included in the 2017 budget.
- Full-time employees are eligible for health, vision, life, dental and disability insurance.
- The City offers identity theft and personal protection coverage.
- The City finances the entire cost of the employee assistance program and provides access to this program for all employees.
- Non-commissioned employees participate in the Kansas Public Employees Retirement System (KPERs).
- Commissioned police officers participate in the City's Police Pension Plan.
- The employer contribution rate for KPERs increased by the maximum percent allowed in the statutes in 2016 and is projected to do the same in 2017.

FAST FACTS

- 33.5% of City expenditures
- 3.5% increase over 2016 Budget
- Added a full time Building Inspector position in the 2017 Budget

Expenditures by Character and Line Item

Contract Services

- Expenditures for services provided by outside companies and individuals who are not employees of the City.
- Expenditures for services related to infrastructure projects are included in the CIP.
- Includes expenditures for:
 - electric, gas, water, leasing street lights and traffic signals
 - property/casualty and workers comp insurance premiums
 - printing of forms, documents and legal notices
 - legal services, financial audit services, payroll services, engineering services, planning services, animal boarding fees, jail fees, etc.
 - solid waste collection, recycling and composting
 - conferences, training and education of elected officials and employees and memberships in professional organizations
 - repairs of city vehicles and equipment as well as maintenance agreements for copiers, etc.
 - all aspects of building maintenance, tree trimming program, parks maintenance, etc.
- The 1.3% increase over the 2016 Budget is attributable to an anticipated increase in legal fees and insurance premiums that are included in this category. Expenditures for utilities, which are also included in contract services, can fluctuate with the seasons and be hard to forecast.

FAST FACTS

- 28% of City expenditures
- 1.3% increase over 2016 Budget

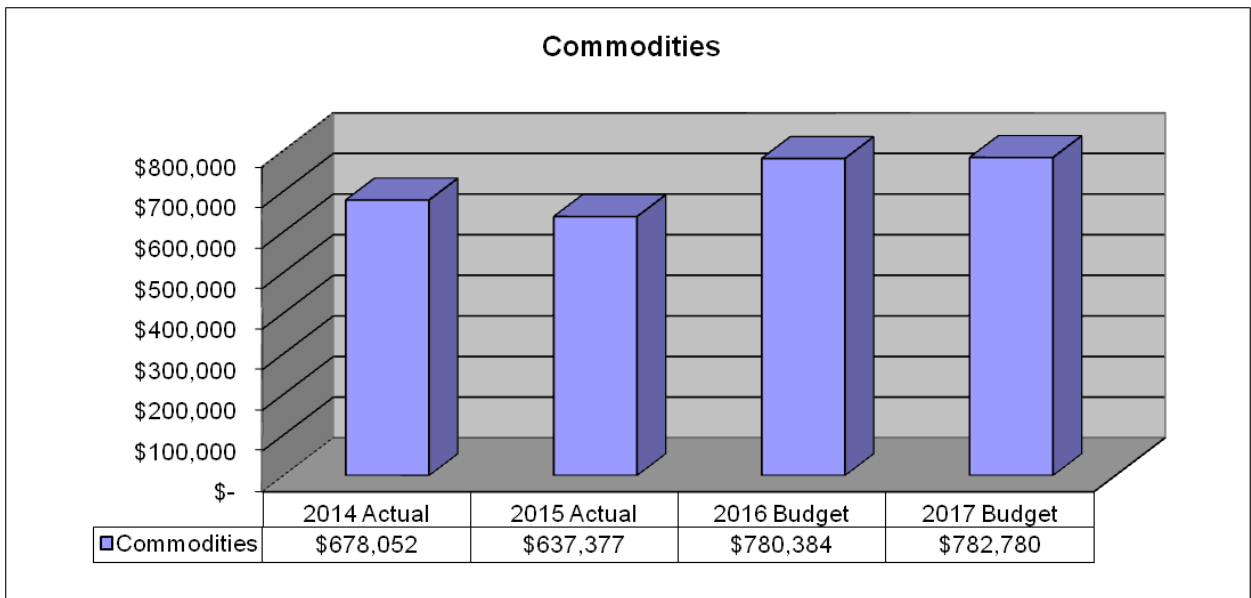

Expenditures by Character and Line Item

Commodities

- Expenditures for items and products purchased on a routine basis having a unit cost of less than \$2,000 and a useful life of less than one year.
- Includes expenditures for:
 - postage
 - office supplies
 - uniforms
 - tires, batteries, oil, replacement parts for vehicles
 - gasoline and diesel fuel
 - snow/ice removal materials
 - fertilizer, grass seed, flowers for the parks
 - products for resale at the swimming pool concession stand
- The trend in commodities generally reflects the trend in fuel prices. The per gallon price included in the 2017 budget is 8% lower than the price included in the 2016 budget.

FAST FACTS

- 3% of City expenditures
- 0.3% increase over 2016 Budget

Expenditures by Character and Line Item

Capital Outlay

- Expenditures for major equipment purchases, normally in excess of \$5,000.
- Expenditures in this category will fluctuate from year to year depending on what items need to be replaced.
- Capital Outlay expenditures increased in 2016 because Public Works completed the repair and replacement of large equipment in their fleet, as well as the City's continued efforts to upgrade the technology infrastructure and other technology related projects.

FAST FACTS

- 2% of City expenditures
- 50% increase from 2016 Budget
- Replacing one large pickup truck and two small pickup trucks in Public Works.
Replacing the glass window in the Police Department Records, four vehicles and two motorcycles in Public Safety.

Capital Outlay

Expenditures by Character and Line Item

Departments maintain equipment replacement plans and review them each year as part of the budget process to determine which items need to be replaced.

Items to be replaced in 2017 are shown in the table below.

Capital Outlay - 2017 Budget		
Item to be Replaced/Major Repair	Department	2017 Budget
Police - Laptop Replacement	IT	\$60,000
Police - NICHE Software Purchase	IT	52,000
Public Works Hot Box	Public Works	40,000
Public Works Mower	Public Works	15,000
Public Works Large Pickup Truck	Public Works	105,000
Public Works Pickup Trucks (2)	Public Works	70,000
Public Works Ventrac (Tractor)	Public Works	30,000
Office Equipment & Furniture	Administration	\$6,000

PC's - city-wide	IT	24,000
Software Upgrades	IT	5,000
Miscellaneous Equipment	Parks	15,000
Office Equipment	Parks	800
Repair and Replace Furniture	Parks	5,000
Computer Equipment	Police	1,500
Field Equipment	Police	17,500
Investigation Vehicle (1)	Police	23,000
Miscellaneous Equipment	Police	300
Office Equipment	Police	4,500
Patrol Vehicles (3)	Police	85,000
Traffic Motorcycles (2)	Police	10,000
Glass Window in Police Department Records	Public Works	30,000
Office Equipment & Furniture	Public Works	6,000
		\$ 618,800

Expenditures by Character and Line Item

Transfers

- Transfers are the movement of resources between the City's funds as allowed by applicable law.
- Transfers will fluctuate from year to year depending on the funding required for the Capital Improvement Program, funding required to meet risk management needs and funding required to save for large equipment purchases.

Debt Service

- Expenditures for principal and interest payments on the City's outstanding debt.
- In 2016 the City issued \$11,300,000 in new debt for a Tax Increment Financing (TIF) project. The City will be debt free in 2036, provided the City does not issue any new debt or restructure current debt. Principal and Interest payments begin in 2020 on the 2016 bond issue.

FAST FACTS

- 3% of City expenditures
- 0.6% increase from 2016 Budget
- The City last issued bonds in 2016 for \$11,300,00.
- The City will pay off the bond issues:
 - 2009A in 2019
 - 2011A in 2021
 - 2016A in 2036

Expenditures by Character and Line Item

Reserves

- The 2017 Budget contains a \$500,000 appropriation for contingencies.
- The 2017 Budget was adopted with a fund balance guideline from the Council. The guideline requires the City to maintain 25% of revenues as an emergency reserve in the General Fund.

Infrastructure

- Expenditures for major improvements that extend the life of the City's buildings and other infrastructure.
- The City has a four-year Capital Improvement Program (CIP) which is used to plan infrastructure projects for the current budget year plus three years into the future.
- Infrastructure expenditures vary from year to year depending on the projects included in the plan, the amount of grant funding received, etc.

FAST FACTS

- 27% of City expenditures
- 6% decrease over 2016 Budget
- Public Works staff performs inspections of the City's infrastructure throughout the year and provides condition ratings which are monitored and used to determine when projects appear in the CIP.

Police Department Goals and Objectives

OUR MISSION

The Police Department is comprised of 47 sworn officers and 13 civilian employees who provide 24-hour law enforcement services for the communities of Prairie Village and the City of Mission Hills. We take great pride in serving our citizens and value the partnerships we have forged throughout the years. We have never forgotten our humble beginnings, the importance of community partnerships and the high standards we strive to maintain. Our Department motto - "A Tradition of Service" - reinforces our commitment to community and is proudly displayed on every marked patrol unit and throughout our facility.

PROGRAMS

The Police Department is responsible for crime prevention, patrol, investigations, special investigations, D.A.R.E., professional standards, traffic safety, off-duty contractual services, dispatch, police records, and animal control.

PERFORMANCE MEASURES

PERSPECTIVE: SERVE THE COMMUNITY

Council Goals	Department Objective	Performance Measure	2014 Actual	2015 Actual	2016 Budget	2017 Target
Provide a Safe Community	reduce the number of accidents through traffic enforcement	number of accidents reported	395	496	425	438
	reduce the annual number of crimes	crime analysis	513	510	575	532
	enforce DUI laws through patrol and targeting specific holidays and/or events	number of DUIs	203	221	250	250
	conduct criminal investigations	adult cases	336	362	300	325
		juvenile cases	29	33	35	35
		clearance rate	44.3	22.5	37	37

Police Department Goals and Objectives

Council Goals	Department Objective	Performance Measure	2014 Actual	2015 Actual	2016 Budget	2017 Target
Deliver Quality Services	respond effectively to all calls for service	non-emergency responses	8,024	8,935	8,000	8,500
		emergency responses	1,474	1,266	1,750	1,370
	respond to citizen traffic complaints	number of selective enforcement requests	34	31	30	35
	assist residents with domestic and wild animal issues and supplement calls for service	number of animals returned to owner	175	101	170	150
		number of animal impound violations	122	84	120	110
		number of animal abuse or neglect investigations	25	27	30	27
	provide off-duty contractual police services to ensure increased police presence in the community without impacting district officers	number of off-duty contractual hours worked	1,010	876	1,000	962

Police Department Goals and Objectives

Council Goals	Department Objective	Performance Measure	2014 Actual	2015 Actual	2016 Budget	2017 Target
Foster a Healthy Community	prepare articles to enhance public awareness	number of articles published	11	23	10	20
	perform child seat installations and booster seat checks	number of child seats installed	74	59	90	74
		number of booster seat checks (on site at elementary schools)	1,007	1,023	1,100	1,043
	investigate drug complaints	cases/SIU arrests	23	25	40	35

PERSPECTIVE: RUN THE ORGANIZATION

Council Goals	Department Objective	Performance Measure	2014 Actual	2015 Actual	2016 Budget	2017 Target
Enhance Community Preparedness and Responsiveness	supervise and conduct school lock down procedures in each of the City's elementary, junior and high schools	number of lock down drills supervised	17	14	15	15
	provide important information to the community through NotifyJoCo	number of messages sent	5	5	5	5

Police Department Goals and Objectives

Council Goals	Department Objective	Performance Measure	2014 Actual	2015 Actual	2016 Budget	2017 Target
Maximize Partnership Opportunities	participate in local, state and national traffic campaigns, which concentrate on seat belt usage and deterring impaired driving	Special Traffic Enforcement Program (STEP Grant) Campaigns (seatbelts and DUIs)	3	3	3	3
		High School Seatbelt Enforcement Campaign	1	1	1	1
		Holiday DUI Enforcement Campaigns	0	1	1	1
		Special Texting Enforcement Campaign	1	1	1	1
	collaborate/meet with local groups/leaders to promote cooperative initiatives and shared technology	number of work sessions	45	45	50	45
	take advantage of an annual fee paid to MARC to enable staff to take part in unlimited training opportunities	increase the number of training hours taken by staff	84.2	80	90	100
	conduct joint investigations to minimize man power needs	number of joint investigations	99	29	90	30

Police Department Goals and Objectives

Council Goals	Department Objective	Performance Measure	2014 Actual	2015 Actual	2016 Budget	2017 Target
Provide Courteous and Responsive Customer Service	respond to calls above and beyond basic services	animal complaints	653	608	700	630
		civil matters	103	116	95	110
		motorist assists	208	219	80	214

2017 Budget

Department: Public Safety
Program: Off-Duty Contractual

City organizations and private individuals often desire a police presence at private events. The City Council has stated that an increased police presence within the community by off-duty officers may further reduce crime. This program provides for those off-duty officers at events under conditions administered and controlled by the Department. This program includes security at Council meetings and Court sessions for both Prairie Village and Mission Hills.

Notes

Revenues offset the anticipated expenses for off-duty contractual work.

2017 Budget

Department: Public Safety
Program: Traffic Unit

The Traffic Unit is responsible for providing police services geared toward public safety on roadways, reduction in traffic accidents, and handling special projects.

These responsibilities are accomplished through selective enforcement in high accident areas, citizen complaints, school zones, and areas where speeding vehicles are problematic. In addition, the Traffic Unit handles special projects such as parades, street races, DUI saturation patrol, "Click It or Ticket," educational efforts, and other prevention programs sponsored by the Kansas Department of Transportation (KDOT).

The Prairie Village Parks and Community Programs' mission is to provide a program of park development, recreational opportunities and community programs to accomplish the long term goal to maintain the highest quality of life in the City.

PROGRAMS

Parks and Community Programs include the swimming pool, recreational programming, tennis programming and community programs and events.

PERFORMANCE MEASURES

PERSPECTIVE: RUN THE ORGANIZATION

Council Goals	Department Objective	Performance Measure	2014 Actual	2015 Actual	2016 Est.	2017 Target
Cultivate community involvement and access	annual events	arts community events and activities	15	16	16	16
		recycling events and activities	2	3	3	3
	City recreation programs	Swim Team membership	187	162	170	170
		Dive Team membership	32	30	40	40
		Tennis Program	70	55	65	65

PERSPECTIVE: MANAGE THE RESOURCES

Council Goals	Department Objective	Performance Measure	2014 Actual	2015 Actual	2016 Est.	2017 Target
Maintain Fiscal Strength	recover 75% of costs through program fees	% of costs recovered	65%	66%	72%	75%
Maximize Utilization of Resources	pool memberships	number of pool memberships	4,108	3,956	3,990	3,990
Invest in Infrastructure	maintain adequate funding to enhance parks for active and passive recreation through capital improvements	funding in Capital Infrastructure	\$920K	\$470K	\$1,003K	\$277K

2017 Budget

Department: Parks & Community Programs

Program: Community Programs

This program provides funding for special city events and activities such as the annual 4th of July Celebration (Village Fest). It provides cultural programming sponsored by the Prairie Village Arts Council, Sister City initiative and Environmental Committee initiatives.

Capital Infrastructure Program

Capital Infrastructure Program

PROGRAMS

This program provides for the construction, replacement and major repair of Parks, Drainage, Streets, Buildings and other projects.

GOALS

- To maintain an average infrastructure condition rating of at least 85.0.
- Ensure that projects are designed to accepted standards.
- Ensure that projects are constructed to accepted standards.
- Obtain grant funding for projects whenever possible.

ACCOMPLISHMENTS

- Drainage Projects
 - Reconstruct drainage channel between 82nd Street and 82nd Terrace (east of Roe Ave)
- Street Projects
 - 72nd Street: Stateline Rd to High Dr
 - 70th Terrace: Nall Ave to Reeds Rd
 - Howe Drive: Cul-de-Sac of 77th St
 - 64th Terrace: Hodges Dr to Nall Ave
 - Dearborn Drive: 79th St to 81st St
 - Dearborn Drive Circle
 - Dearborn Cul-de-Sac
 - Belinder Avenue: 75th St to Somerset
 - 82nd Terrace: Somerset Dr to Roe Ave
 - Booth Drive: 75th St to 78th St
 - 69th Street: Roe Ave to Fonticello St
 - 69th Terrace: Tomahawk Rd to Roe Ave
- Park Projects
 - Windsor Park and Porter Park Improvements
 - Playset Package: Bennett, Taliaferro and Windsor Parks
 - Taliaferro Park Trail
- Other Projects
 - 2016 Concrete Repair
 - 2016 Asphalt Repairs,
 - 2016 Crack Seal and Micro Surface

Capital Infrastructure Program

INVENTORY

The Prairie Village Public Works Department conducts inventory ratings on all the major assets. Each inventory area is scheduled to be rated every five years.

Category		2012	2013	2014	2015
ADA Ramps	Each	1,640	1,661	1,661	1,658
	Rating	88.0	88.7	88.7	89.2
Curbs/Gutters	Feet	1,064,631	1,064,423	1,064,775	1,067,470
	Rating	98.0	97.6	97.4	97.9
Drain Channels	Feet	52,952	52,983	50,061	54,236
	Rating	89.0	88.5	88.3	88.4
Drain Pipes	Feet	248,579	255,230	244,594	246,457
	Rating	91.0	90.3	90.7	90.9
Drain Structures	Each	3,302	2,782	2,743	2,750
	Rating	91.0	90.6	90.7	90.8
Pavements	Feet	604,237	604,237	604,237	604,237
	Rating	85.0	85.8	84.2	83.8
Sidewalks	Feet	498,397	497,874	497,799	501,165
	Rating	97.0	96.4	96.3	95.6
Signs	Each	4,387	4,389	4,467	4,516
	Rating	97.0	97.1	97.1	97.2
Traffic Markings	Length	197,397	197,397	197,397	197,397
	Rating	82.0	82.2	82.2	89.9
Trees	Each	9,479	9,731	9,425	9,317
	Rating	91.0	90.2	89.9	89.8
Total of segments		2,685,001	2,690,707	2,677,159	2,689,203
Average		90.9	90.7	90.6	92.1

City of Prairie Village Capital Infrastructure Program - Highlights

The following sections contain highlights related to each category of projects in the Capital Infrastructure Program (CIP):

Parks Projects

- As part of the implementation of The Village Vision, the City initiated a parks master planning process and adopted the Parks Master Plan in June 2009. Parks projects that have been constructed as part of the PMP include:
 - Franklin Park, Weltner Park, and the Trail from Porter Park to 71St Street.
 - 2014 Prairie Park, McCrum Park, and Santa Fe Park.
 - 2015 Taliaferro Park and Bennett Park. The parking lots at Harmon Park.
 - 2016 playset package for Taliaferro, Bennet and Windsor . Park Improvements for Porter and Windsor.
 - 2017 planned improvements include a new playset and nature play area at Harmon Park.
- 2017 Park improvements also include funding to begin the design process for the reconstruction of the Harmon Park Skate Park.
- The 2017 CIP contains funding for the Park Infrastructure Reserve Account. In 2007, the City began setting aside funding for replacement/reconstruction of parts of the pool facility that were not a part of the reconstruction in 2000.

Drainage Projects

- A Private Water Discharge Program was added to the CIP in 2007. Through the program, the City and residents share the cost of diverting stormwater runoff from private property, i.e., sump pumps, into the City's storm drainage system. There is no additional funding request for this in the 2017 CIP. This program will be monitored and future funding may be requested if there is a need.
- The annual Drainage Repair Program continues for 2017. This program covers the various repairs needed to the City's stormwater system as identified by condition ratings and inspections.

Street Projects

- No additional funding will be added to the Traffic Calming Program in 2017 as it still has adequate funds.
- The 2017 Paving Program is funded at \$2,445,100.00.

City of Prairie Village Capital Infrastructure Program - Highlights

- The 2017 Johnson County CARS project will be to rehabilitate Mission Road from 75th Street to 84th Terrace.

Building Projects

- In 2017 funds are allocated for the Public Works Building Assessment.

Sidewalk & Curb Projects

- The 2017 CIP continues to provide funding for ADA compliance projects. Several years ago the City Council began approving a specific appropriation to be used for improvements which will assist people with disabilities.
- The 2017 CIP includes funding for repair/replacement of sidewalks and curbs throughout the City.

Capital Infrastructure Program

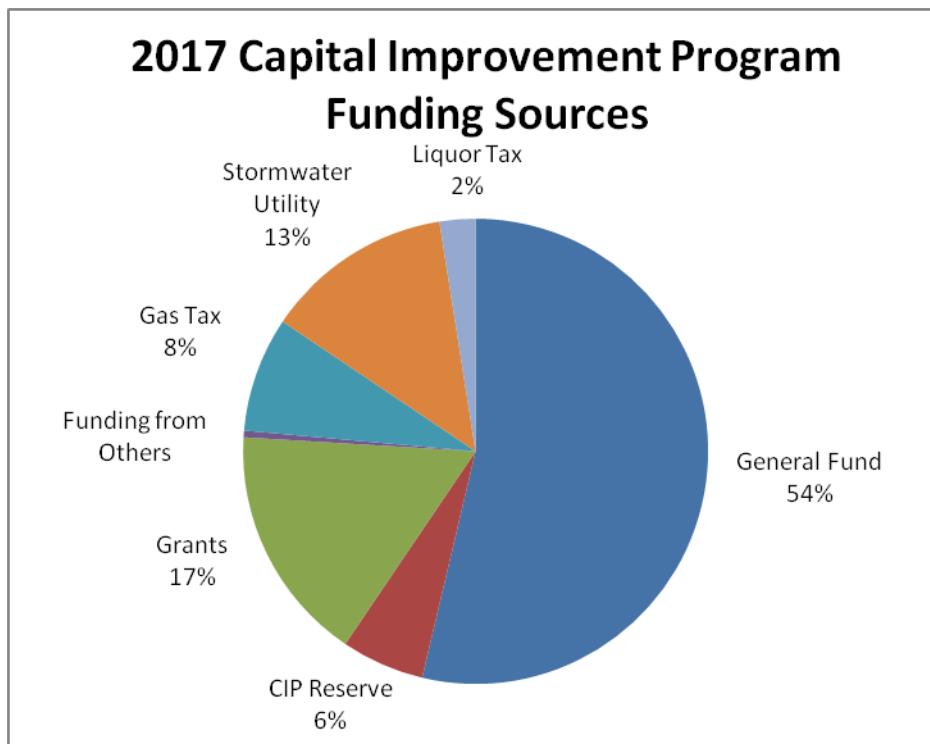

The City maintains a four-year Capital Infrastructure Program (CIP) to aid the City Council and staff in planning and budgeting for the City's infrastructure needs. The CIP is reviewed and updated each year during the budget process.

In 2007 the City Council adopted "The Village Vision", the City's new comprehensive plan which provides a policy framework to guide the City Council as it makes decisions for the City's future. All of the projects in the CIP were contemplated with The Village Vision in mind.

Funding for the CIP

The majority of the 2017 CIP is funded on the pay-as-you-go basis. The City issued debt in 2011 to accelerate projects in the CIP to take advantage of the low construction prices and low interest rates. The majority of the funding for the CIP comes from the General Fund. Other funding sources include the gas tax, the stormwater utility fee, grants/participation by neighboring cities and 1/3 of the liquor tax which is required to be spent on parks and recreation programs.

The Stormwater Utility was established by the City Council during the 2009 budget process to provide a dedicated funding source for the City's stormwater management program. A large portion of the revenue from this fee will fund the drainage projects included in the CIP. The remaining portion of the revenue will fund maintenance activities, such as street sweeping.

Capital Infrastructure Program

The CIP is divided into five sections. Each section is listed below along with information about how that part of the CIP is developed.

Parks Projects

- Includes plans for redevelopment and replacement of existing park structures and materials.
- In June 2009, the City Council adopted the Parks Master Plan. This plan was developed over several months with much input from the public. The plan will guide the development/redevelopment of the City's parks for the next 10 – 15 years.
- The CIP includes funding for Parks Master Plan projects. The specific projects were determined by the Parks & Recreation Committee and approved by the Council.
- The 2017 Budget includes funding for work in Harmon park and repair to the Harmon Park Skate park.

Drainage Projects

- Includes plans for replacement of components of the City's storm drainage system.
- Public Works staff members perform inspections of the City's storm drainage system components throughout the year and assign condition ratings. The ratings are based on a scale of 0 – 100, with 100 being new condition. The City's goal is to maintain the drainage infrastructure at an average condition rating of 85.
- Projects are included in the CIP based on condition rating, possible outside funding, other projects in the area and any other information coming to the attention of Public Works staff.
- The 2017 Budget includes funding for the drainage repair program.

Street Projects

- Includes plans for replacement or major improvements that extend the life of the City's street system.
- Public Works staff members perform inspections of the City's streets throughout the year and assign condition ratings. The ratings are based on a scale of 0 – 100, with 100 being new condition. The City's goal is to maintain the street infrastructure at an average condition rating of 85.
- The City prepares a traffic study which is updated every five years and is one of the information sources used when determining which projects are included in the CIP.
- Other considerations when determining which projects are incorporated in the CIP include condition rating, possible outside funding, other projects in the area and any other information coming to the attention of Public Works staff.

Capital Infrastructure Program

Building Projects

- Includes plans for replacement or major improvements that extend the life of the City's buildings.
- Building projects are included in the CIP based on issues found during routine maintenance work and inspections as well as when problems arise.
- The 2017 Budget includes funding for a Public Works building assessment.

Sidewalk & Curb Projects

- Includes plans for replacement or major improvements that extend the life of the City's sidewalk and curb system. Also includes plans for additions to the system to comply with the City's sidewalk policy or ADA regulations.
- Public Works staff members perform inspections of the City's sidewalks/curbs throughout the year and assign condition ratings. The ratings are based on a scale of 0 – 100, with 100 being new condition. The City's goal is to maintain the sidewalk/curb infrastructure at an average condition rating of 85.
- A few years ago, the City Council adopted a Sidewalk Policy to formalize their desire to enhance the walkability of Prairie Village and to improve the safety of pedestrians. The policy provides for the placement of sidewalks where none currently exist and consequently is one factor in determining which sidewalk/curb projects are included in the CIP. If the project is undertaken as part of a street or drainage project, the cost is included in one of those project categories.

Capital Infrastructure Program

Impact on Operating Budget

Because Prairie Village is a landlocked community, all projects undertaken by the City are for improvements to existing infrastructure rather than new construction or addition; therefore, they will not have a major impact on future operating costs. Each individual project sheet that follows summarizes the anticipated impact of that project on the operating budget.

Capital Infrastructure Program Park Projects

Capital Infrastructure Program

Project Title: Parks & Infrastructure Reserve

Project Description: These funds will accrue to cover any major repairs or future projects for any of the City's parks including the swimming pools.

Operations Comments: Typical repair or replacement projects would have minor impacts on the short range operational budgets. There may be more significant savings in the long term.

Project Cost	2016 Budget	2017 Budget	2018 Estimates	2019 Estimates	2020 Estimates

Capital Infrastructure Program

Project Title: Park Improvements (PMP)

Project Description: Improvements will be made to Harmon Park in 2017. The park improvements include a new playset and a new nature play area. Also added in the 2017 Parks Improvements is the design phase of the Harmon Park Skate Park.

Operations Comments: A decrease in the costs of maintaining features that are replaced may be offset by any additional features.

Project Location:

Multiple cracks have developed in the existing surface on the skate park. A new facility will be designed in 2017 for construction in 2018.

Capital Infrastructure Program Drainage Projects

Capital Infrastructure Program

Project Title: Drainage Repair Program - #DRAIN17x

Project Description: This program replaces pipes, structures and channels within the City storm drainage system. It also includes the construction of new drainage components as they are identified. The selected replacement items are based on the condition ratings of the system components. Approximately 20% of the storm drain system is inspected and evaluated each year.

Operation Comments: There will be only minor reduction in drainage system maintenance cost, but delayed replacements will increase maintenance costs as the deterioration extends beyond the useful life.

Capital Infrastructure Program Street Projects

Capital Infrastructure Program

Project Title: Street Paving Program - #PAVP2017

Project Description: This program is designed to resurface streets with new bituminous concrete or to reconstruct streets. Some spot reconstruction is provided where there is evidence of base failure. Curbs, sidewalks, and ADA ramps are replaced or added as necessary. The streets are selected based on the pavement condition ratings, which are updated on a three-year rolling basis.

Operation Information: There will be only minor reduction in street maintenance cost.

Capital Infrastructure Program

Project Title: Mission Road - 75th St to 84th Terr (2017 CARS) - #MIRD0005

Project Description: The existing asphalt pavement will be milled two inches and resurfaced with two inches of asphalt. Work may include some full depth asphalt pavement repair as well as concrete repair. Design for this project will start in 2016.

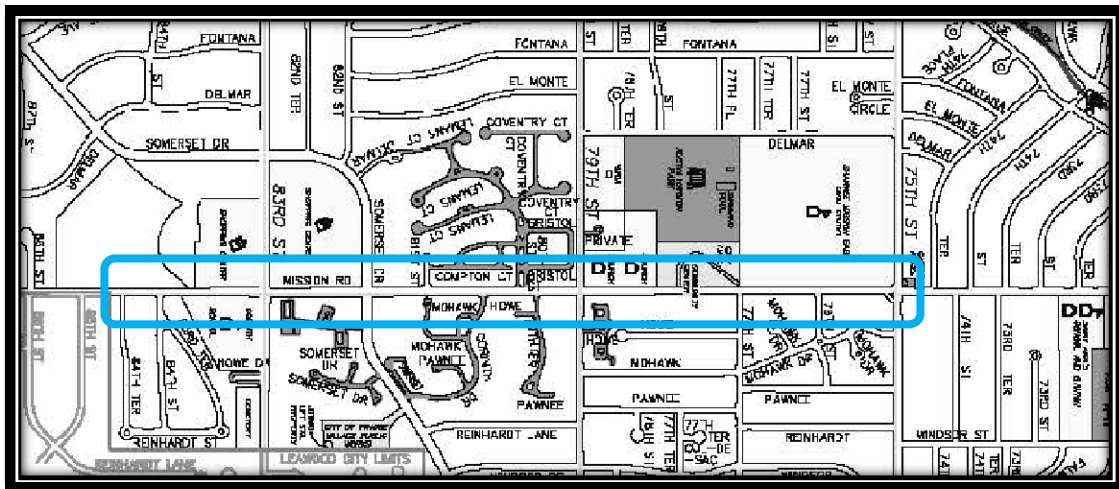

Operation Information: Mission Road is a north/south, four lane arterial and is considered a Major Route by CARS criteria. There will be a reduction in maintenance costs for this street.

Project Title: Mission Road - 84th Terr to 95th St (2019 CARS) - #MIRD0006

Project Description: The roadway improvement is a proposed thin lift overlay. Pavement repairs will be made as required prior to the overlay. Existing deteriorated sidewalk, ramps and curb/gutter will be replaced as necessary. Pavement markings will be replaced throughout. This will be a shared project with the City of Leawood. Design for this project will start in 2017.

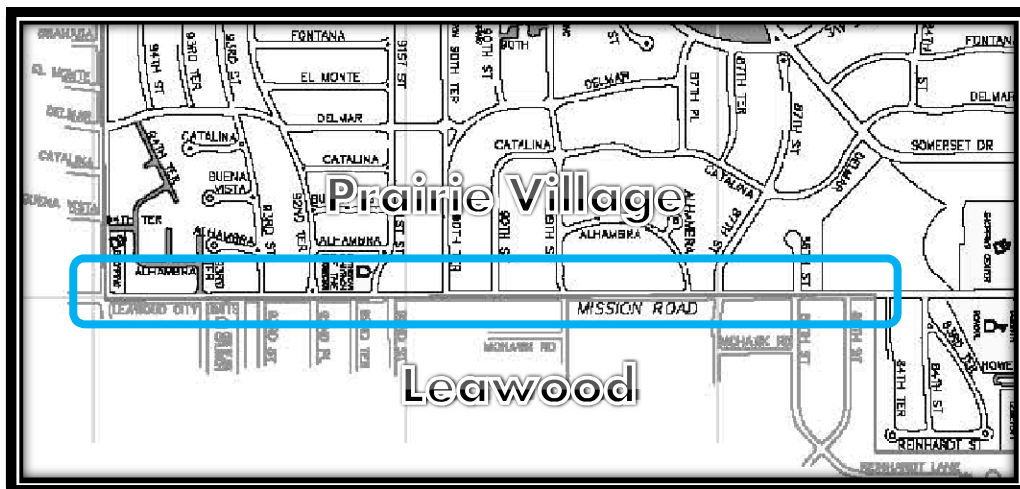

Operation Information: Mission Road is a north/south, four lane arterial and is considered a Major Route by CARS criteria. There will be a reduction in maintenance costs for this street.

Project Title: Sidewalk/Curb Repair Annual Program- #CONC2017

Project Description: This program replaces deteriorated concrete sidewalks and curb/gutters. The criteria for inclusion in the program is a failing condition rating in the Asset Inventory Program.

Operation Comments: There will be only minor reduction in street maintenance cost, but future maintenance costs will increase as the sidewalk and curb/gutter life extends beyond the useful life. Public Works staff provides design and construction administration.

Appendix

GENERAL INFORMATION ABOUT PRAIRIE VILLAGE

The City of Prairie Village was originally the vision of the late J.C. Nichols. After the successful development of the Country Club Plaza area in Kansas City, Missouri, Mr. Nichols turned his company's direction and development toward his native Johnson County just a few miles from the Plaza. He had visions of transforming the rolling hills into a well-planned community of beautiful homes and neighborhood shopping centers. Construction in Prairie Village started in 1941 and by 1949, Mr. Nichols' dream became reality when the City was named the best planned community in America by the National Association of Home Builders. The dream continues.

Prairie Village was officially recognized as a City by the State of Kansas in 1951. By 1957 it had become a first class city. It is one of 20 cities in Johnson County and is the sixth largest in population. Prairie Village is completely surrounded by other cities, sharing its eastern border, State Line Road, with Kansas City, Missouri. The City has a residential population of approximately 21,877 within its 6.7 square mile City limits.

In 2016 Prairie Village was named in the top ten safest cities in Kansas, and the third most successful.

Government and Organization of the City

Prairie Village operates under the Mayor-Council form of government with an appointed City Administrator. The City is divided into six wards; two council members elected from each ward serve staggered four-year terms. The Mayor is elected from the City at large for a four-year term. The City Administrator has responsibility for management of all City programs and departments in accordance with policies and annual budgets adopted by the Council.

The City provides service in the areas of Management, Planning and Administrative Services, Public Works, Public Safety, Municipal Justice, and Community Programs, Parks and Recreation. Fire protection is provided by Johnson County Consolidated Fire District No. 2. Water is provided by Water District No. 1 of Johnson County and sewer service is provided by Johnson County Wastewater. All other utilities are provided by the private sector.

Medical and Health Facilities

Residents of the City have easy access to all medical facilities within the metropolitan Kansas City area. There are six major medical centers within a 30 minute drive. This includes the University of Kansas Medical Center, which is a major educational and regional health center for Kansas and the Midwest. Programs of interest at the Medical Center include a nationally recognized burn treatment center, a Level 1 trauma center and an extensive heart transplant program. In addition, a large number of physicians maintain offices within the City limits of Prairie Village and neighboring cities.

Educational and Cultural Activities

Prairie Village is located completely within the Shawnee Mission School District, which has maintained a national reputation for excellence in public education for over 30 years. Within the City, the District maintains five grade schools (grades K through 6), one middle school (grades 7 and 8) and one high school (grades 9 through 12). Three private schools are also located within the City.

In addition, the City is a part of Johnson County Community College District (JCCC), which was formed in 1967 and began offering classes in 1969. It maintains a sprawling campus in Overland Park, Kansas, just a 15 minute drive from Prairie Village. JCCC offers a broad-based curriculum that gives students an opportunity to earn an Associate's degree. These courses also fulfill requirements for credit at four-year state universities. JCCC offers a wide variety of courses for continuing education to all adult residents of the county.

GENERAL INFORMATION ABOUT PRAIRIE VILLAGE

Also located in Overland Park is the University of Kansas Edwards Campus. This facility is an extension of the University's main campus located approximately 45 minutes west of Prairie Village in Lawrence. The University, long recognized as one of America's top state universities, provides a wide variety of graduate courses at this facility. The Edwards Campus is a 15 minute drive from Prairie Village.

Located nearby is the University of Missouri – Kansas City (UMKC). This four-year campus offers a wide variety of undergraduate and graduate programs, including law and medical schools. Other private colleges are easily accessible, including Rockhurst University and Avila University in Kansas City; William Jewell College in Liberty, Missouri; Park University in Parkville, Missouri and Mid-American Nazarene University in Olathe, Kansas.

Cultural opportunities abound in the metropolitan Kansas City area. These include the Kauffman Center for the Performing Arts, the Nelson Atkins Museum of Art, Science City at Union Station, the Kansas City Museum (which maintains exhibits of regional history), Johnson County Museum, the Kansas City Repertory Theatre, the Harry S. Truman home and Presidential Library in nearby Independence, Missouri, the Helen Spencer Museum of Art in Lawrence and a variety of other cultural activities.

Recreational Facilities

Within the City there are 12 well-maintained parks covering more than 62 acres. In addition, the Johnson County Parks and Recreation Department maintains 22,000 acres of park land and operates hundreds of different recreational and sports programs throughout the area. Additional regional opportunities include professional sports such as the Kansas City Royals (baseball), Kansas City Chiefs (football), Sporting Kansas City (outdoor soccer), Kansas City Comets (indoor soccer), Kansas City T-Bones (baseball), Kansas City Brigade (Arena Football) and college athletics events at regional facilities. Worlds of Fun and Oceans of Fun are two of the largest amusement parks in the Midwest. The Kansas City Zoo has animal exhibits from around the world. There are dozens of lakes for fishing, camping and outdoor recreation nearby. The Ozark recreational area is within a three hour drive from any point in the Kansas City area. A major race track, the Kansas Speedway, opened in 2003 and features NASCAR and Indy Car racing.

Economy

The region's economic condition and outlook are good. The metropolitan area has one of the lowest unemployment rates in the country, and continues to attract major development.

Johnson County, Kansas, is one of the fastest growing counties in the nation. It has the largest tax base in the state of Kansas. This high assessed valuation allows county government to maintain the lowest property tax rate in the state.

Prairie Village is a land-locked, fully developed suburban city in Johnson County. The City benefits from the growth and development of the county and the region. Commercial properties in Prairie Village consist of five neighborhood shopping centers and several small office buildings. The shopping centers provide the City with a stable retail base that includes grocery stores and hardware stores as well as niche boutique shops that draw shoppers into the City.

Property values remain strong in this City each year because of its central location and "small community" ambiance. During the past five years, major remodeling projects have increased annually as property owners reinvest in their homes and businesses. In recent years, the City has experienced numerous residential redevelopment projects in which existing homes are razed and replaced with larger, modern structures, with significantly higher property values.

GENERAL INFORMATION ABOUT PRAIRIE VILLAGE

Prairie Village People

Data about the people who live in Prairie Village comes from the U.S. Census Bureau State and County Quick Facts, the 2010 Census and the 2006 Strategic Investment Plan:

- 6.2% of residents are under 5 years of age;
- 17.9% of Prairie Village residents are 65 years of age and older;
- Average household size in the City is 2.21 persons;
- Median household income in the City is \$81,422;
- Per capita disposable income of Prairie Village residents is \$47,274;

Glossary

Budget Glossary

The Annual Budget for the City of Prairie Village contains specialized and technical terminology, which is unique to public finance and budgeting. This glossary is provided to assist those unfamiliar with municipal budgeting terms to ensure this annual budget is understandable and meaningful to both the general public and the organization.

Accrual Accounting: A basis of accounting in which debits and credits are recorded at the time they are incurred, as opposed to when cash is actually received or spent. For example, in accrual accounting, revenue which was earned on September 30, but for which payment was not received until October 10, is recorded as being received on September 30 rather than October 10.

Actual: When used on schedules in this document, total amount spent as recorded and audited.

ADA (Americans with Disabilities Act): Federal act which requires all City facilities be constructed and remodeled to accommodate persons with disabilities.

Ad Valorem: According to value.

Ad Valorem Tax: A tax computed from assessed valuation of land and improvements.

Adoption: Formal action by the City Council, which permits the City to incur obligations and to make expenditures of resources.

Appropriation: An authorization made by the Governing Body to incur obligations and to make expenditures of resources.

Assess: To value property for the purpose of taxation. The County assesses property every year; that assessment must be used by the City.

Assessed Valuation: A value established for real or personal property by the County Assessor and the State for use as a basis for levying property taxes. In Prairie Village the Assessed Valuation is 25% of appraised value for commercial property and 11.5% of appraised value for residential property.

Balanced Budget: is defined as one of the following:

1. An annual budget in which revenue anticipated is equal to budgeted expenditures. or
2. An annual budget in which a portion of Fund Balance is approved for use to finance a specific capital project or program.

Bond: A written promise to pay a sum of money on a specific date at a specified interest rate. The interest payments and repayments of principal are detailed in a bond ordinance. The most common types of bonds are general obligation and revenue bonds. These are most frequently used for construction of large capital projects such as buildings, streets and bridges. All bonds outstanding at this time in the City of Prairie Village are General Obligation bonds, which are a debt of the City.

Budget: A financial plan for a specified period of time that matches all planned revenues and expenditures with various municipal service levels approved by the Governing Body.

Budget Adjustments: A procedure utilized by the City staff and Mayor to revise a line item budget appropriation without changing the program total.

Budget Amendment: A formal procedure for increasing budget appropriations. This procedure, which is established by State statute, requires publication and public hearing before approval by the City Council.

Budget Basis: Modified accrual basis. Expenditures are recognized when commitment is made; revenue is recognized when received.

Budget Calendar: The schedule of key dates or milestones, which the City departments follow in preparation, adoption, and administration of the budget.

Budget Glossary

Budget Control: The control or management of a governmental unit or enterprise in accordance with an approved budget for the purpose of keeping expenditures within the limitations of available appropriations and available revenues.

Budget Document: The instrument used by the budget-making authority to present a comprehensive financial program to the City Council and the public.

CAD: Computer aided dispatch system in the police department.

CAFR: Comprehensive Annual Financial Report.

Capital Infrastructure Program: A plan for capital expenditures over a fixed period of years to meet capital needs of the City. It sets forth each project, or other contemplated expenditures, in which the City is to have a part and specifies the full resources estimated to be available to finance projected expenditures.

Capital Outlay/Capital Project: An expenditure which results in the acquisition of, or addition to, fixed assets and meets these criteria: has an anticipated useful life of more than one year; can be permanently identified as an individual unit of property; belongs to one of the following categories: Land, Buildings, Structures and Improvements, Equipment; constitutes a tangible, permanent addition to the value of City assets; cost generally exceeds at least \$2,000; does not constitute repair or maintenance; and, is not readily susceptible to loss.

CARS (County Assisted Road System): The County appropriates money for projects on arterial and corridor streets throughout the County. Maintenance projects on those streets are financed with a combination of County CARS funds and City funds.

Cash Basis: State Statute requires budget to be submitted on a cash basis defined as cash on hand on January 1 of the budget year less accounts payable and encumbrances, plus receipts anticipated less expenditures anticipated for the budget year.

Cash Management: The management of cash necessary to pay for government services with investment of temporary cash excesses in order to earn interest revenue. Cash management refers to the activities of forecasting the inflows and outflows of cash, mobilizing cash to improve its availability for investment, establishing and maintaining banking relationships, and investing funds in order to achieve the highest return available for temporary cash balances.

CID (Community Improvement District): A defined area within which there is an additional tax or fee to fund improvements within the district's boundaries.

CIP: Capital Infrastructure Program includes replacement and new equipment, as well as infrastructure maintenance and redevelopment.

CDBG (Community Development Block Grant): Federal grant program used from time to time in Prairie Village for ADA compliance projects.

City Council: Two residents elected from each of the City's six wards to make policy decisions for the City.

CPI: Consumer Price Index prepared by the U.S. Department of Labor. It's the federal government's broadcast gauge of costs for goods and services and has far reaching implications for all sectors of the economy.

Communicator: Telephone system that calls residents in a specific area to alert them to an emergency or crime in the area.

Budget Glossary

Contingency Reserve: The City follows a concept of budgeting for contingencies in several different manners. Each budget includes appropriations for events that are highly likely to occur every year in general, but which may vary in specific location. For example, each year it is reasonable to expect a basic level of building mechanical systems will require repair.

For contingencies which are less likely to occur in a given year, but which are likely to occur over a period of several years, contingent amounts are included in each major fund at a reasonable level. These funds cover revenue shortfall and unplanned expenditures.

For catastrophic emergencies, the State Code allows the City to incur necessary expenditures to respond to the need and to add the amount of emergency costs to the next property tax levy.

D.A.R.E. (Drug and Alcohol Resistance Education): A program designed to educate youths to say “No!” to drugs and alcohol.

Debt Limit: Maximum debt permitted by state statute.

Debt Service: The City’s obligation to pay the principal and interest of all bonds and other debt instruments according to a predetermined payment schedule.

Deficit: Amount by which expenditure exceeds revenue.

Department: A major administrative division of the City, which includes overall management responsibility for program services or a group of related operations within a functional area.

Disbursement: Payment for goods and services in cash or by check.

Elastic Revenue: Revenue source which automatically responds to inflation. Sales tax is an elastic revenue source.

Elected Officials: Mayor and members of the Prairie Village City Council.

Encumbrance: The commitment of appropriated funds to purchase an item or service. To encumber funds means to set aside or commit funds for future expenditures.

Enterprise Fund: Funds a governmental operation which receives revenue through service on a business basis.

Expenditure: This term refers to the outflow of funds paid or to be paid for an asset obtained, or goods and services obtained regardless of when the expense is actually paid. This term applies to all funds. Note: An encumbrance is not an expenditure. An encumbrance reserves funds to be expended.

FEMA: Federal Emergency Management Association – Agency of the federal government responsible for responding to and assisting local governments to deal with catastrophic events.

First Class City: In the state of Kansas, a city is designated as a city of the first class when it reaches a population of 25,000; the classification remains even if the city’s population declines to a level below 25,000.

Five Year Forecast: The City has developed and uses a five-year forecast to evaluate the effect of budgetary and other financial decisions on the City’s overall financial position. The projection model includes major revenue sources, expenditure categories and the effect of annual operations on the fund balance.

Fixed Asset: Assets of long-term character which are intended to continue to be held or used, such as land, buildings, machinery, furniture and other equipment. (See “Capital Outlay/Capital Project” for additional information).

Franchise Fees: Changes to utility operators for use of City right-of-way.

Budget Glossary

Full Time Equivalent Position (FTE): A part-time position converted to the decimal equivalent of a full-time position based on 2080 hours per year. For example, a part-time typist working 20 hours per week would be equivalent to .5 of a full-time position.

Fund: An accounting entity, which has a set of self-balancing accounts and that records all financial transactions for specific activities or government functions. Eight commonly used funds in public accounting are: general fund, special revenue funds, debt service funds, capital project funds, enterprise funds, trust and agency funds, internal service funds, and special assessment funds.

Fund Balance: Fund balance is the excess of assets over liabilities and is therefore also known as surplus funds.

Designated Fund Balance is appropriated for encumbrances and/or use in the future.

Undesignated Fund Balance is the amount which has no claims against it and is available for use.

Gateway Inspection: Routine patrol to record code violations as viewed from the sidewalk.

General Fund: The largest fund within the City, the General Fund accounts for most of the financial resources of the government. General Fund revenues include property taxes, licenses and permits, local taxes, service charges, and other types of revenue. This fund finances most of the basic operating services.

General Obligation Bonds: Bonds that finance a variety of public projects such as street, buildings, and improvements. These bonds are backed by the full faith and credit of the issuing government.

Generally Accepted Accounting Principles (G.A.A.P.): Detailed accounting standards and practices for the state and local governments as prescribed by the Governmental Accounting Standards Board (GASB).

Goal: A statement of broad direction, purpose or intent based on the needs of the community. A goal is general and timeless; that is, it is not concerned with a specific achievement in a given time period.

Governing Body: Mayor and members of the City Council.

Grant: A contribution by government or other organization to support a particular function. Grants may be classified as either categorical or block depending upon the amount of discretion allowed the grantee.

Inelastic Revenue: Revenue source that does not automatically respond to inflation. User fees are inelastic revenue sources.

Infrastructure: Streets, curbs, storm drainage system, traffic system, sidewalks, and City owned buildings, parks and park structures.

Intergovernmental Revenue: Revenue received from another government for a specified purpose. In Prairie Village, these are funds from Johnson County or the State of Kansas.

JTL: Junior Tennis League for youth sponsored by the City.

JIAC – Juvenile Intake and Assessment Center: County—run facility to provide specialized services for juveniles.

K.B.I.: Kansas Bureau of Investigation, a State agency that investigates major crimes.

K.I.B.E.R.S.: Kansas Incident Based Reporting Systems – a computer based system through which cities report crime statistics to the State.

K.S.A.: Kansas Statutes Annotated. Laws of the State of Kansas.

Budget Glossary

Levy: (verb) To impose taxes, special assessments, or service charges for the support of City activities.
(noun) Total amount of taxes, special assessments or service charges imposed by a government.

Line Item Budget: A budget that lists each expending category (salary, materials, telephone service, travel, etc.) separately, along with the dollar amount budgeted for each specified category.

Long Term Debt: Debt with a maturity of more than one year after the date of issuance.

MARC: Mid-America Regional Council -- serves as the Council of Governments and the Metropolitan Planning Organization for the bistate Kansas City region.

Metro Squad: Consortium of police departments in the metropolitan area directing efforts for major crime events.

Modified Accrual: Basis of accounting in which expenditures are recognized when commitment is made and revenue is recognized when received or measurable.

N/A: This is an abbreviation for "information not available" and/or "information not applicable."

NPDES (National Pollutant Discharge Elimination System): Federal program developed to provide accountability for pollution in streams, and storm drainage system.

NIMS (National Incident Management System): NIMS is required training for all City officials and employees as preparation for emergency situations.

Notify JoCo: A Mass notification system designed to keep Johnson County residents, businesses, and others informed of emergencies, including weather warnings, water main breaks, public safety alerts, and natural disasters.

Objective: Desired output-oriented accomplishments, which can be measured and achieved within a given time frame. Achievement of the objective advances the activity and organization toward a corresponding goal.

Operating Budget: The portion of the budget pertaining to daily operations that provide basic governmental services. The operating budget contains appropriations for such expenditures as personnel, supplies, utilities, materials, travel and fuel.

PM: Preventive maintenance for vehicles and equipment.

Part I and Part II Crimes: Established by the FBI's Uniform Crime Reporting System. Part I crimes are major crimes, which consist of homicide, rape, robbery and aggravated assault. Part II crimes are property crimes, which consist of burglary, auto theft, arson, etc.

Performance Indicators: Specific quantitative and qualitative measures of work performed as an objective of a program.

Policy Statement: Policies adopted by the Governing Body, which become the operating plan for a program.

Program: A group of related activities performed by an organizational unit for the purpose of accomplishing a service for which the City is responsible.

Property Tax: Property taxes levied on both real and personal property according to the property's valuation and the tax rate.

Reappraisal: The County Assessor reviews values of property in the County every year, changing those that have increased or decreased in value.

Budget Glossary

Revenue: Funds the government receives as income. It includes such items as tax payments, fees from specific services, receipts from other governments, fines, forfeitures, grants, shared revenues and interest income.

Reverse 911: Telephone system which will call residents in a specific area to alert them to a crime event. (Also referred to as Communicator).

Reserve: An account used to indicate a portion of a fund's balance is legally restricted for a specific purpose and is, therefore, not available for general appropriation.

Risk Management: An organized attempt to protect a government's assets against accidental loss.

Roundabout: A type of intersection designed in the round to slow traffic and traffic movements.

School Resource Officer (SRO): An officer assigned to high school and junior high schools in Prairie Village to interact with students and to prevent problems in and around the school. The position is partially supported by a grant from the school district.

Service Requests: Requests from citizens for maintenance/repair of City infrastructure. Each request is recorded, evaluated and appropriate action taken. A survey is sent to resident after work is completed to determine satisfaction level.

SIU (Special Investigations Unit): A program of undercover police officers who investigate drug violations.

SMAC (Storm Water Management Advisory Committee): A group that allocates revenue to City projects from a county 1/10 cent sales tax. The grants are referred to as SMAC grants.

Source of Revenue: Revenues are classified according to their sources or point of origin.

Surplus: Amount of revenue which exceeds expenditure.

Tax Rate: A percentage applied to all taxable property to raise general revenues. It is derived by dividing the total tax levy by the taxable net property valuation.

Taxes: Compulsory charges levied by a government for the purpose of financing services performed for the common benefit.

TIF (Tax Increment Financing): A method of financing established in accordance with K.S.A 12-1770 et seq. This method allows cities to help redevelop property through private investment. Revenues for this method are derived from the increased property tax payments (increment) caused by the higher assessments on the redeveloped property.

Transient Guest Tax Fund: A fund established in accordance with K.S.A 12-1698 to account for revenue derived from transient guest tax levied upon the gross rental receipts paid by guests for lodging in the city. Expenditures are limited to be used for promotion of tourism, conventions and economic development.

User Fees: The payment of a fee for direct receipt of a public service by the party benefiting from the service.
